QUARTERLY REPORT FOR THE FIRST (1ST) QUARTER ENDED 31 MARCH 2016

B: ADDITIONAL INFORMATION REQUIRED BY MAIN MARKET LISTING REQUIREMENTS OF BURSA MALAYSIA (PURSUANT TO PARA 9.22 AND PART A OF APPENDIX 9B)

B1. Review of performance

During the current quarter ended 31 March 2016, the Group recorded a revenue of RM103.34 million as compared to RM190.99 million from the corresponding quarter of the preceding year. The Group had also reported a total profit before taxation of RM1.66 million which is a decrease of 91.10% from the corresponding quarter of the preceding. The decrease in revenue for the current period resulted from lower revenue generated by both Pipeline and Commissioning Services and Installation and Construction Services, due to the current condition of the oil and gas industry which has reduced the number of work orders awarded by major oil and gas players during the current quarter.

Pipeline and commissioning services ("PCS")

PCS saw a decrease of 77.15% in the revenue generated in the current quarter of RM21.12 million, compared with RM92.44 million from the corresponding quarter of the preceding year. This was due to lesser value work orders received for Pre-commissioning works from clients during the current quarter compared to the corresponding quarter of the preceding year.

Installation and construction services ("ICS")

In the current quarter ended 31 March 2016, ICS contributed 79.56% to the overall total revenue generated of RM103.34 million, which is a slight decrease of 16.58% from the corresponding quarter of the preceding year. This was mainly due to lower revenue generated by Transportation and Installation (T&I) division.

B2. Comparison with immediate preceding quarter's results

In the current quarter ended 31 March 2016, the Group reported a lower revenue by 38.07% compared with the immediate preceding quarter. However, the profit before taxation had improved by 208.79% from a loss before taxation of RM1.52 million in the immediate preceding quarter to a profit before taxation of RM1.66 million in the current quarter ended 31 March 2016. The improvement in the profit before taxation was a result due to the commencement of new T&I's campaign for this year.

The outlook for the oil and gas industry still remain uncertain and challenging over the short to medium term due to the continuing depressed crude oil prices.

Nevertheless, the Group is still actively participating in new bids and tenders in the local and international market, while still continuing to receive work orders from our clients. The Group is continuously improving on its operational efficiency and cost management.
