Quality Policy

'doing the right things right'

Our Quality Policy is based on the following corporate values:

Customer Satisfaction
meeting customer needs and exceed their expectations by providing total logistics solutions to enhance their supply chain.

Human Resource Management
promoting a conducive and learning organisation to improve growth and work satisfaction of our personnel.

Service Excellence
extend the quality service performance and responsible care to our customers, contractors and within our organisation. Performances are measured by introducing the necessary Key Performance Indicators which are reviewed for continuous improvement.

Corporate Citizenship
responsible corporate governance and positive contribution towards safety, sustainable environment and society.

Shareholders' Reward
develop a sustainable business growth and enhancement of shareholders' value.

Shariah Compliance
inculcate Shariah requirements in the quality management with emphasis on best practices and promote good universal values.

Safety & Health Policy

We are committed to provide conducive and safe working conditions, with responsible care towards sustainable environment.

Our Objectives:

- Ensure a healthy and safe working environment for all employees and contractors alike.
- Develop and enforce safe working practices and provide training to employees in this regard.
- Diligently comply with all applicable legal requirements and take every measure to prevent job related hazards.

In conducting our business activities, employees of Century and the contractors/partners will strive to:

- Prevent all occupational illness.
- Prevent all accidents and injuries.
- Prevent pollution of the environment.

Each employee is an important part of our safety and health programme and we expect them to be committed to these objectives and to report hazards and situations which may lead to accidents or illnesses.

The application of sound safety and health practices for the protection of our people and society is an essential ingredient in the overall success of our business. The company is committed to improve the occupational health and safety management system and performance.

ABOUT CENTURY

Century is a leading provider of supply chain solutions. From a forwarding agent in the 1970s, the Group has since diversified into integrated logistics, oil logistics, procurement logistics as well as data management solutions.

Century's unique model of value-added solutions encompasses warehousing and distribution services that can be scaled and customised to cater to the needs of customers based on the demands and delivery service requirements for their products. With the innovative solutions offered, Century has evolved to managing the contract logistics of discerning clientele, where the value propositions are to improve operational efficiencies that positively enhance the clientele and their end customers.

CHAIRMAN'S MESSAGE

Dear Fellow Stakeholders,

I am very pleased to announce that Century has produced record profits for financial year 2014, despite the very challenging market conditions during the later part of the year.

I am confident though that our balance sheet strength and our dedicated employees will enable us to continue serving our discerning customers by providing excellent supply chain solutions that effectively enhance their value chain. Century has been delivering trusted and reliable service while adapting and improving in tune with the changing times.

Datuk Phua Sin Mo (RICHARD)
Executive Chairman

CHAIRMAN'S MESSAGE
(cont'd)

INDUSTRY REVIEW

Added to the poor business sentiment, cost and competitive pressures remained as constant threats to our business. Business confidence dwindled in the face of the slump in oil prices. The forthcoming commencement of the Goods and Services Tax has also exacerbated these pressures, adding further uncertainties to the business environment. Notwithstanding the numerous challenges, I am pleased to advise that Century has performed remarkably well, resulting in the strong performance of the Group during 2014.

FINANCIAL REVIEW

We achieved revenue of RM275.2 million and profit after taxation of RM33.3 million in 2014, an improvement of 7.6% and 47.6% respectively from the previous financial year. Shareholders' returns, represented by earnings per share was 9.12 sen, up from 6.87 sen in the previous financial year.

Our balance sheet remained robust with shareholders' funds of RM270.5 million, and net assets per share of 74 sen as at 31 December 2014. We continued to manage our funding on an optimal debt-equity mix with cash and bank balance in excess of RM71.0 million and we are proud to have achieved a net cash position for the first time.

DIVIDEND

The Board has proposed a single tier final dividend of 1.0 sen per share pending your approval at the forthcoming Annual General Meeting. We had earlier paid two interim single-tier dividends, bringing the total single-tier dividends for 2014 to 4.67 sen per share (based on the enlarged share capital of 366,192,890 ordinary shares after the bonus issue and share split exercise), or equivalent to 14 sen per share, prior to the adjustment for the bonus issue and share split exercise. This represents the highest total quantum of dividend declared since listing in 2001. For 2014, the total dividend quantum translates to 51.3% of profit for the year attributable to equity holders. Owing to our sound financial management, we expect to continue distributing this level of dividend in the future, subject to any major investment needs.

OPERATIONAL REVIEW

I would now like to report on the performance of each of our two core divisions.

Integrated Logistics

We offer integrated logistics solutions that effectively enhance our customers' supply chains. With the innovative solutions offered, we are now managing the contract logistics of discerning clientele, where the value proposition is to improve operational efficiencies for our clientele that positively enhance the satisfaction of their end customers. Our successful business model has enabled us to continue winning new contracts from various multi-national corporations during the year. As a testament to our services, we have been expanding further the scope of services to some of our existing customers.

Revenue (RM'000)

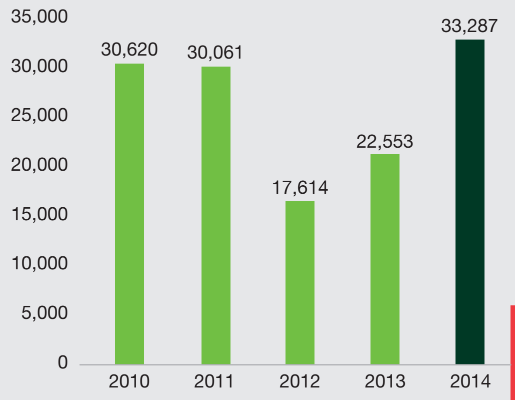
Profit for the Year Attributable To Equity Holders (RM'000)



CHAIRMAN'S MESSAGE
(cont'd)

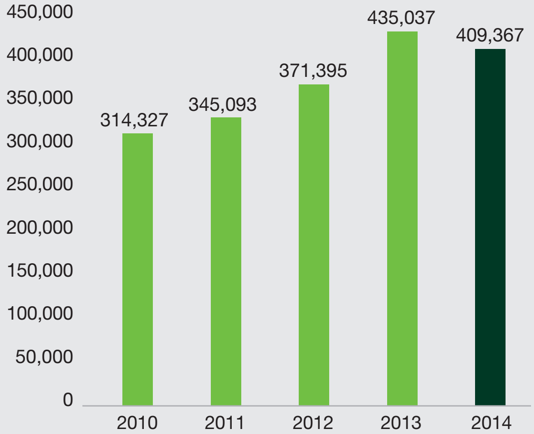
We manage a total of 1.8 million square feet of storage facility, of which 1.4 million is owned by us. Of this total, we manage a total of 940,000 square feet in Port Klang, Subang and Shah Alam for a varied mix of customers and industries ranging from electrical and electronics, fast moving consumer goods to paper products.

Our five blocks of distribution centres in the Port of Tanjong Pelepas (PTP), with warehousing capacity totalling 860,000 square feet, are currently reaching maximum capacity. This success stems from the fact that foreign companies operating in Singapore recognise the value proposition of comparatively better cost efficiency in PTP.

The Group will expand its earnings base further via the targeted construction of a multi-storey warehouse of up to 600,000 square feet on the newly acquired 8.22 acres land in Eastern Gateway Industrial Hub in Klang. Construction is expected to commence during the later part of 2015.

During the year, we had completed the disposal of our property in Ayutthaya, Thailand, resulting in a pre-tax gain of RM2.2 million as well as disposed of a property in Port Klang resulting in a pre-tax gain of RM6.4 million.

Total Assets (RM'000)

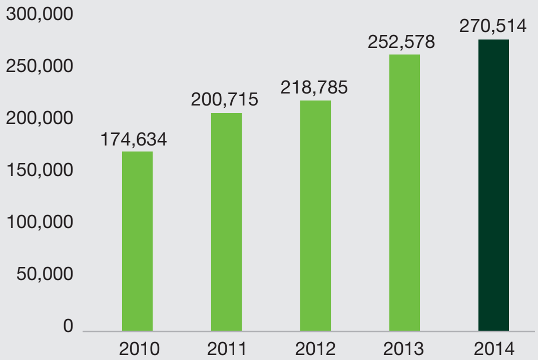


Procurement Logistics

With today's market requirements changing at an incredible pace, customers are outsourcing more of their supply chain to third party logistics providers to include procurement, assembly and repackaging services. The traditional practice of third party logistics providers merely handling the movement of goods has since evolved to providing increased levels of value added services. We have successfully pursued several strategic initiatives both in terms of production capability and geographical scope, offering original equipment manufacturing solutions to locally-based electrical and electronic products manufacturers and traders.

We have been exploring business opportunities in various regions, including countries in South Asia, South America and Africa to expand our procurement logistics services in those regions. Nevertheless, we will continue to exercise prudence in this expansion due to the economic uncertainties abroad.

Shareholders' Equity (RM'000)



SAFETY

Safety is at the forefront of everything we do and creating a safety first culture continues to be our priority. Our key goal is simple: all our employees must be able to return home safely every day.

Some of the highlights of our safety initiatives for 2015 include:

- Full compliance with requirements of Occupational Health and Safety Assessment Series (OHSAS)
- Full compliance with requirements of Road Traffic Safety Management System (RTSMS)
- Enhancement of security facilities and functions including a 24 hours control room, as a second layer security measure

CHAIRMAN'S MESSAGE (cont'd)

- Application for Good Distribution Practice Medical Devices (GDPMD) certification
- Application for Halalan-Toyyiban Assurance Pipeline (MS2400:2010) certification

Our customers are beginning to value our quality and safety commitment with requirements for halal, quality, food safety, amongst others, being addressed throughout the supply chain.

ENVIRONMENT

We are committed to reducing our environmental footprint and impact, while not compromising on providing the best service and value to our customers. Our initiatives should meet high environmental standards which makes economic sense, as the supply chain and environment are integral parts of logistics.

Modern equipment and the application of the best operational practices reinforces our environmental commitment. Our fleet renewal programme involves replacing our older vehicles with new low-emission ones. Our increased use of higher capacity vehicles and effective capacity planning means we are carrying more freight and using less fuel, without the need for safety compromises.

PROSPECTS AND OUTLOOK

Our industry growth thrives on one key aspect - that customers will continue to outsource more and more of their logistics needs. Customers have begun to appreciate that outsourcing does not mean higher costs or losing control, rather it is about enhancing their supply chain managed by the right people. Ultimately, our customers' logistics operation becomes more efficient, as well as they get to enjoy the resultant cost savings and enhanced customer service.

We have the financial capacity and will continue to further invest in state-of-the-art information technology infrastructure in order to be at the forefront of the logistics industry. During the year, we were awarded "Best Operator for Freight Category KA" for 2014 by the Land Public Transport Commission. Century recognises the fast evolution of the world logistics and the importance of keeping abreast with the latest technological advances as well as the newest logistics solutions. We have also continued to emphasize on quality services and best practices.

The key contracts we have been winning are testament that customers have entrusted us with their logistics needs, where business partnerships are forged on a mutually beneficial basis and contract logistics will continue to spearhead our growth for the future.

We are also excited about the prospects of our new Data Management Solutions services. Organisations are under increasing pressure to streamline their paper processes and reduce costs. With our Data Management Solutions services, we can customise solutions for our customers to meet the challenges associated with document

management and data protection. Breakthrough documents processing benefits can be realised immediately, reliably and cost effectively.

You can be confident that our disciplined pursuit of growth, on the back of focussed financial management and successful business model, will position us to take advantage of any improvement in the external economic condition. I will continue to work closely with the members of my senior management team to drive business improvements, cost reductions, as well as investments in value-creating growth opportunities.

ACKNOWLEDGEMENTS

Century will not be where we are today without the contributions from all our customers and suppliers. I would also like to thank the management and employees throughout the Group for their outstanding efforts and commitment.

And not forgetting my fellow investors; I thank you for your faith and support in Century. I look forward to meeting you at the forthcoming Annual General Meeting on Thursday, 23 April 2015 at Setia City Convention Centre in Setia Alam.

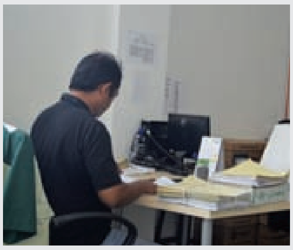
CORPORATE RESPONSIBILITY STATEMENT

Century recognises corporate social responsibility commitments based on ethical values and respect for the people, to contributing sustainably to the communities and environment. For Century, sustainability means managing its business for long term success while creating enduring value for our customers, employees, shareholders, community and environment.

AREAS OF FOCUS

- **COMMUNITY DEVELOPMENT**
- **MARKET PLACE**
- **WORK PLACE DEVELOPMENT**
- **ENVIRONMENT SUSTAINABILITY**



COMMUNITY DEVELOPMENT

Education

Education holds the key to the future. For the 5th year running, the Group donated tuition fees and school expenses for needy students under the Century Adoption Program. We will continue to support students who have the capacity and ambition but lack the means to pursue education.

Community Sports

Sports programmes are important as they promote good health, unity and develop a wide range of positive societal attributes. The Group supports activities related to sports development and provides opportunities that nurture Malaysia's young talents and athletes. Since year 2013, we have honoured our commitment towards the sponsorship programme to the Malaysian Tenpin Bowling Congress, totalling RM300,000 for a period of 3 years.

CORPORATE RESPONSIBILITY STATEMENT (cont'd)

Healthcare

The aspiration to enrich the lives of the communities was not neglected. A blood donation campaign, where Century staff took time out to donate blood.

Support of The Underprivileged

In conjunction with the Hari Raya celebration, the employees of Century spread some festive cheer and fulfilled the wishes of underprivileged children by holding a Jamuan Buka Puasa and donation of green packet.

Flood Relief Donation for East Coast

In response to the flood situation in the East Coast of Malaysia, the Group has donated a total of RM225,000 to residents of the affected areas. In addition, Century allocated trucks to transport and distribute flood relief items and daily essentials to those affected with the help of volunteers from the employees of the Group.

CORPORATE RESPONSIBILITY STATEMENT (cont'd)

MARKET PLACE

Creating A Pool of Future Leaders

Learning is an irreplaceable component in defining a culture to support innovation, market adaptation and success. The Group consistently host study visits to enable students from various colleges and universities to learn about logistics and policies.

Supplier Management

The Group maintains strong governance in its procurement activities and this is demonstrated in its well defined procurement policy and procedures, which reflect transparency and accountability.

- Procurement policy and procedures
    - Adoption of tender exercises for procurement of all standard items
    - Centralising procurement functions at Head Office to ensure that the best and optimum value in terms of quality, quantity and pricing is obtained
- Selection of vendors and service providers with
    - Sound management background with good business ethics
    - Competitive pricing
    - Reliability and quality of products and services
    - Speedy delivery
- Prompt payment to vendors and service providers
    - Migrate payment using cheques to electronic payment system

WORK PLACE DEVELOPMENT

The Century Group currently employs more than 700 people, with equal opportunity provided to all regardless of age, gender, race, religion etc. Our workforce is encouraged to reach their full potential through training, career development and promotion from within wherever possible. Opportunity to have a direct ownership of the Company is provided through the Employees' Share Option Scheme participation.

To show appreciation and to encourage interaction amongst employees, lunches and annual dinners are organised during the year. Various social and sporting activities are organised on a regular basis, with Kelab Sukan Century continuing its active role to encourage our employees to participate in these activies. Century provides financial assistance in the running of the sports club.

Guided by the promises of the Occupational Health and Safety Management System, OHSAS 18001, the Group has undertaken various initiatives to provide a safe and healthy working enviroment for its employees.

Knowledge Sharing

As part of the Group's effort to promote continuous learning and development, Century has set up an internal online portal consisting of all training materials, allowing for learning to take place on the move, anywhere. This would hasten the learning process, providing added convenience to all our employees and save on costs.

CORPORATE RESPONSIBILITY STATEMENT (cont'd)

ENVIRONMENT SUSTAINABILITY

Safety Commitment

We are conscious that the planet belongs not to us, but to the future generations. As such, we make every effort to ensure that our operations and services are in accordance with best industry standards and practices. Our commitment include high safety standards in our oil and gas logistics operation in Johor waters. We have to undergo yearly drills to respond to any oil spillage, together with a team from the port and marine departments. We are proud to have a record of zero oil spillage since this operation begin in year 2001.

In line with Century's commitment to provide a safe and healthy working environment for our employees, we are the first logistics service provider in Malaysia to be accredited with the prestigious Road Traffic Safety Management Certification (ISO39001:2012). Century has been selected to be the pilot organisation together with Royal Malaysian Police, Puspakom and Shell Malaysia to establish road traffic safety management system in Malaysia. The implementation of the standard is expected to improve the traffic safety and elimination of serious injuries in road traffic.

Sound Environmental Practices

While Century strives to meet customer needs and exceed their expectations through our provision of value-added total logistics solutions, we also ensure that our operations result in minimal environmental impact. Our initiatives to environmental stewardship include our fleet renewal programme, where all our new trucks are fitted with at least Euro 4 Engines, which entitles us to Green Engine Certification from SIRIM and JPJ, resulting in 50% of road tax rebate. In addition, Century operates new double decker and 45' curtain sider trucks, amongst its fleet, enabling shippers to consolidate more cargo into fewer trips. Our increased use of higher capacity vehicles and effective capacity planning means we are carrying more freight and using less fuel, without the need for safety compromises.

In an effort to reduce carbon footprint and contribute to a better environment, Century embarked on smart operational practices and new products. We help our customers to convert their documents into digital form to promote "paperless office" and to help improve the urban ecosystem.

We continue to promote the responsible usage of resources and the importance of environment protection amongst our employees.

CORPORATE GOVERNANCE STATEMENT

The Board of Century recognises the need to maintain high standards of corporate governance and strives to achieve this objective by enhancing shareholders' value with corporate accountability and transparency. Thus the Board is committed to ensure that the corporate governance is in line with the principles and recommendations of the Malaysian Code on Corporate Governance 2012 ("the Code"). Set out herewith are the Corporate Governance principles and practices that were applied during the financial year ended 31 December 2014.

ESTABLISH CLEAR ROLES AND RESPONSIBILITIES

Clear Functions of the Board and Management

The Board is responsible for oversight of the Company. Key matters reserved for the Board's approval include the following:

- Approval of financial results
- Dividend policy
- Issuance of new securities
- Annual business plan
- Annual financial budget
- Acquisition or disposal of material fixed assets
- Acquisition or disposal of group companies

To ensure the effective discharge of its function and responsibilities, the Board delegates some of the Board's authorities and discretion to the Executive Directors, representing the Management, as well as to properly constituted Board Committees. The Board Members, in carrying out their duties and responsibilities, are firmly committed to ensuring that the highest standards of corporate governance and corporate conduct are adhered to, in order that the Company achieves strong financial performance for each financial year, and more importantly, delivers long-term and sustainable value to stakeholders.

The Board Committees are entrusted with specific responsibilities to oversee the Company's affairs, in accordance with their respective Terms of References. At each Board meeting, minutes of the Board Committee meetings are presented to the Board. The respective Chairmen of the Board Committees will also report to the Board on key issues deliberated by the Board Committees.

Clear Roles and Responsibilities

The Board provides stewardship to the Group's strategic direction and operations, and ultimately the enhancement of long-term shareholders' value. The Board is primarily responsible for:

- adopting and monitoring progress of the Company's strategies, budgets, plans and policies;
- overseeing the conduct of the Company's business to evaluate whether the business is being properly managed;
- considering management recommendations on key issues including acquisitions and divestments, restructuring, funding and significant capital expenditure;
- succession planning including appointing and reviewing the compensation of the top management;
- identifying principal risks and ensuring the implementation of appropriate systems to manage these risks; and
- reviewing the adequacy and integrity of the Company's internal control systems and management information systems, including systems for compliance with applicable laws, regulations, rules, directives and guidelines.

The Board has delegated certain responsibilities to several Board Committees such as the Audit Committee, Nomination Committee and Remuneration Committee which operate within clearly defined terms of reference.

Formalised Ethical Standards through Code of Ethics

The Company's Codes of Ethics are set out in the Company's Employee Handbook, under the section of Conduct and Discipline, which covers all aspects of the Company's business operations, such as confidentiality of information, conflict of interest, gifts, gratuities or bribes, dishonest conduct and assault. The Code is expected to govern the standards of ethics and good conduct expected of Directors and employees of the Group.

Strategies Promoting Sustainability

The Board promotes good Corporate Governance in the application of sustainability practices throughout the Company, the benefits of which are believed to translate into better corporate performance. A detailed report on sustainability activities, demonstrating the Company's commitment to the global environmental, social, governance and sustainability agenda, appears in the Corporate Responsibility Statement of this Annual Report and the Company's website.

Access to Information and Advice

The Directors have individual and independent access to the advice and dedicated support services of the Company Secretary in ensuring the effective functioning of the Board. The Directors may seek advice from the Management on issues under their respective purview. The Directors may also interact directly with the Management, or request further explanation, information or updates on any aspect of the Company's operations or business concerns from them.

In addition, the Board may seek independent professional advice at the Company's expense on specific issues to enable it to discharge its duties in relation to matters being deliberated. Individual Directors may also obtain independent professional or other advice in furtherance of their duties, subject to the approval of the Chairman or the Board, depending on the quantum of the fees involved.

Qualified and Competent Company Secretary

The Board is satisfied with the performance and support rendered by the Company Secretary to the Board in the discharge of its functions. The Company Secretary plays an advisory role to the Board in relation to the Company's constitution, Board's policies and procedures and compliance with the relevant regulatory requirements, codes or guidance and legislations. The Company Secretary supports the Board in managing the Company's governance model, ensuring it is effective and relevant. The Company Secretary also ensure that deliberations at the Board meetings are well captured and minuted.

Board Charter

The Board has adopted a Board Charter which sets out a list of specific functions that are reserved for the Board. The Board Charter serves as a general statement of intent and expectation as to how the Board will discharge its duties. The Board Charter is subject to periodic review and can be accessed via the Company's website at www.century.com.my.

STRENGTHEN COMPOSITION

Nomination Committee

The Nomination Committee was set up on 27 November 2002 and comprises three (3) Independent Non-Executive Directors. The members of the Nomination Committee are:

- Soong Chee Keong - Chairman
- Dato' Sri Yong Seng Yeow - Member
- Shamsudin @ Samad Bin Kassim – Member

STRENGTHEN COMPOSITION (cont'd)

Nomination Committee (cont'd)

The terms of reference of the Nomination Committee include:

- annually review the required mix of skills and experience and other qualities, including core competencies which Non-Executive and Executive Directors should have.
- assess on an annual basis, the effectiveness of the Board as a whole, the committees of the Board and for assessing the contribution of each individual Director, including Independent Non-Executive Directors. All assessments and evaluations carried out by the Nomination Committee in the discharge of all its functions should be properly documented.
- be entitled to the services of the Company Secretary who must ensure that all appointments are properly made, that all necessary information is obtained from Directors, both for the Company's own records and for the purposes of meeting statutory obligations, as well as obligations arising from the Main Market Listing Requirements or other regulatory requirements.

The Board is of the opinion that Mr. Soong Chee Keong, an Independent Non-Executive Director, is ideal as Chairman of the Nomination Committee, given his experience and available time commitment.

DEVELOP, MAINTAIN AND REVIEW CRITERIA FOR RECRUITMENT AND ANNUAL ASSESSMENT OF DIRECTORS

Recruitment or Appointment of Directors

The Nomination Committee of the Board is tasked to oversee the selection process and assessment of Directors for the Board with the objective to secure the best composition to meet the diverse objectives of the Company. In its selection process, the Nomination Committee follows a set of criteria and expectations based upon the competencies, commitment, experience and integrity of the candidates.

In the selection process, the Nomination Committee and the Board does not set any target on gender, ethnicity or age diversity but endeavour to include any member who will improve the Board's overall compositional balance.

All newly appointed Directors will go through a Board induction, followed by a series of the necessary training programmes, including the Mandatory Accreditation Programme mandated by the Main Market Listing Requirements of the Bursa Malaysia Securities Berhad.

The duties and responsibilities of the Nomination Committee are as follows:

- To recommend candidates for all directorship to the Board of Directors. In making its recommendations, the Nomination Committee would consider the candidates':
    - skills, knowledge, expertise and experience;
    - professionalism;
    - integrity; and
    - in the case of the candidates for the position of Independent Non-Executive Directors, the Nomination Committee would evaluate the candidates' ability to discharge such responsibilities/functions as expected from Independent Non-Executive Directors.
- To consider, in making its recommendations, candidates for directorships proposed by the Managing Director and, within the bounds of practicability, by any Director or major Shareholder.
- To recommend to the Board of Directors the nominees to fill the seats on the Committees of the Board.
- To assess the effectiveness of the Board of Directors as a whole and each individual Director/committee of the Board. All assessments and evaluations carried out by the Nomination Committee in the discharge of all its functions to be properly documented.
- To act in line with the directions of the Board of Directors.
- To consider and examine such other matters as the members of the Nomination Committee consider appropriate.

Summary of Activities of the Nomination Committee

The Nomination Committee had met once during the financial year ended 31 December 2014 to discuss the following matters:

- recommendation for the re-election of the directors who were retiring and seeking for re-election at the 17th Annual General Meeting held on 24 April 2014.
- assessment of the independence of the Independent Director who had served for more than nine (9) cumulative years on the Board in such capacity and recommendation for his retention as an Independent Director.
- evaluation on the effectiveness of the Board as a whole and the Committees of the Board, and the contribution and performance of each individual Director.

The attendance of Directors who are members of Board Committee during the financial year ended 31 December 2014 is set out below:

Director	Designation	Audit Committee	Nomination Committee	Remuneration Committee
Dato' Sri Yong Seng Yeow	Independent Non-Executive Director	5/5	1/1	1/1
Shamsudin @ Samad Bin Kassim	Senior Independent Non-Executive Director	5/5	1/1	1/1
Soong Chee Keong	Independent Non-Executive Director	5/5	1/1	Not member
Teow Choo Hing	Managing Director	Not member	Not member	1/1

Gender, Ethnicity and Age Diversity

The Board does not have any gender, ethnicity and age diversity policies and targets or any set measures to meet any target. Nevertheless, the Group is an equal opportunity employer and all appointments and employments are based strictly on merits and are not driven by any gender, ethnicity or age bias.

Remuneration Policies

The Remuneration Committee was set up on 27 November 2002 and comprises two (2) Independent Non-Executive Directors and one (1) Executive Director as follows:

- Dato' Sri Yong Seng Yeow - Chairman
- Teow Choo Hing - Member
- Shamsudin @ Samad Bin Kassim - Member

The terms of reference of the Remuneration Committee include:

- review, assess and recommend to the Board of Directors the remuneration packages of the Executive Directors in all forms, with other independent professional advice or outside advice, if necessary.
- be entitled to the services of the Company Secretary who must ensure that all decisions made on the remuneration packages of the Executive Directors be properly recorded and minuted in the minutes book.

The range of remuneration received by the Directors for the financial year ended 31 December 2014 is set out in the Notes to the Financial Statements. The Company opts not to disclose the remuneration of individual Directors as recommended by the transparency and accountability aspects of the Code, as the Company believes that this information will not add significantly to the understanding and evaluation of the Company's governance.

The current remuneration policy for the Non-Executive Directors comprises the following:

- Directors' Fees

  The sum of RM43,200 per annum for the Audit Committee Chairman and RM36,000 per annum for each Non-Executive Director.

- Meeting Expenses

  The Non-Executive Directors are paid RM1,000 for each Board meeting that they attend.

REINFORCE INDEPENDENCE

Annual Assessment of Independence

The Board has set out policies and procedures to ensure effectiveness of the Independent Non-Executive Directors on the Board, including new appointments. The Board assesses the independence of the Independent Non-Executive Directors annually, taking into account the individual Director's ability to exercise independent judgement at all times and to contribute to the effective functioning of the Board.

The Independent Non-Executive Directors are not employees and they do not participate in the day-to-day management as well as the daily business of the Company. They bring an external perspective, constructively challenge and help develop proposals on strategy, scrutinize the performance of Management in meeting approved goals and objectives, and monitor the risk profile of the Company's business and the reporting of monthly business performances.

The Board is satisfied with the level of independence demonstrated by all the Independent Non-Executive Directors and their ability to act in the best interest of the Company.

CORPORATE GOVERNANCE STATEMENT (cont'd)

REINFORCE INDEPENDENCE (cont'd)

Tenure of Independent Directors

One of the recommendations of the Code states that the tenure of an Independent Director should not exceed a cumulative term of nine (9) years. However, the Nomination Committee and the Board have determined at the annual assessment carried out that Encik Shamsudin @ Samad Bin Kassim, who has served on the Board for more than nine years, remains objective and independent in expressing his views and in participating in deliberations and decision making of the Board and Board Committees. The length of his service on the Board does not in any way interfere with his exercise of independent judgement and ability to act in the best interest of the Company.

Shareholders' Approval for the Retention of Independent Directors

The Board is satisfied with the skills, contribution and independent judgement that Encik Shamsudin @ Samad Bin Kassim brings to the Board. In view thereof, the Board recommends and supports his retention as Independent Director of the Company, which is tabled for shareholders' approval at the forthcoming 18th Annual General Meeting of the Company.

Separation of Positions of the Chairman and Managing Director

The positions of Chairman and Managing Director are held by two different individuals. The Chairman is primarily responsible for the leadership of the Board and ensures effectiveness of the Board while the Managing Director manages the business and operations and implements the Board's decisions. The distinct and separate role of the Chairman and Managing Director, with a clear division of responsibilities, ensure a balance of power and authority, such that no one individual has unfettered powers of decision-making.

Composition of the Board

The size of the Board is appropriate given the complexity of the Company's business, and the significant time demands placed on the Independent Non-Executive Directors who also serve as Members of Board Committees.

The six (6) members of the Board of whom three (3) are Executive Directors and three (3) are Independent Non-Executive Directors are persons of high caliber and integrity, and they possess the appropriate skills, knowledge, experience and competencies to address key risks and major issues relating to the Company's policies and strategies. The Directors more than adequately fulfill the standards of fit and proper for appointment as Directors as established by the Board.

The Independent Non-Executive Directors are independent of management and free from any business relationship, which could materially interfere with their independent judgement. Their role is to provide independent view, advice and judgement to ensure a balanced and unbiased decision-making process as well as to safeguard the interest of public shareholders.

FOSTER COMMITMENT

Time Commitment

The Board is satisfied with the level of time commitment given by the Directors towards fulfilling their roles and responsibilities as Directors of the Company. This is evidenced by the attendance record of the Directors at the Board meetings during the financial year under review as set out in the table below:

Name of Director	Attendance
Datuk Phua Sin Mo	6/6
Teow Choo Hing	6/6
Yeap Khoo Soon Edwin	6/6
Dato' Sri Yong Seng Yeow	6/6
Shamsudin @ Samad Bin Kassim	6/6
Soong Chee Keong	6/6

To ensure that the Directors have the time to focus and fulfill their roles and responsibilities effectively, one criterion as agreed by the Board for determining candidates for the pool of potential Directors is that they must be able to commit sufficient time to the Company.

The Directors are required to submit a timely update on their other directorships and shareholdings to the Company Secretary. Such information is used to monitor the number of directorship held by the Directors and to notify the Companies Commission of Malaysia accordingly.

To facilitate the Directors' time planning, an annual meeting calendar is prepared and circulated to them before the beginning of every year. It provides the scheduled dates for meetings of the Board and Board Committees as well as the Annual General Meeting.

Training

In order to ensure Directors' continuous professional development, the Board, has identified and enrolled relevant training needs amongst the Directors as and when required.

The Board also encourages its Directors to attend talks, seminars, workshops and conferences to update and enhance their skills and knowledge to enable them to carry out their roles effectively as directors in discharging their responsibilities towards corporate governance, operational and regulatory issues. The Directors are briefed by the Company Secretary on the latest letters and circulars issued by Bursa Malaysia Securities Berhad at every Board Meeting.

UPHOLD INTEGRITY IN FINANCIAL REPORTING

Compliance with Applicable Financial Reporting Standards

In presenting the annual audited financial statements and quarterly announcements of results to shareholders, the Board take responsibility to present a balanced and meaningful assessment of the Group's position and prospect and to ensure that the financial statements are drawn up in accordance with the provisions of Companies Act, 1965 and applicable accounting standards in Malaysia. The Audit Committee assists the Board in scrutinising information for disclosure to ensure accuracy, adequacy and completeness. The Responsibility Statement by the Directors pursuant to the Main Market Listing Requirements is set out in this Annual Report.

In addition to the above, the Company also undertook an independent assessment of the internal control system and assured the Audit Committee that no material issue or major deficiency had been detected which posed a high risk to the overall internal control under review.

Assessment of Suitability and Independence of External Auditors

The Audit Committee undertakes an annual assessment of the suitability and independence of the external auditors. It is the policy of the Audit Committee to meet with the external auditors at least twice a year to discuss their audit plan, audit findings and the Company's financial statements. The Audit Committee has during these meetings met with the external auditors without the presence of the Executive Directors and the Management. The Audit Committee also meets with the external auditors additionally whenever it deems necessary. In addition, the external auditors are invited to attend the Annual General Meeting of the Company and are available to answer shareholders' questions on the conduct of the statutory audit and the preparation and contents of their audit report.

CORPORATE GOVERNANCE STATEMENT

RECOGNISE AND MANAGE RISKS

The Company continues to maintain and review its internal control procedures to ensure, as far as possible, the protection of its assets and its shareholders' investments.

Internal Audit Function

The internal audit function is independent of the operations of the Group and provides reasonable assurance that the Group's system of internal control is satisfactory and operating effectively. The internal auditors adopt a risk-based approach towards the planning and conduct of audits, which are consistent with the Group's framework in designing, implementing and monitoring its internal control system. An Internal Audit Planning Memorandum, setting out the internal audit work expected to be carried out for a period of two (2) years, is tabled to the Audit Committee at the beginning of the two (2) years term.

The internal audit function was performed by an external consultant during the year to identify and assess the principal risks and to review the adequacy and effectiveness of the internal controls of the Group. Areas for improvement were highlighted and the implementation of recommendations was monitored. None of the internal control weaknesses have resulted in any material losses, contingencies or uncertainties that would require disclosure in the Annual Report.

ENSURE TIMELY AND HIGH QUALITY DISCLOSURE

Corporate Disclosure Policy

The Company recognises the value of transparent, consistent and coherent communications with the investment community consistent with commercial confidentiality and regulatory considerations. The Company aims to build long-term relationships with shareholders and potential investors through appropriate channels for the management and disclosure of information. These investors are provided with sufficient business, operations and financial information on the Group to enable them to make informed investment decisions.

The Company's website has a "Contact Us" section as well as a dedicated link to the Company's Investor Relations team, via invest@century.com.my where shareholders and potential investors may direct their enquiries on the Company. The Company's Investor Relations team will endeavour to reply to these queries in the shortest possible time.

Leverage on Information Technology for Effective Dissemination of Information

The Company's website incorporates an Investor Relations section which provides all relevant information on the Company and is accessible by the public. This Investor Relations section enhances the Investor Relations function by including all announcements made by the Company, annual reports as well as the corporate and governance structure of the Company.

The announcement of the quarterly financial results is also made via Bursa LINK immediately after the Board's approval. This is important in ensuring equal and fair access to information by the investing public.

STRENGTHEN RELATIONSHIP BETWEEN COMPANY AND SHAREHOLDERS

Encourage Shareholder Participation at General Meetings

The Company provides information to the shareholders with regard to, amongst others, details of the Annual General Meeting, their entitlement to attend the Annual General Meeting, the right to appoint a proxy and also the qualifications of a proxy.

To further promote participation of members through proxy(ies), which is in line with Paragraph 7.21 of the Main Market Listing Requirements, the Company's Articles of Association include the right of proxies to speak at general meetings, to allow a member who is an exempt authorized nominee to appoint multiple proxies for each omnibus account it holds and expressly disallow any restriction on proxy's qualification.

Encourage Poll Voting

The Board takes note of the Recommendation 8.2 of the code that the Board should encourage poll voting. In line with this recommendation, the Chairman informs the shareholders of their right to demand for a poll vote at the commencement of the general meeting. The Board will put substantive resolutions to vote by poll when necessary.

Effective Communication and Proactive Engagement

In maintaining the commitment to effective communication with shareholders, the Group adopts the practice of comprehensive, timely and continuing disclosures of information to its shareholders as well as to the general investing public. The practice of disclosure of information is not just established to comply with the requirements of the Main Market Listing Requirements pertaining to continuing disclosures, it also adopts the principles and recommendations of the code with regard to strengthening engagement and communication with shareholders. Where possible and applicable, the Group also provides additional disclosure of information on a voluntary basis. The Group believes that consistently maintaining a high level of disclosure and extensive communication with its shareholders is vital to shareholders and investors to make informed investment decisions.

The Annual Report is the main channel of communication between the Company and its stakeholders. The Annual Report communicates comprehensive information of the financial results and activities undertaken by the Group. As a listed issuer, the contents and disclosure requirements of the Annual Report are also governed by the Main Market Listing Requirements.

The Company despatches its Annual Report to shareholders within three months after financial close, well in advance of the requirements of the Companies Act as well as the Main Market Listing Requirements. The early release of the Annual Report allows shareholders to have timely information about the Company, its operations and performance. All information to shareholders are available electronically as soon as it is announced or published.

Another key avenue of communication with its shareholders is the Company's Annual General Meeting, which provides a useful forum for shareholders to engage directly with the Company's Directors. During the general meeting, shareholders are at liberty to raise questions or seek clarification on the agenda items of the general meeting from the Company's Directors.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

INTRODUCTION

The Malaysian Code on Corporate Governance ("Code") sets out the principle that the Board of Directors ("Board") of a listed company should establish a sound risk management framework and internal control system to safeguard shareholders' investment and assets of the Group.

The Statement on Risk Management and Internal Control by the Board on the Group is made pursuant to paragraph 15.26(b) of the Main Market Listing Requirements and in accordance with the Principles and Recommendations relating to risk management and internal controls provided in the Code and as guided by the Statement on Risk Management and Internal Control: Guidelines for Directors of Listed Issuers.

BOARD'S RESPONSIBILITY

The Board recognises and affirms its overall responsibility for the Group's system of risk management and internal controls practices for good corporate governance. The Board, through its various committees, has continuously reviewed the adequacy and effectiveness of the system, in particular the financial, operational, as well as compliance aspects of the Group throughout the financial year.

There is an ongoing process for identifying, evaluating and managing the significant risks faced by the Group in its achievement of objectives and strategies. The process has been in place during the year up to the date of approval of this statement and is subject to review by the Board. It should be noted, however, that such systems are designed to manage rather than to eliminate the risk of failure to achieve business objectives. In addition, it should be noted that these systems can only provide reasonable but not absolute assurance against material misstatement, loss or fraud.

The Board is assisted by Senior Management in implementing the Board approved policies and procedures on risk and control by identifying and analysing risk information; designing, operating suitable internal controls to manage and control these risks; and monitoring effectiveness of risk management and control activities.

The key features of the risk management and internal control systems are described below.

RISK MANAGEMENT

The Group established an Enterprise Risk Management ("ERM") Framework to proactively identify, evaluate and manage key risks to an optimal level. In line with the Group's commitment to deliver sustainable value, this framework aims to provide an integrated and organised approach entity-wide. It outlines the ERM methodology which is in line with the ISO 31000:2009, Risk management – Principles and guidelines, mainly promoting the risk ownership and continuous monitoring of key risks identified.

The Group is building a formal database of risks and controls information are captured in the format of risk registers. Key risks of major business units are identified, assessed and categorised to highlight the source of risk, their impacts and the likelihood of occurrence. Risk profiles for the major business units are presented to the Risk Management Working Committee and Board for deliberation and approval for adoption. Comprehensive action plans to address key risks are continuously being developed.

The risk profile of the major business units of the Group are monitored by its respective Senior Management. The risks identified for the Group were considered in formulating the strategies and plans that were approved and adopted by the Board. The strategies and plans are monitored and revised as the need arises. These processes are embedded within the Group's overall business operations and guided by the documented policies and procedures.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL
(cont'd)

INTERNAL CONTROL

The Board receives and reviews regular reports from the Management on key financial data, performance indicators and regulatory matters. This is to ensure that matters that require the Board and Senior Management's attention are highlighted for review, deliberation and decision on a timely basis. The Board approves appropriate responses or amendments to the Group's policy. Besides, the results of the Group are reported quarterly and any significant fluctuations are analysed and acted on in a timely manner.

There is a comprehensive budgeting system that requires preparation of the annual budget by all major business units. The annual budget which contains financial, operating targets and performance indicators are reviewed and approved by the Executive Directors together with the Senior Management before being presented to the Board for final review and approval. The budgets are further reviewed and revised, if necessary, during the middle of the year in order to reflect changes in operating conditions affecting the Group. Mid-year budget revisions are also discussed and approved by the Board.

Issues relating to the business operations are highlighted to the Board's attention during Board meetings. Further independent assurance is provided by the Group internal audit function and the Audit Committee. The Audit Committee reviews internal control matters and update the Board on significant control gaps for the Board's attention and action.

The other salient features of the Group's systems of internal controls are as follows:

- Quarterly review of the financial performance of the Group by the Board and the Audit Committee;
- Defined organisation structure and delegation of responsibilities;
- Policies, Procedures and Standard Operating Procedures which are systematically documented, revised and made available to guide staff in their daily operations;
- Operations review meetings are held by the respective business units to monitor the progress of business operations, deliberate significant issues and formulate corrective measures;
- An ISO 9001 Quality Management System Committee reviews processes and documentation. Surveillance audits are conducted by assessors of the ISO certification bodies on a yearly basis to ensure that the system is adequately implemented. Areas for improvement are highlighted and the implementation of its recommendations is monitored;
- A structured recruitment process, a performance appraisal system and a wide variety of training and development programs are in place to maintain staff competency; and
- Code of conduct was communicated to all employees of the Group.

INTERNAL AUDIT

The Board acknowledges the importance of the internal audit function and has outsourced its internal audit function to an external consultant, as part of its efforts in ensuring that the Group systems of internal controls are adequate and effective. The internal audit activities of the Group is carried out according to an annual audit plan approved by the Audit Committee. The internal audit function adopts a risk-based approach and prepares its audit plans based on key risks identified. The internal audit provides an assessment of the adequacy and integrity of the Group's system of internal controls, as well as recommendations, if any, for the improvement of the control policies and procedures. The results of the internal audit assessments are reported periodically to the Audit Committee.

The internal audit reports are reviewed by the Audit Committee and forwarded to the Senior Management so that recommended corrective actions could be implemented. The Senior Management is responsible for ensuring that the necessary corrective actions on reported weaknesses are made within the required time frame.

A total of RM51,000 was spent on internal audit activities in 2014.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL
(cont'd)

REVIEW BY BOARD

The Board's review of risk management and internal control effectiveness is based on information from:

- Senior Management within the organisation responsible for the development and maintenance of the risk management and internal control system; and
- The work by the internal audit function which submit reports to the Audit Committee together with the assessment of the internal controls systems relating to key risks and recommendations for improvement.

The Board considered the system of internal controls described in this statement to be satisfactory and the risks to be at an acceptable level within the context of the Group's business environment.

The Board and Senior Management will continue to take measures to strengthen the risk and control environment and monitor the risk and internal controls framework.

The Board also received assurance from the Executive Directors that the Group's risk management and internal control system is operating adequately and effectively, in all material aspects based on the risk management and internal control system of the Group.

In addition, the External Auditors have reviewed this Statement on Risk Management and Internal Control for inclusion in the Annual Report, and reported to the Board that nothing has come to their attention that causes them to believe that the Statement is inconsistent with their understanding of the process adopted by the Board in reviewing the adequacy and integrity of the system of internal control.

CONCLUSION

For the financial year under review and up to the date of approval of this Statement on Risk Management and Internal Control, the Board is satisfied that the risk management and internal control system was satisfactory and has not resulted in any material loss, contingency or uncertainty. The Board has not identified any circumstances which suggest any fundamental deficiencies in the Group's internal control system.

The above statement is made in accordance with a resolution of the Board.

AUDIT COMMITTEE REPORT

MEMBERS

Composition of the Audit Committee and details of attendance at the Audit Committee Meeting during the financial year ended 31 December 2014, where a total of five (5) meetings were held, are as follows:

	Number of meetings attended
Shamsudin @ Samad Bin Kassim (Chairman / Senior Independent Non-Executive Director)	5/5
Dato' Sri Yong Seng Yeow (Member / Independent Non-Executive Director)	5/5
Soong Chee Keong (Member / Independent Non-Executive Director)	5/5

TERMS OF REFERENCE

Composition of members

The Audit Committee shall be appointed by the Board of Directors and shall comprise no fewer than three (3) Non-Executive Directors. The majority of the Audit Committee members shall be Independent Directors. In this respect, the Board adopts the definition of "Independent Director" as defined under the Bursa Malaysia Securities Berhad ("Bursa Securities") Main Market Listing Requirements.

Soong Chee Keong meets the requirements of paragraph 15.09 (c) (i) where he is a Chartered Accountant and a member of the Malaysian Institute of Accountants.

No alternate director of the Board shall be appointed as a member of the Audit Committee. The term of office and performance of the Audit Committee and each of its members shall be reviewed by the Board at least once every two (2) years to determine whether such Audit Committee and members have carried out their duties in accordance with their terms of reference.

Meetings

The Audit Committee shall meet regularly, with due notice of issues to be discussed, and shall record its conclusions in discharging its duties and responsibilities. In addition, the Chairman may call for additional meetings at any time at the Chairman's discretion. Upon the request of the external auditors, the Chairman of the Audit Committee shall convene a meeting of the Audit Committee to consider any matter the external auditor believes should be brought to the attention of the directors or shareholders. Notice of Audit Committee meetings shall be given to all the Audit Committee members unless the Audit Committee waives such requirement.

The Chairman of the Audit Committee shall engage on a continuous basis with senior management, including the Executive Directors, the internal auditors and the external auditors in order to be kept informed of matters affecting the Company. The Finance Director and representatives of the internal auditors and the external auditors should normally attend Audit Committee meetings. Other Board members and employees may attend meetings upon the invitation of the Audit Committee. The Audit Committee shall be able to convene meetings with the external auditors, the internal auditors or both, without executive Board members or employees present whenever deemed necessary and at least twice a year with the external auditors.

AUDIT COMMITTEE REPORT
(cont'd)

TERMS OF REFERENCE (cont'd)

Objectives

The principal objectives of the Audit Committee are to assist the Board in discharging its statutory duties and responsibilities relating to accounting and reporting practices of the Company and each of its subsidiaries. In addition, the Audit Committee shall:

(a) evaluate the quality of the audits performed by the internal and external auditors;

(b) provide assurance that the financial information presented by management is relevant, reliable and timely;

(c) oversee compliance with laws and regulations and observance of a proper code of conduct; and

(d) determine the quality, adequacy and effectiveness of the Group's control environment.

Authority

The Audit Committee shall, in accordance with a procedure to be determined by the Board and at the expense of the Company,

(a) have explicit authority to investigate any matter within its terms of reference, the resources to do so, and full access to information. All employees shall be directed to co-operate as requested by members of the Audit Committee.

(b) have full and unlimited/unrestricted access to all information and documents/resources which are required to perform its duties as well as to the internal and external auditors and senior management of the Company and Group.

(c) obtain independent professional or other advice and to invite outsiders with relevant experience to attend, if necessary.

(d) have direct communication channels with the external auditors and person(s) carrying out the internal audit function or activity (if any).

(e) where the Audit Committee is of the view that the matter reported by it to the Board has not been satisfactorily resolved resulting in a breach of the Main Market Listing Requirements, the Audit Committee shall promptly report such matter to Bursa Securities.

Duties and Responsibilities

The duties and responsibilities of the Audit Committee are as follows:

(a) To consider the appointment of the external auditors, the audit fee and any question of resignation or dismissal;

(b) To discuss with the external auditors before the audit commences, the nature and scope of the audit, and ensure co-ordination where more than one audit firm is involved;

(c) To review with the external auditors their evaluation of the system of internal controls and the audit report;

(d) To review the quarterly and year-end financial statements of the Board, focusing particularly on:

- any change in accounting policies and practices;
- significant adjustments arising from the audit;
- the going concern assumption; and
- compliance with accounting standards and other legal requirements;

AUDIT COMMITTEE REPORT (cont'd)

TERMS OF REFERENCE (cont'd)

Duties and Responsibilities (cont'd)

(e) To discuss problems and reservations arising from the interim and final audits, and any matter the auditors may wish to discuss (in the absence of management, where necessary);

(f) To review the external auditors' management letter and management's response;

(g) To do the following, in relation to the internal audit function:

- consider the appointment of the internal auditors, the audit fee and any question of resignation or dismissal;
- review the adequacy of the scope, functions, competency and resources of the internal audit function, and that it has the necessary authority to carry out its work;
- review the internal audit programme and results of the internal audit process and, where necessary, ensure that appropriate actions are taken on the recommendations of the internal audit function;

(h) To consider any related party transactions and conflict of interest situation that may arise within the Company or Group including any transaction, procedure or course of conduct that raises questions of management integrity;

(i) To report its findings on the financial and management performance, and other material matters to the Board;

(j) To consider the major findings of internal investigations and management's response;

(k) To consider other topics as defined by the Board; and

(l) To consider and examine such other matters as the Audit Committee considers appropriate.

SUMMARY OF ACTIVITIES OF THE AUDIT COMMITTEE

The activities of the Audit Committee as stipulated in Duties and Responsibilities were undertaken by the Audit Committee during the financial year ended 31 December 2014. The Audit Committee had also undertaken the following activities during the year:

(a) Reviewed the audit plan of the external auditors, in terms of the nature of the audit procedures, significant accounting and auditing issues, impact of new or proposed changes in the accounting standards and regulatory requirements;

(b) Reviewed the year-end external auditors' reports in relation to their audit findings and the accounting issues arising from the audit of the Company's annual financial results; and

(c) Reviewed the recovery of major long outstanding debts.

SUMMARY OF ACTIVITIES OF THE INTERNAL AUDIT FUNCTION

The internal audit function is independent of the operations of the Group and provides reasonable assurance that the Group's system of internal control is satisfactory and operating effectively. The internal auditors adopt a risk-based approach towards the planning and conduct of audits, which are consistent with the Group's framework in designing, implementing and monitoring its internal control system. An Internal Audit Planning Memorandum, setting out the internal audit work expected to be carried out for a period of two (2) years, is tabled to the Audit Committee at the beginning of the two (2) years term.

The internal audit function was performed by external consultants during the year to identify and assess the principal risks and to review the adequacy and effectiveness of the internal controls of the Group. Areas for improvement were highlighted and the implementation of recommendations were monitored. None of the internal control weaknesses have resulted in any material losses, contingencies or uncertainties that would require disclosure in the Annual Report.

DIRECTORS' RESPONSIBILITIES STATEMENT

The Directors are required under the provisions of the Companies Act, 1965 to prepare financial statements which gives a true and fair view of the state of affairs of the Group and the Company as at the end of each financial year and their results and cash flows for each financial year. The Directors are of the view that they have adopted suitable accounting policies and applied them consistently, made judgements and estimates that are reasonable and prudent, as well as ensured that all applicable accounting standards have been followed. The financial statements are prepared on the going concern basis and the directors have ensured that proper accounting records are kept which disclose with reasonable accuracy the financial position of the Group and the Company and are kept in accordance with the Companies Act, 1965. The Directors also have general responsibilities for taking the necessary and reasonable steps to safeguard the assets of the Group, and to detect and prevent fraud as well as other irregularities.

Directors' Report and Financial Statements

DIRECTORS' REPORT

The directors of **CENTURY LOGISTICS HOLDINGS BERHAD** have pleasure in submitting their report and the audited financial statements of the Group and of the Company for the financial year ended December 31, 2014.

PRINCIPAL ACTIVITIES

The Company is principally an investment holding company.

The principal activities of the Company's subsidiary companies are disclosed in Note 16 to the Financial Statements.

There have been no significant changes in the nature of the activities of the Company and its subsidiary companies during the financial year.

RESULTS OF OPERATIONS

The results of operations of the Group and of the Company for the financial year are as follows:

	The Group RM'000	The Company RM'000
Profit before tax	42,439	77,933
Tax expense	(9,034)	(25)
Profit for the year	33,405	77,908
Attributable to:		
Owners of the Company	33,287	
Non-controlling interests	118	
	33,405	

Other comprehensive gain for the year of RM393,000 arose from exchange differences on translation of foreign operations.

In the opinion of the directors, the results of operations of the Group and of the Company during the financial year have not been substantially affected by any item, transaction or event of a material and unusual nature except for the (i) gain on disposal of property, plant and equipment of RM8,928,000 and (ii) gain on disposal of subsidiary companies of RM5,713,000 of the Group as disclosed in Note 10 to the Financial Statements.

DIVIDENDS

Since the end of the previous financial year, the following dividends were paid/distributed by the Company:

(a) A single tier final dividend of 4 sen per ordinary share of RM1.00 each, amounting to RM4,839,213 in respect of the previous financial year were paid on May 28, 2014;

(b) A single tier first interim dividend of 5 sen per ordinary share of RM1.00 each, amounting to RM6,103,215 in respect of the current financial year were paid on September 12, 2014; and

(c) A single tier second interim dividend of 2 sen per ordinary share of RM0.50 each, amounting to RM7,323,858 in respect of the current financial year were paid on December 19, 2014.

The directors propose a single tier final dividend of 1 sen per ordinary share of RM0.50 each in respect of the current financial year. This dividend is subject to approval by the shareholders at the forthcoming Annual General Meeting of the Company and has not been included as a liability in the financial statements. Upon approval by the shareholders, the cash dividend payment will be accounted for in equity as an appropriation of retained earnings during the financial year ending December 31, 2015.

DIRECTORS' REPORT (cont'd)

RESERVES AND PROVISIONS

There were no material transfers to or from reserves or provisions during the financial year other than those disclosed in the financial statements.

ISSUE OF SHARES AND DEBENTURES

During the current financial year:

(a) The authorised share capital of the Company has been converted from 500,000,000 ordinary shares of RM1.00 each to 1,000,000,000 ordinary shares of RM0.50 each via a share split exercise involving the subdivision of every one (1) ordinary share of RM1.00 each into two (2) ordinary shares of RM0.50 each.

(b) The issued and paid-up share capital of the Company was increased from RM122,064,297 divided into 122,064,297 ordinary shares of RM1.00 each to RM183,096,445 divided into 366,192,890 ordinary shares of RM0.50 each via:

(i) Bonus issue of 61,032,148 new ordinary shares of RM1.00 each out of share premium and retained earnings, credited as fully paid and distributed amongst the shareholders of the Company in the proportion of one (1) ordinary share of RM1.00 each for two (2) existing paid up ordinary shares of RM1.00 each; and

(ii) The share split exercise involving the subdivision of every one (1) ordinary share of RM1.00 each (existing and bonus shares) into two (2) ordinary shares of RM0.50 each.

The Company did not issue any new debentures during the financial year.

TREASURY SHARES

During the current financial year, the Company resold its remaining 1,083,974 treasury shares at an average price of RM2.33 per share. The difference of RM664,000 between the sale consideration and the carrying amount of the shares has been credited to the Share Premium Account. Following this, none of the Company's issued ordinary shares at the end of the reporting period were held as treasury shares.

SHARE OPTIONS AND WARRANTS

No options have been granted by the Company to any parties during the financial year to take up unissued shares of the Company.

The establishment of an employees' share option scheme subsequent to the end of the financial year is disclosed in Note 38 to the Financial Statements.

DIRECTORS' REPORT
(cont'd)

OTHER STATUTORY INFORMATION

Before the statements of profit or loss and other comprehensive income and the statements of financial position of the Group and of the Company were made out, the directors took reasonable steps:

(a) to ascertain that proper action had been taken in relation to the writing off of bad debts and the making of allowance for doubtful debts, and had satisfied themselves that all known bad debts had been written off and that adequate allowance for doubtful debts had been made; and

(b) to ensure that any current assets which were unlikely to realise their book values in the ordinary course of business had been written down to their estimated realisable values.

As of the date of this report, the directors are not aware of any circumstances:

(a) which would render the amount written off as bad debts or the amount of allowance for doubtful debts in the financial statements of the Group and of the Company inadequate to any substantial extent; or

(b) which would render the values attributed to current assets in the financial statements of the Group and of the Company misleading; or

(c) which have arisen which render adherence to the existing method of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate; or

(d) not otherwise dealt with in this report or financial statements which would render any amount stated in the financial statements of the Group and of the Company misleading.

As of the date of this report, there does not exist:

(a) any charge on the assets of the Group and of the Company which has arisen since the end of the financial year which secures the liability of any other person; or

(b) any contingent liability of the Group and of the Company which has arisen since the end of the financial year.

No contingent or other liability has become enforceable or is likely to become enforceable within the period of twelve months after the end of the financial year which, in the opinion of the directors, will or may substantially affect the ability of the Group and of the Company to meet their obligations as and when they fall due.

In the opinion of the directors, no item, transaction or event of a material and unusual nature has arisen in the interval between the end of the financial year and the date of this report which is likely to affect substantially the results of operations of the Group and of the Company for the succeeding financial year.

Datuk Phua Sin Mo	8,669,180	1,003,300	–	4,434,590	13,303,770	27,410,840
Teow Choo Hing	641,472	100,000	–	370,736	1,112,208	2,224,416

* During the current year, the Company effected (i) a bonus issue exercise on the basis of one (1) bonus share for every two (2) existing shares held and (ii) a share split exercise involving sub-division of every one (1) ordinary share of RM1.00 each into two (2) ordinary shares of RM0.50 each.

By virtue of the above directors' interests in the shares of the Company, they are also deemed to have an interest in the shares of all the subsidiary companies of the Company to the extent that the Company has an interest.

None of the other directors in office at the end of the financial year held shares or had any beneficial interest in the shares of the Company or its related companies during and at the end of the financial year.

DIRECTORS' BENEFITS

Since the end of the previous financial year, none of the directors of the Company has received or become entitled to receive any benefit (other than the benefit included in the aggregate amount of emoluments received or due and receivable by the directors as disclosed in Note 8 to the Financial Statements or the fixed salary of a full-time employee of the Company) by reason of a contract made by the Company or a related corporation with the director or with a firm of which he is a member, or with a company in which he has a substantial financial interest other than those as disclosed in Note 16 to the Financial Statements.

During and at the end of the financial year, no arrangement subsisted to which the Company was a party whereby directors of the Company might acquire benefits by means of the acquisition of shares in, or debentures of, the Company or any other body corporate.

INDEPENDENT AUDITORS' REPORT
to the members of Century Logistics Holdings Berhad

Report on the Financial Statements

We have audited the financial statements of **CENTURY LOGISTICS HOLDINGS BERHAD**, which comprise the statements of financial position of the Group and of the Company as of December 31, 2014 and the statements of profit or loss and other comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the year then ended, and a summary of significant accounting policies and other explanatory information, as set out on pages 43 to 103.

Directors' Responsibility for the Financial Statements

The Directors of the Company are responsible for the preparation of financial statements so as to give a true and fair view in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act, 1965 in Malaysia. The directors are also responsible for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with approved standards on auditing in Malaysia. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence that we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements give a true and fair view of the financial positions of the Group and the Company as of December 31, 2014 and their financial performances and cash flows for the year then ended in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act, 1965 in Malaysia.

Report on Other Legal and Regulatory Requirements

In accordance with the requirements of the Companies Act, 1965 in Malaysia, we also report that:

(a) in our opinion, the accounting and other records and the registers required by the Act to be kept by the Company and its subsidiary companies of which we have acted as auditors have been properly kept in accordance with the provisions of the Act;

(b) we have considered the accounts and the auditors' reports of the subsidiary companies of which we have not acted as auditors as indicated in Note 16 to the Financial Statements, being accounts that have been included in the financial statements of the Group;

(c) we are satisfied that the accounts of the subsidiary companies that have been consolidated with the financial statements of the Company are in form and content appropriate and proper for the purposes of the preparation of the financial statements of the Group and we have received satisfactory information and explanations required by us for these purposes; and

(d) the auditors' reports on the accounts of the subsidiary companies were not subject to any qualification or did not include any adverse comment made under Section 174(3) of the Act.

INDEPENDENT AUDITORS' REPORT

to the members of Century Logistics Holdings Berhad (cont'd)

Other Reporting Responsibilities

The supplementary information set out in Note 40 to the Financial Statements is disclosed to meet the requirement of Bursa Malaysia Securities Berhad and is not part of the financial statements. The Directors are responsible for the preparation of the supplementary information in accordance with Guidance on Special Matter No. 1 "Determination of Realised and Unrealised Profits or Losses in the Context of Disclosures Pursuant to Bursa Malaysia Securities Berhad Listing Requirements" as issued by the Malaysian Institute of Accountants ("MIA Guidance") and the directive of Bursa Malaysia Securities Berhad. In our opinion, the supplementary information is prepared, in all material respects, in accordance with the MIA Guidance and the directive of Bursa Malaysia Securities Berhad.

Other Matter

This report is made solely to the members of the Company, as a body, in accordance with Section 174 of the Companies Act, 1965 in Malaysia and for no other purpose. We do not assume responsibility towards any other person for the contents of this report.

NOTES TO THE FINANCIAL STATEMENTS

1. GENERAL INFORMATION

The Company is a public limited liability company, incorporated and domiciled in Malaysia, and listed on the Main Market of Bursa Malaysia Securities Berhad.

The Company is principally an investment holding company. The principal activities of the Company's subsidiary companies are disclosed in Note 16.

There have been no significant changes in the nature of the activities of the Company and its subsidiary companies during the financial year.

The registered office of the Company is located at Level 7, Menara Milenium, Jalan Damanlela, Pusat Bandar Damansara, Damansara Heights, 50490 Kuala Lumpur.

The principal place of business of the Company is located at Lot 8, Lingkaran Sultan Mohamed 1, Bandar Sultan Suleiman, 42000 Port Klang, Selangor Darul Ehsan.

The financial statements of the Group and of the Company have been authorised by the Board of Directors for issuance on March 19, 2015.

2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements of the Group and the Company have been prepared in accordance with Malaysian Financial Reporting Standards ("MFRS"), International Financial Reporting Standards and the provisions of the Companies Act, 1965 in Malaysia.

Application of new and revised Malaysian Financial Reporting Standards

In the current year, the Group and the Company have applied the following amendment to MFRSs issued by the Malaysian Accounting Standards Board ("MASB") that are relevant to their operations and mandatorily effective for an accounting period that begins on or after January 1, 2014:

Amendments to MFRS 132 Offsetting Financial Assets and Financial Liabilities

The Group and the Company have applied the amendments to MFRS 132 *Offsetting Financial Assets and Financial Liabilities* for the first time in the current year. The amendments to MFRS 132 clarify the requirements relating to the offset of financial assets and financial liabilities. Specifically, the amendments clarify the meaning of "currently has a legally enforceable right of set-off" and "simultaneous realisation and settlement".

The amendments have been applied retrospectively. As the Group and the Company do not have any financial assets and financial liabilities for offset, the application of these amendments has had no impact on the disclosures or on the amounts recognised in these financial statements.

Amendments to MFRS 136 Recoverable Amount Disclosures for Non-Financial Assets

The Group and the Company have applied the amendments to MFRS 136 *Recoverable Amount Disclosures for Non-Financial Assets* for the first time in the current year. The amendments to MFRS 136 remove the requirement to disclose the recoverable amount of a cash-generating unit ("CGU") to which goodwill or other intangible assets with indefinite useful lives have been allocated when there has been no impairment or reversal of impairment of the related CGU. Furthermore, the amendments introduce additional disclosure requirements which are applicable when the recoverable amount of an asset or a CGU is measured at fair value less costs of disposal. The new disclosures include the fair value hierarchy, key assumptions and valuation techniques used which are in line with the disclosures required by MFRS 13 *Fair Value Measurements*.

The application of these amendments has no material impact on the disclosures in these financial statements.

MFRS 9 Financial Instruments

MFRS 9 (IFRS 9 issued by IASB in November 2009) introduces new requirements for the classification and measurement of financial assets. MFRS 9 (IFRS 9 issued by IASB in October 2010) includes the requirements for the classification and measurement of financial liabilities and for derecognition, and in February 2014, the new requirements for general hedge accounting was issued by MASB. The mandatory effective date for MFRS 9 was removed in tandem with the issuance of the new requirements on hedge accounting. The new mandatory effective date will be announced by MASB in due course.

Key requirements of MFRS 9 are described as follows:

- All recognised financial assets that are within the scope of MFRS 139 *Financial Instruments: Recognition and Measurement* to be subsequently measured at amortised cost or fair value. Specifically, debt investments that are held within a business model whose objective is to collect the contractual cash flows, and that have contractual cash flows that are solely payments of principal and interest on the principal outstanding are generally measured at amortised cost at the end of subsequent accounting periods. All other debt investments and equity investments are measured at their fair values at the end of subsequent accounting periods. In addition, under MFRS 9, entities may make an irrevocable election to present subsequent changes in fair value of equity instrument (that is not held for trading) in other comprehensive income, with only dividend income generally recognised in profit or loss.

NOTES TO THE FINANCIAL STATEMENTS (cont'd)

2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS (cont'd)

MFRS 9 Financial Instruments (cont'd)

Key requirements of MFRS 9 are described as follows: (cont'd)

- With regards to the measurement of financial liabilities designated as at fair value through profit or loss, MFRS 9 requires that the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liabilities, be presented in other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch in profit or loss. Changes in fair value attributable to financial liability's credit risk are not subsequently reclassified to profit or loss. Previously, under MFRS 139, the entire amount of the change in the fair value of the financial liability designated as at fair value through profit or loss was presented in profit or loss.

- The new general hedge accounting requirements retain the three types of hedge accounting mechanisms currently available in MFRS 139. Under MFRS 9, greater flexibility has been introduced to the types of transactions eligible for hedge accounting, specifically broadening the types of instruments that qualify for hedging instruments and the types of risk components of non-financial items that are eligible for hedge accounting. In addition, the effectiveness test has been overhauled and replaced with the principle of an "economic relationship". Retrospective assessment of hedge effectiveness is also no longer required. Enhanced disclosure requirements about any entity's risk management activities have also been introduced.

The directors of the Company anticipate that the application of MFRS 9 in the future may have a material impact on amounts reported in respect of the Group's and the Company's financial assets and liabilities. However, it is not practicable to provide a reasonable estimate of the effect of MFRS 9 until the Group and the Company complete a detailed review.

MFRS 15 Revenue from Contracts with Customers

MFRS 15 establishes a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers. MFRS 15 will supersede the current revenue recognition guidance including MFRS 118 *Revenue*, MFRS 111 *Construction Contracts* and the related interpretation when it becomes effective.

The core principle of MFRS 15 is that an entity should recognised revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitles in exchange for those goods or services. Specifically, the standard introduces a 5-step approach to revenue recognition:

Step 1: Identify the contract(s) with a customer
Step 2: Identify the performance obligations in the contract
Step 3: Determine the transaction price
Step 4: Allocate the transaction price to the performance obligations in the contract
Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation.

Under MFRS 15, an entity recognises revenue when (or as) a performance obligations is satisfied, i.e. when 'control of the good or services underlying the particular performance obligation is transferred to the customer. Far more prescriptive guidance has been added in MFRS 15 to deal with specific scenarios. Furthermore, extensive disclosures are required by MFRS 15.

The directors of the Company anticipate that the application of MFRS 15 in the future may have a material impact on the amounts reported and disclosures made in these financial statements. However, it is not practicable to provide a reasonable estimate of the effect of MFRS 15 until the Group completes a detailed reviewed.

NOTES TO THE FINANCIAL STATEMENTS (cont'd)

2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS (cont'd)

Amendments to MFRS 101 Disclosure Initiative

The amendments to MFRS 101 aim at clarifying MFRS 101 to address perceived impediments to preparers exercising their judgement in presenting their financial reports. The amendments make the following changes:

- They clarify that information should not be obscured by aggregating or by providing immaterial information, materiality considerations apply to all parts of the financial statements, and even when a standard requires a specific disclosure, materiality considerations do apply.
- They introduce a clarification that the list of line items to be presented in the statement of financial position and the statement of profit or loss and other comprehensive income can be disaggregated and aggregated as relevant.
- They add additional examples of possible ways of ordering the notes to clarify that understandability and comparability should be considered when determining the order of the notes and removed guidance and examples with regard to the identification of significant accounting policies that were perceived as potentially unhelpful.

The directors of the Company do not anticipate that the application of these amendments to MFRS 101 will have a material impact on these financial statements as these amendments deal with the presentation of financial statements.

Amendment to MFRS 116 and MFRS 138 Clarification of Acceptable Methods of Depreciation and Amortisation

The amendments to MFRS 116 prohibit entities from using a revenue-based depreciation method for items of property, plant and equipment. The amendments to MFRS 138 introduce a rebuttable presumption that revenue is not an appropriate basis for amortisation of an intangible asset. This presumption can only be rebutted in the following two limited circumstances:

(a) When the intangible asset is expressed as a measure of revenue; or
(b) When it can be demonstrated that revenue and consumption of the benefits of the intangible asset are highly correlated.

The amendments apply prospectively for annual periods beginning on or after January 1, 2016. Currently, the Group uses the straight-line method for depreciation and amortisation for its property, plant and equipment and the Group does not own any intangible assets. The directors of the Company believe that the straight-line method is the most appropriate method to reflect the consumption of economic benefits inherent in the respective assets and accordingly, the directors of the Company do not anticipate that the application of these amendments to MFRS 116 will have a material impact on these financial statements.

Amendments to MFRS 127 Equity Method in Separate Financial Statements

The amendments to MFRS 127 reinstate the equity method as an accounting option for investments in subsidiaries, joint ventures and associates in an entity's financial statements.

The directors of the Company do not anticipate that the application of these amendments to MFRS 127 will have an impact on these financial statements as it is not envisaged that there will be a change in its existing accounting policy for investments in subsidiaries. The Group and the Company do not have any investments in joint ventures and associates.

NOTES TO THE FINANCIAL STATEMENTS (cont'd)

2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS (cont'd)

Annual Improvements to MFRSs 2010 - 2012 Cycle

The Annual Improvements to MFRSs 2010 - 2012 Cycle include a number of amendments to various MFRSs. Those relevant to the Group are summarised below.

The amendments to MFRS 2 (i) change the definition of "vesting condition" and 'market condition'; and (ii) add definitions for 'performance condition' and "service condition' which were previously included within the definition of 'vesting condition'. The amendments to MFRS 2 are effective for share-based payment transactions for which the grant date is on or after July 1, 2014.

The amendments to MFRS 3 clarify that contingent consideration that is classified as an asset or a liability should be measured at fair value at each reporting date, irrespective of whether the contingent consideration is a financial instrument within the scope of MFRS 9 or MFRS 139 or a non-financial asset or liability. Changes in fair value (other than measurement period adjustments) should be recognised in profit and loss. The amendments to MFRS 3 are effective for business combinations for which the acquisition date is on or after July 1, 2014.

The amendments to MFRS 8 (i) require an entity to disclose the judgements made by management in applying the aggregation criteria to operating segments, including a description of the operating segments aggregated and the economic indicators assessed in determining whether the operating segments have 'similar economic characteristics'; and (ii) clarify that a reconciliation of the total of the reportable segments' assets to the entity's assets should only be provided if the segment assets are regularly provided to the chief operating decision-maker.

The amendments to the basis for conclusions of MFRS 13 clarify that the issue of MFRS 13 and consequential amendments to MFRS 139 and MFRS 9 did not remove the ability to measure short-term receivables and payables with no stated interest rate at their invoice amount without discounting, if the effect of discounting is immaterial. As the amendments do not contain any effective date, they are considered to be immediately effective.

The directors of the Company do not anticipate that the application of these amendments will have a significant impact on these financial statements.

Annual Improvements to MFRS 2011 - 2013 Cycle

The Annual Improvements to MFRS 2011 - 2013 Cycle include a number of amendments to various MFRSs. Those relevant to the Group are summarised below.

The amendments to MFRS 13 clarify that the scope of portfolio exception for measuring the fair value of a company financial assets and financial liabilities on a net basis includes all contracts that are within the scope of, and accounted for in accordance with, MFRS 139 or MFRS 9, even if those contracts do not meet the definitions of financial assets or financial liabilities within MFRS 132.

The amendments to MFRS 140 clarify that MFRS 140 and MFRS 3 are not mutually exclusive and application of both standards may be required. Consequently, an entity acquiring investment property must determine whether:

(a) The property meets the definition of investment property in terms of MFRS 140; and
(b) The transaction meets the definition of a business combination under MFRS 3.

The directors of the Company do not anticipate that the application of these amendments will have a significant impact on these financial statements.

Annual Improvements to MFRS 2012 - 2014 Cycle

The Annual Improvements to MFRS 2012 - 2014 Cycle include a number of amendments to various MFRSs. Those relevant to the Group are summarised below.

The amendments to MFRS 7 *Financial Instruments: Disclosures* clarify that applicability of the amendments to MFRS 7 on offsetting disclosures to condensed interim financial statements.

The amendments to MFRS 134 *Interim Financial Reporting* clarify the meaning of 'elsewhere in the interim report' and require a cross-reference.

The directors of the Company do not anticipate that the application of these amendments will have a significant impact on these financial statements.

3. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Group and of the Company have been prepared on the basis of historical cost, except for certain financial instruments that are measured at fair values as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for assets.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating fair value of an asset or a liability, the Group and the Company take into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for the measurement and/or disclosure purposes in these financial statements is determined on such basis.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

Subsidiary Companies and Basis of Consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities (including structured entities) controlled by the Company and its subsidiary companies. Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Subsidiary Companies and Basis of Consolidation (cont'd)

When the Company has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Company considers all relevant facts and circumstances in assessing whether or not the Company's voting rights in an investee are sufficient to give it power, including:

- the size of the Company's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- potential voting rights held by the Company, other vote holders or other parties;
- rights arising from other contractual arrangements; and
- any additional facts and circumstances that indicate that the Company has, or does have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.

Consolidation of a subsidiary company begins when the Company obtains control over the subsidiary company and ceases when the Company loses control of the subsidiary company. Specifically, income and expenses of a subsidiary company acquired or disposed of during the year are included in the consolidated statement of profit or loss and other comprehensive income from the date the Company gains control until the date when the Company ceases to control the subsidiary company.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiary companies is attributed to the owners of the Company and the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

When necessary, adjustments are made to the financial statements of subsidiary companies to bring their accounting policies into line with the Group's accounting policies.

All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members are eliminated in full on consolidation.

Changes in the Group's ownership interest in existing subsidiary companies

Changes in the Group's ownership interests in subsidiary companies that do not result in the Group losing control are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiary companies. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

When the Group loses control of a subsidiary company, a gain or loss is recognised in profit or loss is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any subsidiary company and any non-controlling interests and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary company and any non-controlling interests. All amounts previously recognised in other comprehensive income in relation to that subsidiary company are accounted for as if the Group had directly disposed of the relevant assets or liabilities of the subsidiary company (i.e., reclassified to profit or loss or transferred to another category of equity as specified/permitted by applicable MFRSs). The fair value of any investment retained in the former subsidiary company at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under MFRS 139 *Financial Instruments: Recognition and Measurement* or, when applicable, the cost on initial recognition of an investment in an associate or joint venture.

NOTES TO THE FINANCIAL STATEMENTS (cont'd)

3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Subsidiary companies

Investment in subsidiary companies which are eliminated on consolidation, are stated at cost less impairment losses, if any, in the Company's separate financial statements.

Business Combinations

At acquisition date, the identifiable assets acquired and liabilities assumed are recognised at their fair value, except that:

- deferred tax assets or liabilities and assets or liabilities related to employee benefit arrangements are recognised and measured in accordance with MFRS 112 *Income Taxes* and MFRS 119 *Employee Benefits* respectively;
- liabilities or equity instruments related to the share-based payment arrangements of the acquiree or share-based payments of the Group entered into to replace share-based payment arrangements of the acquiree are measured in accordance with MFRS 2 Share-based Payment at the acquisition date; and
- assets (or disposal group) that are classified as held for sale in accordance with MFRS 5 *Non-current Assets Held for Sale and Discontinued Operations* are measured in accordance with that Standard.

Goodwill is measured as the excess of the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree, and the fair value of the acquirer's previously held equity interest in the acquiree (if any) over the net of the acquisition-date amounts of the identifiable assets acquired and the liabilities assumed. If, after reassessment, the net of the acquisition-date amounts of the identifiable assets acquired and liabilities assumed exceeds the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree and the fair value of the acquirer's previously held equity interest in the acquiree (if any), the excess is recognised immediately in profit or loss as a bargain purchase gain.

Non-controlling interests that are present ownership interests which entitle their holders to a proportionate share of the entity's net assets in the event of liquidation may be initially measured either at fair value or at the non-controlling interests' proportionate share of the recognised amounts of the acquiree's identifiable net assets. The choice of measurement basis is made on a transaction-by-transaction basis. Other types of non-controlling interests are measured at fair value or, when applicable, on the basis specified in another MFRSs.

When the consideration transferred by the Group in a business combination includes assets or liabilities resulting from a contingent consideration arrangement, the contingent consideration is measured at its acquisition-date fair value. Changes in the fair value of the contingent consideration that qualify as measurement period adjustments are adjusted retrospectively, with corresponding adjustments against goodwill. Measurement period adjustments are adjustments that arise from additional information obtained during the 'measurement period' (which cannot exceed one year from the acquisition date) about facts and circumstances that existed at the acquisition date.

The subsequent accounting for changes in the fair value of contingent consideration that do not qualify as measurement period adjustments depends on how the contingent consideration is classified. Contingent consideration that is classified as equity is not remeasured at subsequent reporting dates and its subsequent settlement is accounted for within equity. Contingent consideration that is classified as an asset or liability is remeasured at subsequent reporting dates in accordance with MFRS 139 or MFRS 137 *Provisions, Contingent Liabilities and Contingent Assets*, as appropriate, with the corresponding gain or loss being recognised in profit or loss.

When a business combination is achieved in stages, the Group's previously held equity interests in the acquiree is remeasured to its acquisition date fair value and the resulting gain or loss, if any, is recognised in profit or loss. Amounts arising from interests in the acquiree prior to the acquisition date that have previously been recognised in other comprehensive income are reclassified to profit or loss, where such treatment would be appropriate if that interest were disposed of.

NOTES TO THE FINANCIAL STATEMENTS (cont'd)

3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Business Combination (cont'd)

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Group reports provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted during the measurement period (see above), or additional assets or liabilities are recognised, to reflect new information obtained about facts and circumstances that existed as of the acquisition date that, if known, would have affected the amounts recognised at that date.

The policy described above is applied to all business combinations that take place on or after January 1, 2011.

Goodwill on Consolidation

Goodwill is initially recognised as an asset at cost and is subsequently measured at cost less any accumulated impairment losses.

For the purpose of impairment testing, goodwill is allocated to each of the Group's cash-generating units expected to benefit from the synergies of the combination. Cash-generating units to which goodwill has been allocated are tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than the carrying amount of the unit, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro-rata on the basis of the carrying amount of each asset in the unit. An impairment loss recognised for goodwill is not reversed in a subsequent period.

On disposal of a subsidiary company, the attributable amount of goodwill is included in the determination of the profit or loss on disposal.

Revenue

Revenue of the Group comprises income earned from provision of services comprising total logistics services, procurement logistics services and dividend income from investments. Revenue of the Company represents gross dividend income from subsidiary companies.

Revenue is recognised to the extent that it is probable that the economic benefits associated with the transaction will flow to the Group and the Company and the amount of the revenue can be measured reliably. Revenue is recognised on the following basis:

(i) Revenue from services

Revenue from services rendered is recognised net of discounts when rendering of services has been completed.

(ii) Dividend income

Dividend income is recognised when the shareholders' right to receive payment is established.

NOTES TO THE FINANCIAL STATEMENTS (cont'd)

3. **SIGNIFICANT ACCOUNTING POLICIES (cont'd)**

Employee Benefits

(i) Short-term Benefits

Salaries, wages, bonuses and non-monetary benefits are accrued for in the period in which the associated services are rendered by the employees of the Group and of the Company.

(ii) Defined Contribution Plan

The Group and its eligible employees are required by law to make monthly contributions to Employees Provident Fund ("EPF"), a statutory defined contribution plan, at certain prescribed rates based on the employees' salaries. The Group's and the Company's contributions to EPF are charged to profit or loss. Once the contributions have been paid, there are no further payment obligations.

Other than as disclosed above, the Group and the Company do not make contribution to other employee retirement plans.

Foreign Currency

The individual financial statements of each entity in the Group are presented in the currency of the primary economic environment in which the entities operate (the functional currency). For the purpose of the consolidated financial statements, the results and financial position of each entity are expressed in Ringgit Malaysia, which is the functional currency of the Company and the presentation currency for the consolidated financial statements.

In preparing the financial statements of the Group and of the Company, transactions in currencies other than the entity's functional currency (foreign currencies) are recorded at the rates of exchange prevailing on the dates of the transactions. At each reporting date, monetary items denominated in foreign currencies are retranslated at the rates prevailing on the reporting date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on the settlement of monetary items, and on the retranslation of monetary items, are included in profit or loss for the period. Exchange differences arising on the retranslation of non-monetary items carried at fair value are included in profit or loss for the period except for differences arising on the retranslation of non-monetary items in respect of which gains and losses are recognised directly in equity. For such non-monetary items, any exchange component of that gain or loss is also recognised directly in equity.

For the purpose of presenting consolidated financial statements, the assets and liabilities of the Group's foreign operations (including comparatives) are expressed in Ringgit Malaysia using the exchange rate prevailing at the end of the reporting period. Income and expense items (including comparatives) are translated at the average exchange rates for the period, unless exchange rates fluctuated significantly during that period, in which case the exchange rates at the dates of the transactions are used. Exchange differences arising, if any, are classified as equity and transferred to the Group's translation reserve. Such translation differences are recognised in profit or loss in the period in which the foreign operation is disposed of.

Taxation

Income tax on the profit or loss for the year comprises current and deferred tax.

Current Tax

Current tax is the expected amount of income taxes payable in respect of the taxable profit for the year and is measured using the tax rates that have been enacted or substantively enacted at the end of the reporting date.

NOTES TO THE FINANCIAL STATEMENTS (cont'd)

3. **SIGNIFICANT ACCOUNTING POLICIES (cont'd)**

Taxation (cont'd)

Deferred Tax

Deferred tax is accounted for, using the "balance sheet liability" method, on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts in the financial statements. In principle, deferred tax liabilities are recognised for all taxable temporary differences and deferred tax assets are recognised for all deductible temporary differences, unused tax losses and unused tax credits to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences, unused tax losses and unused tax credits can be utilised. Deferred tax is not recognised if the temporary difference arises from goodwill or from the initial recognition of an asset or liability in a transaction which is not a business combination and at the time of the transaction, affects neither the accounting profit nor taxable profit.

Deferred tax is measured at the tax rates that are expected to apply in the period when the asset is realised or the liability is settled, based on tax rates that have been enacted or substantively enacted at the end of the reporting date. Deferred tax is charged or credited to profit or loss, except when it arises from a transaction which is recognised directly in equity, in which case the deferred tax is also charged or credited directly to equity, or when it arises from a business combination that is an acquisition, in which case the deferred tax is included in the resulting goodwill.

For the purposes of measuring deferred tax liabilities and deferred tax assets for investment properties that are measured using the fair value model, the carrying amounts of such properties are presumed to be recovered entirely through sale, unless the presumption is rebutted. The presumption is rebutted when the investment property is depreciable and is held within a business model whose objective is to consume substantially all of the economic benefits embodied in the investment property over time, rather than through sale. The directors of the Company reviewed the Group's investment property and concluded that it is not held under a business model whose objective is to consume substantially all of the economic benefits embodied in the investment property over time, rather than through sale. Therefore, the directors have determined that the 'sale' presumption set out in the amendments to MFRS 112 is not rebutted. As a result, the Group has recognised deferred taxes on changes in fair value of the investment property based on the expected rate that would apply on disposal of the investment property.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set-off current tax assets against current tax liabilities and when they relate to income taxes by same taxation authority and the Group intends to settle its current tax assets and liabilities on a net basis.

Impairment of Assets Excluding Goodwill

At the end of each reporting period, the Group and the Company review the carrying amounts of their non-current assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Group and the Company estimate the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss for the period.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss for the period.

NOTES TO THE FINANCIAL STATEMENTS (cont'd)

3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Property, Plant and Equipment

Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

Gain or loss arising from the disposal of an asset is determined as the difference between the estimated net disposal proceeds and the carrying amount of the asset, and is recognised in profit or loss.

Freehold land has unlimited life and therefore is not depreciated. Building-in-progress and other capital assets in-progress are not depreciated as these assets are not available for use. All other property, plant and equipment are depreciated on a straight-line method at the following annual rates/period based on the estimated useful lives of the various assets:

Leasehold land	44 to 96 years
Buildings	2% - 10%
Improvements and renovations	10%
Vessel	4%
Motor vehicles	10% - 20%
Warehouse, office and other equipment	10% - 33%
Furniture, fixtures and fittings	10% - 15%

The estimated useful life and depreciation method are reviewed at each year end, with the effect of any changes in estimates accounted for prospectively.

Non-Current Assets Held For Sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than continuing use. This condition is regarded as met only if the sale is highly probable and the asset is available for immediate sale in its present condition subject only to terms that are usual and ordinary. Non-current assets held for sale are measured at the lower of the previous carrying amount and fair value less cost to sell.

Assets Acquired Under Hire-Purchase Arrangements

Property, plant and equipment acquired under hire-purchase arrangements are capitalised in the financial statements and the corresponding obligations are recorded as liabilities. Finance charges are allocated to profit or loss to give a constant periodic rate of interest on the remaining hire-purchase liabilities.

Asset held under hire-purchase are depreciated over their expected useful lives on the same basis as owned assets or, where shorter, the term of the relevant hire-purchase.

Investment Property

Investment property, comprising leasehold land and buildings, is property held for long-term rental yields or for capital appreciation or both and is not occupied by the Group and the Company.

Investment property is stated at fair value. Fair value is based on active market prices, adjusted, if necessary, for any difference in the nature, location or condition of the specific asset. Gains or losses arising from changes in the fair value of investment property are recognised in profit or loss in the year in which they arise.

An investment property is derecognised on its disposal, or when it is permanently withdrawn from use and no future economic benefits are expected from its disposal. The difference between the net disposal proceeds and the carrying amount is recognised in profit or loss in the period of the retirement or disposal.

3. **SIGNIFICANT ACCOUNTING POLICIES (cont'd)**

Inventories

Inventories are valued at the lower of cost (determined principally on the "first in, first out" basis) and net realisable value. The cost of assembling parts and consumables comprises the original cost of purchase plus the cost of bringing the inventories to their present location. The cost of assembled products includes the cost of assembling parts and consumables, direct labour and a proportion of production overheads. Net realisable value represents the estimated selling price in the ordinary course of business less selling and distribution costs.

Operating Leases and Rental Income Recognition

Assets leased out under operating leases are presented on the statements of financial position according to the nature of the assets. Rental income from operating leases is recognised on a straight-line basis over the term of the relevant lease.

Provisions

Provisions are made when the Group and the Company have a present legal or constructive obligation as a result of past events, when it is probable that an outflow of resources will be required to settle the obligation, and when a reliable estimate of the amount can be made.

Provisions are reviewed by the directors at each reporting date and adjusted to reflect the current best estimate.

Financial Instruments

Financial instruments are recognised in the statements of financial position when, and only when, the Group and the Company become a party to the contractual provisions of the financial instruments.

Where the purchase or sale of a financial asset is under a contract whose terms require delivery of the financial asset within the timeframe established by the market concerned, such financial assets are recognised and derecognised on trade date.

Financial instruments are initially measured at fair value, plus transaction costs, except for those financial assets classified as at fair value through profit or loss, which are initially measured at fair value.

Financial assets of the Group and the Company are classified into financial assets "at fair value through profit or loss" (FVTPL) and "loans and receivables". The classification depends on the nature and purpose of the financial assets and is determined at the time of initial recognition.

(a) Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial asset and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees on points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial asset, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL.

NOTES TO THE FINANCIAL STATEMENTS (cont'd)

3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Financial Instruments (cont'd)

(b) Financial assets at FVTPL

Financial assets are classified as at FVTPL when the financial asset is either held for trading or it is designated as at FVTPL.

A financial asset is classified as held for trading if:

- it has been acquired principally for the purpose of selling it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Group and the Company manage together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

A financial asset other than a financial asset held for trading may be designated as at FVTPL upon initial recognition if:

- such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise; or
- the financial asset forms part of a group of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Group's and the Company's documented risk management or investment strategy, and information about the grouping is provided internally on that basis; or
- it forms part of a contract containing one or more embedded derivatives, and MFRS 139 *Financial Instruments: Recognition and Measurement* permits the entire combined contract (asset or liability) to be designated as at FVTPL.

Financial assets at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the "other income" or "other expenses" line item in the statement of comprehensive income. Fair value is determined in the manner described in Note 33.

(c) Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Loans and receivables are measured at amortised cost using the effective interest method, less any impairment. Interest income is recognised by applying the effective interest rate, except for short-term receivables when the recognition of interest would be immaterial.

(d) Impairment of financial assets

Financial assets, other than those at FVTPL, are assessed for indicators of impairment at the end of each reporting period. Financial assets are considered to be impaired when there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows of the investment have been affected.

For all other financial assets, objective evidence of impairment could include:

- significant financial difficulty of the issuer or counterparty; or
- default or delinquency in interest or principal payments; or
- it becoming probable that the borrower will enter bankruptcy or financial re-organisation.

NOTES TO THE FINANCIAL STATEMENTS (cont'd)

3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Financial Instruments (cont'd)

(d) Impairment of financial assets (cont'd)

For certain categories of financial asset, such as trade receivables, assets that are assessed not to be impaired individually are, in addition, assessed for impairment on a collective basis. Objective evidence of impairment for a portfolio of receivables could include the Group's and the Company's past experience of collecting payments, an increase in the number of delayed payments in the portfolio past the average credit period of 90 days, as well as observable changes in national or local economic conditions that correlate with default on receivables.

For financial assets carried at amortised cost, the amount of the impairment loss recognised is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the financial asset's original effective interest rate.

The carrying amount of the financial asset is reduced by the impairment loss directly for all financial assets with the exception of trade receivables, where the carrying amount is reduced through the use of an allowance account. When a trade receivable is considered uncollectible, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are credited against the allowance account. Changes in the carrying amount of the allowance account are recognised in profit or loss.

If, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed through profit or loss to the extent that the carrying amount of the investment at the date the impairment is reversed does not exceed what the amortised cost would have been had the impairment not been recognised.

(e) Derecognition of financial assets

The Group and the Company derecognise a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Group and the Company neither transfer nor retain substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group and the Company recognise its retained interest in the asset and an associated liability for amounts it may have to pay. If the Group and the Company retain substantially all the risks and rewards of ownership of a transferred financial asset, the Group and the Company continue to recognise the financial asset and also recognise a collateralised borrowing for the proceeds received.

Financial liabilities and equity instruments issued by the Group and the Company

(a) Classification as debt or equity

Debt and equity instruments are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangement.

(b) Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Group and the Company are recognised at the proceeds received, net of direct issue costs.

NOTES TO THE FINANCIAL STATEMENTS

3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Financial liabilities and equity instruments issued by the Group and the Company (cont'd)

(c) Financial guarantee contract liabilities

Financial guarantee contract liabilities are initially measured at their fair values and, if not designated as at FVTPL, are subsequently measured at the higher of:

- the amount of the obligation under the contract, as determined in accordance with MFRS 137 *Provisions, Contingent Liabilities and Contingent Assets*; and
- the amount initially recognised less, where appropriate, cumulative amortisation recognised in accordance with the revenue recognition policies set out above.

(d) Financial liabilities

Financial liabilities of the Group and the Company are classified as "other financial liabilities".

(e) Other financial liabilities

Other financial liabilities, including borrowings, are initially measured at fair value, net of transaction costs.

Other financial liabilities are subsequently measured at amortised cost using the effective interest method, with interest expense recognised on an effective yield basis.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

(f) Derecognition of financial liabilities

The Group and the Company derecognise financial liabilities when, and only when, the Group's and the Company's obligations are discharged, cancelled or they expire.

Derivative financial instruments

The Group enters into foreign exchange forward contracts to manage its exposure to foreign exchange rate risk. Further details of foreign exchange forward contracts are disclosed in Note 33.

Derivatives are initially recognised at fair value at the date the derivative contract is entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in profit or loss immediately.

A derivative with a positive fair value is recognised as a financial asset; a derivative with a negative fair value is realised as a financial liability. A derivative is presented as a non-current asset or a non-current liability if the remaining maturity of the instrument is more than 12 months and it is not expected to be realised or settled within 12 months. Other derivatives are presented as current assets or current liabilities.

Cash and Cash Equivalents

The Group and the Company adopt the indirect method in the preparation of the statements of cash flows.

Cash equivalents are short-term, highly liquid investments with maturities of three months or less from the date of acquisition and are readily convertible to cash with insignificant risk of changes in value.

4. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

(i) Critical judgements in applying the Group's and the Company's accounting policies

In the process of applying the Group's and the Company's accounting policies, which are described in Note 3 above, the directors are of the opinion that there are no instances of application of judgement which are expected to have a significant effect on the amounts recognised in the financial statements.

(ii) Key sources of estimation uncertainty

The directors believe that there are no key assumptions made concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year other than as disclosed below:

Allowance for doubtful debts

Allowance for doubtful debts is made based on the evaluation of collectability and aging analysis of accounts and on management's estimate. A considerable amount of judgement is required in assessing the ultimate realisation of these receivables, including the creditworthiness and the past collection history of each customer. If the financial conditions of the customers with which the Group deals were to deteriorate, resulting in an impairment of their ability to make payments, additional allowance may be required.

Impairment of goodwill

Determining whether goodwill is impaired requires an estimation of the value in use of the cash-generating units to which goodwill has been allocated. The value in use calculation requires management to estimate the future cash flows expected to arise from the cash-generating unit and also to choose a suitable discount rate in order to calculate present value of those cash flows. The carrying amount of goodwill at the reporting date was RM1,443,000 (2013: RM3,005,000) and an impairment loss of RM1,562,000 (2013: RM725,000) was recognised in profit or loss during the financial year. Circumstances leading to recognition of impairment loss are disclosed in Note 18.

Estimated useful lives of property, plant and equipment

The cost of property, plant and equipment, except for freehold land, building-in-progress and other capital assets-in-progress, is depreciated on a straight line basis over the assets' useful lives. The Group reviews the remaining useful lives of property, plant and equipment at the end of each reporting period and ensures consistency with previous estimates and patterns of consumption of the economic benefits that embodies in these assets. Changes in useful lives of property, plant and equipment may result in revision of future depreciation charges.

Fair value of investment property

In estimating fair value of investment property as of December 31, 2014 and 2013, the Group makes reference to current prices in an active market for similar lease and other contracts or valuations carried out by an independent firm of valuers annually.

Valuation of financial instruments

Some of the Group's assets are measured at fair value for financial reporting purposes. In estimating the fair value of an asset or a liability, the Group uses market-observable data to the extent it is available. Information about valuation techniques and inputs used in determining the fair value of various assets and liabilities are disclosed in Note 33.

The Budget 2014 announced on October 25, 2013 reduced the corporate income tax rate from 25% to 24% with effect from year of assessment 2016. The real property gains tax (RPGT) is also revised to 30% for disposal within the first three years, 20% within the fourth year, 15% within the fifth year and 5% from sixth year onwards, on gains from the disposal of real property effective January 1, 2014. Following these, the applicable tax rates to be used for the measurement of any applicable deferred tax will be the respective expected rates.

As of December 31, 2014, Century Total Logistics Sdn. Bhd., a wholly-owned subsidiary company, has tax exempt income account arising from investment tax allowances claimed and utilised amounting to approximately RM24,293,000 (2013: RM32,293,000).

As of December 31, 2014, the Company has tax exempt income accounts arising from tax exempt dividend received and chargeable income, the income tax of which was waived in 1999 in accordance with the Income Tax (Amendment) Act, 1999 of approximately RM60,435,000 (2013: RM52,435,000) and RM190,000 (2013: RM190,000) respectively.

The above tax exempt accounts, which are subject to approval by the tax authorities, are available for distribution as tax exempt dividends to the shareholders of the Company.

NOTES TO THE FINANCIAL STATEMENTS (cont'd)

12. EARNINGS PER ORDINARY SHARE

Basic

The basic earnings per share ("EPS") is calculated by dividing profit for the year attributable to ordinary equity holders of the Company by the weighted average number of ordinary shares in issue during the financial year, excluding treasury shares held by the Company.

	The Group 2014	The Group 2013
Profit attributable to ordinary equity holders of the Company (RM'000)	33,287	22,553
Weighted average number of ordinary shares in issue ('000)	365,019	328,059
Basic earnings per share (sen)	9.12	6.87

Weighted average number of ordinary shares in issue in year 2013 has been adjusted as if the proportionate change in the number of ordinary shares arising from the bonus issue and share split exercises in the current year (Note 23) had taken place at the start of the earliest period for which the EPS is presented.

Diluted

There is no dilution in earnings per share as the Company has no potential dilutive ordinary shares.

13. DIVIDENDS

	The Company 2014 RM	The Company 2013 RM
Single tier final dividend of 4 sen per ordinary share of RM1.00 each, in respect of 2013 (2013: 4 sen in respect of 2012)	4,839,213	4,671,959
Single tier first interim dividend of 5 sen per ordinary share of RM1.00 each, in respect of 2014 (2013: 4 sen in respect of 2013)	6,103,215	4,669,795
Single tier second interim dividend of 2 sen per ordinary share of RM0.50 each, in respect of 2014 (2013: 3 sen per ordinary share of RM1.00 each in respect of 2013)	7,323,858	3,629,410
	18,266,286	12,971,164

In year 2013, the Company also distributed 4,669,746 interim share dividend of one (1) treasury share for every twenty-five (25) ordinary shares held in the Company, amounting to RM7,788,001. The share dividend was distributed from the following accounts:

	The Company 2014 RM	The Company 2013 RM
Share premium	–	2,113,194
Retained earnings	–	5,674,807
	–	7,788,001

The directors propose a single tier final dividend of 1 sen per ordinary share of RM0.50 each, in respect of the current financial year. This dividend is subject to approval by the shareholders at the forthcoming Annual General Meeting of the Company and has not been included as a liability in the financial statements. Upon approval by the shareholders, the cash dividend payment will be accounted for in equity as an appropriation of retained earnings during the financial year ending December 31, 2015.

18. GOODWILL ON CONSOLIDATION

	The Group	
	2014 RM'000	2013 RM'000
At beginning of year	3,005	3,730
Less: Impairment loss charged to profit or loss (Note 10)	(1,562)	(725)
At end of year	1,443	3,005

Goodwill on consolidation of the Group arose from the acquisition of certain subsidiary companies of which their underlying assets and operations were subsequently transferred to another subsidiary company, Century Total Logistics Sdn. Bhd. ("CTL"), to enable CTL to operate as a total logistics service provider. Accordingly, goodwill on consolidation has been allocated to the cash generating units ("CGUs") within CTL that benefited from the business combination. As of December 31, 2014, CGUs to which the carrying value of goodwill related to are ship-to-ship transfer operations and Lot 8 General Warehouse.

The Group tests goodwill annually for impairment or more frequently if there are indications that goodwill might be impaired.

During year 2014, considering the operating losses reported by the haulage operations for a few consecutive years of which the operating condition is not expected to turnaround in the near future amidst a competitive operating environment, the directors have consequently determined to fully impair the goodwill attributable to this CGU of RM1,562,000.

During year 2013, the service contract relating to Lot 4 General Warehouse, one of the CGUs to which goodwill was allocated to, expired and has not been renewed. At the end of the said financial year, the directors have not decided as to whether to hold the said property for continued use or for disposal. By reference to certain offers received during the said financial year, the directors have consequently determined to fully impair the goodwill attributable to this CGU of RM725,000.

Key assumptions used in value in use calculations

The recoverable amount of the CGUs is determined from a value in use calculation. The key assumptions for the value in use calculation are those regarding the discount rates, growth rates and expected changes to pricing and direct costs during the period. Management estimates discount rates using pre-tax rates that reflect current market assessments of the time value of money and the risk specific to the CGUs. The growth rates are based on industry growth forecasts. Changes in service rates and direct costs are based on past practices and expectations of future changes in the market. These calculations use pre-tax cash flow projections based on financial budgets approved by management and extrapolated cash flows for a three year period based on growth rates consistent with the long-term average growth rate for the industry. The rate used to discount the forecasted cash flows of 5.0% (2013: 5.2%) reflects specific risks and expected returns relating to the industry. Management determined budgeted gross margin based on past performance and its expectations of market development.

20. TRADE RECEIVABLES (cont'd)

In determining the recoverability of the trade receivables, the Group considers any change in the credit quality of the trade receivables from the date credit was initially granted up to the reporting date. The directors believe that no further write down is required in excess of the allowance for doubtful debts.

As of the end of the reporting period, amount owing by ten (10) major customers of the Group, which transacted with a subsidiary company principally involved in the provision of total logistics services and another subsidiary company principally involved in the provision of procurement logistics services, accounted for 52% (2013: 55%) of the Group's trade and other receivables. The extension of credit to and repayments from these customers are closely monitored by the management to ensure that they adhere to the agreed credit terms and policies.

The currency profile of trade receivables is as follows:

33. FINANCIAL INSTRUMENTS (cont'd)

Categories of financial instruments (cont'd)

Except for the sub-lease rental payable as disclosed below, the directors consider the carrying amounts of financial assets and financial liabilities recognised at amortised cost in the financial statements, approximate their fair values, including long-term borrowings which are subjected to floating interest rates.

	The Group	
	2014 RM'000	2013 RM'000
Sub-lease rental payable		
Carrying amount (Note 30)	4,574	9,147
Fair value	4,574	8,480

Fair value of the abovementioned financial liability recognised at amortised costs, which is categorised into Level 2 of the fair value hierarchy, has been determined in accordance with generally accepted pricing models based on a discounted cashflow analysis, with the most significant inputs being the discount rate that reflects the credit risk of counterparties.

Financial risk management objectives

The Company's shared services function provides services to the entities within the Group, coordinates access to domestic and international financial markets, monitors and manages the financial risks relating to the operations of the Group through internal risk reports which analyse exposures by degree and magnitude of risks.

Foreign currency risk management

The Group is exposed to foreign currency risk arising from trade sales, trade purchases and borrowings denominated in currencies other than the functional currency of the operating entities. The currency giving rise to this risk are primarily United States Dollar ("USD").

The Group hedges majority of USD denominated purchase transactions by foreign currency ("FC") forward contracts as well as maintaining USD denominated bank accounts. The following table details the FC forward contracts outstanding at the end of the reporting period:

Outstanding contracts	Range of exchange rates	Foreign currency USD'000	Notional value RM'000	Fair value gain RM'000
2014				
Buy USD				
Less than 3 months	3.26 - 3.52	847	2,898	67
3 to 6 months	3.30 - 3.52	600	1,983	126
2013				
Buy USD				
Less than 3 months	3.15 - 3.36	2,584	8,343	122
3 to 6 months	3.31	99	327	–

Fair values of the abovementioned FC forward contracts, which are categorised into Level 2 of the fair value hierarchy, have been determined based on discounted cashflow analysis. Future cash flows are estimated based on forward exchange rates (from observable forward exchange rates at the end of the reporting period) and contract forward rates, discounted at a rate that reflects the credit risk of various counterparties.

In respect of USD denominated monetary assets and liabilities not covered by FC forward exchange contracts, if USD were to change 5% against Ringgit Malaysia, profit and equity will increase/decrease by approximately RM586,000 (2013: RM685,000).

33. FINANCIAL INSTRUMENTS (cont'd)

Interest rate risk management

The Group's interest rate risk relates to interest-bearing debts. The Group manages its interest rate risk by actively reviewing its debt portfolio. This strategy will allow the Group to capitalise on more favourable funding in a low interest rate environment and hence, to achieve a certain level of protection against interest rate hikes.

The Group is mainly exposed to interest rate risk through long-term loans, with the underlying weighted average effective interest rate of 5.0% (2013: 5.2%) per annum. The Group's exposure to interest rate risk via hire-purchase is minimal as these liabilities are subject to fixed interest rate.

Under the current stable interest rate environment, management anticipates that any changes in interest rate in the near term are not expected to have a significant impact on the Group's profit or loss. Accordingly, no sensitivity analysis is prepared.

Credit risk management

Credit risk refers to the risk that counterparty will default on its contractual obligations resulting in financial loss to the Group. The Group has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral where appropriate, as a means of mitigating the risk of financial loss from defaults. The Group only transacts with entities that are rated the equivalent of investment grade and above. This information is supplied by independent search agencies where available and, if not available, the Group uses other publicly available financial information and its own trading records to rate the major customers. The Group's exposure and the credit ratings of its counterparties are continuously monitored and the aggregate value of transactions concluded is spread amongst approved counterparties. Credit exposure is controlled by counterparty limits that are reviewed and approved by the risk management committee annually.

Ongoing credit evaluation is performed on the financial condition of accounts receivable.

Other than those disclosed in Note 20, the Group does not have any significant credit risk exposure to any single counterparty or any Group of counterparties having similar characteristics. The Group defines counterparties as having similar characteristics if they are related entities. The credit risk on liquid funds and derivative financial instruments is limited because the counterparties are banks with high credit-ratings assigned by international credit-rating agencies.

The carrying amount of financial assets recorded in the financial statements, which is net of impairment losses, represents the Group's maximum exposure to credit risk without taking account of the value of any collateral obtained.

Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has built an appropriate liquidity risk management framework for the management of the Group's short, medium and long-term funding and liquidity management requirements. The Group manages liquidity risk by maintaining adequate reserves and banking facilities, by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities.

The following tables detail the Group's and the Company's expected maturity for its non-derivative financial liabilities with agreed repayment periods. The tables have been drawn up based on undiscounted cash flows of financial liabilities based on the earliest dates on which the Group and the Company can be required to pay. The tables include both interest and principal cash flows. To the extent that interest flows are floating rate, the undiscounted amount is derived from the interest rate at the end of the reporting period. The contractual maturity is based on the earliest date on which the Group and the Company may be required to pay.

As disclosed in Note 35, a freehold land and building of Century Resources (Thailand) Limited, a Thailand incorporated subsidiary company, was held for disposal as of December 31, 2013. Upon the completion of the said disposal during the current year, the said subsidiary company early settled a term loan amounting to RM12,553,000 as of December 31, 2013 utilising the disposal proceeds. In the above analysis, cash outflows in respect of this term loan has been analysed by reference to the repayment period as stipulated in the loan agreement, as follows:

The Group	Less than 1 year RM'000	Within 1 to 2 years RM'000	Within 2 to 5 years RM'000	More than 5 years RM'000	Total RM'000
2013					
Borrowings	3,871	3,871	7,502	–	15,244

Financial guarantees

The Company provides unsecured financial guarantees to banks in respect of banking facilities granted to certain subsidiary companies. The Company monitors on an ongoing basis the results of the subsidiary companies and repayments made by them.

The maximum exposure to credit risk amounted to RM180.3 million (2013: RM210.3 million) representing the outstanding banking facilities of the subsidiary companies as at the end of the reporting period.

The financial guarantees have not been recognised since the fair value on initial recognition was not material as the financial guarantees provided by the Company did not contribute towards credit enhancement of the subsidiary companies' borrowings in view of the securities pledged by the subsidiary companies as disclosed in Note 27.

Transferred from property, plant and equipment (Note 14)	–	28,454
Disposal	(28,454)	–
At end of year	–	28,454

As of December 31, 2013, the Group intended to dispose of a freehold land and building, comprising a single storey warehouse with office building ("the property"), held by Century Resources (Thailand) Limited, a Thailand incorporated subsidiary company. No impairment loss was recognised on reclassification of the property as held for sale as the directors expected the fair value (estimated based on letter of offer received) less costs to sell to be higher than the carrying amount.

During the current year, the Group completed the disposal at a cash consideration equivalent to approximately RM32.0 million and recorded a gain on disposal of approximately RM2,234,000 (Note 10).

As of December 31, 2013, the subject property was included under the segment of total logistics service in Note 34.

36. COMMITMENTS

(a) Capital commitments

As of the end of the financial year, the Group has the following capital commitments in respect of purchase of property, plant and equipment:

	The Group	
	2014 RM'000	2013 RM'000
Approved and contracted for	37,347	26,527
Approved but not contracted for	5,034	1,247

During the current year, a subsidiary company entered into sale and purchase agreements to acquire two (2) adjoining parcels of vacant industrial land at considerations totalling RM39,823,879. As of December 31, 2014, deposits totalling RM3,867,561 have been paid and included as part of other receivables, deposits and refundable deposits (Note 21). Balance purchase consideration amounting to RM35,956,318.

Included in capital commitment approved and contracted for as of December 31, 2013 was commitment for land acquisition amounted to RM18,818,000 relating to Storewell Realty Sdn. Bhd., a subsidiary company disposed of by the Group during the current year (Note 16). As of December 31, 2013, deposits paid for this transaction of RM12,546,000 was included as part of other receivables, deposits and refundable deposits (Note 21).

37. CONTINGENT LIABILITIES

As of December 31, 2014, material litigation was brought against a subsidiary company claiming damages amounted to RM5,745,600 arising from an alleged breach of contract.

The directors, based on consultation with the Group's legal counsel, are of the opinion that the said subsidiary company has probable chance of success in resisting the said claim. No provision for losses has been made in the financial statements as the outcome of this case is not presently determinable and a reliable estimate of probable outflow of resources, if any, cannot be made.

38. SUBSEQUENT EVENT

On January 8, 2015, the Company implemented an employees' share option scheme ("ESOS") of up to 15% of the issued and paid-up share capital (excluding treasury shares) of the Company for eligible directors and executive employees of the Company and its subsidiary companies who fulfill the criteria of eligibility as stipulated in the by-laws governing the ESOS.

SUPPLEMENTAL INFORMATION

40. SUPPLEMENTAL INFORMATION - REALISED AND UNREALISED EARNINGS OR LOSSES DISCLOSURE

On March 25, 2010, Bursa Malaysia Securities Berhad ("Bursa Securities") issued a directive to all listed issuers pursuant to Paragraphs 2.06 and 2.23 of the Bursa Securities Main Market Listing Requirements. The directive requires all listed issuers to disclose the breakdown of the retained earnings or accumulated losses as of the end of the reporting period, into realised and unrealised profits or losses.

On December 20, 2010, Bursa Securities further issued guidance on the disclosure and the prescribed format of disclosure.

The breakdown of the retained earnings of the Group and of the Company into realised and unrealised profits or losses, pursuant to the directive, are as follows:

	The Group	
	2014 RM'000	**2013 RM'000**
Total retained earnings of the company and its subsidiaries		
- Realised	85,059	124,202
- Unrealised	3,146	(2,720)

Total retained earnings of the company		
- Realised	8,102	8,828
- Unrealised	–	–
Total Company retained earnings	8,102	8,828

The determination of realised and unrealised profits or losses is based on Guidance on Special Matter No. 1 "Determination of Realised and Unrealised Profits or Losses in the Context of Disclosures Pursuant to Bursa Malaysia Securities Berhad Listing Requirements" as issued by the Malaysian Institute of Accountants on December 20, 2010. A charge or a credit to the profit or loss of a legal entity is deemed realised when it is resulted from the consumption of resource of all types and form, regardless of whether it is consumed in the ordinary course of business or otherwise. A resource may be consumed through sale or use. Where a credit or a charge to the profit or loss upon initial recognition or subsequent measurement of an asset or a liability is not attributed to consumption of resource, such credit or charge should not be deemed as realised until the consumption of resource could be demonstrated.

This supplementary information have been made solely for complying with the disclosure requirements as stipulated in the directives of Bursa Securities and is not made for any other purposes.

STATEMEMT BY DIRECTORS

The Directors of **CENTURY LOGISTICS HOLDINGS BERHAD** state that, in their opinion, the accompanying financial statements of the Group and of the Company are drawn up in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the provisions of the Companies Act, 1965 in Malaysia so as to give a true and fair view of the state of affairs of the Group and of the Company as of December 31, 2014 and of the results of their businesses and the cash flows of the Group and of the Company for the year ended on that date.

The supplementary information set out in Note 40, which is not part of the financial statements, is prepared in all material respects, in accordance with Guidance on Special Matter No. 1 "Determination of Realised and Unrealised Profits or Losses in the Context of Disclosure Pursuant to Bursa Malaysia Securities Berhad Listing Requirements" as issued by the Malaysian Institute of Accountants and the directive of Bursa Malaysia Securities Berhad.

SHARE BUY-BACK STATEMENT

Statement Accompanying Notice of Annual General Meeting Pursuant to Paragraph 12.06[2(a)] of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad

1. Disclaimer Statement

Bursa Malaysia Securities Berhad ("Bursa Securities") has not perused the Share Buy-Back Statement ("Statement") prior to its issuance as it is an exempt document. Bursa Securities takes no responsibility for the contents of this Statement, makes no representation as to its accuracy or completeness and expressly disclaims any liability whatsoever, for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this Statement.

2. Rationale for renewal of authority from the shareholders of the Company to enable the Company to purchase and/or hold up to ten percent (10%) of its issued and paid-up share capital pursuant to Section 67A of the Companies Act, 1965

The authority to purchase the Company's own Shares is sought to enable Century to have an additional option of utilising its financial resources more efficiently. All things being equal, any purchase of the Company's own Shares, regardless whether the Shares so purchased are retained as treasury shares or cancelled, would result in a lower number of Shares being used for the purpose of computing Earnings per Share ("EPS").

Based on the foregoing and depending on the price paid for the purchase of each Share and its impact on the earnings of the Group, the purchase of the Company's own Shares may improve the EPS of the Group. If the EPS of the Group is improved, it is expected to have a positive impact on the market price of the Shares.

The Company may also retain the Shares so purchased as treasury shares with the intention of realising potential gains from the resale of treasury shares and/or to reward the shareholders through the distribution of the treasury shares as dividends.

3. Retained Profits and Share Premium

As at 9 March 2015, the issued and paid-up share capital of Century is RM183,096,445 comprising 366,192,890 Shares. The Proposed Share Buy-Back will enable the Company to purchase up to a maximum of 38,816,439 Shares, representing 10% of the enlarged issued and paid-up ordinary share capital.

On 8 January 2015, the Company implemented an employees' share option scheme ("ESOS") of up to 15% of the issued and paid-up share capital (excluding treasury shares) of the Company for eligible directors and executive employees of the Company and its subsidiary companies who fulfill the criteria of eligibility as stipulated in the by-laws governing the ESOS. In accordance with the by-laws, the ESOS may only be exercisable in the following manner:

Maximum percentage exercisable each year (vested)				
2015	**2016**	**2017**	**2018**	**2019**
20%	20%	20%	20%	20%

The maximum amount of funds to be utilised for any purchase of the Company's own Shares must not exceed the retained profits and/or share premium account of the Company based on the latest audited financial statements and/or the latest Management account of the Company (where applicable) available. Based on the audited financial statements for the financial year ended 31 December 2014, the audited retained earnings accounts stood at RM8.102 million.

4. Source of Funds

The Proposed Share Buy-Back will be funded from internally generated funds and/or borrowings. In the event the Company purchase its own Shares using external borrowings, the Board will ensure that the Group will have sufficient funds to repay the external borrowings and that the repayment will not have a material effect on the Group's cash-flows.

SHARE BUY-BACK STATEMENT (cont'd)

5. Direct and Indirect Interests of the Directors and Substantial Shareholders

Save for the resulting change in percentage shareholdings as a consequence of the Share Buy-Back, none of the Directors and major shareholders and/or persons connected to them have any interest, direct or indirect, in the Proposed Share Buy-Back and, if any, the resale of treasury shares.

5.1 Directors' Shareholdings

The proforma effect of the Proposed Share Buy-Back on the shareholdings of the Directors of Century as at 9 March 2015 on the assumption that Shares are purchased from shareholders other than the Directors are set out below:

Scenario I: Assuming that none of the ESOS are exercised

	As at 9 March 2015				After Proposed Share Buy-Back

SHARE BUY-BACK STATEMENT (cont'd)

6. Potential Advantages and Disadvantages

The potential advantages of any purchase of the Company's own Shares are as follows:

(a) allows the Company to take preventive measures against speculation particularly when the Shares are undervalued which would in turn stabilise the Company's market price and hence, enhance investors' confidence;

(b) allows the Company flexibility in achieving the desired capital structure, in terms of debt and equity composition and the size of equity; and

(c) if the treasury shares are distributed as dividends, it may then serve to reward the shareholders.

The potential disadvantages of any purchase of the Company's own Shares are as follows:

(a) any purchase of the Company's own Shares will reduce available financial resources and may result in the Group foregoing better investment opportunities that may emerge in the future; and

(b) as any purchase of the Company's own Shares can only be made out of retained profits and share premium, it may result in the reduction of financial resources available for distribution to the shareholders in the immediate future.

Nevertheless, the Board will be mindful of the interests of the Company and the shareholders in undertaking any purchase of the Company's own Shares and in the subsequent resale of treasury shares on Bursa Securities, if any.

7. Financial Effects

7.1 Share Capital

The effects of any purchase of the Company's own Shares on the share capital will depend on whether the Shares so purchased are cancelled or retained as treasury shares.

The Proposed Share Buy-Back will not have any effect on the issued and paid-up ordinary share capital if all the Shares purchased are to be retained as treasury shares, re-sold or distributed to our shareholders.

The Proposed Share Buy-Back will however, result in the reduction of the issued and paid-up share capital if the Shares so purchased are cancelled. The proforma effects of the Proposed Share Buy-Back based on the issued and paid-up share capital as at 9 March 2015 and assuming the Shares so purchased are cancelled are set out below:

Scenario I: Assuming that none of the ESOS are exercised

Scenario II: Assuming that the maximum ESOS vested for 2015 and 2016 are exercised

	Scenario I No. of Shares	Scenario II No. of Shares

	329,573,601	349,347,951

SHARE BUY-BACK STATEMENT

7. **Financial Effects (cont'd)**

7.2 Earnings

The effects of the Proposed Share Buy-Back on the EPS of the Group will depend on the purchase price for such Shares, the effective funding cost to finance the purchase of the Shares or any loss in interest income to the Group.

Assuming that any Shares so purchased are retained as treasury shares and resold, the effects on the earnings of the Group will depend on the actual selling price, the number of treasury shares resold and the effective gain or interest savings arising from the exercise.

If the Shares so purchased are cancelled, the Proposed Share Buy-Back will increase the EPS of the Group provided the income foregone and interest expense incurred on the Shares purchase is less than the EPS of the Group before the purchase of the Shares.

7.3 Net Assets ("NA")

The effects of the Proposed Share Buy-Back on the NA of the Group, whether the Shares purchased are cancelled or retained as treasury shares are as follows:

(i) Shares purchased under the Proposed Share Buy-Back are subsequently retained as treasury shares

The NA of the Group would decrease if the Shares purchased are retained as treasury shares due to the requirement for treasury shares to be carried at cost and be offset against equity, resulting in a decrease in the NA of the Group by the cost of the treasury shares.

If the Shares purchased are resold on Bursa Securities, the NA of the Group would increase if a gain is realized from the resale, and vice versa.

If the Shares purchased were distributed as share dividends, the NA of the Group will decrease by the cost of the treasury shares.

(ii) Shares purchased under the Proposed Share Buy-Back are subsequently cancelled

If the Shares so purchased are cancelled, the Proposed Share Buy-Back will reduce the NA per Share if the purchase price per Share exceeds the NA per Share at the relevant point in time, and vice versa.

7.4 Dividends

In respect of the financial year ended 31 December 2014, an interim dividend of 5.0 sen per ordinary share of RM1.00 each and an interim of 2.0 sen per ordinary share of RM0.50 each were paid. In addition, a final dividend of 1.0 sen per ordinary share of RM0.50 each has been recommended, subject to the approval of the shareholders of the Company at the forthcoming Annual General Meeting of the Company.

The Company may distribute future dividends in the form of the Shares acquired pursuant to the Proposed Share Buy-Back.

7.5 Working Capital

The Proposed Share Buy-Back will reduce the working capital of the Group, the quantum of which will depend on the purchase prices of the Shares and the number of Shares so purchased.

SHARE BUY-BACK STATEMENT

8. Implication Under the Malaysian Code on Take-Overs and Mergers 2010 ("the Code")

As at 9 March 2015, Datuk Phua Sin Mo together with parties acting in concert, holds more than 33% but less than 50% of the voting shares of the Company. In the event that the Proposed Share Buy-Back is carried out in full within a period of 6 months, the combined holdings of Datuk Phua Sin Mo and the parties acting in concert may increase by more than 2%.

Pursuant to the Code, Datuk Phua Sin Mo and the parties acting in concert will be obliged to undertake a mandatory general offer for the remaining Shares not already owned by them collectively. However, an exemption from a mandatory offer obligation may be granted by the Securities Commission of Malaysia under Practice Note 9, Paragraph 24.1 of the Code, subject to Datuk Phua Sin Mo and the parties acting in concert complying with certain conditions, if the obligation is triggered as a result of action outside their direct participation. Datuk Phua Sin Mo intends to apply for waiver in the event that the Code is triggered.

9. Purchase, Resale and Cancellation of shares made in the previous twelve (12) months

For the financial year ended 31 December 2014, the Company resold its remaining 1,083,974 treasury shares at an average price of RM2.33 per share. The difference of RM664,000 between the sale consideration and the carrying amount of the shares has been credited to the Share Premium Account. Following this, none of the Company's issued ordinary shares are currently held as treasury shares.

There was no share buy-back during the financial year ended 31 December 2014.

10. Public Shareholding Spread

Based on the Record of Depositors of Century as at 9 March 2015, the public shareholding spread of the Company was 54.44%. The Board undertakes that any purchase of the Company's own Shares would only be conducted in accordance with laws prevailing at the time of the purchase, including compliance with the 25% public shareholding spread as required by the Main Market Listing Requirements.

11. Directors' Statement

This Statement has been seen and approved by the Board of Directors and they individually and collectively accept full responsibility for the accuracy of the information given in this Statement and confirm that, after making all reasonable enquiries, to the best of their knowledge and belief, there are no other facts the omission of which would make any statement herein misleading.

Having considered all aspects of the Proposed Share Buy-Back, the Board of Directors is of the opinion that the Proposed Share Buy-Back is fair, reasonable and in the best interest of the Company.

12. Directors' Recommendation

Your Board, having considered all aspects of the Proposed Share Buy-Back, is of the opinion that the Proposed Share Buy-Back is in the best interest of Century and recommends you to vote in favour of the resolution to be tabled at the forthcoming Annual General Meeting to give effect to the Proposed Share Buy-Back.

13. Other Information

There is no other information concerning the Proposed Share Buy-Back as shareholders and their professional advisers would reasonably require and expect to find in this Statement for the purpose of making informed assessment as to the merits of approving the Proposed Share Buy-Back and the extent of the risks involved in doing so.

Explanatory Notes To Special Business:

1. Resolution 6

Encik Shamsudin @ Samad Bin Kassim was appointed as an Independent Director of the Company on 1 November 2001 and has exceeded the cumulative nine (9) years term limit. In accordance with the Malaysian Code on Corporate Governance 2012, the Board of Directors of the Company, after having assessed the independence of Encik Shamsudin @ Samad Bin Kassim and after having been recommended by the Nomination Committee, regards him to be independent based amongst others, the following justifications, and recommends that Encik Shamsudin @ Samad Bin Kassim be retained as an Independent Director of the Company:

- the aforementioned Independent Director fulfilled the definition of an Independent Director as set out under Paragraph 1.01 of the Bursa Malaysia Securities Berhad Main Market Listing Requirements.

- the aforementioned Independent Director was able to exercise independent judgement and act in the best interests of the Company.

- there was no potential conflict of interest that the aforementioned Independent Director could have with the Company as they had not entered into any contract or transaction with the Company and/or its subsidiaries within the scope and meaning as set forth under Paragraph 5 of Practice Note 13 of the Bursa Malaysia Securities Berhad Main Market Listing Requirements.

- the aforementioned Independent Director had not developed, established or maintained any significant personal or social relationship, whether direct or indirect, with the Executive Directors, major shareholders or management of the Company (including their family members) other than normal engagements and interactions on a professional level, consistent and expected of him to carry out his duties as an Independent Director.

- the aforementioned Independent Director does not derive any remuneration and benefits apart from Director's fees and meeting allowances.

NOTICE OF ANNUAL GENERAL MEETING (cont'd)

Explanatory Notes To Special Business: (cont'd)

2. Resolution 7

The proposed resolution is primarily to give a renewal mandate to the Directors of the Company to issue and allot shares at any time to such persons in their absolute discretion without convening a general meeting provided that the aggregate number of shares issued does not exceed 10% of the issued share capital of the Company during the preceding twelve (12) months for the time being.

The general mandate will provide flexibility to the Company to allot shares for any possible fund raising activities, including but not limited to further placing of shares, for the purpose of funding future investment project(s), working capital and/or acquisition(s).

As at the date of this Notice, no new shares in the Company were issued pursuant to the mandate granted to the Directors at the Seventeenth Annual General Meeting held on 24 April 2014 and which will lapse at the conclusion of the Eighteenth Annual General Meeting.

3. Resolution 8

The proposed adoption of the resolution is to enable the Directors to exercise the power of the Company to purchase not more than 10% of the issued and paid-up share capital of the Company at any time within the time period stipulated in the Bursa Malaysia Securities Berhad Main Market Listing Requirements.

Notes:

1. *This Agenda item is meant for discussion only, as the provision of Section 169(1) of the Act does not require a formal approval of the members/shareholders for the Audited Financial Statements. Hence, this Agenda item is not put forward for voting.*

2. *In respect of deposited securities, only members whose names appear in the Record of Depositors on 16 April 2015 ("General Meeting Record of Depositors") shall be eligible to attend the Meeting.*

3. *A member of the Company entitled to attend and vote at the Meeting is entitled to appoint one or more proxies to attend and vote in his stead. A proxy may but need not be a member of the Company and the provision of Sections 149(1)(a),(b),(c) and (d) of the Act shall not apply to the Company. There shall be no restriction as to the qualification of the proxy. A proxy appointed to attend and vote at the Meeting shall have the same rights as the member to speak at the Meeting.*

4. *Where a holder appoints two or more proxies, the appointment shall be invalid unless he specifies the proportions of his shareholdings to be represented by each proxy.*

5. *The instrument appointing a proxy shall be in writing under the hand of the appointor or of his attorney duly authorised in writing, or if the appointor is a corporation, either under the common seal or under the hand of an officer or attorney so authorised.*

6. *Where a member of the Company is an exempt authorised nominee which holds ordinary shares in the Company for multiple beneficial owners in one securities account ("omnibus account"), there is no limit to the number of proxies which the exempt authorised nominee may appoint in respect of each omnibus account it holds.*
