3-months period (31.12.2014 vs. 31.12.2013)

The Group recorded revenue of RM12 million for the quarter ended 31 December 2014, representing a decrease of 7.5% as compared to RM13.2 million in the quarter ended 31 December 2013.

The Group recorded loss before tax (LBT) for the quarter ended 31 December 2014 amounting to RM1.2 million. In the previous year quarter ended 31 December 2013, the Group recorded profit before tax (PBT) of RM0.6 million. The decrease in PBT was primarily attributable to the restaurant segment where PBT of RM1.1 million in the quarter ended 31 December 2013 turned into loss before tax (LBT) of RM0.1 million in the current quarter.

Restaurant segment

The Group's restaurant segment recorded LBT of RM0.1 million for the quarter ended 31 December 2014. In the quarter ended 31 December 2013, the restaurant segment recorded a PBT of RM1.1 million.

The decrease was mainly due to the drop in sales performance by RM0.6 million in Chinese restaurant and RM0.4 million in concept café, additional write off of fixed assets arising from closure of a concept café amounting to RM0.1 mil, one-off legal and professional fees incurred for Good and Service Tax ("GST") implementation close to RM0.1 million.

Manufacturing segment

Manufacturing division recorded LBT of RM0.9 million for the quarter ended 31 December 2014 which was mainly due to sales return and finalization of discount after the mid-autumn festival for mooncake sales.

3-months period (31.12.2014 vs. 30.09.2014)

The Group recorded revenue of RM12.0 million for the quarter ended 31 December 2014, representing a decrease of 41.7% as compared to RM20.6 million in the previous quarter ended 30 September 2014. The revenue contribution from manufacturing segment became negative due to sales return and finalisation of discounts given after the mid-Autumn festival.

The Group recorded LBT of RM1.2 million for the quarter ended 31 December 2014, from PBT of RM2.3 million in the previous quarter ended 30 September 2014 due to its cyclical nature of the mooncake manufacturing segment.

Restaurant segment

The Group's restaurant segment recorded LBT of RM0.1 million for the 3-month ended 30 December 2014, which was a slight improvement from the previous quarter. The normal business cycle of the Group was disrupted during the quarter, mainly due to the current economic condition such as the weakening of the Ringgit, floods and raining season which led to the increase in raw materials price and consequently increased the Company's cost of sales.

Manufacturing segment

The Group's manufacturing segment recorded LBT of RM0.9 million for the quarter ended 31 December 2014, which was mainly due to sales return and finalization of discount after the midautumn festival for mooncake sales.

B3. Prospects

Restaurant Operations

The Group intends to increase patronage to our "Restoran Oversea" chain of Chinese restaurants within the months of January to March, especially during Chinese New Year celebrations. In this respect, we will intensify our advertising and promotional initiatives to attract corporate customers and families alike.

In our concept café business operation, we have successfully completed the rebranding of "Oversea Café" at Setiawalk, Puchong to "Tsim Tung" which will leverage on the positive reputation of the existing "Tsim Tung" outlet in Pandan Indah, Ampang.

Manufacturing

The Group expects our manufacturing business to continue its steady growth in line with the upcoming Chinese New Year festivities.

Going forward, we hope to expand the range of products which will allow us to enhance our domestic presence as well as enter new markets.

Prospects

The Group is cautious of our prospects for the rest of FY2015 in light of the implementation of the Goods and Services Tax from 1 April 2015 onwards, which is anticipated to result in rising cost of operations and dampened consumer spending across all sectors.

Mindful of these uncertainties, the Group would therefore focus on reaching specific target markets and optimising costs.

B4. Profit Forecast And Profit Estimate

The Group has not issued any profit forecast or profit estimate for the current financial quarter under review or in any public documents.
