EXPLANATORY NOTES FOR SECOND QUARTER ENDED 31 DECEMBER 2008

1. BASIS OF PREPARATION

The interim financial report is unaudited and has been prepared in accordance with Financial Reporting Standards ("FRS") 134 "Interim Financial Reporting" and the applicable disclosure provisions of the Listing Requirements of Bursa Malaysia Securities Berhad and should be read in conjunction with the Group's audited financial statements for the financial year ended 30 June 2008.

a) The significant accounting policies adopted for this interim financial report are consistent with those of the audited financial statements for the financial year ended 30 June 2008 except for the adoption of the new and revised Financial Reporting Standards ("FRS") as stated below:

		Effective for period
		beginning on or after
FRS 117	Leases	1 October 2006
FRS 124	Related Party Disclosures	1 October 2006

	Disclosures	

The new and revised FRS 6 and 119₂₀₀₄ are not relevant to the operation of the Group. The adoption of the revised FRS 124 does not have significant financial impact on the Group.

The principal effects of the change in accounting policies resulting for the adoption of FRS 117 disclosed as follows:

Leasehold land held for own use (FRS 117 : Leases)

Prior to 1 July 2007, leasehold land held for own use was classified as property, plant and equipment and was stated at revalued amount less accumulated depreciation and impairment losses. Surpluses arising from revaluation are dealt with in the revaluation reserve accounts. Any deficit arising is offset against the revaluation reserve to the extent of a previous increase for the same property. In all other cases, a decrease in carrying amount is charged to the income statement.

The adoption of the revised FRS 117 has resulted in a change in the accounting policy relating to the classification of leasehold land. Such leasehold land will no longer be revalued. Leases of land are classified as operating or finance leases in the same way as leases of other assets and the land and buildings elements of a lease of land and buildings are considered separately for the purpose of lease classification. Leasehold land held for own use is now classified as operating lease and where necessary, the minimum lease payments or the up-front payments made are allocated between the land and the buildings elements in proportion to the relative fair values for leasehold interests in the land elements and buildings elements of the lease at the inception of the lease.

EXPLANATORY NOTES FOR SECOND QUARTER ENDED 31 DECEMBER 2008

The up-front payment represents prepaid lease payments and are amortised on a straight-line basis over the lease term.

The Group has applied the change in accounting policy in respect of leasehold land in accordance with the transitional provisions of FRS 117. At 1 July 2007, the unamortised amount of leasehold land is retained as the surrogate carrying amount of prepaid lease payments as allowed by the transitional provisions. The reclassification of leasehold land as prepaid lease payments has been accounted for retrospectively and certain comparatives have been restated. The effects on the consolidated balance sheet as at 31 December 2008 are set out below. There were no effects on the consolidated income statement for the quarter ended 31 December 2008.
