CORPORATE PROFILE

Crest Builder Holdings Berhad (“CBHB”) was incorporated in Malaysia under the Companies Act 1965 on 9 March 2002 as a public limited company. CBHB is principally an investment holding company and had successfully undertaken a Corporate and Debt Restructuring Scheme which involved taking over the listing status of MGR Corporation Berhad. CBHB was listed on the Main Board of Bursa Malaysia Securities Berhad on 12 June 2003.

The CBHB Group was founded in 1983 by the late Mr. Yong Soon Chow. What started out as a small timer of less than 10 staff has grown to a strong corporation of over 200 staff under its stable. Over the past 38 years, the CBHB Group has carved a strong foothold in the local construction industry. With in-depth industry experience, the CBHB Group has a proven and established track record in the sector – especially in the commercial, residential and institutional building construction. The Group counts top branded developers and international property players amongst its clientele.

With a good blend of experience and vibrant protégés in its management team, the CBHB Group has moved along the supply chain and diversified beyond purely construction into other construction-related activities, such as property development, mechanical & electrical engineering (“M&E”) services and project management – and upon completion of our RM300 million maiden development namely 3 Two Square, the Group has also diversified into property management as well as car park management.

The Group has also completed various developments, including the UNITAR Campus at Tierra Crest, and a series of residential and commercial projects, including Alam Idaman, Avenue Crest, Alam Sanjung and Residensi Hijauan in Shah Alam. The Group also manages a concession of the 5,000 student capacity UiTM Tapah campus which ends in 2034. Together with the conventional developments, the Group has also secured the privatisation and the redevelopment of Dang Wangi LRT station and Kelana Jaya LRT station. In addition, the Group recently acquired a freehold land in Bukit Tinggi, Klang and the upcoming property development project will be launched in the near future.

With the vision to be the ‘Preferred’ organisation of choice by the partners and customers, the Group aspires to achieve distinction in the industry through prudent cost management, highest standards of quality and complete customer satisfaction. In 2021, the Group achieved a QLASSIC score of 86% in one of its construction projects, the highest score awarded in Malaysia under the high-rise residential category.

NOTICE OF 20TH ANNUAL GENERAL MEETING

NOTICE is hereby given that the 20th annual general meeting will be held

Venue Sime Darby Convention Centre
1A, Jalan Bukit Kiara 1
60000 Kuala Lumpur

Day, Date and Time Tuesday, 14 June 2022 at 10:00 a.m.

AGENDA

Ordinary business

1. Laying of audited financial statements and reports

THAT the duly audited financial statements consisting of the consolidated statement of comprehensive income, the consolidated statement of financial position, the Reports of the Directors and Auditors for the financial year ended 31 December 2021, in compliance with Section 340(1)(a) and 266(1)(a) of the Companies Act 2016 respectively be hereby adopted and received.

Resolution 1

2. Election of director

THAT re-election of the Executive Director, Madam Koh Hua Lan who retires in accordance with Article 79 of the Company's Constitution, be hereby approved.

Resolution 2

3. Election of director

THAT re-election of the Independent Non-Executive Director, Mr. Kam Yong Kan who retires in accordance with Article 79 of the Company's Constitution, be hereby approved.

Resolution 3

4. Appointment of auditors

THAT the appointment of Messrs Baker Tilly Monteiro Heng PLT, Chartered Accountants, as the auditors in accordance with Article 57 of the Company's Constitution and pursuant to Section 271(4)(a) of the Companies Act 2016 for the ensuing financial year ending 31 December 2022 be confirmed and that the directors be authorised to fix the remuneration of the auditors pursuant to Section 274(1)(a) of the Companies Act 2016 be hereby approved.

Resolution 4

NOTICE OF 20TH ANNUAL GENERAL MEETING
(CONT'D)**Special business****5. Approval for fees for directors pursuant to Section 230(1)(a) of the Companies Act 2016**

THAT the payment of RM198,000 as fees for directors for the financial year ending 31 December 2022 (2021: RM198,000) in accordance with Article 88 of the Company's Constitution be hereby approved.

*Resolution 5***6. Allotment of shares or grant of rights with the Company approval pursuant to Section 76 of the Companies Act 2016**

THAT pursuant to Section 76 of the Companies Act 2016 and subject to the approval of all relevant authorities being obtained, the directors be empowered for the purposes of Section 75(1) of the Companies Act 2016 to issue shares in the Company at any time and upon such terms and conditions and for such purposes as the directors may, in their absolute discretion deem fit, provided that the aggregate number of shares issued pursuant to this resolution does not exceed 10% of the issued and paid-up capital of the Company for the time being and that such authority shall continue in force until the conclusion of the next annual general meeting be hereby approved.

*Resolution 6***7. Proposed renewal of share buy-back authority of up to ten percent (10%) of the issued and paid-up share capital**

THAT subject to Section 127 of the Companies Act 2016 and rules, regulations or orders made pursuant to the Companies Act 2016, provisions of the Company's Constitution and the requirements of Bursa Malaysia Securities Berhad ("Bursa Securities") and any other relevant authorities, the directors of the Company be and are hereby authorised to make purchases of ordinary shares comprised in the Company's issued and paid-up ordinary share capital, such purchases to be made through Bursa Securities subject further to the following:

Resolution 7

- (i) the aggregate number of ordinary shares in Crest Builder Holdings Berhad ("CBHB Shares") which may be purchased or held by the Company shall not exceed ten percent (10%) of the issued and paid-up ordinary share capital of the Company ("Proposed Share Buy-Back"), subject to the restriction that the issued and paid-up ordinary share capital of CBHB does not fall below the minimum share capital requirements of the Listing Requirements of Bursa Securities ("Listing Requirements") applicable to a company listed on the Main Market of Bursa Securities and that the listed issuer continues to maintain a shareholding spread that is in compliance with the requirements of the Listing Requirements after the share purchase;

NOTICE OF 20TH ANNUAL GENERAL MEETING (CONT'D)

- (ii) the maximum funds to be allocated by the Company for the purpose of purchasing the CBHB Shares under the Proposed Share Buy-Back shall not exceed the retained earnings account of the Company for the time being which stood at RM24,568,449 as at 31 December 2021 based on the latest audited financial statements of CBHB for the financial year ended 31 December 2021;
- (iii) the authority conferred by this resolution to facilitate the Proposed Share Buy-Back will commence immediately upon passing of this ordinary resolution and will continue to be in force until:
 - (a) the conclusion of the next annual general meeting ("AGM") of the Company at which such resolution was passed at the time which the authority would lapse unless renewed by ordinary resolution, either unconditionally or conditionally; or
 - (b) the expiration of the period within the next AGM of the Company after that date is required by the Companies Act 2016 to be held; or
 - (c) the authority is revoked or varied by ordinary resolution passed by the shareholders of the Company in a general meeting,

whichever occurs first, but not so as to prejudice the completion of purchase(s) by the Company of the CBHB Shares before the aforesaid expiry date and, made in any event, in accordance with the provisions of the guidelines issued by Bursa Securities and any prevailing laws, rules, regulations, orders, guidelines and requirements issued by any relevant authorities; and
- (iv) upon completion of the purchase(s) of the CBHB Shares by the Company, the directors of the Company be and are hereby authorised to retain the CBHB Shares so purchased as treasury shares, which may be distributed as dividends to shareholders, cancel and/or resold on Bursa Securities, in the manner as prescribed by the Companies Act 2016, rules, regulations and orders made pursuant to the Companies Act 2016 and the requirements of Bursa Securities and any other relevant authority for the time being in force,

AND THAT the directors of the Company be and hereby authorised to take all such steps as are necessary or expedient to implement, finalise, complete or to effect the Proposed Share Buy-Back with full powers to assent to any conditions, modifications, resolutions, variations and/or amendments (if any) as may be imposed by the relevant authorities and to do all such acts and things as the said directors may deem fit and expedient in the best interest of the Company to give effect to and to complete the purchase of CBHB Shares.

8. Continuing in office as Independent Non-Executive Directors

- 8.1 **THAT** approval be and is hereby given to Encik Mohd Khasan bin Ahmad who had served as an Independent Non-Executive Director of the Company for a cumulative term of more than twelve (12) years, to continue to act as an Independent Non-Executive Director of the Company.
- 8.2 **THAT** approval be and is hereby given to Mr. Kam Yong Kan who had served as an Independent Non-Executive Director of the Company for a cumulative term of more than twelve (12) years, to continue to act as an Independent Non-Executive Director of the Company.

Resolution 8

Resolution 9

NOTICE OF 20TH ANNUAL GENERAL MEETING (CONT'D)

By order of the Board

Company Secretary

Heng Chiang Pooh FCIS (CS) (CGP)
(MAICSA 7009923)

Dated: 29 April 2022

Notes

- 1. A member of the Company entitled to attend and vote at the meeting is entitled to appoint anyone to attend and vote in his stead as his proxy without limitation and the provisions of Section 334 of the Companies Act 2016 shall apply.*
- 2. If a corporation is a member of the Company, the corporation may by resolution of its Board or other governing body authorise a person or persons to act as its representative or representatives at any meeting of members of the Company. A certificate of authorisation by a corporate member shall be prima facie evidence of the appointment or the revocation of the appointment, as the case may be, of a representative pursuant to Section 333 of the Companies Act 2016.*
- 3. Shareholders' attention is hereby drawn to the Listing Requirements of the Bursa Malaysia Securities Berhad, which allows a member of the Company who is an authorised nominee as defined under the Securities Industry (Central Depositories) Act 1991, to appoint at least one (1) proxy in respect of each securities account it holds with ordinary shares of the Company standing to the credit of the said securities.*
- 4. A member may appoint more than one (1) proxy provided that the member specifies the proportion of the member's shareholdings to be represented by each proxy.*
- 5. The instrument appointing a proxy and the power of attorney or other authority, if any, under which it is signed or a notorially certified copy of that power or authority shall be deposited at the Share Registrar's office at No. 2-1, Jalan Sri Hartamas 8, Sri Hartamas, 50480 Kuala Lumpur, not less than forty-eight (48) hours before the time for holding the meeting or adjourned meeting at which the person named in the instrument proposes to vote, or, in the case of a poll, not less than twenty-four (24) hours before the time appointed for the taking of the poll, and in default the instrument of proxy shall not be treated as valid.*
- 6. In respect to the deposited securities, only members whose name appear in the Record of Depositors on 7 June 2022 shall be eligible to attend the meeting or to appoint proxy to attend and/or vote on his behalf.*

STATEMENT ACCOMPANYING NOTICE OF 20TH ANNUAL GENERAL MEETING

1. VOTING BY WAY OF POLL

Pursuant to paragraph 8.29A(1) of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad, all resolutions set out in this notice shall be put to vote by way of poll.

2. ORDINARY BUSINESS – RESOLUTION 1

The Board had proposed that Resolution 1 be recommended for consideration at the annual general meeting to receive and adopt the duly audited financial statements consisting of the consolidated statement of comprehensive income, the consolidated statement of financial position, the Reports of the Directors and Auditors for the financial year ended 31 December 2021. However, the same matters had been formally approved by the Board in compliance with the provisions of the Companies Act 2016.

3. ORDINARY BUSINESS – RESOLUTION 2 & 3

The particulars of the retiring directors who are standing for re-election are set out in the relevant pages of the Annual Report as follows.

Name of Directors	Directors' Profile	Directors' Shareholdings
Madam Koh Hua Lan (Executive Director)	Page 13	Page 177
Mr. Kam Yong Kan (Independent Non-Executive Director)	Page 14	Page 177

Details of directors' attendance at Board Meetings are set out in the Statement of Overview on Corporate Governance on Page 50 of the Annual Report.

4. ORDINARY BUSINESS – RESOLUTION 4

Pursuant to Section 273(b) of the Companies Act 2016, an auditor shall cease to hold office at the conclusion of the annual general meeting next following his appointment, unless the auditor is re-appointed.

STATEMENT ACCOMPANYING NOTICE OF 20TH
ANNUAL GENERAL MEETING
(CONT'D)

5. SPECIAL BUSINESS – RESOLUTION 5

This authorisation by the general meeting would enable the payment of directors' remuneration in accordance with Article 88 of the Company's Constitution as follows:

Article 88 - Directors' Remuneration

The directors shall be paid by way of remuneration for their services such fixed sums (if any) as shall from time to time be determined by the Company in general meeting, and such remuneration shall be divided among the directors in such proportion and manner as the directors may determine. Provided always that:

- (a) fees payable to directors who hold no executive office in the Company shall be paid by a fixed sum and not by a commission on or percentage of profits or turnover;*
- (b) salaries payable to directors who do hold an executive office in the Company may not include a commission on or percentage of turnover;*
- (c) fees payable to directors shall not be increased except pursuant to a resolution passed at a general meeting, where notice of the proposed increase has been given in the notice convening the meeting;*
- (d) any fee paid to an Alternate Director shall be such as agreed between herself and the director nominating her shall be paid out of the remuneration of the latter.*

6. SPECIAL BUSINESS – RESOLUTION 6

The Company had during its 19th annual general meeting held on 9 June 2021, obtained its shareholders' approval for the general mandate pursuant to Section 76 of the Companies Act 2016 and subject to the approval of all relevant authorities being obtained, the directors be empowered for the purposes of Section 75(1) of the Companies Act 2016 to issue shares in the Company at any time and upon such terms and conditions and for such purposes as the directors may, in their absolute discretion deem fit, provided that the aggregate number of shares issued pursuant to this resolution does not exceed ten percent (10%) of the issued and paid-up capital of the Company for the time being and that such authority shall continue in force until the conclusion of the next annual general meeting be hereby approved. The Company did not issue any shares pursuant to the said mandate.

This Proposed Resolution 6 which is an Ordinary Resolution, if passed, will grant a renewed general mandate which will provide flexibility for the Company and will empower the directors to issue new shares in the Company up to an amount not exceeding in total ten percent (10%) of the issued share capital of the Company for the purpose of funding current and/or future investment projects, working capital, and/or strategic development of the Group. This would eliminate any delay arising from and cost involved in convening a general meeting to obtain approval of the shareholders for such issuance of shares. This authority, unless revoked or varied at a general meeting, will be valid until the conclusion of the next annual general meeting.

At this juncture, there is no decision to issue new shares. If there should be a decision to issue new shares after the general mandate is sought, the Company shall make an announcement in respect thereof.

7. SPECIAL BUSINESS – RESOLUTION 7

The Proposed Share Buy-Back of up to ten percent (10%) of the issued and paid-up share capital, if approved by the shareholders of the Company, will enable the Company to make purchases of ordinary shares comprised in the Company's issued and paid-up ordinary share capital. Further information can be obtained in the accompanying Circular dated 29 April 2022.

STATEMENT ACCOMPANYING NOTICE OF 20TH
ANNUAL GENERAL MEETING
(CONT'D)

8. SPECIAL BUSINESS – RESOLUTION 8 & 9

With reference to our Corporate Governance Report on disclosures made pursuant to Paragraph 15.25 of Bursa Malaysia Listing Requirements and in compliance with the Malaysian Code on Corporate Governance, the next Resolution 8 and Resolution 9 are with respect to approval sought for each independent director who had served since 2003.

As stated under Practice 5.3 in the Corporate Governance Report, the Board had in reviewing the independent status, considered that it is necessary to focus not only on whether a director's background and current activities qualify him as being independent but also whether the director can act independently of management.

In the application of best practice, if the Board continues to retain an independent director after the twelfth year, the Board should seek annual shareholders' approval through a two-tier voting process.

- Tier 1: Only the Large Shareholder(s) of the Company votes; and
- Tier 2: Shareholders other than Large Shareholders votes.

From the records, the only large shareholder is SC Yong Holdings Sdn. Bhd. with 69,048,000 shares or 42.59% of the equity capital, who shall be voting under Tier 1.

The rest of the shareholders shall vote under Tier 2.

The resolution is deemed passed only if both Tier 1 and Tier 2 voted in support of the proposed resolution.

The Board of Directors has via the Nomination and Remuneration Committee assessed the independence of Encik Mohd Khasan bin Ahmad and Mr. Kam Yong Kan who each has served as an Independent Non-Executive Director of the Company for a cumulative term of more than twelve (12) years, and recommended them to continue to act as Independent Non-Executive Directors of the Company based on the following justifications.

- each of them fulfils the criteria of an Independent Director pursuant to the Main Market Listing Requirements of Bursa Malaysia Securities Berhad;
- each of them is familiar with the Company's business operations as each has been with the Company for more than twelve (12) years;
- each of them has devoted sufficient time and attention to his responsibilities as an Independent Non-Executive Director of the Company; and
- each of them has exercised due care during his tenure as an Independent Director of the Company and carried out his duty in the interest of the Company and shareholders.

The proposed Resolutions 8 and 9, if passed respectively, will enable Encik Mohd Khasan bin Ahmad and Mr. Kam Yong Kan to continue in office as Independent Non-Executive Directors.

DIRECTORS' PROFILE

TENGGU DATO' SULAIMAN SHAH BIN TENGGU ABDUL JALIL SHAH

Non-Executive Chairman
aged 66

Tengku Dato' Sulaiman Shah bin Tengku Abdul Jalil Shah was appointed to the Board on 26 February 2003 as Executive Chairman and he was re-designated as the Non-Executive Chairman with effect from 1 March 2005. Tengku Dato' Sulaiman Shah has over 35 years of experience in the construction, printing, advertising, freight industries and health products. He was appointed as the "Orang Besar Istana" in year 1996 with the bestowed title of "Tengku Setia". In year 2007, he was awarded "Dato' Sultan Sharafuddin Idris Shah" (D.S.I.S). He is primarily responsible for the orderly conduct and working of the Board and the public relation and communication affairs of the Group. He attended all of the five (5) Board meetings held during the financial year ended 31 December 2021.

YONG SHANG MING

Managing Director
aged 39

Yong Shang Ming was appointed to the Board on 31 January 2008. He graduated from City University, London with a Honours Degree in Civil Engineering. He joined the Group in June 2003 as the Special Assistant to the former Group Managing Director. He has been the Group Managing Director since 2015 and he has been instrumental in the overall operations, business strategies and direction of the Group. He is also involved in the project inception, planning, development and marketing operations of the Group's property development projects. Further to that, he has been actively involved and tirelessly championing the rights of the contractors as an active representative voice in the Master Builders Association Malaysia (MBAM) for the past 15 years. He is currently the Vice President of MBAM. Further to MBAM, he is also an active member of the Real Estate & Housing Developers' Association (REHDA). On the global front, he is an active member of the International Federation of Asian and Western Pacific Contractors' Associations (IFAWPCA) and is currently the Secretary General of the Asean Constructors Federation (ACF). He attended all of the five (5) Board meetings held during the financial year ended 31 December 2021.

KOH HUA LAN (F)

Executive Director
aged 70

Koh Hua Lan (f) * was appointed to the Board on 26 February 2003. Madam Koh is a co-founder of Crest Builder Sdn. Bhd. and she has more than 35 years of experience in financial and administration management. She is principally responsible for the administration, human resource and management support services of the Group. She attended all of the five (5) Board meetings held during the financial year ended 31 December 2021.

MOHD KHASAN BIN AHMAD

Independent Non-Executive Director
aged 61

Mohd Khasan bin Ahmad was appointed to the Board on 25 February 2003 and is the Chairman of the Audit Committee and member of the Nomination and Remuneration Committee. He graduated from Universiti Teknologi MARA with a degree in Accountancy. He is a member of the Malaysian Institute of Accountants. He served in Bank Negara Malaysia for a period of about 7 years, the last 2 years of which he was seconded to the then Capital Issues Committee as its Principal Assistant Secretary. Subsequently, he joined the Securities Commission for a period of about 6 years and his last capacity was as an Assistant Manager in its Issues and Investment Division. During the tenure of his above appointments, he was involved in various corporate exercises ranging from initial public offerings, mergers and acquisitions, reverse take-overs, issuance of bonds and other capital raising exercises. He then joined the private sector in 1997 and held various senior management positions. He is also the director of Sinmah Capital Berhad, Homeritz Corporation Berhad and LYC Healthcare Berhad. He attended all of the five (5) Board meetings held during the financial year ended 31 December 2021.

DIRECTORS' PROFILE (CONT'D)

KAM YONG KAN

Independent Non-Executive Director
aged 63

Kam Yong Kan * was appointed to the Board on 26 February 2003 and also the member of the Audit Committee and member of the Nomination and Remuneration Committee. He is an ex-fellow member of the Association of Chartered Certified Accountants, United Kingdom, an ex-member of the Malaysian Institute of Accountants and an associate member of the Malaysian Institute of Taxation. He has over 30 years of experience in audit, finance, corporate finance, tax and treasury functions in property related industries. He was attached to a listed property group from 1991 to 2000 and held the position of a Finance Director during the last 4 years of his tenure in the property group. He attended all of the five (5) Board meetings held during the financial year ended 31 December 2021.

LIM BOON TENG

Independent Non-Executive Director
aged 51

Lim Boon Teng was appointed to the Board on 18 August 2017 and also the Chairman of the Nomination and Remuneration Committee and member of the Audit Committee. He graduated from Universiti Malaya with a Bachelor Degree in Accountancy. He is a member of the Malaysian Institute of Certified Public Accountants and a member of the Malaysian Institute of Accountants. He has more than 25 years of experience in the field of accounting, auditing and corporate finance. He worked in Ernst & Young Malaysia and CIMB Investment Bank Berhad before working in Ernst & Young China for 12 years, 3 years of which was as an audit partner. He joined Deloitte Malaysia in 2012 and worked as audit partner for 4 years. He is currently managing his accounting practices. He attended all of the five (5) Board meetings held during the financial year ended 31 December 2021.

YONG TIOK KENG (F)

Alternate Director to Koh Hua Lan (f)
aged 43

Yong Tiok Keng (f) was appointed to the Board on 25 May 2009. She holds a B. Sc in Accounting & Finance from London School of Economics in 2001. She has over 15 years of experience in the fields of accounting and corporate finance activities and she is currently the Corporate Affairs Manager of Crest Builder Holdings Berhad. She is principally responsible for the Corporate Affairs and financial policies of the Group. She attended all of the five (5) Board meetings held during the financial year ended 31 December 2021.

Further information

Head of Construction Solutions & Property Management
aged 34

Yong Tiok Nee, a Malaysian, was appointed as the Head of Construction Solutions & Property Management of Crest Builder Holdings Berhad in September 2015. She is the holder of Bachelor Degree of Planning and Design (Property and Construction) and Bachelor Degree of Property and Construction (Honours), both from University of Melbourne, Australia. She started her career in the Group as a Head of Contracts Solutions and Facility Management. During her tenure with the Group, she gained extensive experience in the area of building maintenance, building management which includes financial budgeting and cash flow management. She currently heads the Construction Solutions and Property Management divisions.

IR. DR. SIEW WOH HON

Chief Operating Officer (M&E Division)
aged 48

Ir. Dr. Siew Woh Hon, a Malaysian, graduated his BSc in Electrical Engineering from USA (1995), MSC in Construction Management from UK (2008) and PhD in Construction Management from USA (2014). He is a registered Professional Engineer with Practising Certificate (PEPC) with Board of Engineers Malaysia. He has accumulated more than 20 years of experience in field of M&E and engineering design. He has vast experience of managing technically complex projects and possesses a forward-thinking approach to the management of clients and assignments. He has a long track record of delivering complex projects with a global reach and is able to manage the project delivery team through entire life-cycle, from clients' enquiry to invoice. He has led the teams on commercial, industrial, education and health projects where the highest standards are routinely demanded.

SZE TO PAUI KHAY

Chief Operating Officer (Property Division)
aged 56

Sze To Pau Khay, a Malaysian, graduated from National Cheng Kung University with a Bachelor Degree in Civil Engineering in 1989. He has over 30 years of experience in the field of consultancy, turnkey contractor and property development. He started his tenure in CB Land Sdn. Bhd. as a Project Director since 2013 and promoted to Chief Operating Officer (Property) in 2017. He leads the Property Development Division, in charge of the overall initialisation, initiatives, execution and operation of all the property projects under the Group.

CHAIRMAN'S STATEMENT

Dear valued shareholders,

On behalf of the Board of Directors, we are pleased to present to you Crest Builder Holdings Berhad's ("CBHB" or the "Group") Annual Report and Audited Financial Statements for the financial year ended 31 December 2021 ("FYE2021").

The operational landscape in FYE2021 was largely influenced by the ongoing battle against the coronavirus disease ("COVID-19") pandemic. The Malaysian Government implemented various iterations of Movement Control Order ("MCO") that limited movements and economic activities of sectors deemed as non-essential as to contain the spread of COVID-19 infections. Furthermore, the entire construction industry faced numerous headwinds in the form of additional costs of compliance to COVID-19 standard operating procedures, increased raw material prices and heightened competition for a smaller pool of projects up for bids.

Despite the adverse impact of COVID-19, the Group was able to leverage on its proven track record and strong expertise in construction to secure a commendable RM306.1 million worth of contracts in FYE2021. The latest contract wins bolstered our order book to RM1.1 billion as at 31 December 2021, providing earnings visibility over the next four years.

FINANCIAL PERFORMANCE

2021 proved to be another challenging year not just for the Group but for the entire construction industry. The ongoing effects of COVID-19 pandemic coupled with political uncertainties continued to ravage the industry's performance.

Just like in FYE2020, the Group took a prudent approach and was actively monitoring market conditions during the tumultuous year. For instance, the Group had to implement new strategies to enhance the Group's operational efficiency such as cost optimization measures and practice prudent capital management to preserve its operational cash flow.

Capri Hotel, Jalan Imbi (Construction)

The closure of the country's borders meant that the supply of foreign labour was scarce, and it did not help that building material prices, especially steel and copper, rose significantly in 2021 due to the surge in global commodity prices which in turn was an end result of the COVID-19 pandemic. The Group continued to be selective and carefully assessed opportunities/tenders available and only bid for projects that were able to bring value to its shareholders. Despite the weaker revenue posted in FYE2021, our balance sheet remains healthy, with cash and cash equivalents of RM70.4 million. The Group also boasts a strong order book cover ratio of 5.3 times. The Group is optimistic that these will enable CBHB to overcome the challenges going forward.

Further details of the Group's financial performance are contained in the Management Discussion and Analysis section within this Annual Report.

CHAIRMAN'S STATEMENT (CONT'D)

REVIEW ON OPERATIONAL ACTIVITIES

The Group is principally involved in construction, property development followed by property investment & management and concession arrangement. Amidst the overall challenging conditions and market uncertainties faced in 2021, the Group performed to the best of its abilities to achieve a stronger bottom line.

In FYE2021, the construction division recorded a RM200.0 million revenue from RM235.0 million in the preceding year. The division remained as CBHB's main revenue generator, having contributed 78.3% of the total revenue in FYE2021.

The property development division registered higher revenue of RM2.8 million from RM1.5 million in FYE2020 as the Group reported increased sales of completed properties during the financial year under review. There were no new developments launched in 2021 and the Group has two property development projects targeted for launch in 2022, namely Latitud8 and Interpoint @ Bandar Bukit Tinggi with a gross development value of RM946.1 million and RM571.8 million respectively. The division made up 1.1% of the Group's total revenue in FYE2021.

The concession arrangement division continues to be our recurring income stream with RM45.7 million revenue generated in FYE2021 from its 23-year concession agreement with the Ministry of Education and Universiti Teknologi MARA ("UiTM") for UiTM Tapah concession. This division contributed 17.9% of the total revenue in FYE2021.

The property investment & management division recorded a revenue of RM6.9 million. The division accounted for 2.7% of the total revenue generated in FYE2021.

LOOKING AHEAD

The International Monetary Fund forecasted global GDP to sustain its expansion in 2022, albeit at a slower pace of 4.4% compared to 5.9% in 2021. This weaker growth is largely due to lingering micro-and-macroeconomic concerns such as the resurgence of COVID-19 cases as a result of the Omicron variant, diminished fiscal support, and prolonged supply disruptions. Nonetheless, the Group will constantly review its business strategies and assess market conditions to overcome potential hurdles going forward.

Locally, the Malaysian Government foresees Malaysia's GDP to remain on its recovery path within the expansion range of 5.5% to 6.5% in 2022. The nation's economy is set to be guided by normalisation in economic and social activities, resumption of high-impact projects that are able to pull in strong external demand.

Additionally, the construction sector in Malaysia is forecasted to grow by 11.5% as projected by the Ministry of Finance Malaysia.

Bank Negara Malaysia ("BNM") also maintained the Overnight Policy Rate at 1.75% on 3 March 2022 to promote economic recovery from the harsh impacts of COVID-19 on the local economy.

Furthermore, market sentiment on property purchases is expected to be driven by the supportive measures implemented by the Government and BNM. These measures are mainly to provide financial assistance for the citizens and to help promote growth for the property sector.

In March 2022, the Mass Rapid Transit ("MRT") 3, which will link the existing MRT 1 and MRT 2 lines around Greater Klang Valley was approved by the Government to further catalyse socio-economic growth. This project will be a boon for the recovery of the construction industry in Malaysia as local contractors will be prioritised for job opportunities and businesses.

The Group maintains its cautious optimistic outlook of the industry's prospects for the financial year ending 31 December 2022, on the back of the gradual economic recovery, expansionary fiscal initiatives, improving market sentiment and the opening of the country's border. Despite the challenges and uncertainties ahead, the Group will continue to assess and revise its business strategies accordingly to persevere in these trying times.

APPRECIATION

On behalf of the Board of Directors, I would like to take this opportunity to extend my sincerest gratitude to all the CBHB employees for their efforts and dedication to the Group despite the ongoing challenges faced. We will continue to persevere as one family and achieve success together. I would also like to thank all our shareholders, customers, suppliers, bankers, business associates and all the government agencies for the continuous support and unwavering trust in CBHB.

Last but not least, I would similarly like to express my personal appreciation to the Board members for their invaluable advice and undivided support.

Tengku Dato' Sulaiman Shah bin Tengku Abdul Jalil Shah

Non-Executive Chairman

MANAGEMENT DISCUSSION AND ANALYSIS

Dear valued shareholders,

The Board of Directors and the management of Crest Builder Holdings Berhad (“CBHB” or the “Group”) are pleased to present the Management Discussion and Analysis to you, offering an overview and assessment of the financial and operational performance of the Group for the financial year ended 31 December 2021, together with our views on the prospects for the coming years.

BUSINESS OVERVIEW

CBHB is a registered Class A contractor with the Ministry of Entrepreneur Development And Cooperatives and a Category G7 contractor with the Construction Industry Development Board. Equipped with these certifications, we are more than qualified to tender and carry out all categories of both government and private construction contracts of any value. Being in the construction industry for almost 40 years, we have the necessary expertise to execute top-notch construction works for property developments and infrastructure projects in a timely manner. Besides the provision of construction works, the Group is also involved in property development and property investments.

Our construction division is mainly focused on the infrastructure and building works of residential developments, healthcare amenities, infrastructure, leisure amenities, educational facilities and also commercial developments. Our infrastructure and engineering services cover a wide spectrum of works, such as design, construction, completion and maintenance of roads, and other basic facilities. This division complements our property development division, maximising our value proposition as an integrated construction player in the industry. We are proud to highlight that the Group was accorded with an 86% Quality Assessment System for Building Construction Works (“QLASSIC”) score for its construction works for the South Brooks development, which was completed in 2021. At the time of writing, this is the highest-ever QLASSIC score awarded in Malaysia under the high-rise residential category.

Our property development division sequentially was established to unlock the full potential of strategic pieces of land that can provide the Group with a recurring income stream. This also allows us to leverage on our construction division to manage the quality of works and ensure timely completions.

Furthermore, our investment holding division consists of the Group’s property investments. This segment is mostly made up of rental of commercial units and carparks from two of our property development projects, namely The Crest and Tierra Crest. This division provides the Group with a sustainable income stream as will help enhance the Group’s cash flow.

The Crest is a 16-storey commercial development, housing approximately 1,400 parking bays and is where the Group’s corporate headquarters is located at. In 2021, the Crest underwent scheduled maintenance works to enhance the safety features and improve marketability of the development. Meanwhile, Tierra Crest is a 17-storey multi-commercial building encompassing two adjoint office towers on top of a retail podium and is strategically located in Kelana Jaya with access to all major highways and public transportation within close proximity.

On top of that, we have a concession arrangement division where we had entered into a 23-year agreement with the Ministry of Education and Universiti Teknologi MARA (“UiTM”) to manage the 5,000-student capacity UiTM Tapah 2 campus until 2034. This division helps to reinforce our income stream by providing a constant flow of revenue every year.

Throughout the years, our growth plan has remained the same, which is to grow organically from within. We are constantly looking for ways to enhance our team’s capabilities and efficiencies, the two key factors that have been the driving force in the Group’s growth. Moving forward, we will continue to improve on our internal processes to maintain our growth momentum.

OBJECTIVES & STRATEGIES

1. Prioritising excellent quality and timely delivery of projects

CBHB’s objective is to provide superior quality products for our customers while maintaining timely delivery of projects, while staying within budget. We are actively exploring different avenues to boost our operational efficiency via reduction of raw material wastage, time taken for project handover and consistent quality control. Evidently, the Group has received a plethora of positive feedback from customers throughout our corporate history as we build a solid track record of being one of the preferred contractors in Malaysia.

MANAGEMENT DISCUSSION AND ANALYSIS (CONT'D)

2. Environmental, Safety and Health

Another key objective that we strongly prioritise is improving the wellbeing of our employees. Our employees are the backbone of the Group and without them, we will not be as successful as we are today. Therefore, it is our utmost priority that our employees are working in a safe and conducive environment. We have implemented policies to protect the safety of our employees and also to promote inclusivity.

We also place importance on environmental sustainability by practicing environmentally friendly practices. This includes reducing wastage of raw materials and minimising usage of energy and water in our work sites.

3. Training and upskilling of the workforce

Other than improving wellbeing of our employees, we constantly look for training programmes to reskill or upskill our employees as we aim to improve the productivity of our workforce and reduce employee turnover. We believe that workers who are equipped with additional knowledge will grow alongside the Group and ultimately be able to contribute greater and provide additional value.

4. Innovation and technology

CBHB is a strong advocate for innovation and technology in the construction industry. Technology plays a big part in the construction industry as the more advanced equipment and building systems are able to reduce reliance on manual labour and human error, which in return enhances operational efficiency. Every year, we will allocate funds for capital expenditure to improve our fleet of machineries and acquire new technology to improve the quality of our final products and reduce the time taken for project deliveries to our clients. As such, we have adopted the Industrialised Building System at several of our projects to manage quality control, speed up construction works and minimise wastage of raw materials.

GROUP FINANCIAL REVIEW

Financial Performance

CBHB's revenue in FYE2021 declined 11.9% to RM255.4 million from RM290.0 million in the previous year due to slower construction progress recorded in the year under review, thus resulting in lower progress billings. However, the Group's effective cost control steered the Group to post lower losses attributable to the shareholders of RM45.0 million as compared to RM77.1 million in the preceding year.

Despite the challenging market sentiment, the Group still secured a commendable RM306.1 million worth of new contracts in FYE2021. This boosted the Group's order book to RM1.1 billion as at end 2021, which will provide earnings visibility over the next four years.

The construction division remained as the Group's main contributor in FYE2021, having accounted for 78.3%, followed by the concession arrangement division making up 17.9% of the Group's total revenue. The property investment & management segment generated 2.7% of the Group's total revenue while its property development division made up the remaining 1.1%.

Segmental Review

Construction

The construction division recorded a revenue of RM200.0 million in FYE2021, compared to RM235.0 million registered in FYE2020. Multiple disruptions at the construction sites, due to the implementation of Movement Control Order ("MCO") 2.0, Controlled MCO, MCO 3.0 and total lockdown, were the main causes for the lower revenue, resulted from lower progress billings in FYE2021. Construction sites were temporarily closed when the total lockdown was implemented from 1 June to 28 June 2021. The Group was able to resume its operations after the total lockdown was uplifted and went back to operating at full swing in the fourth quarter of 2021.

This division suffered a loss before tax ("LBT") of RM53.7 million, as compared to FYE2020 LBT of RM46.8 million. The higher LBT was largely attributed to the lower revenue, the revision in budgeted profits made for certain construction projects, coupled with the increase in material prices, labour cost, overheads and additional COVID-19 related costs incurred.

MANAGEMENT DISCUSSION AND ANALYSIS (CONT'D)

Property Development

There were no property development launches in FYE2021 namely Interpoint @ Bandar Bukit Tinggi and Latitud8, as they were pending approval from local authorities and also changes made to the building designs. Therefore, this division only contributed minimal revenue in FYE2021 due to the absence of property launches during the year.

The revenue of RM2.8 million was derived from the sale of completed properties by the division, which was higher than the RM1.5 million recorded in FYE2020. The LBT of RM2.3 million was significantly lower than FYE2020's LBT of RM10.5 million due to the recognition of impairment losses on other receivables which amounted to RM11.9 million in FYE2020.

Concession Arrangement

The division recorded a profit before tax ("PBT") of RM10.6 million on the back of a revenue of RM45.7 million in FYE2021. In the preceding year, CBHB reported a revenue of RM45.8 million and PBT of RM8.8 million. This marginal decrease in revenue was primarily due to lower finance income contribution from concession contract recognised. Meanwhile, the higher PBT was mainly attributable to increased savings in finance costs arising from the repayment of Sukuk Murabahah.

Investment Holding

The investment holding division recorded a revenue of RM6.9 million and LBT of RM3.4 million. In the preceding year, the division posted revenue and LBT of RM7.7 million and RM37.6 million respectively. The lower revenue was due to the rebates offered to certain tenants during the MCO period. The lower LBT was mainly attributable to a RM25.0 million loss in fair value of investment properties and a RM9.9 million impairment loss on goodwill recognised in FYE2020.

Consolidated Financial Position for FYE2021

CBHB's total equity of RM361.2 million as at the end of FYE2021 represented an 11.7% decline from RM409.0 million as at the end of the preceding year. Total assets and total liabilities were RM1,319.0 million and RM936.0 million respectively following FYE2020's RM1,371.3 million and RM944.6 million.

Deferred tax assets increased by 58.7% to RM35.7 million from RM22.5 million previously due to unutilised tax losses carried forward from certain loss-making subsidiary companies, which can be utilised against taxable profits in future. On the other hand, the Group's cash and cash equivalents and short-term investments declined 6.0% to RM81.1 million from RM86.3 million as the Group utilised the funds to finance its working capital and repayment of loans and borrowings. Net assets per share attributable to equity holders in FYE2021 decreased from RM2.52 to RM2.23, as a result of the decreased retained earnings.

As at 31 December 2021, trade and other receivables decreased by 9.3% from RM188.7 million to RM171.1 million in line with the lower revenue recorded in FYE2021. The contract assets decreased by 53.2% to RM35.9 million from RM76.7 million due to the completion of South Brooks, Capri Hotel, Rumah Selangorku, New Ocean World Convention Centre and Quarza Mall and Residences projects upon their final billings to clients. Meanwhile, trade and other payables as at the end of the FYE2021 had been decreased by 1.9% from RM361.2 million to RM354.3 million.

Total loans and borrowings for FYE2021 was relatively unchanged at RM532.1 million as compared to RM538.9 million in FYE2020. The total debt-to-equity ratio was 1.47x as at 31 December 2021 as compared to 1.32x as at 31 December 2020. If we were to exclude the RM334.1 million Sukuk Murabahah from our debt-to-equity ratio calculation which has limited recourse to the Group, the ratio would come out to 0.55x.

As at the end of FYE2021, the Group's current ratio stood at 1.12x, indicating that the Group has adequate liquidity to meet its short-term obligations.

Plaza @ Kelana Jaya Mixed Commercial Development
(Construction)

MANAGEMENT DISCUSSION AND ANALYSIS (CONT'D)

List of current ongoing projects

No.	Project	Description	Contract value RM'mil	Gross development value RM'mil	Status
Construction					
1.	Techvance Hotel	26-storey hotel with 7-storey car park	99.6	-	45% complete
2.	Plaza @ Kelana Jaya Mixed Commercial Development	2 blocks of serviced apartments, 25-storey SOHO and 14-storey podium	155.1	-	83% complete
3.	99 Residence Development	4 blocks of 55-storey serviced apartments and car park podium	316.0	-	29% complete
4.	Allevia Mont'Kiara	1 block of 45-storey and 1 block of 40-storey condominium, with 2 levels of underground car park, 8 levels of podium with 7 levels of car park and 1 level of recreation facility	192.1	-	2% complete
5.	Maya Ara Residences	1 block of 27-storey serviced apartment with 7 levels of car park podium and 1 level of amenity	107.5	-	2% complete

9.	Kelana Jaya LRT	Retail, office suites and residential	-	821.3	Pending Development Order
10.	Interpoint @ Bandar Bukit Tinggi	Retail, office suites and residential	261.6*#	571.8	Development Order obtained, pending Building Plan
Total			1,503.4	2,339.2	

* Estimated contract value

This is an internally awarded construction contract and its construction revenue will be eliminated at group level

Our outstanding order book stands at approximately RM1.1 billion which will sustain the Group's earnings over the next four years.

MANAGEMENT DISCUSSION AND ANALYSIS (CONT'D)

CORPORATE DEVELOPMENTS

On 27 May 2021, the Group had acquired the remaining 49% equity in its subsidiary company Intan Sekitar Sdn. Bhd. ("ISSB") from Detik Utuh Sdn. Bhd. for a cash consideration of RM0.1 million. The acquisition to wholly own ISSB is in line with the Group's strategy of bolstering its future earnings base and enhance its cash flow arising from its property development project, Latitud8.

On 15 September 2021, CBTech (M) Sdn. Bhd., a wholly owned subsidiary company of CBHB accepted two letters of award with a combined contract sum of RM6.5 million from Pembinaan Tuju Setia Sdn. Bhd. for the execution and completion of the supply, delivery, installation, testing and commissioning of fire protection services and extra voltage services works related to the main building works for the proposed 121 Residences project in Petaling Jaya, Selangor.

On 7 October 2021, Crest Builder Sdn. Bhd. ("CBSB"), a wholly owned subsidiary company of CBHB was awarded a RM192.1 million contract by Allevia Sdn. Bhd. for the execution and completion of two blocks of condominiums with car park podium at Lot 1597, Jalan Kiara 4, Mukim Batu, Kuala Lumpur.

On 29 November 2021, CBSB secured a RM107.5 million contract from a repeat customer, Sime Darby Property (Ara Damansara) Sdn. Bhd. for the construction of a one-block serviced apartment with car park podium at Lot 92084, Jalan PJU 1A/38, Ara Damansara, Mukim Damansara, Daerah Petaling, Selangor Darul Ehsan.

*99 Residence Development, KL
North (Construction)*

ANTICIPATED OR KNOWN RISKS

The construction and property development sectors pose many risks due to the prolonged effects of COVID-19 and the uncertainties caused by political unrest. CBHB remains cautious of these potential risks that the Group may face in FYE2022 and beyond. Nevertheless, the Group has implemented counter measures to mitigate the risks and will continue to assess market conditions and adjust its strategies accordingly.

Due to the impact of COVID-19 on the construction industry landscape, the number of jobs available has become more scarce, leading to increased competition for a smaller slice of the pie. This has resulted in many local contractors reducing their tender bids to remain competitive in the market at the expense of their profit margins. In order to minimise this risk, we remain selective in our tenders and choose projects that we can leverage on our expertise and achieve higher profit margins. Nonetheless, the Group is optimistic of securing RM500 million worth of contracts in FYE2022 to replenish the outstanding order book of RM1.1 billion as at 31 December 2021.

The Group procures raw materials such as steel, concrete, and other components to complete works for its construction and property development projects. This exposes the Group to supply risks such as supply disruptions and volatile prices of raw material, which may potentially impact CBHB's operations. To reduce the impact of this risk, the management actively monitors the price fluctuations and has developed a pool of suppliers.

On the other hand, the property development division faces the risk of possible depletion of its land bank. Thus, the Group is continuously exploring for strategic pieces of land in Klang Valley to replenish its land bank. CBHB is optimistic that they will be able to leverage on its comprehensive knowledge in property development to fully unlock the value of these land.

FUTURE PROSPECTS

In light of the announcement of the full reopening of the nation's borders after two years of being closed and the reduction of standard operating procedures in place, 2022 is expected to be a better year for the country in general as the nation begins its transition into the endemic phase of COVID-19 from April 2022. The opening of borders bodes well for the construction industry as it allows local players to fill up the shortage of foreign labour.

MANAGEMENT DISCUSSION AND ANALYSIS (CONT'D)

Not only that, the construction and property development sectors are expected to benefit from the stimulus packages that were announced by the Government. In the Budget 2022 plan, RM3.5 billion was allocated towards infrastructure projects, among them being the Central Spine Road and Pan-Borneo Highway projects. On top of that, the Government declared that properties sold after the sixth year will not be charged with the real property gains tax and allocated RM2.0 billion under a housing credit guarantee scheme to assist gig workers and small traders without steady income to apply for mortgage loans.

Furthermore, in March 2022, BNM had kept the Overnight Policy Rate at 1.75% during its second monetary policy meeting.

All in all, these incentives implemented are expected to benefit and encourage the purchase of properties in this low-cost and low-interest environment, thereby catalysing the recovery of the property sector.

Nevertheless, the Group remains cautiously optimistic of its prospects going forward in FYE2022. Despite the vaccines revitalising the growth of global and local economies, the vaccines are not able to prevent the infection of COVID-19. Hypothetically, an outbreak of COVID-19 at our worksites may disrupt our operations and impact our bottom line. The efficacy for vaccines will also wane off after a few months and additional booster shots may be required. Therefore, the Group will continue to assess the market condition and will strategise accordingly in order to overcome the challenges ahead.

DIVIDEND

In keeping with its prudent approach and mindful of the resources required to fund working capital for ongoing and future projects, the Board of Directors resolved to not declare dividends in respect of FYE2021. The Board reiterates its intention to strengthen the foundation of our business in light of COVID-19, to be in a position to create value for all stakeholders.

THANK YOU

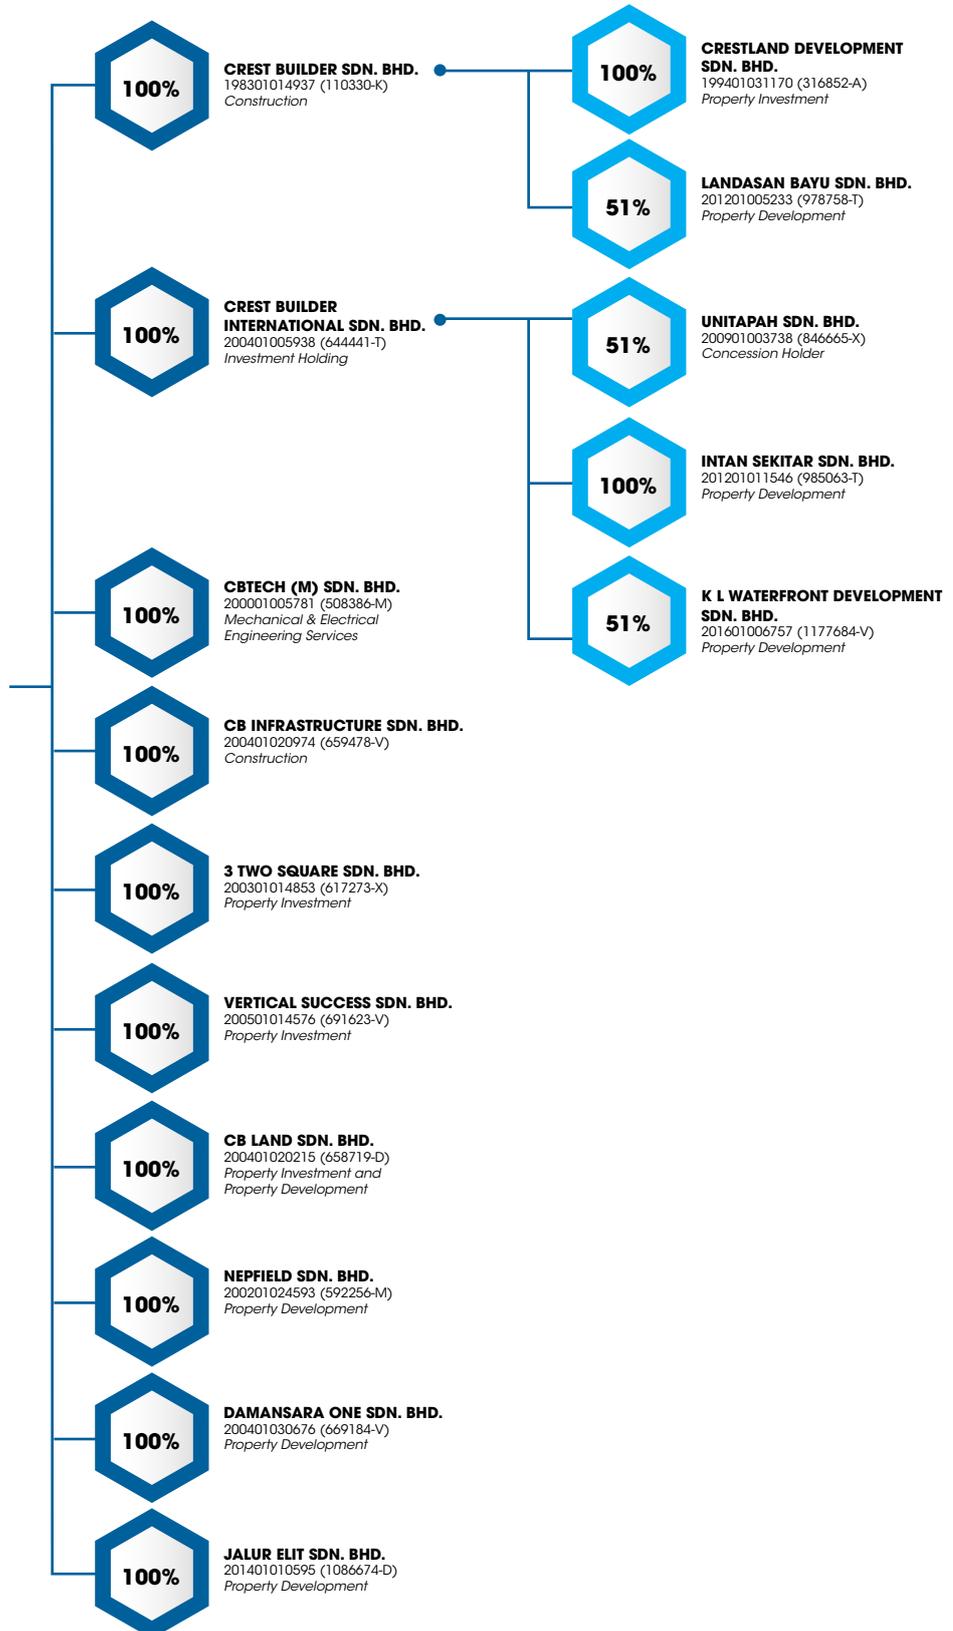

We would like to express our sincerest gratitude to the management, employees, and members of the Board for remaining steadfast during these challenging times. Your unwavering commitment and dedication have enabled us to weather through this storm. We are confident that the leadership, diversity and talent of the Board and management team are a prelude to greater milestones in the coming years.

We would also like to extend our heartfelt appreciation to all our stakeholders, for their endearing support. Finally, our appreciation goes to our shareholders, business partners and associates, clients, various regulatory bodies, government agencies and financial institutions for your continued partnership. We truly look forward to a greater chapter ahead.

South Brooks, Desa Park City (Construction)

CORPORATE STRUCTURE

SUSTAINABILITY REPORT

COMMITMENT TO SUSTAINABILITY

Sustainability has always been a pillar of Crest Builder Holdings Berhad (“CBHB” or “the Company”) and its subsidiary companies’ (“CBHB Group” or “the Group”) culture as we strive to achieve continuing growth and profitability in a safe, caring and sustainable environment. We recognise that sustainability practices are one of the important criteria in investors’ investment decisions.

CBHB continues building Malaysia’s future landscape with efforts to continue embedding sustainability in its business activities. Our mission, as a responsible corporate citizen, is to ensure high standards of governance across our business to promote responsible business practices, manage environmental impacts, and meet the social needs of the community in which we operate, which is in line with our corporate culture.

OUR POLICY ON SUSTAINABILITY

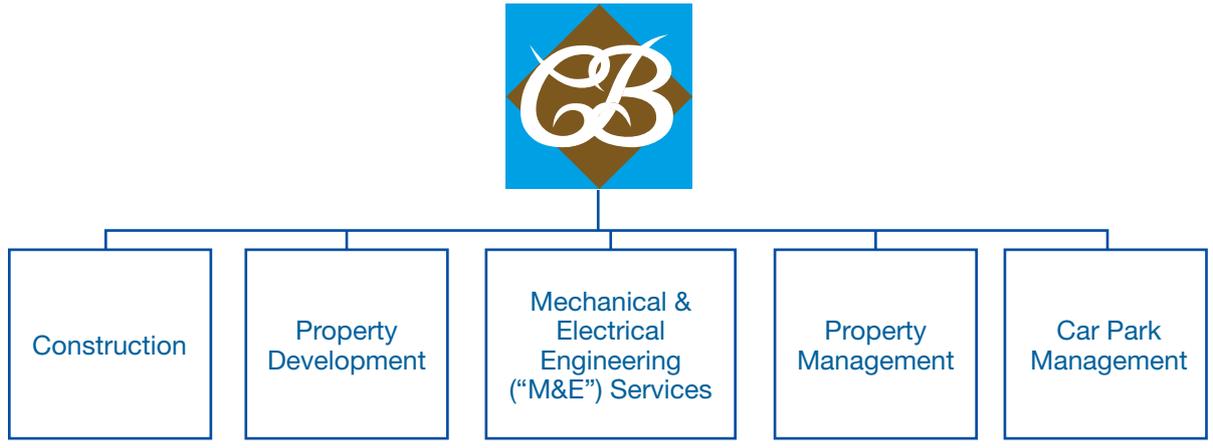

In line with Bursa Malaysia Securities Berhad’s Sustainability Reporting Guide (2nd Edition), the Group’s sustainability practices are to ensure that economic, environmental and social (“EES”) risks and opportunities are tied in with our governance framework and social responsibilities. This enables our corporate success and behaviour to be judged and measured by the public.

The Group continued success in maintaining a sustainable business and generating long-term shareholder value is influenced by several internal and external factors. Each material factor presents unique risks and opportunities to our organisation and is a key consideration in our approach to strategies formulation and execution as it substantially influences the assessments and decisions of our stakeholders. We regularly review these factors to assess their impacts on our business model over the near, medium and long term.

OUR SCOPE OF REPORTING

SUSTAINABILITY REPORT (CONT'D)

Information disclosed in this Report encompasses our core activities related to construction, property development, M&E services, property management as well as car park management. As part of its commitment to enhance sustainability throughout the Group, CBHB continues with the scope of reporting to cover all its active subsidiary companies.

During the financial year ended (“FYE”) 31 December 2021, the Group has stayed true to its roots and maintained its core business activities. As a Malaysian-play construction counter, disclosure in this report will be focused on its sites within the Greater Klang Valley and will not include concessions on the Group’s maiden project in Tapah, Perak. In line with the financial disclosures within this Annual Report, this Sustainability Report will cover the Group’s activities within the calendar year of 1 January 2021 to 31 December 2021.

THE UNITED NATION SUSTAINABLE DEVELOPMENT GOALS (“UN SDG(S)”)

In September 2015, all one hundred and ninety-three (193) United Nation member states adopted “Agenda 2030” - a plan to solve the world’s most pressing economic, environmental and social problems over the next fifteen (15) years. It consists seventeen (17) goals and one hundred and sixty-nine (169) targets that cover a broad set of challenges such as economic inclusion, geopolitical instability, depleting natural resources, environmental degradation and climate change. Malaysia is committed to “Agenda 2030” through its UN SDG Roadmap.

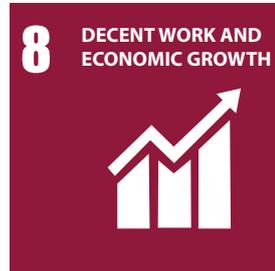

We support the UN SDGs, recognise their strategic importance to our business and to the world, hence we are committed to achieve them. The Group has well-established programs to ensure we operate sustainably and responsibly, following our long-standing commitment to ethical corporate citizenship and promoting sustainability in all our activities. All the UN SDGs are relevant to our operations to varying degrees and we are already contributing to many of these goals. We focus on supporting four (4) goals where we can make the greatest contribution:

SUSTAINABILITY REPORT (CONT'D)

UN SDG 5 - GENDER EQUALITY

To achieve gender equality and empower all women and girls, as the descriptor of this UN SDG is a fundamental goal that speaks the core of CBHB's policy when it comes to human rights, labour practices and diversity and inclusion at all levels, stemming from the Board of Directors ("Board") down to the workforce. Although this standalone UN SDG engenders the role, rights and representation of women at work, it does not stand alone in the broader picture of ensuring a business's sustainability.

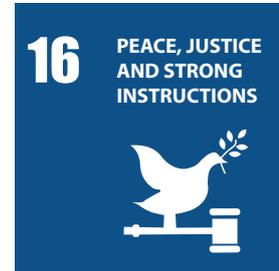

UN SDG 8 - DECENT WORK AND ECONOMIC GROWTH

To promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all is among one of the chief reasons of being for any company in the world. This includes CBHB, which recognises the role that the major stakeholders play in its success in operations. The 'Economic' and 'Social' pillars in the EES model primarily speaks the contributions of the Group's suppliers and vendors and its employees of which more discussion can be found within the 'Material Sustainability Matters' section of this Report.

UN SDG 12 - RESPONSIBLE CONSUMPTION AND PRODUCTION

To ensure sustainable consumption and production patterns, the Group is well aware of its supply chain management, commitment to reduce consumption and to responsibly use resources available to it. When taken in totality, this UN SDG seeks to embed a sense of responsibility towards resources management, unlocking value for both customers and the shareholders.

UN SDG 16 - PEACE, JUSTICE AND STRONG INSTITUTIONS

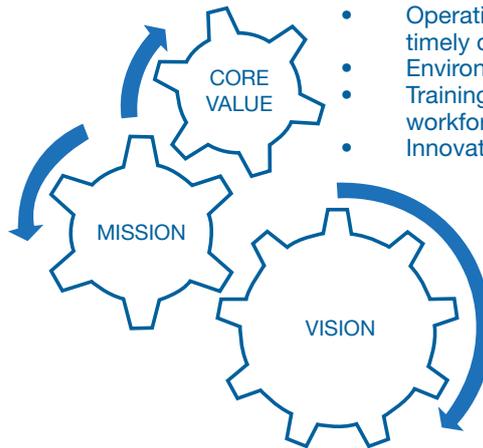

To promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels impacts the Group's main business activity of functioning within the context of government, associations and its own long-term profitability. In line with the Group's practices, this UN SDG is seen most in its Group human resources policies and throughout its value chain.

SUSTAINABILITY REPORT (CONT'D)

SUSTAINABILITY GOVERNANCE

Our vision and mission are the cornerstones of our commitment to the sustainability of the Group. Our core values are the guiding principles that we uphold in day-to-day operations and conduct ourselves to support our vision and shape our culture.

- To promote Co-operation - creating a strong network between ourselves and both upwards and downwards of the supply chain
- To achieve High Standards - providing the promised quality and achieving the zero-defect product
- To develop the Human Capital - our People are our most valuable assets
- To enhance Corporate Social Responsibility - we believe in giving back to the Community
- To enforce Corporate Governance - upholding the Company's values and protecting the stakeholders' interests
- To create the Brand - showcasing Crest Builder to the world
- To accomplish Market Leadership - to be the leader in the construction and property industry

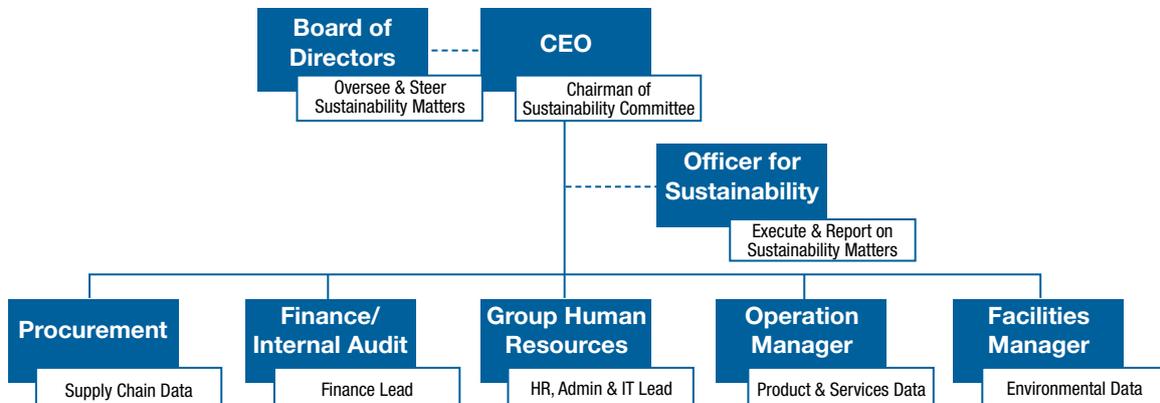

- Operational excellence and timely delivery
- Environmental, Safety and Health
- Training and upskilling of the workforce
- Innovation and technology

To be the preferred organisation of choice by our partners and customers

Sustainability is embedded in our organisational approach and is led from the top. The Board plays a vital guidance and oversight role in advancing sustainability across the organisation with the assistance from the Heads of Departments to oversee the implementation of the organisation's sustainability approach and ensures that key targets are being met. The Group has formed a Sustainability Committee ("the Committee") that is chaired by Chief Executive Officer ("CEO") - Construction Division, who has been given the mandate to carry out the Board's sustainability agenda. The Committee in turn reports to the Board on the sustainability activities and developments during the Board meetings, as and when needed.

During the FYE 2021, there has been no change to the initial composition of the Sustainability Committee and at the end of the year, the Committee comprises of:

SUSTAINABILITY REPORT (CONT'D)

The responsibility of the Committee to promote and embed sustainability in the Group includes overseeing the following:

- Stakeholders' engagement
- Materiality assessment and identification of sustainability risks and opportunities relevant to us
- Management of material sustainability risks and opportunities

The Committee also cascades sustainability matters to their respective teams in the form of policies, internal memos and updates to the Group's Standard Operating Procedures ("SOPs") to continue embedding sustainability in every aspect of the Group's daily operation.

The Board also acknowledges that risk management and internal control are integral to our corporate governance and it is responsible for establishing a sound risk management framework and internal control system as well as to ensure their adequacy and effectiveness. The review of the adequacy and effectiveness of the risk management framework and the system of internal control is delegated by the Board to the Audit Committee. The Group's performance is also tracked with the assistance of the Nomination and Remuneration Committee.

Ethical Business Practices and Anti-Corruption & Anti-Bribery Policy

The Board recognises the importance of ethical business conduct across the operations to maintain our stakeholders' trust. Our businesses are conducted with integrity through good governance as mentioned by the Group's Code of Business Conduct and Ethics.

Good governance is the bedrock of our business, led by ethical business practices and integrity. We have embedded the highest standards of governance in our business not only by complying with the law but through processes and directives that continue to reinforce the principles.

We are committed to a zero-tolerance approach in our efforts to prevent corrupt and bribery practices. We conduct our business ethically, as well as in conformity with all applicable laws. Specific mention in the Employee Handbook on the Group's No Gift Policy is strictly adhered to and in place to discourage graft and bribery.

The Group inducts all new employees on the Company's Code of Business Conduct and Ethics, during the dedicated in-house orientation programme. The employees will also be briefed on the Company's policies on confidentiality and conflict of interest, integrity and prevention of staff fraud. Any updates to the Employee Handbook are done through the internal network.

While none of the Group's operations have been assessed for corruption risks, the Group's strong Internal Audit practices, along with the Board's Audit Committee have been vigilant against corruption at all times in the Group's years of operation.

STAKEHOLDER ENGAGEMENT

We continued to engage our stakeholders actively throughout the fiscal year as part of our sustainability assessment process. Engagement with stakeholders allows us to gain a more complete understanding of our materiality issues and matters whilst, we are also able to capture the key aspects and impacts of our sustainability journey.

SUSTAINABILITY REPORT (CONT'D)

The table below lists our key stakeholder groups and their respective areas of interest as well as methods by which we engage them.

STAKEHOLDERS	ENGAGEMENT METHODS	ENGAGEMENT AREAS
Shareholders	<ul style="list-style-type: none"> • Annual & Extraordinary General Meetings • Press releases / Corporate presentations • Bursa announcements • Quarterly report • Annual report • Timely update on corporate website 	<ul style="list-style-type: none"> • Financial and operational performance • Dividend policy • Return on investments

SUSTAINABILITY REPORT (CONT'D)

MATERIAL SUSTAINABILITY MATTERS

We conducted a materiality assessment, collecting views from our stakeholders on key material sustainability matters that may have a significant EES impact on our business or substantively influence the assessment and decisions of our stakeholders.

PRIORITISATION & MATERIALITY MATRIX

We assess our material sustainability matters annually to fully understand how to manage the risks and opportunities they present. This ensures that we prioritise the issues that have the greatest impact on the economy, environment and the society.

SUSTAINABILITY REPORT (CONT'D)

The table below shows key relationships between the Group's Top Ten (10) material sustainability matters, and the related UN SDGs.

Ranking	Material Sustainability Matters	ESS Pillars	Related UN SDGs
1	Customers & Products		  
2	Shareholders		
3	Suppliers & Vendors		   
4	Safe Workplace		 
5	Waste & Effluent		  
6	Training & Talent Management		
7	Energy & Water Savings		    
8	Labour Practices		
9	Diversity		  
10	Community Engagement		 

SUSTAINABILITY REPORT (CONT'D)

ECONOMIC

Shareholders

Our shareholders are the ultimate owners of the Company and as such, they are entitled to timely and quality information on the Group's financial performance and position. Apart from the Annual General Meeting where shareholders are encouraged to ask questions to the Board and Executive Management on business operations, and the financial performance and position of the Group, the Group's corporate website at www.crestbuilder.com.my also provides a link on investor relations where quarterly and annual financial statements, announcements, financial information, annual reports, circulars/statements to shareholders and other pertinent information are uploaded on a timely basis when available.

Although engagement is largely governed by the Malaysian Code of Corporate Governance and the Listing Requirements by Bursa Malaysia, the Group enjoys indirect economic impacts of a goodwill, trust and loyalty and a mutually beneficial investment relationship.

Customers & Products

The Group is committed to see that not only our shareholders' interests are taken care of but also those of our customers and suppliers. As one of Malaysia's most trusted construction and M&E engineering contractors, CBHB maintains strong trust and working relationships with its customers in a highly competitive market space. The Group's charter to value the customers' well-being, safety and satisfaction are at the core of our commitment to products & services responsibility throughout the products' and services' lifecycle.

CUSTOMERS' SATISFACTION
Internationally recognised best practices and international quality accreditation
Experienced management that equipped with industry knowledge and comprehensive training
Prompt delivery and reliable customer service
Efficient after-sales service, create an integrated and resilient workforce

In order to ensure that our products are of consistent standard and quality, our construction services for building and infrastructure are accredited by ISO 9001:2015 - Quality Management Systems. Additionally, our Group is in compliance with all relevant laws and regulations governing safety and quality.

With almost 40 years of industry expertise, we are well-established and are capable of serving a wide spectrum across the construction industry which includes construction works, property development, property management, M&E services, project management and car park management. We possess teams of well-equipped employees with industry knowledge who are able to manage and deliver customers' expectation. To keep abreast with more technological advances and innovations that have besieged the sectors that we are involved in, CBHB advocates technology embracement in our processes. On top of upskilling ourselves, as a move to reduce human error and over reliance on manual labour, we constantly innovate and adopt Industrialised Building System ("IBS") to increase operational efficiencies and improve the quality of our final products for our clients.

We have adopted an impartial feedback mechanism to address customer complaints and manage our relationship with them. The Company derives feedback from a specialised CRM matrix, which covers the Property Management business as well. In its main engagement with customers during the annual review, the outcomes of the review are recorded in the CRM Form. This feedback identifies outliers and areas of improvement for the Company to continue providing excellent service. Similarly, the Property Management arm undergoes a monthly Facilities Management Review or when the clients, who lease the property, call the Management for a meeting. Customer complaints will be fielded, answered and managed diligently. At the closure of a case, a report is logged under the CRM system and reviewed annually to give the Company a bigger picture of the building's overall health and maintenance. As part of the Group's consideration, customer satisfaction is an important ingredient in the success and continuation of business for the Group.

Doing business by ensuring a client's peace of mind through data security and privacy is utmost important for the business consideration. The Group views cyberattack risks as something to be reduced, if not eliminated. We outsource our Information Technology ("IT") function to a professional IT consulting firm so that we can leverage on the third-party expertise and core competencies in handling cybersecurity issues.

SUSTAINABILITY REPORT (CONT'D)

In the year under review, similar to last year, there have been no incidence or breach from malware, ransomware, hacking or other cyberattacks on its database. The IT consultant has conducted routine IT review and has given the Group's assets a clean bill of health, including exposure from unauthorised software usage.

Suppliers & Vendors

To our suppliers and vendors, we are committed to enhance our processes and engage with our suppliers and vendors to identify and manage risks, increase productivity and efficiency within the supply chain, underpinned by values of integrity and transparency. We look to create value, by looking for opportunities to collaborate and to share best practices with our suppliers.

At the start of a new project, identification of suitable suppliers and vendors relating to the quality of service and product output are among the key determinants during the tender or bid call. Selection of new suppliers and vendors are identified by the Procurement Department. Procurement Department issues a New Supplier/Vendor Form after fit assessment is carried out and aligned with the Group's business goals and targets.

In step-up reporting, the Officer for Sustainability has informed that environmental surveillance has been successfully included and retrofitted into the assessment cycles of existing suppliers and vendors.

Existing suppliers and vendors undergo an annual audit where operational issues are addressed. As all suppliers adhere to the Supplier Code of Conduct and the Non-Conformance policy defined under ISO 9001:2015, any breach will result in termination and loss of business opportunity going forward. At the end of the engagement, if the stakeholder is found to have satisfactory performance and improves performance through feedback received, will have their contracts renewed in order to secure services and products delivery.

The nature of business for the construction and property development industry is highly localised and the Group focuses its procurement activities on local vendors to support local job creation and price-competitiveness. As CBHB is a Malaysian-play construction counter, usage of local raw materials and local expertise, where possible, is an important indicator of the Group's robustness of operations.

In the period under review, 100% of the Group's procurement budget is spent on local suppliers, ensuring the Group's control on the quality, cost-effectiveness and timeliness of delivery from suppliers. For parts of the business that engage third party local suppliers for delivery of outsourced goods and services, a strong track record of delivery and practices that are against violation of human rights and any form of environmental violations are prioritised. There is no exposure to foreign sources of suppliers for the Company.

ENVIRONMENT

Energy & Water Savings

As a Group with its foundations in the environment protection, the Group is aware of the interaction and tender balance between the built and natural environments. In this report, the Group detailed its disclosure of energy and water usage within the Group's headquarters in Dataran 3 Two Square as well as the Group's energy and water management plans in its sites. Part of its ongoing efforts to use energy carefully seen a reduction in usage of 17% from a total of 146,133 kWh (RM63,317) of electricity in FYE 2020 to 121,752 kWh (RM59,288) in FYE 2021. On the other hand, water usage also reported a decline of 26% in FYE 2021 from 446 m³ in FYE 2020 to 330 m³ in FYE 2021. Savings in energy and water usage are also due to the temporary closure of operations in the third quarter of 2021 following the total lockdown.

The Group continues its energy management plans in both headquarters and sites and has SOPs in place to encourage energy conservation and efficiency. The Group switches older diesel-fed machines to electricity-driven ones. This move reduces the Group's overall carbon footprint and cost as well as efficiency of operations. Site-wide energy management plans provide for temporary energy supply purchased from the national grid, to allay concerns of blackouts or temporary power disruptions.

While different project sites allocate water usage differently, water consumption, including the drilling and drawing of well water or ground water in sites with a stable water table, supplements its reliance on raw water usage. A policy against water waste and loss is one of the water conservation efforts of the Group.

SUSTAINABILITY REPORT (CONT'D)

Waste & Effluent

In the year under review, the Group has reduced its carbon footprint further as it endeavours to replace its diesel-powered machines with electricity-powered machines in most of the Group's construction sites. With a consumption of 388,796 litres of diesel in the Group's 8 work sites, it is a reduction of 33% from 2020's consumption figures of 583,670 litres consumed in 9 work sites. The Group shaved 18% of consumption costs with diesel costing the Group RM0.85 million (2020: RM1.04 million) in operating expenses in 2021.

Among innovations used by the Company is using Construction Industry Development Board (CIDB)'s IBS. This pre-fabricated method reduces wastage by accurate quantity surveying and a construction or development is assessed with the IBS Content Scoring System (IBS Score) based on Construction Industry Standard 18 (2018), (CIS 18:2018).

The Group's Zero Waste policy is one of the initiatives lodged to reduce the amount of materials headed for scrapyards and effective garbage disposal policies worked out with its third-party vendors specialising in disposal of construction waste. In 2021, a total of 27,420 m³ was disposed from 6 sites and properties owned or managed by the Group.

Climate-related Risks and Opportunities

CBHB understands sustainability issues related to climate change and its impact on business. The major floods that hit several states in Malaysia in late 2021, especially in the Klang Valley, were unexpected. CBHB has learned from this natural disaster caused by the climate change, and within our control, considers making some efforts for our ongoing and future property development projects, such as enhancing building and layout design, improving infrastructure, planting more trees, careful choosing the future development lands to ensure they are not affected by flooding, etc.

SOCIAL

Safe Workplace

The Group believes that the safety and well-being of its employees are the foundation of its success. Hence, we strive to provide a safe and healthy environment for our employees and to ensure safe practices in all aspects of our business operations. The Group has in place a policy that highlights our commitment to:

- ensure compliance with laws and regulations in relation to occupational safety and health;
- set targets and measures to drive occupational safety and health performance across the organisation; and
- promote a culture where all employees share the commitment to prevent harm to the safety and health of our employees, contractors and the general public.

As such, we strive to provide a safe and healthy environment for our employees and to ensure safe practices in all aspects of our business operations.

Our Safety Officers are registered with Department of Occupational Safety and Health ("DOSH"). In this respect, the Group places importance on continuous compliance with all relevant health and safety laws and regulations such as Occupational Safety and Health Act, 1994 ("OSHA"). In Malaysia, OSHA is the main framework of the Company's Occupational Safety & Health provisions. The Group continues sending its Safety & Health personnel for OSHA-related training, amounting to 208 manhours (2020: 112 manhours) across the Group. Safety Induction Training were conducted for all of our newly joined employees in fieldwork. The programme is designed to train employees to become fully aware on the safety and health measures and to meet the OSHA's guidelines. Workers are equipped with safety protective wear and equipment when involving in potentially dangerous works. Furthermore, safety briefings are compulsorily conducted to all visitors or contractors on the awareness of safety before entering to the site.

Following previous disclosure, the Group's target for Occupational Safety & Health was to reach a zero-accident rate for FYE 2021. This KPI has been reached as there were no accidents or claims for work-related injury in the year under review.

SUSTAINABILITY REPORT (CONT'D)

As a construction company, the Group is compliant to all local land codes, both Federal and State as well as local councils concerning site safety, health and management. One of the key aspects the Group is committed to provide is a safe and healthy working environment free from disease-carrying vectors or insects. In light of the global shut-down caused by the Coronavirus Disease 2019 ("COVID-19") virus in early 2020, this issue could not be more timely. No sites were shut down or fines levied due to the presence of the dengue-causing Aedes mosquito. This reflects the success of the Group's new policies launched since 2019 to improve site hygiene and its adoption of the main environmental UN SDGs.

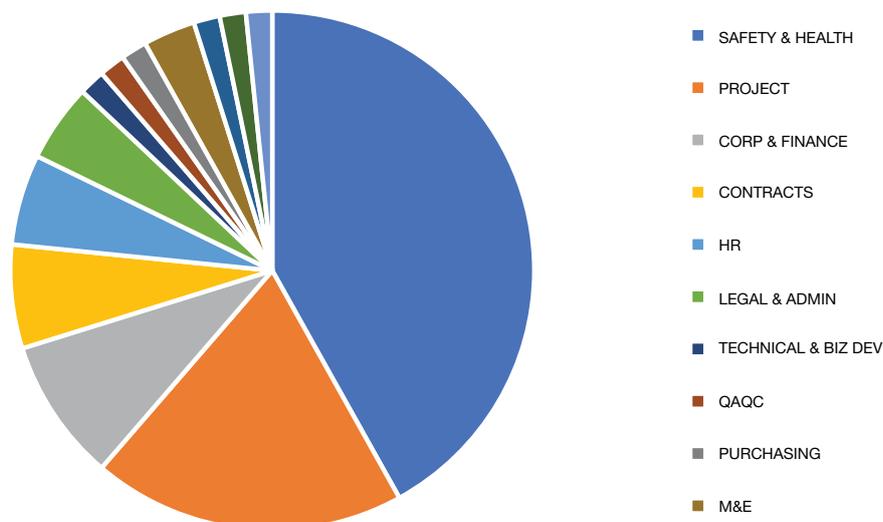

As COVID-19 has affected all areas of business throughout the world since 2020, it has become a social responsibility for CBHB to act accordingly. It is our Group's immediate priority to protect the health and safety of our employees. Amidst the outbreak of COVID-19 pandemic, with the approval obtained from Ministry of International Trade and Industry, we have kept the minimum number of employees to attend to work during the Movement Control Order. Besides, our essential workers deserve most accolades, we ensure protective masks put on and body temperatures checked before entering into business premises. We also practice social distancing with at least one metre. In FYE 2021, 9 employees tested positive for COVID-19, compared to 2 cases reported in FYE 2020. In addition to requiring all employees to strictly follow the SOPs, the Group has also taken additional measures to curb its spread in the community, such as covering vaccination costs for employees, bi-weekly COVID-19 testing, allocation of quarantine centres in workers quarters, etc.

Training & Talent Management

A good team is a business's surety that the Group grows from strength to strength and on this basis, employees are a valuable business capital or asset and part of the CBHB family. Within the scope of this report are the Group's direct employees under the Group's payroll and will not include those under the minority stake of subsidiary companies in which the Group holds development rights (despite 51% or more ownership).

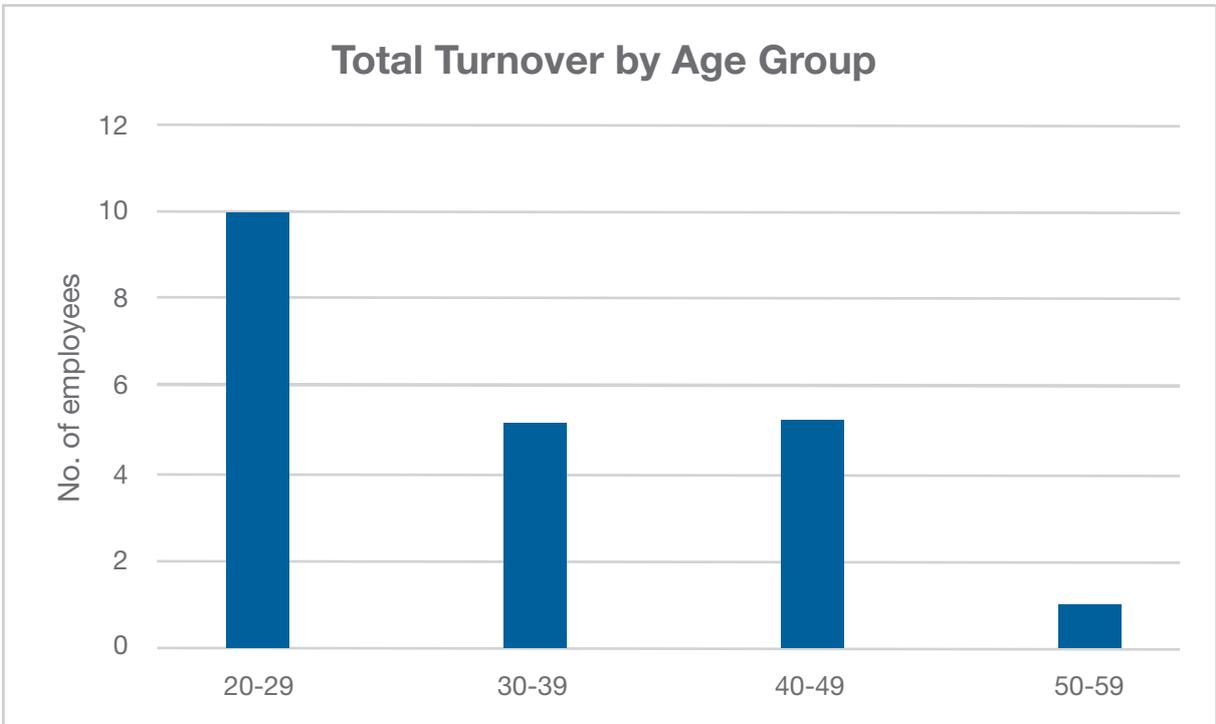

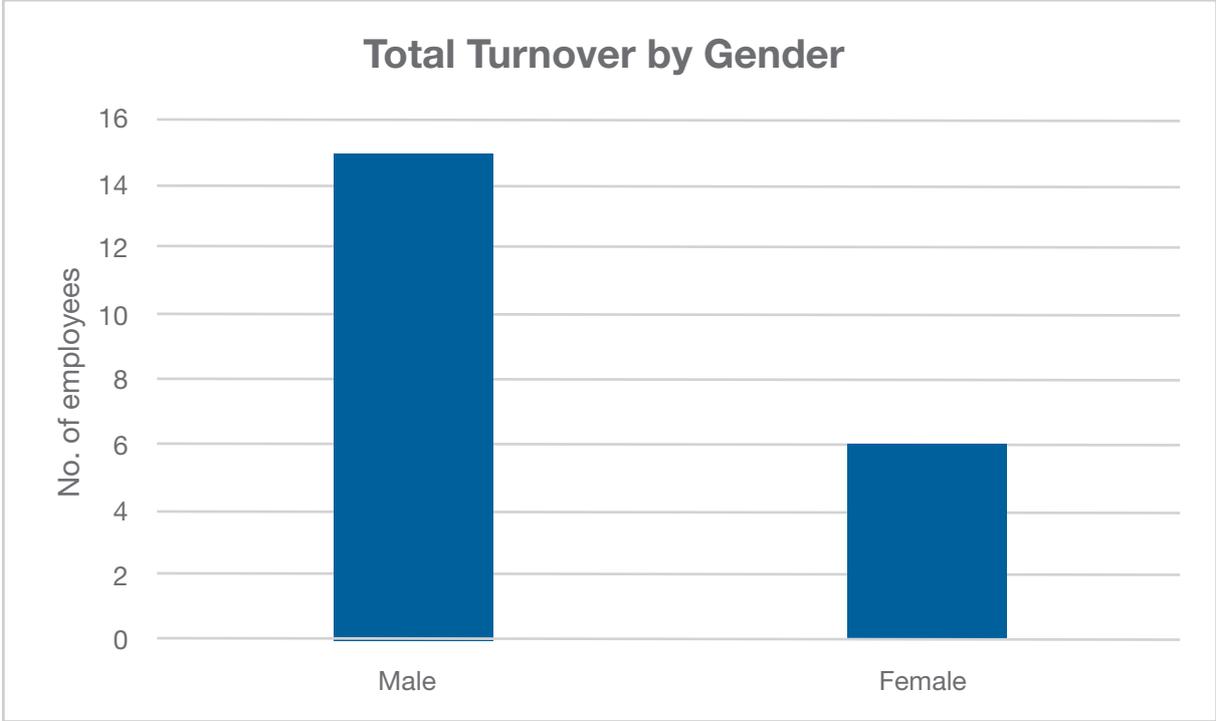

As an employer, CBHB is a renowned construction firm in Malaysia and instils respect and trust amongst its employees. This enables the Group to retain and attract top talent to its team. The Group also recognises that the Industrial Revolution 4.0 will place pressure in organisations to continuously upskill and reskill our workforce, to stay relevant and productive. Employees are encouraged to attend internal or external training or pursue professional development to enhance their knowledge and skill for career enhancement and personal development, human resource management, technical skills, and others. In FYE 2021, our employees underwent 62 man-days of training or 496 manhours.

Training & Development

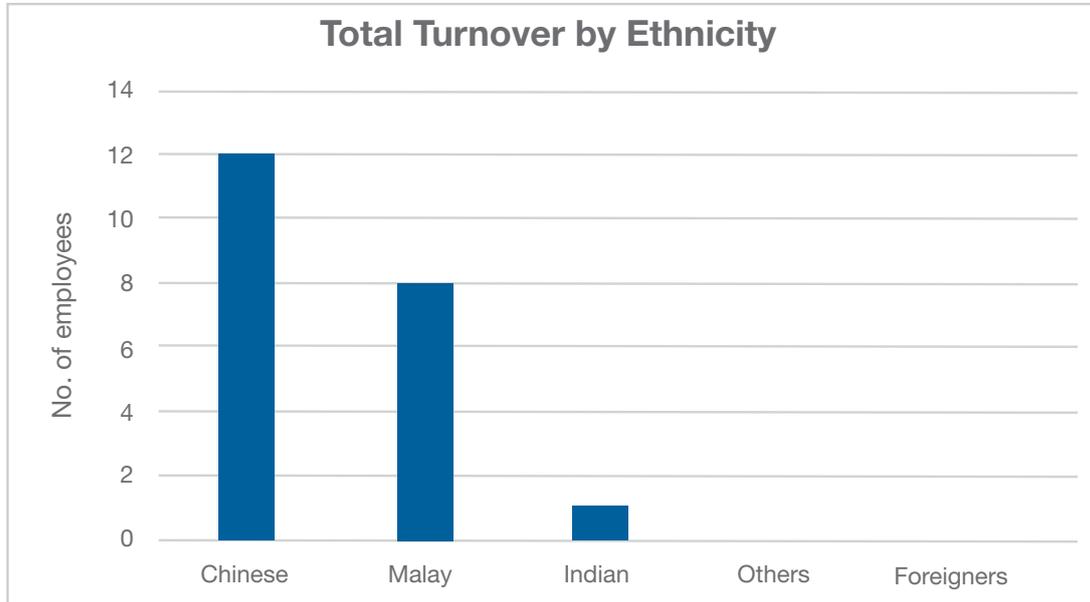

Besides training, an engaged workforce is updated with company-wide news in the Group's in-house communications, such as internal staff memos. Despite the industry faced strong headwinds in FYE 2021, the stable outlook of the Group's activities and order book led to a low attrition rate and a successful retention of talent. There have been no movement at the Board level and the movement of the workforce is best reflected in the following charts.

SUSTAINABILITY REPORT (CONT'D)

SUSTAINABILITY REPORT (CONT'D)

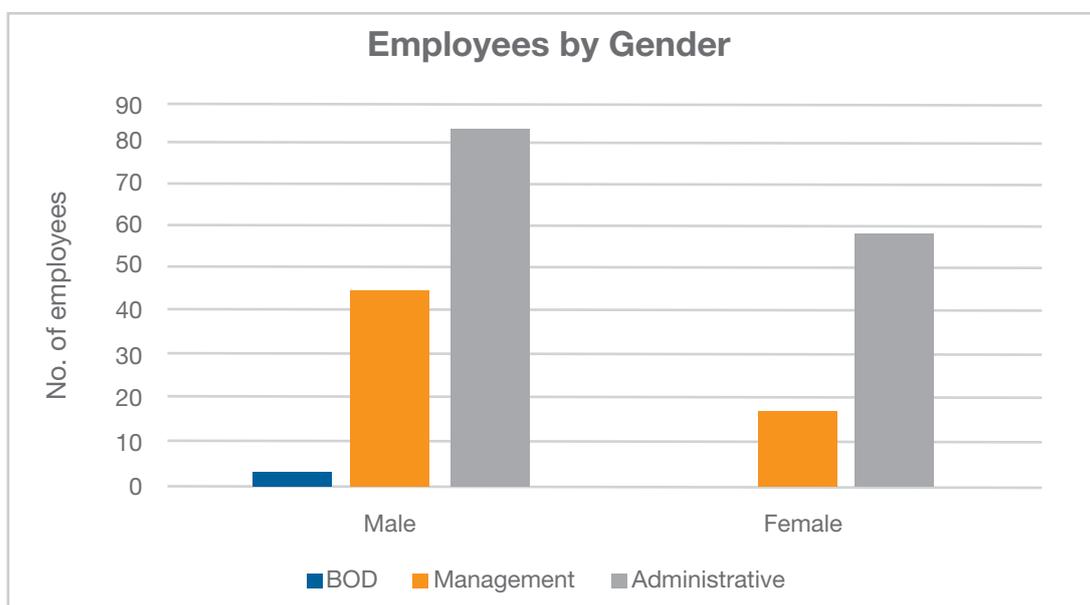

Diversity

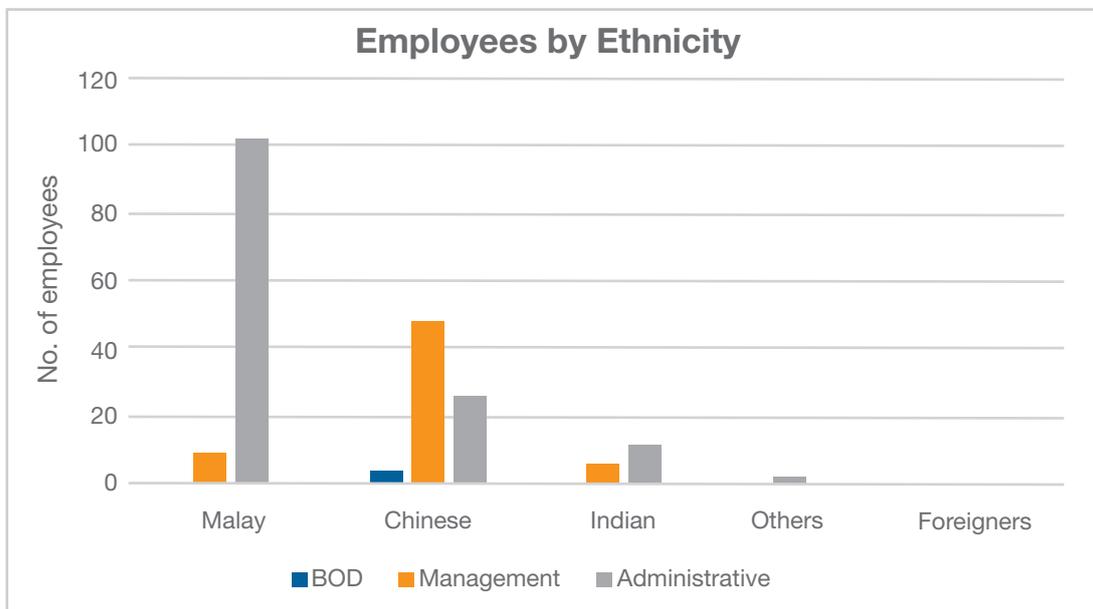

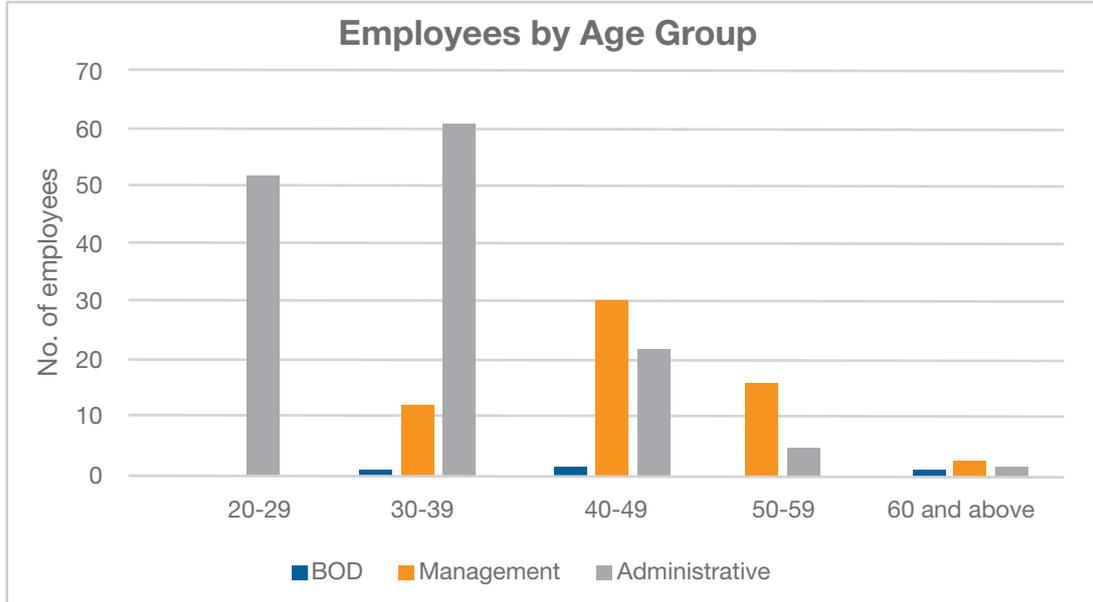

Diversity refers to the differences in workforce by gender, age, ethnicity and disability. This measure is considered across the Board, from the directors to the management and the rest of the workforce. As at 31 December 2021, the Group's headcount comprised 4 executive directors, 61 management and 142 administrative staff, bringing the Group tally to 207 pax.

The Board is aware of the initiative to increase female participation in the boardroom, as such, the Group will continue in looking for the right candidate. At the management and administrative levels, there are no foreigners and local talents are hired and sourced from online job platforms and internal recommendations. Most of the Group's pre-dominantly skilled, white-collar workers are graduates or skilled professionals and fill management or administrative roles.

The following charts depict the composition of the Group's human capital in 2021.

SUSTAINABILITY REPORT (CONT'D)

SUSTAINABILITY REPORT (CONT'D)

Labour Practices

We are committed to provide and respect fundamental human rights and safeguard against violation of human rights. The freedoms enshrined in this include freedom from forced and child labour, adherence to minimum wages and fair compensation and provision of reasonable working hours per stipulated by Labour Law.

We guarantee an anti-discriminatory and anti-harassment workplace, one that is safe and healthy and above all, ethical in conduct. Employees are not restricted from unionising and are afforded the freedom of association per local laws and practice.

Furthermore, the Group's employee benefits are above minimum statutory requirements and include dental and healthcare benefits, insurance coverage and adequate leaves on a buildable scale based on length of service.

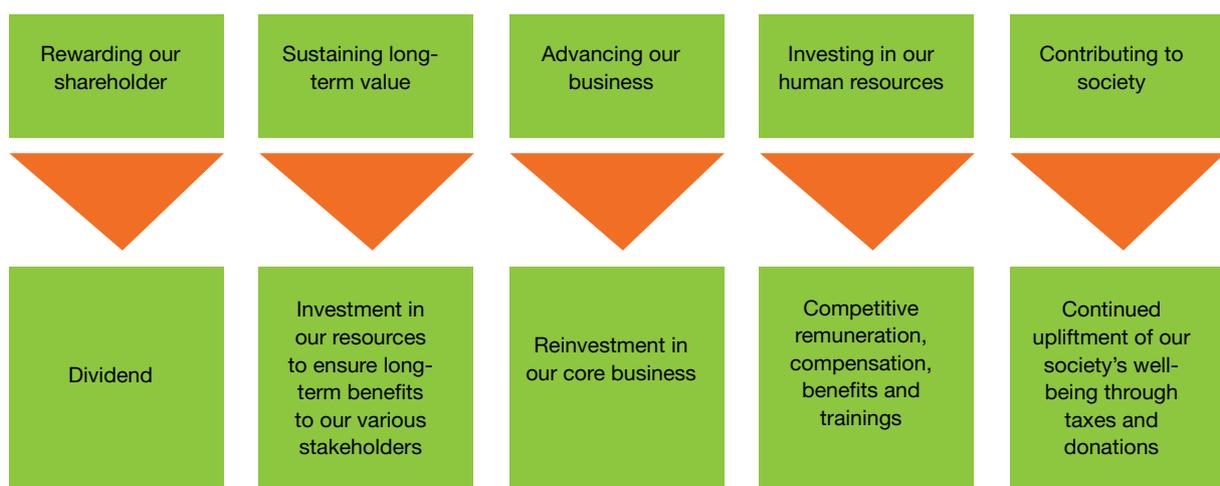

We are committed to the continuous improvement of our workers' accommodation as we understand that this is a key in ensuring our staff welfare and well-being especially in the midst of COVID-19 pandemic. We are in compliance with the Workers' Minimum Standards of Housing and Amenities (Amendment) Act 2019 (Act 446) whereby we have embarked on the programme to improve the living quarters of our site workers by ensuring reasonable number of workers living in the right size of the space with the required amenities and facilities. Every single site worker is also given an appropriate size and thickness of single bed as well as a cupboard with lock to keep their possessions.

Community Engagement

As we are deeply rooted in the community we operate, we actively engage in community outreach programmes and activities. We are proud of having the privilege to serve various segments of the community towards providing for social empowerment and helping to make a positive difference for people across all walks of life. We have from time to time made various donations and contribution.

OUR COMMITMENT

As a responsible corporate citizen, the Group shall endeavour to undertake sustainable and responsible practices to add value to sustainable business growth, environmental stewardship and social responsibility.

SUSTAINABILITY REPORT (CONT'D)

SUSTAINABILITY REPORT (CONT'D)

REPORT OF THE AUDIT COMMITTEE

COMPOSITION AND MEMBERS

The current Audit Committee (“the Committee”) comprises three (3) members of the Board of Directors (“the Board”) who are all Independent Non-Executive Directors. Among the Independent Non-Executive Directors, Mohd Khasan bin Ahmad and Lim Boon Teng are members of the Malaysian Institute of Accountants. Below are the members of the Committee during the financial year:

Directors	Status
1. Mohd Khasan bin Ahmad - Chairman	Independent Non-Executive Director
2. Kam Yong Kan	Independent Non-Executive Director
3. Lim Boon Teng	Independent Non-Executive Director

TERMS OF REFERENCE

The Committee is governed by the following terms of reference:

1. Composition

- (i) The Committee shall be appointed by the Board from amongst the directors excluding Alternate Directors; shall consist of not less than three members, where all members are Independent Non-Executive Directors; and at least one member of the Committee:
 - (a) must be a member of the Malaysian Institute of Accountants; or
 - (b) if he is not a member of the Malaysian Institute of Accountants, he must have at least 3 years’ working experience and:
 - (aa) he must have passed the examinations specified in Part 1 of the 1st Schedule of the Accountants Act 1967; or
 - (bb) he must be a member of one of the associations of accountants specified in Part 11 of the 1st Schedule of the Accountants Act 1967; and
 - (c) fulfils such other requirements as prescribed by Bursa Malaysia Securities Berhad (“Bursa Securities”) or approved by the Securities Commission.

The Chairman shall be an Independent Non-Executive Director elected by the members of the Committee.

- (ii) In the event of any vacancy in the Committee resulting in the non-compliance of paragraph (i) above, the Board must fill the vacancy within 3 months.
- (iii) In the event that a former key audit partner is appointed as a member of the Committee, a cooling-off period of at least 2 years is required to observe prior his/her appointment.
- (iv) The term of office and performance of the Committee and each of its members shall be reviewed by the Board at least once every 3 years to determine whether the Committee and its members have carried out their duties in accordance with their terms of reference.

2. Authority

The Committee is granted the authority to investigate any activity of the Company and its subsidiary companies within its terms of reference, and all employees are directed to co-operate as requested by members of the Committee. The Committee is empowered to obtain independent professional or other advice and retain persons having special competence as necessary to assist the Committee in fulfilling its responsibility.

REPORT OF THE AUDIT COMMITTEE (CONT'D)

TERMS OF REFERENCE (CONTINUED)

3. Responsibility

The Committee is to serve as a focal point for communication between non-Committee directors, the external auditors, internal auditors and the management on matters in connection with financial accounting, reporting and controls. The Committee is to assist the Board in fulfilling its fiduciary responsibilities as to accounting policies and reporting practices of the Company and all subsidiary companies and the sufficiency of auditing relative thereto. It is to be the Board's principal agent in assuring the independence of the Company's external auditors, the integrity of the management and the adequacy of disclosures to shareholders.

If the Committee is of the view that a matter reported to the Board has not been satisfactorily resolved resulting in a breach of the Bursa Securities Listing Requirements, the Committee shall promptly report such matter to the Exchange.

4. Functions

The functions of the Committee are as follows:

- (i) review with the external auditors, their audit plan;
- (ii) review with the external auditors, their evaluation of the system of internal control;
- (iii) review with the external auditors, their audit report;
- (iv) review the assistance given by the Company's officers to the external auditors;
- (v) review the adequacy of the scope, functions, competency and resources of the internal audit functions and that it has the necessary authority to carry out its work;
- (vi) review the internal audit programme, processes, the results of the internal audit programme, processes or investigation undertaken and whether or not appropriate action is taken on the recommendations of the internal audit function;
- (vii) review the quarterly results and year end financial statements, prior to the approval by the Board, focusing particularly on:
 - (a) changes in or implementation of major accounting policy changes;
 - (b) significant and unusual events;
 - (c) significant adjustments arising from the audit;
 - (d) compliance with accounting standards and other legal requirements;
 - (e) compliance with Bursa Securities Listing Requirements; and
 - (f) the going concern assumption.
- (viii) review any related party transaction and conflict of interest situation that may arise within the Company or the Group including any transaction, procedure or course of conduct that raises questions of management integrity; and
- (ix) consider the nomination, appointment and re-appointment of external auditors, their audit fees, and any questions on resignation or removal.

REPORT OF THE AUDIT COMMITTEE (CONT'D)

TERMS OF REFERENCE (CONTINUED)

5. Meetings

- (i) The Committee is to meet at least four times a year and as many times as the Committee deems necessary.
- (ii) In order to form a quorum for any meeting of the Committee, two (2) of the members must be presented and all present must be Non-Executive Directors and majority must be Independent Directors.
- (iii) The meetings and proceedings of the Committee are governed by the provisions of the Company's Constitution regulating the meetings and proceedings of the Board so far as the same are applicable.
- (iv) The director/person responsible for the financial management of Crest Builder Holdings Berhad and the head of internal audit shall normally attend meetings of the Committee. The presence of a representative of the external auditors will be requested if required.
- (v) Upon request by the external auditors, the Chairman of the Committee shall convene a meeting of the Committee to consider any matters the external auditors believe should be brought to the attention of the directors or members of the Company.
- (vi) At least twice a year, the Committee shall meet with the external auditors without the presence of other directors and employees of the listed issuer whenever deemed necessary.

6. Secretary and minutes

The secretary of the Committee shall be the Company Secretary. Minutes of each meeting are to be prepared and sent to the Committee members, and the Company's directors who are not members of the Committee.

MEETINGS

The Audit Committee convened five (5) meetings in respect for financial year ended 31 December 2021. The attendance for the meetings were as follows:

Members	Number of meetings attended	Number of meetings held during tenure
1. Mohd Khasan bin Ahmad - Chairman	5	5
2. Kam Yong Kan	5	5
3. Lim Boon Teng	5	5

REPORT OF THE AUDIT COMMITTEE (CONT'D)

SUMMARY OF ACTIVITIES

For the financial year under review, the Audit Committee carried out its duties as set out in the terms of reference. The Committee convened five (5) meetings to review the following:

- the annual financial statements prior to submission to the Board for consideration and approval;
- the unaudited Quarterly Financial Results for four quarters in year 2021 for the release to the Bursa Securities;
- the Recurrent Related Party Transactions and Related Party Transactions of the Company;
- the Statement of Overview on Corporate Governance and Statement on Risk Management and Internal Control for disclosure in Annual Report 2020;
- review of the internal audit reports for financial year 2020 & 2021 including internal controls and implementation of recommendations;
- the internal and external audit planning memorandums and programmes of the internal and external auditors for the following year as well as the recommendation of their respective fees to the Board;
- consider and recommend to the Board the appointment of external and internal auditors; and
- the recommendations by the internal and external auditors in respect of control weaknesses noted during the course of their audit.

The meetings were appropriately structured through the use of agendas and meeting papers, which were distributed to members 5 business days in advance before the meetings.

INTERNAL AUDIT FUNCTION

The Company has an outsourcing arrangement with an independent professional firm to provide internal audit services which assists the Audit Committee in discharge its functions. The internal auditors, Ernst & Young Advisory Services Sdn. Bhd., provide independent and objective reports on the organisation's management records, accounting policies and controls directly to the Audit Committee. Such audits/reviews also ensure instituted controls are appropriate and are effectively applied to achieve acceptable risks exposures. The internal audit function is carried out in accordance with a recognised framework guided by International Standards for the Professional Practice of Internal Auditing. In terms of resources allocated for each of their visit, the team with a size of 4 to 5 members is assigned and headed by the Engagement Partner. The internal auditors are free from any relationship or conflict of interest with the Group, which could impair their objectivity and independence in carrying out their duties.

During the financial year, the internal auditors conducted independent reviews and evaluated risk exposures relating to the Group's governance, operations and information system as follows:

- reliability and integrity of financial and operational information;
- effectiveness and efficiency of operations;
- safeguarding of assets; and
- compliance with policies and procedures, laws, regulations and contracts i.e. reasonably ensuring conformity and adherence to these matters.

The internal auditors also established follow-up audits/reviews to monitor and to ensure that internal audit's recommendations have been effectively implemented. Reports, including where relevant, action plans agreed with the operational level management, are circulated to senior management and are tabled at the Audit Committee Meeting. Internal audit fees of RM120,000 was paid to the outsourced internal auditors for the financial year ended 31 December 2021.

During the financial year, the internal audit activities have been carried out according to the internal audit plan which has been approved by the Audit Committee.

STATEMENT OF OVERVIEW ON CORPORATE GOVERNANCE

The Board of Directors (“the Board”) remains committed to achieving and maintaining the highest standards of corporate governance throughout the Group. The Board views corporate governance as synonymous with four key concepts; namely transparency, accountability, integrity as well as corporate performance.

Measures and efforts have and shall be taken to ensure as far as practicable the adoption and implementation of the Principles and Recommendations set out in the Malaysian Code on Corporate Governance (“the Code”) and in the Main Market Listing Requirements (“MMLR”) of the Bursa Malaysia Securities Berhad (“Bursa Securities”).

Set out below is a description of how the Group has applied the Principles of the Code and how the Board has complied with the Recommendations set out in the Code throughout the financial year ended 31 December 2021.

SECTION A – BOARD OF DIRECTORS

The Board

The Group recognises the importance of role played by the Board in the stewardship of its direction and operations and ultimately the enhancement of long-term shareholder value. To fulfill this role, the Board is responsible for the overall corporate governance of the Group, including its strategic direction, establishing goals for management and monitoring the achievement of these goals.

The Board has a formal schedule of matters reserved to itself for decision, which includes the overall Group strategy and direction, acquisition and divestment policy, approval of major capital expenditure projects and significant financial matters. The schedule ensures that the governance of the Group is in its hands.

Duties and Responsibilities of the Board

The responsibilities of the Board of the Company are as follows:

- reviewing and adopting a strategic plan for the Group which will enhance the future growth of the Group;
- overseeing the conduct of the Group’s business to evaluate whether the business is being properly managed;
- identifying principal risks of the business and ensure the implementation of appropriate systems to manage these risks;
- succession planning;
- overseeing the development and implementation of shareholder communications policy for the Company; and
- reviewing the adequacy and the integrity of the Group’s internal control systems and management information systems, including systems for compliance with applicable laws, regulations, rules, directives and guidelines.

The Board has formalised and adopted a Board Charter which serves as a source of reference for directors. The Board Charter comprises, amongst others, the duties and responsibilities of the Board and the management, Board composition, Board Committees, Board meetings, Directors’ Code of Business Conduct and Ethics, Directors’ training, Directors’ remuneration as well as communication between the Board and shareholders.

The Board Charter approved by the Board is reviewed regularly to ensure that new laws, regulations or relevant developments having an impact on the discharge of the Board’s responsibilities are taken into account.

The Board Charter is available on the Company’s website at www.crestbuilder.com.my.

STATEMENT OF OVERVIEW ON CORPORATE GOVERNANCE (CONT'D)

SECTION A – BOARD OF DIRECTORS (CONTINUED)

Board Balance & Independence of Directors

As at the date of this statement, the Board has seven (7) members, comprising four (4) Non-Executive Directors, two (2) Executive Directors and one (1) Alternate Director. Three (3) of the seven (7) Directors are Independent Non-Executive Directors. A brief profile of each director is presented on pages 13 and 14 of this Annual Report.

There is a clear division of responsibility between the Chairman and the Managing Director of the Group in order to provide for balance of power and authority. The Chairman is responsible for ensuring the Board effectiveness and conduct whilst the Managing Director has an overall responsibility over the operating units, organisational effectiveness and implementation of the Board's policies and decisions.

All the Independent Non-Executive Directors are independent of management and are free from any business or other relationship that could materially interfere with the exercise of their independent judgement. They have the calibre to ensure that the strategies proposed by the management are fully deliberated and examined in the long-term interest of the Group, as well as shareholders, employees and customers.

One of the recommendations of the Code states that the tenure of an Independent Director should not exceed a cumulative term of 9 years. If the Board intends to retain an Independent Director beyond 9 years, it should justify and seek annual shareholders' approval. If the Board continues to retain the Independent Director after the 12 years, the Board should seek annual shareholders' approval through a two-tier voting process. The Nomination and Remuneration Committee and the Board have upon their annual assessment, concluded that each of the 2 Independent Non-Executive Directors, Encik Mohd Khasan bin Ahmad and Mr. Kam Yong Kan continue to demonstrate conduct and behaviour that are essential indicators of independence, and that each of them continues to fulfil the definition of independence as set out in the MMLR. In addition, the Company has sought shareholders' approval at the Annual General Meeting for both to continue to serve as Independent Directors of the Board. The approval was obtained by shareholders through a two-tier voting process at the last Annual General Meeting held on 9 June 2021. The length of their service on the Board does not in any way interfere with their exercise of independent judgement and ability to act in the best interest of Crest Builder Holdings Berhad.

On 19 January 2022, Bursa Securities announced an amendment to the MMLR to limit the term of Independent Directors to 12 years. All long-serving Independent Directors affected by this amendment must resign or be re-designated as Non-independent Directors on or before 1 June 2023. The Nomination and Remuneration Committee is currently planning to comply with this requirement by the given deadline.

Although the Company does not have a formal Board Diversity Policy, the Board is actively working towards promotion of corporate culture that embraces diversity in its recruitment process. The Board has achieved Boardroom diversity in terms of gender, age and ethnicity. As of to-date, 16.7% of Board members is represented by woman director (exclude Alternate Director).

Code of Conduct

The Company has issued and implemented a Code of Business Conduct and Ethics that applies to all directors and employees of the Group. Directors and employees are required to read, understand and abide by the Code of Business Conduct and Ethics. The Code of Business Conduct and Ethics is effectively communicated via the Company's Employee Handbook and is subject to regular review and updates. The Code of Business Conduct and Ethics lays out the ethical, business and lawful conduct of the Company, include managing conflicts of interest, preventing the abuse of power, corruption, insider trading and money laundering.

The Company has a formalised whistleblower policy. The whistleblower policy is planned as a tool to manage non-compliance to the Group's Code of Business Conduct and Ethics and its future improvement. The whistleblower is advised to report and provide appropriate information of any improper conduct to any of the Risk Management Committee members for further action.

STATEMENT OF OVERVIEW ON CORPORATE GOVERNANCE (CONT'D)

SECTION A – BOARD OF DIRECTORS (CONTINUED)

Board Meetings

The Board ordinarily meets at least four (4) times a year at quarterly intervals with additional meetings convened when urgent and important decisions need to be taken between the scheduled meetings. During the financial year, the Board met on five (5) occasions, where it deliberated upon and considered a variety of matters including the Group's financial results, major investments and strategic decisions, the business direction of the Group and corporate governance matters.

Details of the attendance of the directors at the Board Meetings are as follows:

Directors	Number of meetings attended in 2021
(i) Tengku Dato' Sulaiman Shah bin Tengku Abdul Jalil Shah	5/5
(ii) Yong Shang Ming	5/5
(iii) Koh Hua Lan (f)	5/5
(iv) Mohd Khasan bin Ahmad	5/5
(v) Kam Yong Kan	5/5
(vi) Lim Boon Teng	5/5
(vii) Yong Tiok Keng (f) (Alternate Director to Koh Hua Lan)	5/5

Where a potential of conflict arises in the Group's investment, projects or any transactions involving director's interest, such director is required to declare his/her interest and abstain from further discussion and the decision-making process.

Board Committees

Where appropriate, matters have been delegated to Board Committees, all of which have written constitutions and terms of reference to assist the Board in discharging its duties and responsibilities. The Board will then receive the reports of their proceedings and deliberations in its scheduled Board meetings.

(i) Audit Committee

The Audit Committee whose composition meets the MMLR, i.e. all members are Non-Executive Directors and at least one member is a qualified accountant. The primary objective of the Audit Committee is to assist the Board in fulfilling its responsibilities relating to accounting and reporting practices of the Group. The Report of the Audit Committee is set out on page 44. The Audit Committee is empowered to obtain external professional advice and to invite outsiders with relevant experience to attend its meeting when necessary.

(ii) Nomination and Remuneration Committee

On 26 February 2021, the Nomination Committee and the Remuneration Committee were merged and renamed as the Nomination and Remuneration Committee.

STATEMENT OF OVERVIEW ON CORPORATE GOVERNANCE (CONT'D)

SECTION A – BOARD OF DIRECTORS (CONTINUED)

Board Committees (Continued)

(ii) Nomination and Remuneration Committee (Continued)

The responsibilities of the Committee are as follows:

- identifying and recommending new nominees to the Board as well as committees of the Board;
- reviewing regularly the Board structure, size and composition and to ensure that at least one-third (1/3) of the Board is independent;
- reviewing the required mix of skills, experience and other qualities including core competencies which non-executive directors should bring to the Board;
- assessing annually the effectiveness of the Board, the committees and the contribution of each individual director;
- evaluating and determining the training needs of the directors to enable them to effectively discharge their duties;
- recommending directors who are retiring by rotation to be put forward for re-election pursuant to the Constitution of the Company;
- developing the Group's remuneration policy and determining the remuneration packages of the Executive Directors of the Group;
- proposing, subject to the approval of the Board, the remuneration and terms and conditions of service and the remuneration to be paid to each director for his services as a member of the Board as well as committees of the Board; and
- designing and implementing evaluation procedures for directors.

All the members of the Nomination and Remuneration Committee are Independent Non-Executive Directors. The members of the Nomination and Remuneration Committee and the details of their attendance are as follows:

Directors	Number of meetings attended in 2021
Lim Boon Teng (Chairman)	1/1
Mohd Khasan bin Ahmad	1/1
Kam Yong Kan	1/1

Supply of Information

The Board is supported by a qualified and competent Company Secretary who is accountable to the Board and is responsible in advising the Board on issues relating to corporate governance with the relevant laws, rules and regulations affecting the Group and the Company as well as ensuring compliance with the statutory requirements of the Companies Act 2016, the MMLR and other regulatory bodies.

All scheduled meetings held during the financial year were preceded with a formal agenda issued by the Company Secretary in consultation with the Chairman and the Managing Director. The agenda for each meeting was accompanied by the minutes of preceding meetings of the Board and Board Committees, reports on Group's financial performance, industry trends, business plans and proposals, quarterly result announcements and other relevant information. The Board papers are comprehensive and encompass all material aspects of the matters being considered, enabling the Board to look at both quantitative and qualitative factors so that informed decisions are made. All the Board papers are distributed 5 business days in advance of the meetings to ensure directors are well informed and prepared for the meetings.

All directors have access to the advice and services of the Company Secretary. Directors are informed and aware that they may take independent professional advice, if necessary and appropriate in furtherance of their duties, at the expense of the Group.

STATEMENT OF OVERVIEW ON CORPORATE GOVERNANCE (CONT'D)

SECTION A – BOARD OF DIRECTORS (CONTINUED)

Appointments and Re-elections to the Board

The Nomination and Remuneration Committee is responsible for making recommendations for any appointments to the Board. In making these recommendations, the Nomination and Remuneration Committee considers the required mix of skills and experience which the directors should bring to the Board.

In accordance with the Company's Constitution, all directors who are appointed by the Board are subject to re-election by rotation by shareholders at the first opportunity after their appointments. The Constitution also provides that at least 1/3 of the remaining directors be subject to re-election by rotation at each Annual General Meeting, provided that all directors including the Managing Director shall retire from office at least once every three years but shall be eligible for re-election.

Annual Evaluation

The Board has undertaken a formal and objective annual evaluation to determine the effectiveness of the Board, its committees and each individual director. Every year, directors are required to complete the Directors' Self-Performance Evaluation Form covering a series of key success factors, namely integrity & ethics, governance, strategic perspective, business acumen, judgement and decision making, teamwork, communication and leadership. Directors are also given opportunity to provide feedback on the performance of the Board and the Company and suggestion for improvement.

Directors Training

All the directors of the Company have attended the Mandatory Accreditation Programme prescribed by Bursa Securities for directors of public listed companies.

The Board encourages directors to participate in ongoing education, as well as participation in accredited director education programmes.

During the financial year 2021, all directors had attended various training programmes, conferences, seminars and workshops which they have individually or collectively considered as relevant and useful in contributing to the effective discharge of their duties as directors. The directors had attended/participated in one or more of the following training programmes/conferences/seminars/workshops in 2021:

- MBAM Seminar on the Latest Post COVID-19 Requirements on Quota Approval for Foreign Workers Application
- MIA Webinar Series: Technical Update on IFRS (MFRS) 2021
- MIA Webinar Series: The Importance of Considering the 'Code of Ethics' when Exercising Judgement in Financial Reporting
- Regional REIT Webinar: REIT Movers and Shakers in Malaysia, Singapore, Hong Kong and China – What to Look Out for in 2022
- Webinar on Budget Highlights & Navigating Post COVID-19 Recovery @ Construction Industry
- Webinar Series: 2022 Budget Seminar

The directors are also kept informed of the various requirements and updates issued by regulatory authorities.

STATEMENT OF OVERVIEW ON CORPORATE GOVERNANCE (CONT'D)

SECTION B – DIRECTORS' REMUNERATION

The objectives of the Group's remuneration policy are to attract and retain the directors required to lead and control the Group effectively. Generally, the remuneration of each director reflects the level of responsibility and commitment that goes with the Board Committee membership. In the case of Executive Directors, the component parts of the remuneration are structured so as to link rewards to individual and the Group's performance.

The Nomination and Remuneration Committee reviews and recommends directors' fees for the Board's approval.

Disclosure

The Board has considered disclosure of details of the remuneration of each director. The Board is of the view that the transparency and accountability aspects of corporate governance as applicable to directors' remuneration as required by the MMLR and the Code.

Aggregate remuneration of directors of the Company and subsidiary companies is categorised into appropriate components:

	Directors' fees (RM)	Salaries and other emoluments (RM)	Total (RM)
Executive Directors	–	1,589,602	1,589,602
Non-Executive Directors	198,000	–	198,000
Total	198,000	1,589,602	1,787,602

The remuneration/fees received by the directors (including Alternate Director) from the Group for the financial year ended 31 December 2021 as follows:

No.	Name	Fee RM'000	Salary RM'000	Bonus RM'000	Benefits- in-kind RM'000	Other emoluments RM'000	Total RM'000
1)	Yong Shang Ming (Managing Director)	–	510.0	85.0	28.0	72.3	695.3
2)	Koh Hua Lan (f) (Executive Director)	–	336.0	14.0	–	69.0	419.0
3)	Yong Tiok Keng (f) (Alternate Director to Koh Hua Lan)	–	384.0	24.0	17.4	49.9	475.3
4)	Tengku Dato' Sulaiman Shah bin Tengku Abdul Jalil Shah (Non-Executive Chairman)	49.5	–	–	–	–	49.5
5)	Mohd Khasan bin Ahmad (Independent Director)	49.5	–	–	–	–	49.5
6)	Kam Yong Kan (Independent Director)	49.5	–	–	–	–	49.5
7)	Lim Boon Teng (Independent Director)	49.5	–	–	–	–	49.5

STATEMENT OF OVERVIEW ON CORPORATE GOVERNANCE (CONT'D)

SECTION B – DIRECTORS' REMUNERATION (CONTINUED)

Disclosure (Continued)

On top of the above, the key management personnels' remuneration paid during the financial year ended 31 December 2021 are presented in bands as follows:

No.	Name	Salary RM'000	Allowance RM'000	Bonus RM'000	Benefits RM'000	Total RM'000
1)	Teh Hock Hua (Chief Executive Officer (Construction Division))	450,001- 500,000	–	50,001- 100,000	50,001- 100,000	600,001- 650,000
2)	Ir. Dr. Siew Woh Hon (Chief Operating Officer (M&E Division))	300,001- 350,000	0-50,000	0-50,000	0-50,000	400,001- 450,000

SECTION C – SHAREHOLDERS

Dialogue between the Company and Investors

The Company values communication with its shareholders and investors and does this through the Annual Report, Annual General Meeting and Corporate Announcements. All enquiries made are normally dealt with as promptly as practicable.

The Company also holds briefings with research analysts, fund managers and investors to explain the Group's strategies, performance and major developments and the Board plans to conduct regular dialogues with institutional investors, fund managers and analysts with the aim of fostering mutual understanding of the Group's objectives.

The Annual General Meeting

The Company has used the Annual General Meeting as a forum of communication with its shareholders. The Board encourages participation from shareholders by having a question and answer session during the Annual General Meeting whereby the directors are available to discuss aspects of the Group's performance and its business activities. Each item of special business included in the notice of the meeting is accompanied by a full explanation of the effects of a proposed resolution. Separate resolutions are proposed for substantially separate issues at the meeting and the Chairman declares the number of proxies received, both for and against each separate resolution, where appropriate.

STATEMENT OF OVERVIEW ON CORPORATE GOVERNANCE (CONT'D)

SECTION D – ACCOUNTABILITY AND AUDIT

Financial Reporting

The Board aims to provide and present a balanced and meaningful assessment of the Group's financial performance and prospects at the end of the financial year, primarily through the annual financial statements, quarterly announcement of results to shareholders as well as the Chairman's Statement and Management Discussion and Analysis in the Annual Report.

The directors consider that in preparing the financial statements, the Group has used appropriate accounting policies, consistently applied and supported by reasonable and prudent judgements and estimates. All accounting standards which the Board considers to be applicable have been complied with.

The Board is assisted by the Audit Committee to oversee the Group's financial reporting processes and the quality of its financial reporting.

Internal Control

The Board acknowledges responsibility for maintaining a sound internal control system and for reviewing its adequacy and integrity. The internal control system is designed to safeguard the shareholders' investments and the Group's assets, by its nature can only manage rather than eliminate risk of failure to achieve business objectives and inherently can only provide reasonable but not absolute assurance against material misstatement or loss.

The Board regards risk management as an integral part of the business operations. During the year, head of departments of the Group have attended monthly management meetings and discussed matters related to risk management in order to deepen their understanding of the risks and propose possible solutions that may affect the achievement of their respective operating unit's business objectives.

Information on the Group's internal control is presented in the Statement on Risk Management and Internal Control laid out on pages 58 and 59 of this Annual Report.

Relationship with Auditors

Through the Audit Committee, the Group has established a transparent and appropriate relationship with the Group's auditors, both external and internal, in ensuring compliance with the accounting standards in Malaysia. In relation to the financial statements, the role of the Audit Committee in relation to the external auditors are contained in the Report of Audit Committee set out on pages 44 to 47 of this Annual Report.

The Audit Committee met the external auditors twice a year on 26 February 2021 and 22 September 2021 without the presence of the Executive Directors and the management to exchange independent views on matters which require the Audit Committee's attention.

The Audit Committee had assessed the suitability, objectivity and independence of the external auditors. In its assessment, the Audit Committee considered several factors such as resources, competency, scope of audit and level of non-audit services rendered by Baker Tilly Monteiro Heng PLT for financial year 2021.

Baker Tilly Monteiro Heng PLT confirmed that they will continuously comply with the relevant ethical requirements regarding independence with respect to the audit of the financial statements of the Group and of the Company for financial year ended 31 December 2021 in accordance with the *By-Laws (on Professional Ethics, Conduct and Practice)* of the Malaysian Institute of Accountants and the International Ethics Standards Board for Accountant's *International Code of Ethics for Professional Accountants (including International Independence Standards)*.

Being satisfied with Baker Tilly Monteiro Heng PLT's performance, technical competency and audit independence, the Audit Committee recommended the re-appointment of Baker Tilly Monteiro Heng PLT as external auditors for financial year ending 31 December 2022, which was concurred by the Board for it to be proposed for shareholders' approval at the forthcoming Annual General Meeting.

STATEMENT OF OVERVIEW ON CORPORATE GOVERNANCE (CONT'D)

ADDITIONAL COMPLIANCE INFORMATION

In conformance with Bursa Securities Listing Requirements, the following information is provided:

1. Utilisation of Proceeds

The Company did not implement any fund raising proposal, whether involving the issue of securities or otherwise during the financial year.

2. Share Buy-Back

The Company did not have Share Buy-Back for the financial year ended 31 December 2021.

As at 31 December 2021, 14,814,100 shares were held as treasury shares. There was no resale nor cancellation or distribution of treasury shares during the financial year.

3. Exercise of Options, Warrants or Convertible Securities

There was no exercise of options, warrants or convertible securities during the financial year.

4. American Depository Receipt ("ADR") or Global Depository Receipt ("GDR") Programme

The Company did not sponsor any ADR or GDR Programme during the financial year.

5. Imposition of Sanctions/Penalties

There were no sanctions/penalties imposed on the Company and/or its subsidiary companies, directors or management arising from any significant breach of rules/guidelines/legislations by the relevant regulatory authorities.

6. Non-Audit Fees

Non-audit fees amounting to RM9,000 were paid/payable to the external auditors for the financial year ended 31 December 2021.

7. Profit Estimate, Forecast or Projection

The Company did not announce any profit estimate, forecast or projection during the financial year.

8. Profit Guarantee

There was no profit guarantee given by the Company during the financial year.

9. Material Contracts

There were no material contracts entered into by the Company and its related parties which involved directors' and major shareholders' interests during the financial year.

STATEMENT OF OVERVIEW ON CORPORATE GOVERNANCE (CONT'D)

10. Recurrent Related Party Transactions

The recurrent related party transactions during the financial year ended 31 December 2021 are as follows:

Related party	Contracting party	Nature of transaction	Transacted value for financial year ended 31 December 2021 RM
Farima Sdn. Bhd. (company connected to Tengku Dato' Sulaiman Shah bin Tengku Abdul Jalil Shah)	Crestland Development Sdn. Bhd.	Rental expense	24,000

11. Revaluation Policy

The revaluation policy on landed properties of the Company and its subsidiary companies is disclosed in Note 3.6 to the financial statements.

12. Variation in Results

There was no significant variation in results (differ by 10% or more) from any profit estimation/forecast/projection/unaudited result announced.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

THE BOARD'S RESPONSIBILITIES

Pursuant to the requirements under the Malaysian Code on Corporate Governance for companies listed on Bursa Malaysia Securities Berhad ("Bursa Securities"), the Board of Directors ("the Board") acknowledges their responsibilities under the Bursa Securities Listing Requirements to:

- identify principal business risks and ensure implementation of appropriate control measures to manage the risk; and
- review the adequacy and integrity of the internal control system, management information system and system for compliance with applicable laws, regulations, rules, directives and guidelines.

It should be noted that a risk management and internal control system is designed to manage risks rather than eliminate them, and can provide only reasonable but not absolute assurance against any material misstatement or loss.

The Board confirms that there is an ongoing risk management process established to identify, evaluate, and manage significant risks to effectively mitigate the risks that may impede the achievement of Crest Builder Group of Companies ("the Group") business and corporate objectives. The Board reviews the process on a regular basis to ensure proper management of risk and that measures are taken to mitigate any weaknesses in the control environment.

RISK MANAGEMENT FRAMEWORK

The enterprise risk management framework of the Group was set up in 2003 with the assistance of a professional firm of consultants. The formalisation of the enterprise risk management framework involved developing the risk profile where principal business risks, which could affect the achievement of the strategic business objective of the Group, are systematically identified, evaluated and mitigated.

A risk management committee was established in 2006. The committee is dedicated to meet its obligations and fiduciary responsibilities to stakeholders of the Group. It is actively reviewing the framework to enhance the identification, evaluation and communication of the overall risk process to ensure critical risks (present and potential) are managed systematically and communicated to the Board on a timely basis. The committee also would ensure the framework is relevant and adaptive to changes in the business environment from time to time.

INTERNAL CONTROL

The Board through the Audit Committee and Management Committee reviews and monitors, as an ongoing process, the adequacy and integrity of the internal control system.

Audit Committee

The Audit Committee received reports from the internal auditors at least twice a year. The Group has an outsourcing arrangement with an independent professional firm in relation to its internal audit function. The internal audit function adopts a risk-based approach which focuses on the principal risks affecting the key business processes of the Group. Periodic scheduled internal audit visits have been carried out in accordance with the approved internal audit plan.

The internal audit function is responsible for undertaking regular and systematic review of the internal controls to provide the Audit Committee and the Board with sufficient assurance that the system of internal control is effective in addressing the risks identified. On a half yearly basis, internal auditors submit audit reports and plan status for review and approval by the Audit Committee. Included in the reports are recommended corrective measures on risks identified, if any, for implementation by the management.

As required by paragraph 15.23 of Bursa Securities Listing Requirements, the external auditors have conducted a limited assurance engagement on this Statement on Risk Management and Internal Control. Their limited assurance engagement was performed in accordance with ISAE3000 (Revised), *Assurance Engagements Other than Audits or Reviews of Historical Financial Information* and Audit and Assurance Practice Guide 3 (previously RPG 5 (Revised 2015)) ("AAPG 3"), *Guidance for Auditors on Engagements to Report on the Statement on Risk Management and Internal Control*.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL (CONT'D)

INTERNAL CONTROL (CONTINUED)

Audit Committee (Continued)

Based on their procedures performed, the external auditors have reported to the Board that nothing has come to their attention that causes them to believe that this Statement is not prepared, in all material aspects, in accordance with disclosure required by paragraphs 41 and 42 of the Statement on Risk Management and Internal Controls: *Guidance for Directors of Listed Issuers* to be set out, nor is factually inaccurate. AAPG 3 does not require the external auditors to consider whether this Statement covers all risks and controls, or to form an opinion on the adequacy and effectiveness of the Group's risk management and internal control system including the assessment and opinion by the Board and management thereon. The external auditors also not required to consider whether the processes described to deal with material internal control aspects of any significant problems disclosed in the annual report will, in fact, remedy the problems.

Management Committee

The Management Committee oversees the day-to-day operations and conduct of the Group's businesses. Scheduled meetings are held at operational and management levels to identify, discuss and resolve business and operational issues. These include scheduled management meetings at Group and individual subsidiary company levels, project managers meetings and site meetings. Minutes of these meetings and management reports are escalated to the relevant Executive Directors on a timely basis. The meetings are held as part of an ongoing process to review and assess the adequacy and effectiveness of the Group's risk management and internal control system and to ensure that any shortcomings identified are addressed on a timely basis.

Other Features of the Group's Internal Control System

Other features of the Group's internal control system include the following:

- Quality Policy and Quality Objectives which clearly outlined the Group's direction
- Clear organisation structure with delineated reporting lines
- Systematic performance appraisal for all employees of the Group
- Continuous training provided to maintain high competency and capabilities levels
- Clearly defined objectives and term of reference of the various Committees are established by the Board
- Frequent visits to the job sites by Executive Directors and senior management
- Processes and procedures in accordance with the requirements of MS ISO 9001:2015 certification are implemented
- Employee Handbook is available for reference
- Project Budget and controls

REVIEW

The Board has received assurance from Managing Director and Head of Finance that the Group's risk management and internal control system are operating adequately and effectively.

For the financial year under review, the Board is satisfied with the adequacy and effectiveness of the risk management, and the review and monitoring of the internal control system gives reasonable assurance that the internal controls in place are adequate. Where exceptions were noted, they were not material in the context of this report and corrective actions have been taken.

The Board recognises that the Group operates in a dynamic business environment and that the Group's internal control system must be responsive to changes in the business environment and continuously evolves to support its business objectives. The review of all control procedures was continuously carried out throughout the period under review and up to the date of approval of this Statement for inclusion in the annual report to ensure an effective and efficient system of internal control. The Board remains committed towards continuous improvements and enhancements of its system of internal control and will, when necessary, put in place action plans to ensure that there is increased certainty of the achievement of business objectives, thus enhancing shareholders' value.

This Statement is made in accordance with the resolution of the Board dated 13 April 2022.

STATEMENT ON DIRECTORS' RESPONSIBILITY

As required under the Companies Act 2016, the directors of Crest Builder Holdings Berhad have made a statement expressing an opinion on the financial statements. The Board of Directors ("the Board") is of the opinion that the financial statements have been drawn up in accordance with applicable approved accounting standards in Malaysia so as to give a true and fair view of the financial position of the Group and of the Company for the financial year ended 31 December 2021.

In the process of preparing these financial statements, the directors have reviewed the accounting policies and practices to ensure that they were consistently applied throughout the financial year. In cases where judgement and estimates were made, they were based on reasonableness and prudence.

Additionally, the directors have relied on the system of internal control to ensure that the information generated for the preparation of the financial statements from the underlying accounting records is accurate and reliable.

This Statement is made in accordance with a resolution of the Board dated 13 April 2022.

DIVIDENDS

No dividend has been paid or declared by the Company since the end of the previous financial year.

The directors do not recommend the payment of any dividend in respect of the financial year ended 31 December 2021.

RESERVES OR PROVISIONS

There were no material transfers to or from reserves or provisions during the financial year other than those disclosed in the financial statements.

BAD AND DOUBTFUL DEBTS

Before the financial statements of the Group and of the Company were prepared, the directors took reasonable steps to ascertain that action had been taken in relation to the writing off of bad debts and the making of allowance for doubtful debts and had satisfied themselves that there were no known bad debts and that adequate allowance had been made for doubtful debts.

At the date of this report, the directors are not aware of any circumstances which would require the writing off of bad debts or render the amount of allowance for doubtful debts in the financial statements of the Group and of the Company inadequate to any substantial extent.

DIRECTORS' REPORT (CONT'D)

CURRENT ASSETS

Before the financial statements of the Group and of the Company were prepared, the directors took reasonable steps to ensure that any current assets which were unlikely to be realised in the ordinary course of business including their values as shown in the accounting records of the Group and of the Company had been written down to an amount which they might be expected so to realise.

At the date of this report, the directors are not aware of any circumstances which would render the values attributed to the current assets in the financial statements of the Group and of the Company misleading.

VALUATION METHODS

At the date of this report, the directors are not aware of any circumstances which have arisen which render adherence to the existing method of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate.

CONTINGENT AND OTHER LIABILITIES

At the date of this report, there does not exist:

- (i) any charge on the assets of the Group or of the Company which has arisen since the end of the financial year which secures the liabilities of any other person; and
- (ii) any contingent liabilities in respect of the Group or of the Company which has arisen since the end of the financial year.

In the opinion of the directors, no contingent or other liability of the Group or of the Company has become enforceable, or is likely to become enforceable, within the period of twelve months after the end of the financial year which will or may affect the ability of the Group or of the Company to meet their obligations as and when they fall due.

CHANGE OF CIRCUMSTANCES

At the date of this report, the directors are not aware of any circumstances not otherwise dealt with in this report or the financial statements of the Group and of the Company which would render any amount stated in the financial statements misleading.

ITEMS OF MATERIAL AND UNUSUAL NATURE

In the opinion of the directors,

- (i) the results of the operations of the Group and of the Company for the financial year were not substantially affected by any item, transaction or event of a material and unusual nature; and
- (ii) no item, transaction or event of a material and unusual nature has arisen in the interval between the end of the financial year and the date of this report which is likely to affect substantially the results of the operations of the Group and of the Company for the financial year in which this report is made.

DIRECTORS' REPORT (CONT'D)

ISSUE OF SHARES AND DEBENTURES

During the financial year, no new issue of shares or debentures were made by the Company.

TREASURY SHARES

Treasury shares relate to ordinary shares of the Company that are repurchased and held by the Company in accordance with the requirement of Section 127 of the Companies Act 2016 in Malaysia.

There was no repurchase of the Company's issued ordinary shares, nor any resale, cancellation or distribution of treasury shares during the financial year.

As at 31 December 2021, the Group and the Company held 14,814,100 treasury shares out of its 176,921,657 issued and paid-up ordinary shares. Such treasury shares are held at a carrying amount of RM13,660,787. Further details are disclosed in Note 20 to the financial statements.

DIRECTORS

The directors in office during the financial year and during the period from the end of the financial year to the date of this report are:

Tengku Dato' Sulaiman Shah Bin Tengku Abdul Jalil Shah *
Koh Hua Lan *
Yong Shang Ming *
Mohd Khasan Bin Ahmad
Kam Yong Kan
Lim Boon Teng
Yong Tiok Keng (Alternate director to Koh Hua Lan) *

* *Directors of the Company and of certain subsidiary companies*

Other than as stated above, the names of the directors of the subsidiary companies of the Company in office during the financial year and during the period from the end of the financial year to the date of this report are:

Firdaus Bin Tajuddin
Khoo Kheng Kiat
Sri Rahayu Binti Tajuddin
Teh Hock Hua
Vignesh Naidu A/L Kuppusamy Naidu
Yong Tiok Nee

DIRECTORS' REPORT (CONT'D)

DIRECTORS' INTERESTS

According to the Register of Directors' Shareholdings required to be kept by the Company under Section 59 of the Companies Act 2016 in Malaysia, the interests of directors in office at the end of the financial year in shares in the Company and its related corporations during the financial year were as follows:

Interests in the Company

	At	Number of ordinary shares		At
	1.1.2021	Bought	Sold	31.12.2021
Indirect interests:				
Koh Hua Lan #	68,148,000	900,000	–	69,048,000
Yong Shang Ming #	68,148,000	900,000	–	69,048,000
Yong Tiok Keng # ^	68,148,000	900,000	–	69,048,000

Shares held through a company in which the director has substantial financial interests

^ Alternate director to Koh Hua Lan

By virtue of her interests in the ordinary shares of the Company and pursuant to Section 8 of the Companies Act 2016 in Malaysia, Koh Hua Lan is deemed to have an interest in the ordinary shares of the subsidiary companies to the extent that the Company has an interest.

Other than as stated above, none of the other directors in office at the end of the financial year had any interest in ordinary shares or debentures of the Company and its related corporations during the financial year.

DIRECTORS' BENEFITS

Since the end of the previous financial year, no director of the Company has received or become entitled to receive any benefit (other than benefits included in the aggregate amount of emoluments received or due and receivable, by the directors as disclosed in Note 31 to the financial statements) by reason of a contract made by the Company or a related corporation with the director or with a firm of which the director is a member, or with a company in which the director has a substantial financial interest, other than any deemed benefits which may arise from transactions as disclosed in Note 33(b) to the financial statements.

Neither during, nor at the end of the financial year, was the Company a party to any arrangements where the object is to enable the directors to acquire benefits by means of the acquisition of shares in, or debentures of the Company or any other body corporate.

INDEMNITY TO DIRECTORS AND OFFICERS

During the financial year, the total amount of indemnity insurance coverage and insurance premium paid for the directors and officers of the Company were RM5,000,000 and RM13,750 respectively.

SUBSIDIARY COMPANIES

The details of the Company's subsidiary companies are disclosed in Note 7 to the financial statements.

The auditors' reports on the financial statements of the subsidiary companies did not contain any qualification.

DIRECTORS' REPORT (CONT'D)

AUDITORS

The auditors, Messrs Baker Tilly Monteiro Heng PLT, have expressed their willingness to continue in office.

The details of the auditors' remuneration are disclosed in Note 27 to the financial statements.

The Company has agreed to indemnify the auditors of the Company as permitted under Section 289 of the Companies Act 2016 in Malaysia.

This report was approved and signed on behalf of the Board of Directors in accordance with a resolution of the directors.

(a) Reconciliation of liabilities arising from financing activities

Changes in liabilities arising from financing activities are changes arising from cash flows.

The accompanying notes form an integral part of these financial statements.

NOTES TO THE FINANCIAL STATEMENTS

1. CORPORATE INFORMATION

Crest Builder Holdings Berhad (“the Company”) is a public limited liability company, incorporated and domiciled in Malaysia and is listed on the Main Market of Bursa Malaysia Securities Berhad.

The registered office of the Company is located at 62-2, Jalan 2A/27A, Section 1, Wangsa Maju, 53300 Kuala Lumpur.

The principal place of business of the Company is located at Penthouse, The Crest, 3 Two Square, No. 2, Jalan 19/1, 46300 Petaling Jaya, Selangor Darul Ehsan.

The Company is principally engaged as an investment holding company. The principal activities of its subsidiary companies are disclosed in Note 7 to the financial statements.

There have been no significant changes in the nature of these principal activities during the financial year.

The financial statements were authorised for issue by the Board of Directors in accordance with a resolution of the directors on 13 April 2022.

2. BASIS OF PREPARATION

2.1 Statement of compliance

The financial statements of the Group and of the Company have been prepared in accordance with Malaysian Financial Reporting Standards (“MFRSs”), the International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia.

2.2 Adoption of amendments/improvements to MFRSs and explanation of change in accounting policy

(a) Adoption of amendments/improvements to MFRSs

The Group and the Company have adopted the following amendments/improvements to MFRSs for the current financial year:

Amendments/Improvements to MFRSs

MFRS 4	Insurance Contracts
MFRS 7	Financial Instruments: Disclosures
MFRS 9	Financial Instruments
MFRS 16	Leases*
MFRS 139	Financial Instruments: Recognition and Measurement

* Early adopted the amendment to MFRS 16 *Leases* issued by the Malaysian Accounting Standards Board (“MASB”) on 6 April 2021.

The adoption of the above amendments/improvements to MFRSs did not have any significant effect on the financial statements of the Group and of the Company and did not result in significant changes to the Group’s and the Company’s existing accounting policies.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

2. BASIS OF PREPARATION (CONTINUED)

2.2 Adoption of amendments/improvements to MFRSs and explanation of change in accounting policy (Continued)

(b) Change in accounting policy

Accounting policy for borrowing cost

In March 2019, the IFRS Interpretations Committee (“IFRIC”) has issued an agenda decision and concluded that receivable, contract asset and inventory (work-in-progress) for unsold units under construction are not qualifying assets.

The MASB announced that non-private entities in the real estate industry might need to change their accounting policy as a result of the IFRIC Agenda Decision. In ensuring consistent application of the MFRS, which are word-for-word the IFRS Standards, the MASB decided that an entity shall apply the change in accounting policy as a result of the Agenda Decision to financial statements of annual periods beginning on or after 1 July 2020 (“Mandatory Date”).

The change in accounting policy does not have any significant impact on the financial statements of the Group and of the Company.

2.3 New MFRS and amendments/improvements to MFRSs that have been issued, but yet to be effective

- (a) The Group and the Company have not adopted the following new MFRS and amendments/improvements to MFRSs that have been issued, but yet to be effective:

	Effective for financial periods beginning on or after
<u>New MFRS</u>	
MFRS 17 Insurance Contracts	1 January 2023

^ *The Annual Improvements to MFRS Standards 2018-2020*

Amendments as to the consequence of effective of MFRS 17 Insurance Contracts

- (b) The Group and the Company plan to adopt the above applicable new MFRS and amendments/improvements to MFRSs when they become effective. A brief discussion on the above significant new MFRS and amendments/improvements to MFRSs that may be relevant to the Group and the Company are summarised below.

Amendments to MFRS 101 Presentation of Financial Statements

The amendments include specifying that an entity's right to defer settlement of a liability for at least twelve months after the reporting period must have substance and must exist at the end of the reporting period; clarifying that classification of liability is unaffected by the likelihood of the entity to exercise its right to defer settlement of the liability for at least twelve months after the reporting period; clarifying how lending conditions affect classification of a liability; and clarifying requirements for classifying liabilities an entity will or may settle by issuing its own equity instruments.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

2. BASIS OF PREPARATION (CONTINUED)

2.3 New MFRS and amendments/improvements to MFRSs that have been issued, but yet to be effective (Continued)

- (b) The Group and the Company plan to adopt the above applicable new MFRS and amendments/improvements to MFRSs when they become effective. A brief discussion on the above significant new MFRS and amendments/improvements to MFRSs that may be relevant to the Group and the Company are summarised below (Continued).

Amendments to MFRS 101 Presentation of Financial Statements (Continued)

The amendments require an entity to disclose its material accounting policy information rather than significant accounting policies. The amendments, amongst others, also include examples of circumstances in which an entity is likely to consider an accounting policy information to be material to its financial statements. To support this amendments, MFRS Practice Statement 2 was also amended to provide guidance on how to apply the concept of materiality to accounting policy information disclosures. The guidance and examples provided in the MFRS Practice Statement 2 highlight the need to focus on entity-specific information and demonstrate how the four-step materiality process can address standardised (or boilerplate) information and duplication of requirements of MFRSs in the accounting policy information disclosures.

- (c) The Group and the Company are currently assessing the impact of initial application of the above applicable amendments/improvements to MFRSs. Nevertheless, the Group and the Company expect that the initial application is unlikely to have material financial impacts to the current period and prior period financial statements of the Group and of the Company.

2.4 Functional and presentation currency

The individual financial statements of each entity in the Group are measured using the currency of the primary economic environment in which they operate ("the functional currency"). The consolidated financial statements are presented in Ringgit Malaysia ("RM"), which is also the Company's functional currency.

2.5 Basis of measurement

The financial statements of the Group and of the Company have been prepared on the historical cost basis, except as otherwise disclosed in Note 3 to the financial statements.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

3. SIGNIFICANT ACCOUNTING POLICIES

Unless otherwise stated, the following accounting policies have been applied consistently to all the financial years presented in the financial statements of the Group and of the Company.

3.1 Basis of consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiary companies. The financial statements of the subsidiary companies used in the preparation of the consolidated financial statements are prepared for the same reporting date as the Company. Consistent accounting policies are applied to like transactions and events in similar circumstances.

(a) Subsidiary companies and business combination

Subsidiary companies are entities (including structured entities) over which the Group is exposed, or has rights, to variable returns from its involvement with the acquirees and has the ability to affect those returns through its power over the acquirees.

The financial statements of subsidiary companies are included in the consolidated financial statements from the date the Group obtains control of the acquirees until the date the Group loses control of the acquirees.

The Group applies the acquisition method to account for business combinations from the acquisition date.

For a new acquisition, goodwill is initially measured at cost, being the excess of the following:

- the fair value of the consideration transferred, calculated as the sum of the acquisition-date fair value of assets transferred (including contingent consideration), the liabilities incurred to former owners of the acquiree and the equity instruments issued by the Group. Any amounts that relate to pre-existing relationships or other arrangements before or during the negotiations for the business combination, that are not part of the exchange for the acquiree, will be excluded from the business combination accounting and be accounted for separately; plus
- the recognised amount of any non-controlling interests in the acquiree either at fair value or at the proportionate share of the acquiree's identifiable net assets at the acquisition date (the choice of measurement basis is made on an acquisition-by-acquisition basis); plus
- if the business combination is achieved in stages, the acquisition-date fair value of the previously held equity interest in the acquiree; less
- the net fair value of the identifiable assets acquired and the liabilities (including contingent liabilities) assumed at the acquisition date.

The accounting policy for goodwill is set out in Note 3.7 to the financial statements.

When the excess is negative, a bargain purchase gain is recognised immediately in profit or loss at the acquisition date.

Transaction costs, other than those associated with the issue of debt or equity securities, that the Group incurs in connection with a business combination are expensed as incurred.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.1 Basis of consolidation (Continued)

(a) Subsidiary companies and business combination (Continued)

Upon the loss of control of a subsidiary company, the Group derecognises the assets and liabilities of the former subsidiary company, any non-controlling interests and the other components of equity related to the former subsidiary company from the consolidated statement of financial position. Any gain or loss arising on the loss of control is recognised in profit or loss. If the Group retains any interest in the former subsidiary company, then such interest is measured at fair value at the date that control is lost. Subsequently, it is accounted for as an associate, a joint venture or a financial asset.

Changes in the Group's ownership interest in a subsidiary company that do not result in a loss of control are accounted for as equity transactions. The difference between the Group's share of net assets before and after the change, and the fair value of the consideration received or paid, is recognised directly in equity.

(b) Non-controlling interests

Non-controlling interests represent the equity in subsidiary companies not attributable, directly or indirectly, to owners of the Company are presented separately in the consolidated statement of financial position within equity.

Losses attributable to the non-controlling interests are allocated to the non-controlling interests even if the losses exceed the non-controlling interests.

(c) Transactions eliminated on consolidation

Intra-group balances and transactions, and any unrealised income and expenses arising from intra-group transactions are eliminated in preparing the consolidated financial statements.

3.2 Separate financial statements

In the Company's statement of financial position, investment in subsidiary companies is measured at cost less any accumulated impairment losses, unless the investment is classified as held for sale or distribution. The cost of investment includes transaction costs. The policy for the recognition and measurement of impairment losses shall be applied on the same basis as would be required for impairment of non-financial assets as disclosed in Note 3.12(b) to the financial statements.

Contributions to subsidiary companies are amounts for which the settlement is neither planned nor likely to occur in the foreseeable future is, in substance, considered as part of the Company's investment in the subsidiary companies.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.3 Financial instruments

Financial instruments are recognised in the statements of financial position when, and only when, the Group and the Company become a party to the contractual provisions of the financial instruments.

Except for the trade receivables that do not contain a significant financing component or for which the Group and the Company have applied the practical expedient, the financial instruments are recognised initially at its fair value plus or minus, in the case of a financial asset or financial liability not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition or issue of the financial asset and financial liability. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss. Trade receivables that do not contain a significant financing component or for which the Group and the Company have applied the practical expedient are measured at the transaction price determined under MFRS 15 *Revenue from Contracts with Customers*.

(a) Subsequent measurement

The Group and the Company categorise the financial instruments as follows:

(i) Financial assets

For the purposes of subsequent measurement, financial assets are classified in four categories:

- Financial assets at amortised cost
- Financial assets at fair value through other comprehensive income with recycling of cumulative gains and losses upon derecognition
- Financial assets designated at fair value through other comprehensive income with no recycling of cumulative gains and losses upon derecognition
- Financial assets at fair value through profit or loss

The classification depends on the entity's business model for managing the financial assets and the contractual cash flows characteristics of the financial assets.

The Group and the Company reclassify financial assets when, and only when, their business models for managing those assets change.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.3 Financial instruments (Continued)

(a) Subsequent measurement (Continued)

(i) Financial assets (Continued)

Debt instruments

Subsequent measurement of debt instruments depends on the Group's and the Company's business model for managing the asset and the cash flow characteristics of the asset. There are two measurement categories into which the Group and the Company classify their debt instruments:

- **Amortised cost**

Financial assets that are held for collection of contractual cash flows and those cash flows represent solely payments of principal and interest are measured at amortised cost. Financial assets at amortised cost are subsequently measured using the effective interest method and are subject to impairment. The policy for the recognition and measurement of impairment is in accordance with Note 3.12(a) to the financial statements. Gains and losses are recognised in profit or loss when the financial asset is derecognised, modified or impaired.

- **Fair value through profit or loss ("FVPL")**

Financial assets at FVPL include financial assets held for trading, financial assets designated upon initial recognition at fair value through profit or loss, or financial assets mandatorily required to be measured at fair value. Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term. Financial assets with cash flows that are not solely payments of principal and interest are classified and measured at fair value through profit or loss, irrespective of the business model. Notwithstanding the criteria for debt instruments to be classified at amortised cost or at fair value through other comprehensive income, debt instruments may be designated at fair value through profit or loss on initial recognition if doing so eliminates, or significantly reduces, an accounting mismatch.

Financial assets at fair value through profit or loss are carried in the statements of financial position at fair value with net changes in fair value recognised in the profit or loss.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.3 Financial instruments (Continued)

(a) Subsequent measurement (Continued)

(ii) Financial liabilities

The Group and the Company classify their financial liabilities in the following measurement categories:

- Financial liabilities at fair value through profit or loss
- Financial liabilities at amortised cost

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading or financial liabilities designated into this category upon initial recognition.

Subsequent to initial recognition, financial liabilities at fair value through profit or loss are measured at fair value with the gain or loss recognised in profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition if, and only if, the criteria in MFRS 9 *Financial Instruments* are satisfied. The Group and the Company have not designated any financial liability at fair value through profit or loss.

Financial liabilities at amortised cost

Subsequent to initial recognition, other financial liabilities are measured at amortised cost using effective interest method. Gains and losses are recognised in profit or loss when the financial liabilities are derecognised and through the amortisation process.

(b) Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the original or modified terms of a debt instrument.

Financial guarantee contracts are recognised initially as a liability at fair value, net of transaction costs that are directly attributable to the issuance of the guarantee. Subsequent to initial recognition, the liability is measured at the higher of the amount of the loss allowance determined in accordance with Section 5.5 of MFRS 9 and the amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of MFRS 15.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.3 Financial instruments (Continued)

(c) Derecognition

A financial asset or a part of it is derecognised when, and only when:

- (i) the contractual rights to receive cash flows from the financial asset expire, or
- (ii) the Group and the Company have transferred their rights to receive cash flows from the asset or have assumed an obligation to pay the received cash flows in full without material delay to a third party; and either (a) the Group and the Company have transferred substantially all the risks and rewards of the asset, or (b) the Group and the Company have neither transferred nor retained substantially all the risks and rewards of the asset, but have transferred control of the asset.

The Group and the Company evaluate if, and to what extent, they have retained the risks and rewards of ownership. When they have neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group and the Company continue to recognise the transferred asset to the extent of their continuing involvement. In that case, the Group and the Company also recognise an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group and the Company have retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group and the Company could be required to repay.

On derecognition of a financial asset, the difference between the carrying amount (measured at the date of derecognition) and the consideration received (including any new asset obtained less any new liability assumed) is recognised in profit or loss.

A financial liability or a part of it is derecognised when, and only when, the obligation specified in the contract is discharged, cancelled or expired. On derecognition of a financial liability, the difference between the carrying amount and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

(d) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is presented in the statements of financial position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

In accounting for a transfer of a financial asset that does not qualify for derecognition, the entity shall not offset the transferred asset and the associated liability.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.4 Property, plant and equipment

(a) Recognition and measurement

Property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses. The policy for the recognition and measurement of impairment losses is in accordance with Note 3.12(b) to the financial statements.

Cost of assets includes expenditures that are directly attributable to the acquisition of the asset and any other costs that are directly attributable to bringing the asset to working condition for its intended use, and the costs of dismantling and removing the items and restoring the site on which they are located. The cost of self-constructed assets also includes cost of materials, direct labour, and any other direct attributable costs but excludes internal profits. For qualifying assets, borrowing costs are capitalised in accordance with the accounting policy on borrowing costs in Note 3.16 to the financial statements.

The building-in-progress of the Group relates to properties under construction.

When significant parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items of property, plant and equipment.

Subsequent to initial recognition, property, plant and equipment, except for freehold land and building-in-progress, are stated at cost less accumulated depreciation and any accumulated impairment losses. Freehold land is stated at cost less any accumulated impairment losses.

(b) Subsequent costs

The cost of replacing a part of an item of property, plant and equipment is included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that the future economic benefits associated with the part will flow to the Group or the Company and its cost can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to the profit or loss as incurred.

(c) Depreciation

Freehold land has an unlimited useful life and therefore is not depreciated. Building-in-progress is stated at cost unless in the opinion of the directors, there is a permanent diminution in value. Depreciation on building-in-progress commences when the asset is ready for its intended use.

All other property, plant and equipment are depreciated on straight-line basis by allocating their depreciable amounts over their remaining useful lives. The depreciable amount is determined after deducting the residual value. Depreciation of an asset does not cease when the asset becomes idle or is retired from active use unless the asset is fully depreciated. The principal annual rates used for this purpose are:

Buildings	2 – 20%
Equipment, furniture and fittings	10 – 33%
Light equipment	20%
Motor vehicles	20%
Plant and machineries	20%

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.4 Property, plant and equipment (Continued)

(c) Depreciation (Continued)

The residual values, useful lives and depreciation methods are reviewed at the end of each reporting period and adjusted as appropriate to ensure that the amount, method and period of depreciation are consistent with previous estimates and the expected pattern of consumption of the future economic benefits embodied in the items of property, plant and equipment.

Fully depreciated property, plant and equipment are retained in the financial statements until they are no longer in use and no further charge for depreciation is made in respect of these property, plant and equipment.

(d) Derecognition

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is recognised in profit or loss.

3.5 Leases

(a) Definition of lease

At inception of a contract, the Group and the Company assess whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group and the Company assess whether:

- the contract involves the use of an identified asset;
- the Group and the Company have the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use; and
- the Group and the Company have the right to direct the use of the asset.

(b) Lessee accounting

At the lease commencement date, the Group and the Company recognise a right-of-use asset and a lease liability with respect to all lease agreements in which it is the lessee, except for short term leases (defined as leases with a lease term of 12 months or less) and leases of low value assets.

The Group and the Company present right-of-use assets that do not meet the definition of investment property in Note 5 to the financial statements and lease liabilities in Note 21 to the financial statements.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.5 Leases (Continued)

(b) Lessee accounting (Continued)

Right-of-use asset

The right-of-use asset is initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently measured at cost less accumulated depreciation and any accumulated impairment losses, and adjust for any remeasurement of the lease liabilities. The right-of-use asset is depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. If the Group expects to exercise a purchase option, the right-of-use asset is depreciated over the useful life of the underlying asset. The depreciation starts from the commencement date of the underlying asset. The policy for the recognition and measurement of impairment losses is in accordance with Note 3.12(b) to the financial statements.

Lease liability

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted by using the rate implicit in the lease. If this rate cannot be readily determined, the Group and the Company use their incremental borrowing rate.

Lease payments included in the measurement of the lease liability comprise fixed lease payments (including in-substance fixed payments), less any lease incentives.

The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability and by reducing the carrying amount to reflect the lease payments made.

The Group and the Company remeasure the lease liability (and make a corresponding adjustment to the related right-of-use asset) whenever a lease contract is modified and the lease modification is not accounted for as a separate lease, in which case the lease liability is remeasured by discounting the revised lease payments using a revised discount rate.

Variable lease payments that do not depend on an index or a rate are not included in the measurement of the lease liability and the right-of-use asset. The related payments are recognised as an expense in the period in which the event or condition that triggers those payments occurs and are included in the line "other expenses" in the statements of comprehensive income.

The Group and the Company have elected not to separate non-lease components and account for the lease and non-lease components as a single lease component.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.5 Leases (Continued)

(b) Lessee accounting (Continued)

Short term leases and leases of low value assets

The Group and the Company have elected not to recognise right-of-use assets and lease liabilities for short term leases and leases of low value assets. The Group and the Company recognise the lease payments as an operating expense on a straight-line basis over the term of the lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.

(c) Lessor accounting

A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to ownership. All other leases that do not meet this criterion are classified as operating leases.

If an entity in the Group is a lessor in a finance lease, it derecognises the underlying asset and recognises a lease receivable at an amount equal to the net investment in the lease. Finance income is recognised in profit or loss based on a pattern reflecting a constant periodic rate of return on the lessor's net investment in the finance lease.

If an entity in the Group is a lessor in an operating lease, the underlying asset is not derecognised but is presented in the statements of financial position according to the nature of the asset. Lease income from operating leases is recognised in profit or loss on a straight-line basis over the lease term, unless another systematic basis is more representative of the time pattern in which use benefit derived from the leased asset is diminished.

When a contract includes lease and non-lease components, the Group and the Company apply MFRS 15 to allocate the consideration under the contract to each component.

3.6 Investment properties

Investment properties are properties held to earn rental income or for capital appreciation or for both.

Investment properties are initially measured at cost, including transaction costs. Subsequent to initial recognition, investment properties are measured at fair value. Gains and losses arising from changes in fair values of investment properties are recognised in profit or loss for the period in which they arise.

Cost includes purchase price and any directly attributable costs incurred to bring the property to its present location and condition intended for use as an investment property. The cost of a self-constructed investment property includes the cost of material, direct labour and any other direct attributable costs. For qualifying assets, borrowing costs are capitalised in accordance with the accounting policy on borrowing costs in Note 3.16 to the financial statements.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.6 Investment properties (Continued)

Fair value is arrived at by reference to market evidence of transaction prices for similar properties and is performed by registered independent valuers having an appropriate recognised professional qualification and recent experience in the location and category of the properties being valued. Alternatively, the fair value of the investment properties is performed by using discounted cash flow projections based on reliable estimates of future cash flows, supported by the terms of any existing lease and other contracts and (when possible) by external evidence such as current market rents for similar properties in the same location and condition, and using discount rates that reflect current market assessments of the uncertainty in the amount and timing of the cash flows.

A property interest under an operating lease is classified and accounted for as an investment property on a property-by-property basis when the Group holds it to earn rentals or for capital appreciation or for both. Any such property interest under an operating lease classified as an investment property is carried at fair value.

An investment property is derecognised on its disposal or when it is permanently withdrawn from use and no future economic benefits are expected from its disposal. Any gains and losses arising from derecognition of the asset is recognised in the profit or loss.

Transfers are made to or from investment property only when there is a change in use. For a transfer from investment property carried at fair value to owner-occupied property, the deemed cost for subsequent accounting is the fair value at the date of change in use. For a transfer from owner-occupied property to investment property, any difference arising on the date of change in use between the carrying amount of the item immediately prior to the transfer and its fair value is recognised directly in equity as a revaluation of property, plant and equipment.

3.7 Goodwill

Goodwill arising from business combinations is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. After initial recognition, goodwill is measured at cost less any accumulated impairment losses. The policy for the recognition and measurement of impairment losses is in accordance with Note 3.12(b) to the financial statements.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.8 Operating financial asset

The Group constructs or upgrade infrastructure (construction or upgrade services) used to provide a public service and operates and maintains that infrastructure (operation services) for a specified period of time. These arrangements may include infrastructure used in public-to-private service concession arrangement for its entire concession period. Under the concession arrangement, the grantor controls the significant residual interest in the infrastructure at the end of the concession period.

The Group accounts for its service concession arrangement under the financial asset model. The financial asset model is used when the Group has an unconditional contractual right to receive cash or other financial asset from or at the direction of the grantor for the construction services.

In the financial asset model, the amount due from the grantor meets the definition of a receivable which is recognised at fair value. It is subsequently measured at amortised cost. The amount initially recognised plus the cumulative interest income on that amount is calculated using the effective interest method.

Any asset carried under concession arrangement using financial asset model is derecognised when the contractual rights to the financial asset expire.

3.9 Inventories

Inventories comprising properties held for sale are measured at the lower of cost and net realisable value.

Completed properties

Cost of unsold completed properties comprises costs associated with the acquisition of land, direct development costs and appropriate proportions of common costs.

Land held for development

Land held for development consists of land where no significant development activities have been carried out or where development activities are not expected to be completed within the normal operating cycle. Cost includes cost of land and attributable development expenditures.

Land held for development will be reclassified to property under development when significant development work has been undertaken and is expected to be completed within the normal operating cycle.

Property under development

Cost includes:

- freehold and leasehold rights for land
- amounts paid to contractors for construction
- borrowing costs, planning and design costs, costs for site preparation, professional fees for legal services, property transfer taxes, construction overheads and other related costs

The cost of inventory recognised in profit or loss is determined with reference to the specific costs incurred on the property sold and an allocation of any non-specific costs.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.10 Contract assets/(liabilities)

Contract asset is the right to consideration in exchange for goods or services transferred to the customers when that right is conditioned on something other than the passage of time (for example, the Group's future performance). The policy for the recognition and measurement of impairment losses is in accordance with Note 3.12(a) to the financial statements.

Contract liability is the obligation to transfer goods or services to customers for which the Group has received the consideration or has billed the customer.

3.11 Cash and cash equivalents

For the purpose of the statements of cash flows, cash and cash equivalents comprise cash in hand, bank balances and deposits (other than deposits pledged with licensed banks). Cash and cash equivalents are presented net of bank overdrafts and exclude deposits pledged to secure banking facilities.

3.12 Impairment of assets

(a) Impairment of financial assets and contract assets

Financial assets measured at amortised cost, lease receivables, contract assets and financial guarantee contracts will be subject to the impairment requirement in MFRS 9 which is related to the accounting for expected credit losses on the financial assets. Expected credit losses are the weighted average of credit losses with the respective risks of a default occurring as the weights.

The Group and the Company measure loss allowance as follows:

- (i) General 3-stage approach for other receivables, fixed deposits and bank balances

At each reporting date, the Group and the Company measure loss allowance at an amount equal to credit losses that result from default events that are possible within the next 12-months ("12-month ECL") if credit risk on a financial instrument has not increased significantly since initial recognition.

For other financial instruments, a loss allowance at an amount equal to credit losses over the remaining life of the exposure ("lifetime ECL") is required.

- (ii) Simplified approach for trade receivables, contract assets and lease receivables

The Group and the Company apply the simplified approach permitted by MFRS 9 to measure the loss allowance at an amount equal to lifetime ECL at each reporting date.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Group and the Company consider reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Group's and the Company's historical experience and informed credit assessment and including forward-looking information.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.12 Impairment of assets (Continued)

(a) Impairment of financial assets and contract assets (Continued)

The Group and the Company assume that the credit risk on a financial asset has increased significantly if it is more than 30 days past due.

The Group and the Company consider a financial asset to be in default when:

- the borrower is unable to pay its credit obligations to the Group and the Company in full, without taking into account any credit enhancements held by the Group and the Company; or
- the contractual payment of the financial asset is more than 90 days past due unless the Group and the Company have reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

12-month expected credit losses are the portion of lifetime expected credit losses that represent the expected credit losses that result from default events on a financial instrument that are possible within the 12 months after the reporting date.

The maximum period considered when estimating expected credit losses is the maximum contractual period over which the Group and the Company are exposed to credit risk.

Expected credit losses are a probability-weighted estimate of credit losses (i.e. the present value of all cash shortfalls) over the expected life of the financial instrument. A cash shortfall is the difference between the cash flows that are due to an entity in accordance with the contract and the cash flows that the entity expects to receive.

Expected credit losses are discounted at the effective interest rate of the financial assets.

At each reporting date, the Group and the Company assess whether financial assets carried at amortised cost are credit-impaired. A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired may include observable data about the following events:

- significant financial difficulty of the issuer or the borrower;
- a breach of contract, such as a default of past due event;
- the lender(s) of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession(s) that the lender(s) would not otherwise consider;
- it is becoming probable that the borrower will enter bankruptcy or other financial reorganisation;
- the disappearance of an active market for that financial asset because of financial difficulties; or
- the purchase or origination of a financial asset at a deep discount that reflects the incurred credit losses.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.12 Impairment of assets (Continued)

(a) Impairment of financial assets and contract assets (Continued)

The amount of impairment losses (or reversal) shall be recognised in profit or loss, as an impairment gain or loss.

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Group and the Company determine that the debtor does not have assets or source of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Group's and the Company's procedure for recovery of amounts due.

(b) Impairment of non-financial assets

The carrying amounts of non-financial assets (except for inventories, contract assets, deferred tax assets and investment properties measured at fair value) are reviewed at the end of each reporting period to determine whether there is any indication of impairment. If any such indication exists, the Group and the Company make an estimate of the asset's recoverable amount. For goodwill that has an indefinite useful life, the recoverable amount is estimated at each reporting date.

For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of non-financial assets or cash-generating units ("CGUs"). Subject to an operating segment ceiling test, for the purpose of goodwill impairment testing, CGUs to which goodwill has been allocated are aggregated so that the level at which impairment testing is performed reflects the lowest level at which goodwill is monitored for internal reporting purposes. The goodwill acquired in a business combination, for the purpose of impairment testing, is allocated to a CGU or a group of CGUs that are expected to benefit from the synergies of business combination.

The recoverable amount of an asset or a CGU is the higher of its fair value less costs of disposal and its value-in-use. In assessing value-in-use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU. In determining the fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.

Where the carrying amount of an asset exceeds its recoverable amount, the carrying amount of asset is reduced to its recoverable amount. Impairment losses recognised in respect of a CGU or groups of CGUs are allocated first to reduce the carrying amount of any goodwill allocated to those units or groups of units and then, to reduce the carrying amount of the other assets in the unit or groups of units on a pro-rata basis.

Impairment losses are recognised in profit or loss, except for assets that were previously revalued with the revaluation surplus recognised in other comprehensive income. In the latter case, the impairment is recognised in other comprehensive income up to the amount of any previous revaluation.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.12 Impairment of assets (Continued)

(b) Impairment of non-financial assets (Continued)

Impairment losses in respect of goodwill are not reversed. For other assets, an assessment is made at each reporting date as to whether there is any indication that previously recognised impairment losses may no longer exist or may have decreased. An impairment loss is reversed only if there has been a change in the estimates used to determine the assets recoverable amount since the last impairment loss was recognised. Reversal of impairment loss is restricted by the asset's carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in profit or loss unless the asset is measured at revalued amount, in which case the reversal is treated as a revaluation increase.

3.13 Share capital

(a) Ordinary shares

Ordinary shares are equity instruments. An equity instrument is a contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Ordinary shares are recorded at the proceeds received, net of directly attributable incremental transaction costs. Dividends on ordinary shares are recognised in equity in the period in which they are declared.

(b) Treasury shares

When share capital recognised as equity is repurchased, the amount of consideration paid is recognised directly in equity. Repurchased shares that have not been cancelled including any attributable transaction costs are classified as treasury shares and presented as a deduction from total equity.

When treasury shares are sold or reissued subsequently, the difference between the sales consideration and the carrying amount is presented as a movement in equity.

3.14 Revenue and other income

The Group recognises revenue that depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services.

Revenue recognition of the Group is applied for each contract with a customer or a combination of contracts with the same customer (or related parties of the customer). For practical expedient, the Group applies revenue recognition to a portfolio of contracts (or performance obligations) with similar characteristics in the property development business if the Group reasonably expects that the effects on the financial statements would not differ materially from recognising revenue on the individual contracts (or performance obligations) within that portfolio.

The Group measures revenue from sale of goods or services at its transaction price, being the amount of consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties such as goods and service tax, adjusted for the effects of any variable consideration, constraining estimates of variable consideration, significant financing components, non-cash consideration and consideration payable to customer.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.14 Revenue and other income (Continued)

For contract with separate performance obligations, the transaction price is allocated to the separate performance obligations on the relative stand-alone selling price basis. If the stand-alone selling price is not directly observable, the Group estimates it by using the expected costs plus margin approach.

Revenue from contracts with customers is recognised by reference to each distinct performance obligation in the contract with customer, i.e. when or as a performance obligation in the contract with customer is satisfied. A performance obligation is satisfied when or as the customer obtains control of the goods or services underlying the particular performance obligation, which the performance obligation may be satisfied at a point in time or over time.

A contract modification is a change in the scope or price (or both) of a contract that is approved by the parties to the contract. A modification exists when the change either creates new or changes existing enforceable rights and obligations of the parties to the contract. The Group has assessed the type of modification and accounted for as either creates a separate new contract, terminates the existing contract and creation of a new contract; or forms a part of the existing contracts.

Financing components

The Group has applied the practical expedient for not to adjust the promised amount of consideration for the effects of a significant financing component if the Group expects that the period between the transfer of the promised goods or services to the customer and payment by the customer will be one year or less.

(a) Construction contracts

The Group constructs commercial, residential and industrial properties under long term contracts with customers. Construction service contracts comprise multiple deliverables that require significant integration service and therefore accounted as a single performance obligation.

Under the terms of the contracts, control of the commercial, residential and industrial properties is transferred over time as the Group creates or enhances an asset that the customer controls as the asset is created or enhanced. Revenue is recognised over the period of the contract by reference to the progress towards complete satisfaction of that performance obligation. The progress towards complete satisfaction of a performance obligation is determined by the proportion of construction costs incurred for work performed to date bear to the estimated total construction costs (an input method).

Sales are made with a credit term of 30 days, which is consistent with market practice, therefore, no element of financing is deemed present. The Group becomes entitled to invoice customers for construction of commercial, residential and industrial properties based on achieving a series of performance-related milestones.

The Group recognised a contract asset for any excess of revenue recognised to date over the billings-to-date. Any amount previously recognised as a contract asset is reclassified to trade receivables at the point when invoice is issued or timing for billing is due to passage of time. If the milestone billing exceeds the revenue recognised to date and any deposit or advances received from customers then the Group recognises a contract liability for the difference.

Defect liability period is usually 24 months from the date of Certificate of Practical Completion as provided in the contracts with customers.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.14 Revenue and other income (Continued)

(b) Property development

The Group develops and sells residential and commercial properties. Contracts with customers may include multiple distinct promises to customers and therefore accounted for as separate performance obligations. In the contract with customer contains more than one performance obligation, when the stand-alone selling price are not directly observable, they are estimated based on expected cost plus margin approach.

Revenue from residential and commercial properties are recognised as and when the control of the asset is transferred to the customer. Based on the terms of the contract and the laws that apply to the contract, control of the asset is transferred over time as the Group's performance does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date. Revenue is recognised over the period of the contract by reference to the progress towards complete satisfaction of that performance obligation. The progress towards complete satisfaction of a performance obligation is determined by the proportion of property development costs incurred for work performed to date bear to the estimated total property development costs (an input method).

Revenue from sale of completed properties is recognised at a point in time when the control of the properties has been transferred to the customers.

The consideration is due based on the scheduled payments in the contract therefore, no element of financing is deemed present. When a particular milestone is reached in excess of the scheduled payments, a contract asset will be recognised for the excess of revenue recognised to date under the input method over the progress billings to-date and include deposits or advances received from customers. When the progress billings to-date and include deposits or advances received from customers exceeds revenue recognised to date then the Group recognises a contract liability for the difference.

Consistent with market practice, the Group collects deposit from customers for sale of properties. A contract liability is recognised for the customer deposits as the Group has obligations to transfer the goods or services to the customer in respect of deposits received. Customer deposits would be recognised as revenue upon transfer of goods or services to the customer.

Based on the Group's customary business practice, the customers' legal fees are borne by the Group. Revenue is recognised based on the transaction price agreed in the contracts, net of the customers' legal fees.

For residential properties, as part of the statutory requirements, the Group's obligations to repair and made good of any defect, shrinkage or other faults in the building or in the common property which have become apparent within a period of 24 months after the customer takes vacant possession of the building are recognised as a provision, if determined to be significant.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.14 Revenue and other income (Continued)

(c) Maintenance income

Revenue is recognised over time using time elapsed (output method) to measure progress towards complete satisfaction of the service because the customer simultaneously receives and consumes the benefits provided by the Group.

Sales are made with a credit term of 30 days.

(d) Rental income

Rental income from investment properties is recognised on a straight-line basis over the term of the lease. Lease incentive granted is recognised as an integral part of the total rental income, over the term of the lease.

(e) Finance income from concession contract

Finance income from concession contract is recognised as it accrues using the effective interest method in profit or loss. The notional interest income resulting from the accretion of its financial asset using effective interest method is recognised in the profit or loss.

(f) Interest income

Interest income is recognised using the effective interest method.

(g) Income from short term investments

Income from short term investments is recognised when the right to receive payment is established.

3.15 Employee benefits

(a) Short term employee benefits

Short term employee benefit obligations in respect of wages, salaries, social security contributions, annual bonuses, paid annual leave, sick leave and non-monetary benefits are recognised as an expense in the financial year where the employees have rendered their services to the Group and the Company.

(b) Defined contribution plans

As required by law, the Group and the Company contribute to the Employees Provident Fund ("EPF"), the national defined contribution plan. Such contributions are recognised as an expense in the profit or loss in the period in which the employees render their services.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.16 Borrowing costs

Borrowing costs are interests and other costs that the Group and the Company incur in connection with borrowing of funds.

Borrowing costs that are not directly attributable to the acquisition, construction or production of a qualifying asset are recognised in profit or loss using the effective interest method.

Borrowing costs that are directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are capitalised as part of the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

The Group begins capitalising borrowing costs when the Group has incurred the expenditures for the asset, incurred related borrowing costs and undertaken activities that are necessary to prepare the asset for its intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

3.17 Income tax

Income tax expense in profit or loss comprises current and deferred tax. Current and deferred tax are recognised in profit or loss except to the extent that it relates to a business combination or items recognised directly in equity or other comprehensive income.

(a) Current tax

Current tax is the expected taxes payable or receivable on the taxable income or loss for the financial year, using the tax rates that have been enacted or substantively enacted by the end of the reporting period, and any adjustment to tax payable in respect of previous financial years.

(b) Deferred tax

Deferred tax is recognised using the liability method on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts in the statements of financial position. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences, unutilised tax losses, unabsorbed capital allowances and unused tax credits, to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences, unutilised tax losses, unabsorbed capital allowances and unused tax credits can be utilised.

Deferred tax is not recognised if the temporary differences arise from the initial recognition of assets and liabilities in a transaction which is not a business combination and that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.17 Income tax (Continued)

(b) Deferred tax (Continued)

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiary companies, except where the Group is able to control the reversal timing of the temporary differences and it is probable that the temporary differences will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow the benefit of part or all of that deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax assets to be utilised.

Deferred tax is measured at the tax rates that are expected to apply in the period when the asset is realised or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the reporting date.

Where investment properties are carried at fair value in accordance with the accounting policy as disclosed in Note 3.6 to the financial statements, the amount of deferred tax recognised is measured using the tax rates that would apply on sale of those assets at their carrying value at the reporting date unless the property is depreciable and is held within the business model whose objective is to consume substantially all the economic benefits embodied in the property over time, rather than through sale.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if there is a legally enforceable right to offset current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority on the same taxable entity, or on different tax entities, but they intend to settle their income tax recoverable and income tax payable on a net basis or their tax assets and liabilities will be realised simultaneously.

(c) Sales and services tax

Revenue, expenses and assets are recognised net of the amount of sales and services tax, except:

- where the sales and services tax incurred in a purchase of assets or services is not recoverable from the taxation authority, in which case the sales and services tax is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- receivables and payables that are stated with the amount of sales and services tax included.

The net amount of sales and services tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the statements of financial position.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.18 Earnings per share

The Group presents basic and diluted earnings per share ("EPS") data for its ordinary shares.

Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period, adjusted for own shares held.

Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding, adjusted for own shares held, for the effects of all dilutive potential ordinary shares.

3.19 Operating segment

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components. An operating segment's operating results are reviewed regularly by the chief operating decision maker, which is the Chairperson of Group Executive Committee, to make strategic decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

3.20 Fair value measurements

Fair value of an asset or a liability, except for lease transactions, is determined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The measurement assumes that the transaction to sell the asset or transfer the liability takes place either in the principal market or in the absence of a principal market, in the most advantageous market.

For a non-financial asset, the fair value measurement takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

When measuring the fair value of an asset or a liability, the Group and the Company use observable market data as far as possible. Fair value is categorised into different levels in a fair value hierarchy based on the input used in the valuation technique as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Group and the Company can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Unobservable inputs for the asset or liability.

The Group and the Company recognise transfers between levels of the fair value hierarchy as of the date of the event or change in circumstances that caused the transfers.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.21 Contingencies

A contingent liability or asset is a possible obligation or asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of uncertain future event(s) not wholly within the control of the Group and of the Company.

Contingent liability is also referred as a present obligation that arises from past events but is not recognised because:

- (a) it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
- (b) the amount of the obligation cannot be measured with sufficient reliability.

Contingent liabilities and assets are not recognised in the statements of financial position.

3.22 Contract costs

(a) Recognition and measurement

Contract costs include costs of obtaining and fulfilling a contract.

The incremental costs of obtaining a contract are those costs that the Group incurs to obtain a contract with a customer which they would not have incurred if the contract had not been obtained. The incremental costs of obtaining a contract with a customer are recognised as part of contract costs when the Group expects those costs are recoverable.

The costs incurred in fulfilling a contract with a customer which are not within the scope of another MFRSs, such as MFRS 102 *Inventories*, MFRS 116 *Property, Plant and Equipment* or MFRS 138 *Intangible Assets*, are recognised as part of contract costs when all of the following criteria are met:

- (a) the costs relate directly to a contract or to an anticipated contract that can be specifically identified;
- (b) the costs generate or enhance resources of the Group that will be used in satisfying (or in continuing to satisfy) performance obligations in the future; and
- (c) the costs are expected to be recovered.

(b) Amortisation

The costs of obtaining and fulfilling a contract are amortised on a systematic basis that is consistent with the transfer to the customer of the goods or services to which the asset relates, i.e. in accordance with the pattern of transfer of goods or services to which the asset relates. The amortisation shall be updated subsequently to reflect any significant change to the expected timing of transfer to the customer of the goods or services to which the asset relates in accordance with MFRS 108 *Accounting Policies, Changes in Accounting Estimate and Errors*.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.22 Contract costs (Continued)

(c) Impairment

Impairment loss is recognised in profit or loss to the extent that the carrying amount of the contract cost exceeds:

- (a) the remaining amount of consideration that the Group expects to receive in exchange for the goods or services to which the asset relates; less
- (b) the costs that relate directly to providing those goods or services and that have not been recognised as expenses.

Before an impairment loss is recognised for contract costs, the Group shall recognise any impairment loss for assets related to the contract that are recognised in accordance with another MFRSs, such as MFRS 102 *Inventories*, MFRS 116 *Property, Plant and Equipment* and MFRS 138 *Intangible Assets*. The Group shall include the resulting carrying amount of the contract costs in the carrying amount of the cash-generating unit to which it belongs for the purpose of applying MFRS 136 *Impairment of Assets* to that cash-generating unit.

An impairment loss is reversed when the impairment conditions no longer exist or have improved. Such reversal is recognised in profit or loss.

The Group has applied the practical expedient to recognise the incremental costs of obtaining a contract as an expense when incurred if the amortisation period of the asset that the Group otherwise would have recognised is one year or less.

3.23 Provisions

Provisions are recognised when the Group and the Company have a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic resources will be required to settle the obligation and the amount of the obligation can be estimated reliably.

If the effect of the time value of money is material, provisions that are determined based on the expected future cash flows to settle the obligation are discounted using a current pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. When discounting is used, the increase in the provisions due to passage of time is recognised as finance costs.

Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provision is reversed.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

4. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES

The preparation of financial statements in conformity with MFRSs requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the financial year. It also requires the directors to exercise their judgement in the process of applying the Group's and the Company's accounting policies. Although these estimates and judgement are based on the directors' best knowledge of current events and actions, actual results may differ.

The areas involving a higher degree of judgement or complexity that have the most significant effect on the Group's and the Company's financial statements, or areas where assumptions and estimates that have a significant risk of resulting in a material adjustment to the Group's and the Company's financial statements within the next financial year are disclosed as follows:

4.1 Fair value of investment properties (Note 6)

The Group carries its investment properties at fair value, with changes in fair values being recognised in profit or loss. Significant judgement is required in estimating the fair value which may be derived based on different valuation methods determined to be appropriate and the use of key assumptions. In making the judgement, the Group engaged an external independent valuer to determine the fair value as at end of the reporting period.

The valuation methods adopted by the valuer include comparison method, being comparison of transacted prices in an active market for similar properties in close proximity and where necessary, adjusting for location, accessibility, time, size, tenure, market uncertainty and other differences. Judgement is made in determining the key assumptions used in the valuations including market uncertainty caused by the disruption to market arising from COVID-19 pandemic in the valuation as at 31 December 2021. The COVID-19 pandemic might have resulted in less frequent comparable transactions or market prices become less readily available which would increase uncertainty in the measurement of fair value. Any changes in these assumptions will have an impact on the carrying amounts of the investment properties.

4.2 Impairment of investment in subsidiary companies (Note 7)

The Company assesses its investment in subsidiary companies at the end of the reporting period for any objective evidence that the investment may be impaired. For the purpose of assessing impairment, the Group determines its share of the present value of the estimated future cash flows expected to be generated by the subsidiary companies. In estimating the present value of the estimated cash flows, the Group applies a suitable discount rate and make assumptions underlying the cash flow projections which include near-term impact of COVID-19 pandemic, future revenue, gross profit margin and operating expenses.

4.3 Impairment of goodwill (Note 10)

Goodwill is tested for impairment annually and at other times when such indicators exist. This requires an estimation of the value-in-use of the cash-generating units to which goodwill is allocated. When value-in-use calculations are undertaken, the Group uses its judgement to decide the discount rate to be applied in the recoverable amount calculation and assumptions supporting the underlying cash flow projections, including near-term impact of COVID-19 pandemic, future revenue, gross profit margin and operating expenses. Cash flows that are projected based on those inputs or assumptions may have a significant effect on the Group's financial position and results if the actual cash flows are less than the expected.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

4. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (CONTINUED)

4.4 Impairment of receivables and contract assets (Notes 13 and 15)

The impairment provisions for receivables and contract assets are based on assumptions about risk of default and expected loss rate. The Group uses judgement in making these assumptions and selecting inputs to the expected credit losses ("ECL") calculation, based on the Group's past history, existing market conditions as well as forward-looking estimates at the end of each reporting period.

The assessment of the correlation between historical observed default rates, forward-looking estimates and ECL is a significant estimate. The amount of ECL is sensitive to changes in circumstances and of forecast economic conditions over the expected lives of the receivables and contract assets. The Group's assessment of the indicators, historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future.

4.5 Construction revenue (Note 23)

The Group recognised construction revenue in profit or loss by using the progress towards complete satisfaction of performance obligation. The progress towards complete satisfaction of performance obligation is determined by the proportion that construction costs incurred for work performed to date bear to the estimated total construction costs.

Significant judgement is required in determining the progress towards complete satisfaction of performance obligation, the extent of the construction costs incurred, the estimated total construction revenue and expenses, as well as potential exposure to liquidated and ascertained damages. In making the judgement, the Group evaluates based on past experience and by relying on the work of specialists.

The Group leases the above assets under hire purchase agreement with lease terms of 3 to 5 years (2020: 3 to 5 years) and options to purchase at the end of the lease term.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

6. INVESTMENT PROPERTIES

	2021 RM	Group 2020 RM
At fair value:		
At 1 January	276,327,612	301,327,612
Net loss arising from fair value adjustment	–	(25,000,000)
At 31 December	276,327,612	276,327,612

(a) Included in the investment properties are:

	2021 RM	Group 2020 RM
At fair value:		
Buildings on freehold land	176,800,000	176,800,000
Buildings on leasehold land	99,527,612	99,527,612
At 31 December	276,327,612	276,327,612

(b) The following are recognised in profit or loss in respect of income generating investment properties:

	2021 RM	Group 2020 RM
Rental income	6,749,119	6,878,172
Direct operating expenses	(5,331,709)	(5,812,511)

(c) Investment properties of the Group with a total fair value of RM255,105,612 (2020: RM254,734,332) are pledged for credit facilities granted to the Group as disclosed in Note 21(d) to the financial statements.

(d) The investment properties, which comprise commercial properties including office, retails, shoplots, and car parks, are stated at fair value. Valuations are performed by an independent accredited valuer as at 31 December 2021 and 31 December 2020. The fair value of the investment properties has been determined using the comparison method.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

6. INVESTMENT PROPERTIES (CONTINUED)

(e) Fair value of investment properties is categorised as follows:

Group	Level 3 RM
2021	
Office, retails, shoplots and car parks	276,327,612
<hr/>	
2020	
Office, retails, shoplots and car parks	276,327,612
<hr/>	

Level 2 and Level 3 fair values

Level 2 fair value of properties have been derived using the comparison method that reflects recent transaction prices for similar properties in close proximity and where necessary, adjusted for location, accessibility, time, size, tenure, market uncertainty and other differences. The most significant input into this valuation approach is price per square foot.

Adjustments to Level 2 inputs, using less frequent transactions and/or significant unobservable inputs, that are significant to the entire measurement resulted in fair value measurement categorised within Level 3 of the fair value hierarchy in the previous financial year.

Level 3 fair value

The following table shows a reconciliation of Level 3 fair values:

	2021 RM	Group 2020 RM
At 1 January	276,327,612	–
Transfer into Level 3	–	301,327,612
Unrealised losses recognised in profit or loss (Note 27)	–	(25,000,000)
<hr/>		
At 31 December	276,327,612	276,327,612
<hr/>		

In the previous financial year, the unrealised losses were recognised within other expenses line in profit or loss of the Group.

The following table shows the valuation technique used in the determination of fair values within Level 3, as well as the significant unobservable inputs used in the valuation models.

Property type	Valuation technique	Significant unobservable inputs	Relationship of unobservable inputs to fair value
Buildings	Comparison method	Price per square feet RM292-RM1,006 (2020: RM292-RM996)	The higher/lower the price per square feet, the higher/lower the fair value
Carparks	Comparison method	Price per bay RM23,000-RM33,600 (2020: RM23,000-RM33,600)	The higher/lower the price per bay, the higher/lower the fair value

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

6. INVESTMENT PROPERTIES (CONTINUED)

Policy on transfer between levels

The fair value of an asset to be transferred between levels is determined as of the date of the event or change in circumstances that caused the transfer.

Transfer between Level 1 and Level 2

There are no Level 1 investment properties or transfer between Level 1 and Level 2 fair values during the financial years ended 31 December 2021 and 31 December 2020.

Valuation processes applied by the Group

The fair value of investment properties is determined by external independent property valuers, with appropriate recognised professional qualifications and recent experience in the location and category of property being valued. The valuation company provides the fair value of the Group's investment properties portfolio every twelve months. Changes in Level 3 fair values are analysed by the Group every twelve months after obtaining the valuation report from the valuation company. There has been no change to the valuation technique during the financial year.

Highest and best use

In estimating the fair value of the properties, the highest and best use of the properties is their current use.

7. INVESTMENT IN SUBSIDIARY COMPANIES

	2021	Company
	RM	2020
		RM
At cost		
Unquoted shares	111,365,268	106,365,270
Less: Allowance for impairment loss	(1,000,000)	(3,633,096)
	110,365,268	102,732,174

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

7. INVESTMENT IN SUBSIDIARY COMPANIES (CONTINUED)

The movement in allowance for impairment of investment in subsidiary companies is as follows:

	Company	
	2021 RM	2020 RM
At 1 January	3,633,096	–
Recognised during the financial year	–	3,633,096
Reversal during the financial year	(2,633,096)	–
At 31 December	1,000,000	3,633,096

The impairment of investment in certain subsidiary companies has been recognised during the previous financial year to write down the carrying amount to the recoverable amount of the subsidiary companies in view of their financial performance. The impairment loss was recognised within other expenses line in profit or loss of the Company. The recoverable amount was determined based on value-in-use applying pre-tax discount rate of 15% (2020: 15%).

The details of the subsidiary companies, all of which are incorporated in Malaysia are as follows:

Name of companies	Effective ownership interest and voting interest		Principal activities

- (b) Freehold land included in land held for development of RM55,000,000 (2020: RM55,000,000) is pledged as security to secure a term loan granted to the Group as disclosed in Note 21(a) to the financial statements.
- (c) Completed properties of RM13,159,864 (2020: RM13,159,864) are pledged to financial institutions for credit facilities as disclosed in Note 21(d) to the financial statements.
- (d) Included in inventories are borrowing costs capitalised in land held for development during the financial year amounting to RM1,412,433 (2020: RM1,443,692).

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

10. GOODWILL

(a) Allocation of goodwill to cash-generating units ("CGUs")

Goodwill arising from business combination is allocated to the following Group's CGUs, representing the lowest level within the Group at which the goodwill is monitored for internal management purpose.

The carrying amount of goodwill allocated to the CGU is as follows:

	Construction RM	Investment holding RM	Property development RM	Total RM
2021	23,613,409	32,988	13,383	23,659,780
2020	23,613,409	32,988	13,383	23,659,780

(b) Impairment test of goodwill

The goodwill allocated to investment holding and property development segments are not significant in comparison with the Group's total carrying amount of goodwill.

The recoverable amount of the Construction CGU has been determined based on value-in-use calculation using cash flow projections based on financial forecasts approved by the directors for the next five years (2020: next five years). Cash flows beyond 5-year period are extrapolated with no assumed growth rate.

The values assigned to key assumptions represent the Group's assessment of future trends of the industry and are based on both external and internal sources of information. The following describes each key assumption which the directors have used in the cash flows projections for the purposes of impairment testing of goodwill:

- (i) Discount rate – based on the industry weighted average cost of capital of the CGU. The discount rate of 15% (2020: 15%) applied to the cash flow projections is pre-tax and reflects estimate of the risk specific to the CGU at the date of assessment.
- (ii) Revenue – based on management's estimation taking into consideration secured contracts and anticipated future projects/contracts.
- (iii) Gross margin – based on past experience, industry trend and projected gross margin.

As at 31 December 2021, with regard to the assessment of value-in-use of the CGU, the directors believe that there was no reasonably possible change in key assumptions that would cause the carrying amount of the CGU to exceed its recoverable amount. In the previous financial year, the Group estimated that the carrying amount of the Construction CGU was higher than its recoverable amount as the projected cash flows have been updated to reflect lower revenue, gross margin and market disruption caused by COVID-19 pandemic. Accordingly, an impairment loss of RM9,948,357 was recognised which was fully allocated to goodwill and was recorded within other expenses line in profit or loss of the Group in the previous financial year.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

11. OPERATING FINANCIAL ASSET

	2021 RM	Group 2020 RM
Non-current	269,736,029	280,784,865
Current	11,048,836	9,821,534
	280,784,865	290,606,399

The Group had entered into a concession agreement with the Government of Malaysia and Universiti Teknologi MARA (“UiTM”) on 4 May 2010 to design, develop, construct the Facilities and Infrastructure and to perform the maintenance works for a period of 23 years comprising 3 years of construction works and 20 years of maintenance works (“Maintenance Period”). Upon expiry of the concession period, the Group is required to handover the Facilities and Infrastructure at no cost to UiTM, except for fair wear and tear, in a well-maintained condition.

UiTM will pay the Group throughout the Maintenance Period concession charges which comprise availability charges for the availability of the facilities and infrastructure and maintenance charges for the provision of maintenance works in accordance with the provisions of the concession agreement. The Group and UiTM may make request in writing for the review of the maintenance charges at the interval of every five years after the maintenance commencement date, subject to the Government’s approval.

The operating financial asset represents the fair value of the consideration receivable for the construction services delivered during the stage of construction. It carries an imputed interest rate of 11.85% (2020: 11.85%) per annum and is repayable in the form of availability charges upon fulfilment of the terms and conditions in the concession agreement.

12. DEFERRED TAX ASSETS/(LIABILITIES)

Deferred tax assets/(liabilities) relates to the following:

Group	At 1 January 2020 RM	Recognised in profit or loss RM	At 31 December 2020 RM	Recognised in profit or loss RM	At 31 December 2021 RM

Total trade and other receivables		171,132,073	188,704,594

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

13. TRADE AND OTHER RECEIVABLES (CONTINUED)

(a) Trade

Trade receivables are non-interest bearing and normal credit terms offered by the Group ranging from 7 to 90 days (2020: 7 to 90 days) from the date of invoices. Other credit terms are assessed and approved on a case by case basis.

Retention sum is receivable upon the expiry of defect liability period as provided in the contracts with customers.

Included in the trade receivables and retention sums of the Group are amounts of RM14,749,849 (2020: RM14,749,849) due from a customer with contract under dispute. The dispute involves a subsidiary company of the Company, Crest Builder Sdn. Bhd. ("CBSB") which was employed by the customer as the main contractor to complete a project. Due to, amongst others, the failure by the customer to make timely payment to CBSB, CBSB contended that the customer had repudiated the contract and thereby, terminating the contract by accepting the repudiation in September 2011. Subsequently, the customer issued a Notice of Reference of Arbitration on 8 May 2012 to refer the dispute to arbitration.

The customer is claiming against CBSB the total sum of RM94,685,625 including liquidated damages of RM6,580,000. However, CBSB contested all of the customer's claims and in turn counterclaims against the customer for the sum of RM31,084,049 and interest thereon and costs. The hearings for the arbitration are ongoing and had scheduled from 13 to 23 June 2022.

No allowance for impairment or provision for liabilities has been made in the financial statements of the Group as the directors have been advised by their solicitor that CBSB has a reasonable prospect of success in this claim and in resisting the customer's claim.

(b) Non-trade

Included in other receivables of the Group are amounts of RM44,100,000 (2020: RM44,222,500) due from certain non-controlling shareholder of subsidiary companies which are non-trade in nature and interest free.

Included in deposits is an amount of RM2,000,000 (2020: RM2,000,000) placed with Prasarana Malaysia Berhad for the development project prior to the fulfilment of condition precedents as stated in the agreement. Once the condition precedents are fulfilled, the amount will be recognised as land cost in inventories.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

14. AMOUNT DUE FROM/(TO) SUBSIDIARY COMPANIES

	2021 RM	Company 2020 RM
Non-current:		
Amount due from subsidiary companies	162,104,961	153,069,857
Less: Allowance for impairment loss	(2,779,646)	(4,177,926)
Total amount due from subsidiary companies (non-current)	159,325,315	148,891,931
Current:		
Amount due from subsidiary companies	12,011,465	8,386,809
Less: Allowance for impairment loss	(3,641,998)	(177,243)
Total amount due from subsidiary companies (current)	8,369,467	8,209,566
Total amount due from subsidiary companies (non-current and current)	167,694,782	157,101,497
Amount due to subsidiary companies	(75,809,817)	(80,696,941)

The amount due from subsidiary companies is non-trade in nature, unsecured, interest free, repayable on demand and is expected to be settled in cash, except for an amount of RM93,035,460 (2020: RM92,391,934) which bears an effective interest rate at 7.14% (2020: 7.14% to 8.39%) per annum.

The non-current amount due from subsidiary companies is not expected to be settled within the next twelve months and includes an amount of RM69,069,491 (2020: RM60,677,923) measured at amortised cost at imputed rate of 7.14% (2020: 7.14%) per annum.

The amount due to subsidiary companies are non-trade in nature, unsecured, interest free, repayable on demand and is expected to be settled in cash.

At 1 January/31 December	176,921,657	181,190,804	176,921,657	181,190,804

The holders of ordinary shares (except treasury shares) are entitled to receive dividends as declared from time to time and are entitled to one vote per share at meetings of the Company. All ordinary shares rank equally with regard to the Company's residual assets.

20. TREASURY SHARES

As at 31 December 2021, the Group and the Company held 14,814,100 (2020: 14,814,100) treasury shares out of its 176,921,657 issued and paid-up ordinary shares.

The directors of the Company are committed to enhance the value of the Company and its shareholders and believe that the share repurchase plan can be executed in the best interests of the Company and its shareholders.

There was no repurchase of the Company's issued ordinary shares, nor any resale, cancellation or distribution of treasury shares during the financial year.

The share repurchase transactions were financed by internally generated funds. The shares repurchased are being held as treasury shares in accordance with Section 127 of the Companies Act 2016 in Malaysia. There was no resale, cancellation or distribution of treasury shares during the financial year.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

21. LOANS AND BORROWINGS (CONTINUED)

(b) Sukuk Murabahah (Continued)

The Sukuk Murabahah is secured by the followings:

- (i) Debenture evidencing a fixed and floating charge over a subsidiary company's present and future assets;
- (ii) First ranking charge and assignment of the designated accounts and the credit balances therein; and
- (iii) First ranking assignment of takaful policies, if any, in relation to the concession agreement with the security trustee designated as loss payee/mortgagee.

(c) Lease liabilities

Lease liabilities bear implicit interest rates ranging from 2.90% to 4.98% (2020: 2.90% to 4.98%) per annum.

Future minimum lease payments under hire purchase together with the present value of net minimum lease payments are as follows:

	2021 RM	Group 2020 RM
Minimum lease payments:		
- not later than one year	3,801,659	4,530,602
- later than one year but not later than five years	7,693,387	3,209,571
	11,495,046	7,740,173
Less:		
Future finance charges	(1,164,149)	(477,065)
	10,330,897	7,263,108
Present value of minimum lease payments:		
- not later than one year	3,271,037	4,232,017
- later than one year but not later than five years	7,059,860	3,031,091
	10,330,897	7,263,108
Less: Amount due within 12 months	(3,271,037)	(4,232,017)
	7,059,860	3,031,091
	7,059,860	3,031,091

The lease liabilities of the Group are secured by the property, plant and equipment as disclosed in Note 5(a) to the financial statements.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

21. LOANS AND BORROWINGS (CONTINUED)

(d) Bankers' acceptances, revolving credits and bank overdrafts

The other bank borrowings of the Group and of the Company are denominated in Ringgit Malaysia and bear interest at rates ranging from 2.05% to 7.20% (2020: 2.55% to 8.64%) and 4.00% to 7.14% (2020: 7.14% to 8.39%) per annum respectively.

Other bank borrowings of the Group and of the Company are secured by:

- (i) Facility agreement together with interest, commission and all other charges thereon;
- (ii) Second ranking legal charge to certain retail units as disclosed in Note 9(c) to the financial statements;
- (iii) First party second fixed charge over certain investment properties as disclosed in Note 6(c) to the financial statements;
- (iv) Supplement agreement to extend the assignment of rental proceeds from certain investment properties executed between borrower and bank;
- (v) Charge over the monies in the debt services reserve account as disclosed in Note 17(c) to the financial statements;
- (vi) Second legal charge over a designated escrow account; and
- (vii) Corporate guarantee by the Company.

Total trade and other payables		354,254,306	361,191,765	172,033	273,796

(a) Landowner's entitlement

Landowner's entitlement represents cost payable for land development right pursuant to the Joint Land Development Agreement entered into with the landowner. Included in landowner's entitlement is an amount of RM14,017,337 (2020: RM14,017,337) to be settled in cash and is measured at amortised cost at imputed rate of 8.54% (2020: 8.54%) per annum.

(b) Trade payables

The Group's normal trade credit terms granted ranging from 30 to 60 days (2020: 30 to 60 days).

(c) Trade accruals

The trade accruals of the Group relate to the development costs of completed development projects.

	255,412,436	289,956,421	6,962,829	7,688,959

(a) Disaggregation of revenue

The Group reports the following segments: construction, concession arrangement, investment holding and property development in accordance with MFRS 8 *Operating Segments*. For the purpose of disclosure of disaggregation of revenue from contract with customers, it disaggregates revenue into major goods or services and timing of revenue recognition (i.e. goods transferred at a point in time or services transferred over time).

	Construction RM	Concession arrangement RM	Property development RM	Total RM

	234,964,081	10,742,627	1,509,286	247,215,994

(b) Transaction price allocated to the remaining performance obligation

As of 31 December 2021, the aggregate amounts of the transaction price allocated to the remaining performance obligation are:

- (i) RM458.3 million (2020: RM321.2 million) and the Group will recognise this revenue as the properties or construction are completed, which is expected to occur over the next 3 years (2020: 3 years); and
- (ii) RM112.7 million (2020: RM122.0 million) and the Group will recognise this revenue as the maintenance services are performed, which is over the next 12 years (2020: 13 years).

The Group applies the practical expedient in paragraph 121(a) of MFRS 15 not to disclose information about remaining performance obligations that have original expected durations of one year or less.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

29. LOSS PER SHARE

(a) Basic loss per share

Basic loss per share is calculated based on the loss attributable to owners of the Company divided by the weighted average number of ordinary shares in issue during the financial year, adjusted for treasury shares held.

	2021 RM	Group 2020 RM
Loss attributable to owners of the Company (RM)	(44,987,888)	(77,110,918)
Number of shares in issue as of 1 January	162,107,557	162,880,557
Effect of purchase of treasury shares	–	(643,482)
Weighted average number of ordinary shares in issue	162,107,557	162,237,075
Basic loss per share (sen)	(27.75)	(47.53)

There have been no other transactions involving ordinary shares or potential ordinary shares since the reporting date and before the authorisation of these financial statements.

(b) Diluted loss per share

The Group has no dilutive potential ordinary shares. At such, there is no dilutive effect on the loss per share of the Group.

30. DIVIDENDS

	Group and Company 2021 RM	2020 RM
Dividends on ordinary shares:		
First and final 3.5 sen single tier dividend in respect of financial year ended 31 December 2019	–	5,673,764

Total directors' remuneration	1,787,602	1,590,184	198,000	198,000

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

32. OPERATING LEASES

The Group as lessor

The Group has entered into operating leases on its investment properties consisting of certain office buildings. The leases have terms ranging from one to three years (2020: one to three years).

Future minimum rentals receivable under non-cancellable operating leases as at 31 December are as follows:

	2021	2020
	RM	RM
- Not later than one year	3,600,218	3,536,675
- One to two years	3,304,545	456,742
- Two to three years	3,093,491	271,154
- Three to four years	3,000	108,100
	10,001,254	4,372,671

Certain operating lease arrangements contain an option for the lessee to extend the original lease term by one to three years.

33. RELATED PARTIES

(a) Identification of related parties

Parties are considered to be related to the Group if the Group has the ability, directly or indirectly, to control the party or exercise significant influence over the party in making financial and operational decisions, or vice versa, or where the Group and the party are subject to common control. Related parties may be individuals or other entities.

Related parties of the Group and the Company include:

- (i) Subsidiary companies;
- (ii) Company in which a director has substantial financial interest;
- (iii) Corporate shareholders of subsidiary companies; and
- (iv) Key management personnel comprise persons (including the directors) having the authority and responsibility for planning, directing and controlling the activities directly or indirectly.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

33. RELATED PARTIES (CONTINUED)

(b) Significant related party transactions and balances

Significant related party transactions other than disclosed elsewhere in the financial statements are as follows:

	Group		Company	
	2021 RM	2020 RM	2021 RM	2020 RM
Transactions with:				
Subsidiary companies				
Interest income received/receivable	–	–	6,788,077	6,756,594

	3,427,989	3,005,243	198,000	198,000

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

34. SEGMENT INFORMATION

The information reported to the Chairperson of Group Executive Committee, as the Group's chief operating decision maker, in making decisions to allocate resources to segments and to assess their performance is based on the nature of the industry (business segments) of the Group.

Measurement of reportable segments

Segment information is prepared in conformity with the accounting policies adopted for preparing and presenting the consolidated financial statements.

Segment statements of comprehensive income are profit earned or loss incurred by each segment with allocation of central administrative costs, non-operating investment revenue, finance costs, tax expense and other non-cash expenses. There are no significant changes from previous financial year in the measurement methods used to determine reported segment statements of comprehensive income.

There are varying levels of integration among Investment holding segment with Construction segment and Property development segment. This integration includes rental of properties, corporate support and provision of construction, mechanical and electrical engineering services. Inter-segment pricing is determined on a negotiated basis.

All the Group's assets are allocated to reportable segments.

All the Group's liabilities are allocated to reportable segments.

Business segments

For management purposes, the Group is organised into business units based on their products and services provided. The Group is organised into four main business segments as follows:

- (a) Construction – general construction, mechanical and electrical engineering services;
- (b) Concession arrangement – construction and maintenance of facilities and infrastructure;
- (c) Investment holding – investment in shares, properties and other investment activities; and
- (d) Property development – development of residential and commercial properties.

Management monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on operating profit or loss.

Geographical segments

No information is prepared on the geographical segment as the Group principally operates within Malaysia.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

35. FINANCIAL INSTRUMENTS (CONTINUED)

(b) Financial risk management

The Group and the Company seek to manage effectively the various risks namely credit risk, liquidity risk and interest rate risk, to which the Group and the Company are exposed to in their operations. The Group's and the Company's overall financial risk management objective is to optimise value for their shareholders.

The Group's and the Company's exposure to the financial risks and the objectives, policies and processes put in place to manage these risks are discussed below:

(i) Credit risk

Credit risk is the risk of financial loss to the Group and the Company that may arise on outstanding financial instruments should a counterparty default on its obligations.

The Group's exposure to credit risk primarily arises from its operating financial asset, trade receivables and contract assets while the Company's exposure to credit risk primarily arises from amount due from subsidiary companies. The maximum risk associated with recognised financial assets are the carrying amounts as presented in the statements of financial position.

Credit risk of the Group is controlled by the application of credit approvals, limits and monitoring procedures. Credit risk is minimised and monitored strictly by limiting the Group's association to business partners with high creditworthiness. If necessary, the Group may obtain collaterals from counterparties as a mean of mitigating losses in the event of default.

Operating financial asset, trade receivables and contract assets

Other than the trade receivables and contract assets arising from the sale of development properties, the carrying amount of operating financial asset, trade receivables and contract assets are not secured by any collateral or supported by any other credit enhancements. In respect of trade receivables and contract assets arising from the sale of development properties, the Group mitigates its credit risk by withholding the transfer of registered ownership of the development properties until full settlement by the purchaser of the self-financed portion of the purchase consideration or upon undertaking of end-financier by the purchaser's end-financier. In determining the recoverability of these receivables, the Group considers any change in the credit quality of the receivables from the date the credit was initially granted up to the reporting date. The Group has adopted a policy of dealing with creditworthy counterparties as a mean of mitigating the risk of financial loss from defaults.

In managing credit risk, the Group periodically reviews the Group's credit risk exposure in respect of its trade receivables and takes appropriate actions to recover long overdue balances. At each reporting date, the Group assesses whether any of the trade receivables are credit-impaired. A financial asset is credit-impaired when one or more events have a detrimental impact on the estimated future cash flows of the financial assets have occurred.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

35. FINANCIAL INSTRUMENTS (CONTINUED)

(b) Financial risk management (Continued)

(i) Credit risk (Continued)

Operating financial asset, trade receivables and contract assets (Continued)

Credit risk concentration profile

The Group determines the credit risk concentration of its operating financial asset, trade receivables and contract assets by industry sector profile on an ongoing basis. The credit risk concentration profile of the Group's operating financial asset, trade receivables and contract assets at the reporting date are as follows:

Operating financial asset:

	2021		Group		2020	
	RM	%	RM	%	RM	%
Concession arrangement	280,784,865	100%	290,606,399			100%

Trade receivables:

	2021		Group		2020	
	RM	%	RM	%	RM	%
Construction	98,459,786	98%	113,052,125			90%
Concession arrangement	1,966,151	2%	1,966,151			2%
Property development	150,785	0%	10,079,954			8%
Others	57,971	0%	84,980			0%
	100,634,693	100%	125,183,210			100%

Contract assets:

Construction	35,866,201	100%	76,650,831			100%

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

35. FINANCIAL INSTRUMENTS (CONTINUED)

(b) Financial risk management (Continued)

(i) Credit risk (Continued)

Operating financial asset, trade receivables and contract assets (Continued)

Credit risk concentration profile (Continued)

The Group applies the simplified approach to provide for impairment losses prescribed by MFRS 9, which permits the use of the lifetime expected credit loss ("ECL") allowance for all operating financial asset, trade receivables and contract assets. To measure the impairment losses, trade receivables have been grouped based on shared credit risk characteristics and the days past due. The determination of ECL also incorporates economic conditions during the period of historical data, current conditions and forward-looking information on the economic conditions over the expected settlement period of the receivables. The Group believes that changes in economic conditions over these periods would not materially impact the impairment calculation of the receivables.

For concession and construction contracts, as there are only a few customers, the Group assesses the risk of each customer individually based on their financial capability, past trend of payments and other external information relating to the customers that are publicly available. For property development contracts, the Group determines the ECL rate for the group of customers based on actual credit loss experience over the past three years.

The information about the credit risk exposure on the Group's contract assets, operating financial asset and trade receivables as at 31 December 2021 and 31 December 2020 are as follows:

Group	Gross carrying amount RM	ECL allowance RM	Net balance RM
At 31 December 2021			
Contract assets			
Current (not past due)	19,532,001	–	19,532,001

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

35. FINANCIAL INSTRUMENTS (CONTINUED)

(b) Financial risk management (Continued)

(i) Credit risk (Continued)

Other receivables and other financial assets

For other receivables and other financial assets (including fixed deposits placed with licensed banks, cash and bank balances and related company balances), the Group and the Company minimise credit risk by dealing exclusively with high credit rating counterparties. At the reporting date, the Group's and the Company's maximum exposure to credit risk arising from other receivables and other financial assets is represented by the carrying amount of each class of financial assets recognised in the statements of financial position. The carrying amount of the other receivables and other financial assets are not secured by any collateral or supported by any other credit enhancement except for a receivable of RM44,100,000 (2020: RM44,222,500) due from a non-controlling shareholder which is supported by the shares in a subsidiary company owned by the shareholder as credit enhancement.

The Group and the Company consider the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk, the Group and the Company compare the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition taking into consideration available reasonable and supportive forward-looking information.

Regardless of the analysis above, a significant increase in credit risk is presumed if a debtor is more than 30 days past due in making a contractual payment. A default on a financial asset is when the counterparty fails to make contractual payments within 60 days when they fall due.

The Company provides advances to subsidiary companies. The Company monitors the results of the subsidiary companies in determining the recoverability of intercompany balances. The advances to subsidiary companies are repayable on demand. For such advances, expected credit losses are assessed based on the assumption that repayment of the advances is demanded at the reporting date. If the subsidiary companies do not have sufficient liquid assets when the loan is demanded, the Company will consider the expected manner of recovery and recovery period of the advances.

Refer to Note 3.12(a) to the financial statements for the Group's and the Company's other accounting policies for impairment of financial assets.

(b) Financial risk management (Continued)

(i) Credit risk (Continued)

Financial guarantees

The Company provides secured corporate guarantees to banks in respect of banking facilities provided to subsidiary companies. The Company monitors on an ongoing basis the results of the subsidiary companies and repayments made by the subsidiary companies.

The Company is exposed to credit risk in relation to financial guarantees given to banks in respect of loans granted to certain subsidiary companies. The Company monitors the results of the subsidiary companies and their repayment on an ongoing basis. The maximum exposure to credit risk amounting to RM263,188,548 (2020: RM246,760,607) representing the maximum amount the Company could pay if the guarantee is called on as disclosed in Note 35(b)(ii) to the financial statements. Generally, the Company considers the financial guarantees have low credit risk. As at the reporting date, there was no loss allowance for expected credit losses as determined by the Company for the financial guarantees.

The financial guarantees have not been recognised since the fair value on initial recognition was not material as the guarantees are provided as credit enhancements to the subsidiary companies' secured borrowings.

(ii) Liquidity risk

Liquidity risk is the risk that the Group or the Company will encounter difficulty in meeting financial obligations when they fall due. The Group's and the Company's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and financial liabilities. The Group's and the Company's exposure to liquidity risk arises principally from trade and other payables and loans and borrowings.

The Group's and the Company's objective is to maintain a balance between continuity of funding and flexibility through use of stand-by facilities. The Group and the Company manage their operating cash flows by maintaining sufficient level of cash to meet their working capital requirements and availability of funding through an adequate amount of credit facilities.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

35. FINANCIAL INSTRUMENTS (CONTINUED)

(b) Financial risk management (Continued)

(iii) Interest rate risk

Interest rate risk is the risk of fluctuation in fair value or future cash flows of the Group's and of the Company's financial instruments as a result of changes in market interest rates.

The Group's and the Company's primary interest rate risk relates to floating interest-bearing financial instruments which include loans and borrowings. The investments in financial assets are mainly short term in nature and have been mostly placed in unit trust funds and fixed deposits which yield better returns than cash at bank.

The Group and the Company actively review their debt portfolio, taking into account the investment holding period and nature of their assets.

This strategy allows it to capitalise on cheaper funding in a low interest rate environment and achieve a certain level of protection against rate hikes. As at 31 December 2021 and 31 December 2020, the Group and the Company have not entered into any hedging instruments arrangement to minimise their exposure to interest rate volatility.

Sensitivity analysis for interest rate risk

If the interest rate had been 50 (2020: 50) basis point higher/lower and all other variables held constant, the Group's loss (2020: loss) and the Company's profit (2020: loss) for the financial year ended 31 December 2021 would increase/decrease by RM1,982,654 (2020: increase/decrease by RM2,020,078) and decrease/increase by RM80,797 (2020: increase/decrease by RM9,107) respectively as a result of exposure to floating rate loans and borrowings.

(c) Fair value measurement

The carrying amounts of current financial assets and financial liabilities are reasonable approximation to their fair values, either due to their short term nature or that they are floating rate instruments that are re-priced to market interest rates on or near the reporting date. Other long term financial assets and liabilities are reasonable approximation of fair value (Level 3) because they are floating rate instruments which are re-priced to market interest rates or based on discounting of future cash flows using current lending rates for similar types of arrangements.

There have been no transfer between Level 1 and Level 2 fair values during the financial year (2020: no transfer in either directions).

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

35. FINANCIAL INSTRUMENTS (CONTINUED)

(c) Fair value measurement (Continued)

The following table provides the fair value measurement hierarchy of the Group's and the Company's financial instruments carried at fair value:

Group	Carrying amount Total RM	Fair value			Total RM
		Level 1 RM	Level 2 RM	Level 3 RM	
2021					
Financial assets					
Short term investments	10,731,575	10,731,575	-	-	10,731,575
2020

36. CAPITAL COMMITMENT

	2021 RM	Group 2020 RM
Contracted but not provided for:		
- contractual commitment for acquisition of a land development right [^]	246,000,000	246,000,000

[^] The gross contractual commitment for the acquisition of a land development right is RM248 million (2020: RM248 million). After taking into consideration the deposit paid of RM2 million (2020: RM2 million), the net contractual commitment is RM246 million (2020: RM246 million).

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

37. CAPITAL MANAGEMENT

The primary objective of the Group's and the Company's capital management is to ensure that they maintain a healthy capital ratio in order to support their business and maximise shareholder value. The Group and the Company manage their capital structure and make adjustments to it, in light of changes in economic conditions. To maintain or adjust their capital structure, the Group and the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. No changes were made in the objectives, policies and processes during the financial years ended 31 December 2021 and 31 December 2020.

The Group and the Company monitor capital using a gearing ratio, which is net debts divided by total capital plus net debts. Net debts comprise loans and borrowings less cash and bank balances whilst total capital is the total equity of the Group and of the Company.

The gearing ratio for the Group and for the Company as at 31 December 2021 and 31 December 2020 are as follows:

	Group		Company	
	2021 RM	2020 RM	2021 RM	2020 RM
Loans and borrowings	532,081,977	538,862,631	21,262,457	2,396,455
Less:				
Short term investments	(10,731,575)	(12,567,247)	(8,281,793)	(10,133,535)
Fixed deposits placed with licensed banks	(50,881,266)	(53,964,653)	(3,148,484)	(3,148,484)
Cash and bank balances	(19,484,303)	(19,770,594)	(115,012)	(115,012)
Net debts	450,984,833	452,560,137	9,717,168	(11,000,576)
Equity	383,027,083	426,704,414	192,098,466	189,343,819
Total equity plus net debts	834,011,916	879,264,551	201,815,634	178,343,243
Gearing ratio	0.54	0.51	0.05	not meaningful

The Group and certain subsidiary companies are required to comply with certain debt-to-equity ratio, interest coverage ratio and finance service cover ratio in respect of the term loan, revolving credits and Sukuk Murabahah facilities.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

38. IMPACT OF COVID-19 OUTBREAK

On 11 March 2020, the World Health Organisation declared the COVID-19 outbreak as a pandemic in recognition of its rapid spread across the globe. The Malaysian Government imposed the Movement Control Order (“MCO”) and various level of MCO to curb the spread of the COVID-19 pandemic. The COVID-19 pandemic also resulted in travel restriction, lockdown and other precautionary measures imposed in various countries. The emergence of the COVID-19 pandemic since early 2020 has brought significant economic uncertainties in Malaysia and around the world.

The Group has assessed and concluded that the COVID-19 outbreak did not have material adverse effect on the Group’s and the Company’s financial statements for the current financial year.

Given the fluidity of the situation, the Group and the Company will continue to monitor the impact of the pandemic and take appropriate and timely measures to minimise its impact on the Group’s and the Company’s operations.

**STATEMENT BY
DIRECTORS**
(PURSUANT TO SECTION 251(2) OF THE COMPANIES ACT 2016)

We, **TENGGU DATO' SULAIMAN SHAH BIN TENGGU ABDUL JALIL SHAH** and **YONG SHANG MING**, being two of the directors of **CREST BUILDER HOLDINGS BERHAD**, do hereby state that, in the opinion of the directors, the accompanying financial statements set out on pages 67 to 167 are drawn up in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia so as to give a true and fair view of the financial position of the Group and of the Company as at 31 December 2021 and of their financial performance and cash flows for the financial year then ended.

Signed on behalf of the Board of Directors in accordance with a resolution of the directors.

TENGGU DATO' SULAIMAN SHAH BIN TENGGU ABDUL JALIL SHAH
Director

YONG SHANG MING
Director

Petaling Jaya

Date: 13 April 2022

**STATUTORY
DECLARATION**
(PURSUANT TO SECTION 251(1) OF THE COMPANIES ACT 2016)

I, **CHONG SUN CHOI**, being the officer primarily responsible for the financial management of **CREST BUILDER HOLDINGS BERHAD**, do solemnly and sincerely declare that to the best of my knowledge and belief, the accompanying financial statements set out on pages 67 to 167 are correct, and I make this solemn declaration conscientiously believing the same to be true, and by virtue of the provisions of the Statutory Declarations Act 1960.

CHONG SUN CHOI
Officer
MIA Membership No.: CA 30642

Subscribed and solemnly declared by the abovenamed at Petaling Jaya, Selangor Darul Ehsan on 13 April 2022.

Before me,

Commissioner for Oaths

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF CREST BUILDER HOLDINGS BERHAD

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Crest Builder Holdings Berhad, which comprise the statements of financial position as at 31 December 2021 of the Group and of the Company, and the statements of comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the financial year then ended, and notes to the financial statements, including significant accounting policies, as set out on pages 67 to 167.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Company as at 31 December 2021, and of their financial performance and cash flows for the financial year then ended in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia.

Basis for Opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and Other Ethical Responsibilities

We are independent of the Group and of the Company in accordance with the *By-Laws (on Professional Ethics, Conduct and Practice)* of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' *International Code of Ethics for Professional Accountants (including International Independence Standards)* ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the Group and of the Company for the current financial year. These matters were addressed in the context of our audit of the financial statements of the Group and of the Company as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF CREST BUILDER HOLDINGS BERHAD (CONT'D)

Key Audit Matters (Continued)

Group and Company

Investment properties (Notes 4.1 and 6 to the financial statements)

Risk:

The Group's investment properties are measured at fair value subsequent to their initial recognition. The directors estimated the fair value of the investment properties based on the market valuation performed by an external independent valuer. We focused on this area because the valuation requires significant judgement in determining the appropriate valuation methods and the key assumptions used in the valuations.

Our response:

Our audit procedures included, among others:

- evaluating the competence, capabilities and objectivity of the external valuer which included consideration of their qualifications and experience;
- understanding the scope and purpose of the valuation by assessing whether any matters that might have affected their objectivity or limited the scope of their work;
- reading the valuation reports for all significant properties and discussing with external valuer on their valuation approach and the significant judgements they made, including the selection of comparable properties and adjustments for differences in key attributes made to the transacted value of comparable properties; and
- assessing the valuation approach used and appropriateness of the key assumptions based on our knowledge of the property industry.

Investment in subsidiary companies (Notes 4.2 and 7 to the financial statements)

Goodwill (Notes 4.3 and 10 to the financial statements)

Risk:

The Company has significant balance of goodwill, mainly arising from the acquisition of Crest Builder Sdn. Bhd., and investment in subsidiary companies. The goodwill is tested for impairment annually. At the end of the financial year, the Company determined whether there is any indication of impairment in investment in subsidiary companies. Where indication exists, the Company is required to perform an impairment assessment on such investment.

We focused on this area because the Group's and the Company's assessment of the recoverable amount involved significant judgement. The recoverable amount of cash-generating unit to which the goodwill was allocated and investment in subsidiary companies were determined based on value-in-use. The value-in-use calculation involves the discount rate applied and the assumptions supporting the underlying cash flow projections which include future revenue, gross profit margin and operating expenses.

Our response:

Our audit procedures focus on evaluating the cash flow projections which included, among others:

- assessing the appropriateness of the valuation methodology adopted by the Company in accordance with the requirements of MFRS 136 *Impairment of Assets*;
- comparing the actual results with previous budget to assess the performance of the business;
- comparing the Company's assumptions to our assessments in relation to key assumptions to assess the reasonableness of the projections; and
- testing the mathematical accuracy of the impairment assessment.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF CREST BUILDER HOLDINGS BERHAD (CONT'D)

Key Audit Matters (Continued)

Group and Company (Continued)

Trade receivables and contract assets (Notes 4.4, 13 and 15 to the financial statements)

Risk:

The Group has significant trade receivables and contract assets as at 31 December 2021 which include certain amounts which are long outstanding and/or in legal disputes. We focused on this area because the directors made significant judgements on assumptions about outcome of legal dispute, risk of default and expected loss rate. In making the assumptions, the directors selected inputs to the impairment calculation, based on the Group's past history, financial capability of the receivables, existing market conditions as well as forward-looking estimates at the end of the reporting period.

Our response:

Our audit procedures included, among others:

- an understanding of significant credit exposures which were significantly overdue or deemed to be in default through analysis of ageing reports prepared by management;
- obtaining confirmation of balances from selected receivables;
- where necessary, reading legal opinion obtained for identified receivable;
- reviewing subsequent receipts, customer correspondence, and considering level of activity with the customer and management explanation on recoverability with significantly past due balances; and
- assessing the calculation of expected credit loss as at the end of the reporting period.

Revenue recognition for construction activities (Notes 4.5 and 23 to the financial statements)

Risk:

The amount of revenue of the Group's construction activities is recognised over the period of contract by reference to the progress towards complete satisfaction of that performance obligation. The progress towards complete satisfaction of performance obligation is determined by reference to proportion of costs incurred for works performed to date bear to the estimated total costs for each project (input method). We focused on this area because significant directors' judgement is required, in particular with regards to determining the progress towards complete satisfaction of performance obligation, the extent of the construction costs incurred, the estimated total construction contracts revenue and costs, as well as any potential exposure to liquidated and ascertained damages. The estimated total revenue and costs are affected by a variety of uncertainties that depend on the outcome of future events.

Our response:

Our audit procedures included, among others:

- reading the terms and conditions of agreements with customers;
- understanding the Group's process in recording project budget and the calculation of the progress towards complete satisfaction of performance obligation;
- comparing the Group's major assumptions to contractual terms and our understanding gathered from the analysis of changes in the assumptions from previous financial year and discussing with project manager;
- assessing the computed progress towards complete satisfaction of performance obligation for identified projects against consultant certificate; and
- checking the mathematical computation of recognised revenue for the projects during the financial year.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF CREST BUILDER HOLDINGS BERHAD (CONT'D)

Information Other than the Financial Statements and Auditors' Report Thereon

The directors of the Company are responsible for the other information. The other information comprises the information included in the annual report but does not include the financial statements of the Group and of the Company and our auditors' report thereon.

Our opinion on the financial statements of the Group and of the Company does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Group and of the Company, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Group and of the Company or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Statements

The directors of the Company are responsible for the preparation of financial statements of the Group and of the Company that give a true and fair view in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia. The directors are also responsible for such internal control as the directors determine is necessary to enable the preparation of financial statements of the Group and of the Company that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Group and of the Company, the directors are responsible for assessing the Group's and the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or the Company or to cease operations, or have no realistic alternative but to do so.

The directors of the Company are responsible for overseeing the Group's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Group and of the Company as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the financial statements of the Group and of the Company, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and the Company's internal control.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF CREST BUILDER HOLDINGS BERHAD (CONT'D)

Auditors' Responsibilities for the Audit of the Financial Statements (Continued)

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also (Continued):

- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's or the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Group and of the Company or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group or the Company to cease to continue as a going concern.
- evaluate the overall presentation, structure and content of the financial statements of the Group and of the Company, including the disclosures, and whether the financial statements of the Group and of the Company represent the underlying transactions and events in a manner that achieves fair presentation.
- obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial statements of the Group. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the Group and of the Company for the current financial year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

This report is made solely to the members of the Company, as a body, in accordance with Section 266 of the Companies Act 2016 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the contents of this report.

 Director/Secretary

Notes:

- A member of the Company entitled to attend and vote at the meeting is entitled to appoint anyone to attend and vote in his stead as his proxy without limitation and the provisions of Section 334 of the Companies Act 2016 shall apply.
- If a corporation is a member of the Company, the corporation may by resolution of its Board or other governing body authorise a person or persons to act as its representative or representatives at any meeting of members of the Company. A certificate of authorisation by a corporate member shall be prima facie evidence of the appointment or the revocation of the appointment, as the case may be, of a representative pursuant to Section 333 of the Companies Act 2016.
- Shareholders' attention is hereby drawn to the Listing Requirements of the Bursa Malaysia Securities Berhad, which allows a member of the Company who is an authorised nominee as defined under the Securities Industry (Central Depositories) Act 1991, to appoint at least one (1) proxy in respect of each securities account it holds with ordinary shares of the Company standing to the credit of the said securities.
- A member may appoint more than one (1) proxy provided that the member specifies the proportion of the member's shareholdings to be represented by each proxy.
- The instrument appointing a proxy and the power of attorney or other authority, if any, under which it is signed or a notarially certified copy of that power or authority shall be deposited at the Share Registrar's office at No. 2-1, Jalan Sri Hartamas 8, Sri Hartamas, 50480 Kuala Lumpur, not less than forty-eight (48) hours before the time for holding the meeting or adjourned meeting at which the person named in the instrument proposes to vote, or, in the case of a poll, not less than twenty-four (24) hours before the time appointed for the taking of the poll, and in default the instrument of proxy shall not be treated as valid.
- In respect to the deposited securities, only members whose name appear in the Record of Depositors on 7 June 2022 shall be eligible to attend the meeting or to appoint proxy to attend and/or vote on his behalf.
