STATEMENT IN RELATION TO THE PROPOSED RENEWAL OF AUTHORITY FOR THE COMPANY TO PURCHASE ITS OWN SHARES

1.0 INTRODUCTION

The shareholders of the Company had on 26 June 2025 approved, inter-alia, the renewal of authority for the Company to purchase such number of Shares of up to ten per centum (10%) of the prevailing total number of issued Shares in the Company.

In accordance with the Listing Requirements, the said authority will expire at the conclusion of the forthcoming Eighth AGM of the Company unless authority for its renewal is obtained from shareholders of the Company.

Accordingly, on 24 April 2026, the Company announced to Bursa Securities that it intends to seek shareholders' approval for the Proposed Renewal of Authority at the forthcoming Eighth AGM of the Company.

The purpose of this Statement is to provide you with the relevant information on the Proposed Share Buy-Back and to seek your approval for the ordinary resolution on the Proposed Renewal of Authority which will be tabled at the forthcoming Eighth AGM of the Company to be held at Seminar Room 1, Kelab Golf Negara Subang, Jalan SS 7/2, Kelana Jaya, 47301 Petaling Jaya, Selangor Darul Ehsan, Malaysia on Thursday, 25 June 2026 at 10.00 a.m.

2.0 DETAILS OF THE PROPOSED SHARE BUY-BACK

The Board proposes to seek from the shareholders of the Company a renewal of authority for the Company to purchase from time to time and at any time, in aggregate such number of Shares representing not more than ten per centum (10%) of the total number of issued shares in the Company as at the time of the purchase, on Bursa Securities through stockbrokers to be appointed by the Company at a later date.

Arising from the migration to the no par value regime under the Act, par value is no longer relevant. Pursuant to Section 74 of the Act, as at LPD, the total number of issued shares in the Company is 134,330,850. Hence, the maximum number of Shares which may be purchased by the Company will be 13,433,085 Shares.

The Proposed Share Buy-Back is subject to compliance with the Act and any prevailing laws, rules, regulations, orders, guidelines and requirements issued by the relevant authorities at the time of the purchase including compliance with the public shareholding spread as required by the Listing Requirements.

The authority from shareholders for the Proposed Share Buy-Back, if renewed, will be effective immediately upon the passing of the ordinary resolution to be tabled at the forthcoming Eighth AGM of the Company and will continue to be in force until:

- (i) the conclusion of the next AGM of the Company, at which time it shall lapse, unless by ordinary resolution passed at that Meeting, the authority is renewed, either unconditionally or subject to conditions; or
- (ii) the expiration of the period within which the next AGM is required by law to be held; or
- (iii) revoked or varied by ordinary resolution passed by the shareholders of the Company in a general meeting,

whichever occurs first.

2.0 DETAILS OF THE PROPOSED SHARE BUY-BACK (CONTINUED)

The Proposed Renewal of Authority does not impose an obligation on the Company to purchase its own Shares but rather, it will allow the Board to exercise the power of the Company to purchase its own Shares at any time within the abovementioned time period.

The actual number of Shares to be purchased, the total amount of funds involved for each purchase and the funding of the purchase will depend on, inter-alia, the market conditions and sentiments of the stock market as well as the availability of retained profits and financial resources available to the Company.

2.1 Status and Treatment of Purchased Shares

Pursuant to the provisions of Section 127(7) of the Act, the Board may deal with the Purchased Shares in the following manner:

- (a) cancel the Shares so purchased; or
- (b) retain the Shares so purchased as treasury shares; or
- (c) retain part of the Shares so purchased as treasury shares and cancel the remainder; or
- (d) distribute the treasury shares as share dividends to shareholders; or
- (e) resell the treasury shares or any of the said shares in accordance with the Listing Requirements; or
- (f) transfer the treasury shares, or any of the said shares as purchase consideration; or
- (g) transfer the treasury shares, or any of the shares for the purposes of or under an employees' share scheme; or
- (h) cancel the treasury shares or any of the said shares.

Appropriate announcement(s) and notice(s) will be made to Bursa Securities and the relevant authorities in respect of the Board's decision on the treatment of the Purchased Shares in compliance with the Listing Requirements and the Act. The Board may decide to cancel the Purchased Shares if the cancellation of the said shares is expected to enhance the EPS of the Group and thereby in the long term, have a positive impact on the market price of the Shares. If the Board decides to retain the Purchased Shares as treasury shares, it may distribute the treasury shares as share dividends to the Company's shareholders and/or resell the Purchased Shares in accordance with the Listing Requirements and utilise the proceeds for any feasible investment opportunity arising in future as working capital.

While the Purchased Shares are held as treasury shares, the rights attached to them as to voting, dividends and participation in other distributions and otherwise are suspended, and the treasury shares shall not be taken into account in calculating the number or percentage of Shares or a class of shares in the Company for any purpose including substantial shareholding, takeovers, notices, the requisitioning of meetings, the quorum for a meeting and the result of a vote on resolution at a meeting of the shareholders.

2.2 Funding for the Proposed Share Buy-Back

The Board proposes to allocate a maximum amount not exceeding the retained profits of the Company for the Proposed Share Buy-Back. The retained earnings of the Company based on the audited financial statements of the Company for the financial year ended 31 December 2025 was RM923,764.

The Proposed Share Buy-Back will be funded from internally generated funds and/or bank borrowings, the proportion of which will depend on the quantum of purchase consideration as well as the availability of internally generated funds and borrowings and repayment capabilities of the Company at the time of purchase.

In the event that the Proposed Share Buy-Back is to be partly financed by bank borrowings, this is not expected to affect the Company's repayment capabilities. Although the cash flow of the Company and the Group will be reduced to the extent of the number of Shares bought and the purchase consideration, the Company do not foresee any difficulty and the Proposed Share Buy-Back is not expected to have a negative impact on the financial results of the Group.

The Board is mindful of the interest of the Company and its shareholders and will be prudent in respect of the Proposed Share Buy-Back exercise.

2.0 DETAILS OF THE PROPOSED SHARE BUY-BACK (CONTINUED)

2.3 Pricing

Pursuant to the Listing Requirements, the Company may only purchase its own Shares on Bursa Securities at a price which is not more than fifteen per centum (15%) above the weighted average market price for the Shares for the five (5) market days immediately before the date of the purchase. The Company may only resell the Purchased Shares held as treasury shares on Bursa Securities or transfer the treasury shares pursuant to Section 127(7) of the Act at:

- (a) a price which is not less than the weighted average market price for the Shares for the five (5) market days immediately before the resale or transfer; or
- (b) a discounted price of not more than five per centum (5%) to the weighted average market price for the Shares for the five (5) market days immediately before the resale or transfer provided that:
 - (i) the resale or transfer takes place not earlier than thirty (30) days from the date of purchase; and
 - (ii) the resale or transfer price is not less than the cost of purchase of the Shares being resold or transferred.

3.0 ADVANTAGES/RATIONALE OF THE PROPOSED SHARE BUY-BACK

The Proposed Share Buy-Back provides the opportunity for AGB to stabilise the supply and demand of AGB Shares in the open market and thereby allowing the share price of AGB to better reflect the fundamental value of AGB Shares.

The Proposed Share Buy-Back is expected to enhance the EPS and the return on equity in the event of the cancellation of the Shares bought back by AGB which will benefit its shareholders.

The Purchased Shares can also be held as treasury shares and resold in accordance with the Listing Requirements on the market of Bursa Securities at a higher price with the intention of realising a potential gain without affecting the total number of issued shares in AGB.

In the event the treasury shares are distributed as share dividends to shareholders, this would serve as a reward to the shareholders of the Company. In the event the treasury shares are transferred to employees of the Group, this would serve as a reward to the employees of the Group.

4.0 POTENTIAL DISADVANTAGES OF THE PROPOSED SHARE BUY-BACK

The Proposed Share Buy-Back if exercised, will reduce the:

- (i) financial resources of the Group. This may result in the Group having to forgo other investment opportunities that may emerge in the future or deprive the Company of interest income that may be earned from deposits with licensed financial institutions.
- (ii) amount of retained profits available for distribution in the form of cash dividends to the shareholders of the Company in the event that the Purchased Shares are cancelled, or if the Purchased Shares are held as treasury shares and are subsequently sold on the market of Bursa Securities at a loss.

However, the financial resources of the Group may increase if the Purchased Shares held as treasury shares are resold in the market at prices higher than the purchase price. Therefore, the Proposed Share Buy-Back will be undertaken only after due consideration of the financial resources of the Group. The Board will be mindful of the interests of the Company and its shareholders when undertaking the Proposed Share Buy-Back.

5.0 EFFECTS OF THE PROPOSED SHARE BUY-BACK

5.1 Issued Shares

The effect of the Proposed Share Buy-Back on the total number of issued shares in the Company will depend on whether the Purchased Shares are cancelled or retained as treasury shares.

5.0 EFFECTS OF THE PROPOSED SHARE BUY-BACK (CONTINUED)

5.1 Issued Shares (Continued)

The Proposed Share Buy-Back will result in a reduction of the total number of issued shares in the Company if the Purchased Shares are cancelled. Based on the assumption that the Proposed Share Buy-Back is implemented in full and all the Purchased Shares are cancelled, the effect on the issued shares of the Company is illustrated below:

	No. of shares
Existing number of issued Shares as at LPD	134,330,850
Less:	
Maximum number of Purchased Shares cancelled	<u>(13,433,085)</u>
Resultant number of issued Shares upon completion of the Proposed Share Buy-Back	<u><u>120,897,765</u></u>

However, there will be no effect on the total number of issued shares in the Company if the Purchased Shares are retained as treasury shares, resold or distributed to the shareholders.

5.2 NA

When the Company purchases its own shares, regardless of whether they are retained as treasury shares or are subsequently cancelled, the NA per Share of the Group will decrease if the cost per Share purchased exceeds the NA per Share of the Group at the time of purchase. Conversely, if the cost per Share purchased is below the NA per Share of the Group at the time of purchase, the NA per Share of the Group will increase.

In the case where the Purchased Shares are treated as treasury shares and are subsequently resold on Bursa Securities, the NA per Share of the Group upon resale will increase if the Company realises a gain from the resale, and vice versa. If the treasury shares are distributed as share dividends, the NA of the Group will decrease by the cost of the treasury shares.

5.3 Working Capital

The Proposed Share Buy-Back, if exercised, will reduce the working capital and cashflow of the Group, the quantum of which is dependent, on the number of Shares purchased, the purchase price(s) of the Shares and the funding cost, if any.

However, the working capital and the cashflow of the Group will increase upon resale of the Purchased Shares which are retained as treasury shares. Again, the quantum of the increase in the working capital and cashflow will depend on the actual selling price(s) of the treasury shares and the number of treasury shares resold.

5.4 Earnings

All things being equal, the Proposed Share Buy-Back will result in a lower number of Shares being used for the computation of EPS whether the Shares purchased are subsequently cancelled or retained as treasury shares. The extent of the effect on the EPS of the Group will depend on the purchase price(s) of the Shares, the number of Shares purchased, and the effective funding cost or loss in interest income and/or the opportunity cost in relation to other investment opportunities to the Group.

In the event that the treasury shares are resold on the open market, the EPS of the Group may increase if the Company realises a gain from the sale and vice versa. The effects on the earnings of the Group will depend on the actual selling price(s), the number of treasury shares resold and the effective gain or loss arising from the resale.

5.0 EFFECTS OF THE PROPOSED SHARE BUY-BACK (CONTINUED)

5.5 Dividends

The Proposed Share Buy-Back is not expected to have any material effect on the dividend payments of the Company. The dividend to be declared by the Company in the future would be determined by the Board after taking into consideration the performance of the Group and the prevailing economic conditions.

However, as stated in Sections 2 and 3 above, the Board may distribute future dividends in the form of the treasury shares purchased pursuant to the Proposed Share Buy-Back.

5.6 Directors' and Substantial Shareholders' Shareholdings

(a) Directors

Based on the Company's Register of Directors' shareholdings as at LPD and assuming the Company acquires the maximum number of the Shares authorised under the Proposed Share Buy-Back and all the Shares so purchased are fully cancelled, the effect of the Proposed Share Buy-Back on the shareholdings of the Directors of the Company are as follows:

(b) Substantial Shareholders

Based on the Company's Register of Substantial Shareholders' shareholdings as at LPD and assuming the Company acquires the maximum number of the Shares authorised under the Proposed Share Buy-Back and all the Shares so purchased are fully cancelled, the effect of the Proposed Share Buy-Back on the shareholdings of the Substantial Shareholders of the Company are as follows:

Substantial Shareholders	As at LPD			After Proposed Share Buy-Back		
	Direct		Indirect	Direct		Indirect
	No. of Shares	%		No. of Shares	%	
Towerpack Sdn. Bhd.	43,636,698	32.48	-	43,636,698	36.09	-

Note:

^(a) Deemed interest by virtue of his shareholding in Towerpack Sdn. Bhd. pursuant to Section 8(4) of the Act.

6.0 PUBLIC SHAREHOLDING SPREAD

Based on the Company's Record of Depositors as at LPD, the public shareholding spread of the Company was 44.94%. Assuming the Proposed Share Buy-Back is implemented in full whereby the Company purchases 13,433,085 Shares representing ten per centum (10%) of the total number of issued Shares as at that date from the public shareholders and all the Purchased Shares are cancelled, the public shareholding spread of the Company would be reduced to 38.83%.

As at the date hereof, the Company has yet to determine the actual percentage of its own Shares to be purchased pursuant to the Proposed Renewal of Authority. However, the Company is mindful of the above implication relating to public shareholding spread and will use its best endeavours in purchasing its own Shares to such an extent that it will not result in the Company being in breach of the minimum public shareholding spread of twenty-five per centum (25%).

7.0 IMPLICATION OF THE PROPOSED SHARE BUY-BACK IN RELATION TO THE CODE

In the event the Proposed Share Buy-Back results in any Director, Major Shareholder and/or parties acting in concert with him/them triggering a mandatory offer obligation under the Code, the affected Director or Major Shareholder will be obliged to make a mandatory offer for the remaining Shares in the Company not held by him/them.

However, an exemption may be sought from the SC by the affected Director or Major Shareholder under Section 219 of the CMSA before a mandatory offer obligation is triggered.

8.0 PURCHASE, RESALE, TRANSFER AND CANCELLATION OF PURCHASED SHARES MADE IN THE PREVIOUS TWELVE (12) MONTHS

The Company has not made any purchase, resale, transfer or cancellation of its Shares since it obtained the shareholders' mandate at the Seventh AGM held on 26 June 2025 up to the date of this Statement. As at LPD, no treasury shares were held by the Company.

9.0 APPROVAL REQUIRED

The Proposed Share Buy-Back is subject to the approval of the shareholders at the forthcoming Eighth AGM of the Company.

10.0 DIRECTORS' AND/OR MAJOR SHAREHOLDERS' INTERESTS

Save for the proportionate increase in the percentage of shareholdings including, amongst others, the voting rights of the shareholders of the Company as a result of the Proposed Share Buy-Back, none of the Directors and/or Major Shareholders of the Company and/or persons connected with them have any interest, direct or indirect, in the Proposed Share Buy-Back or resale of treasury shares, if any.

11.0 BOARD'S RECOMMENDATION

The Board, after having considered all aspects of the Proposed Share Buy-Back, is of the opinion that the Proposed Share Buy-Back is in the best interests of the Company. Accordingly, the Board recommends that you vote in favour of the ordinary resolution pertaining to the Proposed Renewal of Authority to be tabled at the forthcoming Eighth AGM of the Company.

12.0 EIGHTH AGM OF THE COMPANY

The Eighth AGM of the Company, the Notice of which is set out in the Annual Report 2025, will be held at Seminar Room 1, Kelab Golf Negara Subang, Jalan SS 7/2, Kelana Jaya, 47301 Petaling Jaya, Selangor Darul Ehsan, Malaysia on Thursday, 25 June 2026 at 10.00 a.m. for purpose of considering and, if thought fit, passing the ordinary resolution as set out in the Notice of the AGM to approve and give effect to the Proposed Renewal of Authority.

The nature of the Recurrent Transactions to be entered into and contemplated between ALCOM and the related Transacting Parties are described below:

Sales of finished products

ALCOM sells some of its finished products in the form of aluminium sheets (i.e. common sheets and coils) and aluminium foil (i.e. foil, bare and coated finstock) products to the related Transacting Parties. Trading with the related Transacting Parties is necessary to ALCOM as the related Transacting Parties have their own customer base, from which there is demand for ALCOM's finished products.

The selling prices for the Recurrent Transactions are consistent with ALCOM's usual business pricing practices and policies. In general, the selling prices to all parties including related Transacting Parties are based on the prices quoted on the London Metal Exchange plus roll margins. The roll margins used are recognised internationally and within the accepted range. The pricing is determined on arm's length basis and on normal commercial terms, which are not more favourable to the related Transacting Parties than those generally available to the public and are not to the detriment of the minority shareholders.

Sale transactions between ALCOM and the related Transacting Parties take place on a frequent basis, and are subject to demand and supply of the products based on prevailing market conditions.

2.5 Bases of estimated value of the RRPTs

The bases in determining the estimate value of the RRPTs are as follows:

- (1) The estimated values of the RRPTs for which the Proposed Renewal of Mandate is sought as set out in Section 2.4 above are based on prevailing rates/prices obtained which are reasonable market competitive prices based on the normal level of transactions entered into by ALCOM and the projected business volumes from the date of the forthcoming AGM to the next AGM of the Company. The actual value of transactions may, however, vary from the estimated value disclosed in Section 2.4 above if any changes in the business, economic and/or competitive environment were to occur.
- (2) Nevertheless, if the Proposed Renewal of Mandate is approved, disclosure will be made in accordance with the Listing Requirements in the Annual Report of the Company for the financial year ending 31 December 2026 of the aggregate value of transactions conducted pursuant to the Proposed Renewal of Mandate as approved during the financial year.

2.6 Review methods or procedures for the RRPTs

The Group had established various methods and procedures to supplement existing internal procedures with third parties to ensure that RRPTs are undertaken on normal commercial terms, which are consistent with the Group's usual business practices, and are on terms not more favourable than those extended to third parties/public and are not detrimental to the minority shareholders.

- (a) The internal and external auditors review the terms of the RRPTs;
- (b) Records, agreements, contracts and other relevant documents on all RRPTs which are entered into will be made available to the ARMC;
- (c) The sale prices are determined after taking into consideration the prevailing market prices;
- (d) Wherever applicable and/or feasible, at least two (2) other contemporaneous transactions with unrelated third parties for similar products and/or quantities will be used as comparison to determine whether price and terms offered to the related Transacting Parties are fair and reasonable and comparable to those offered to other unrelated third party for the same or substantially similar type of products and/or quantities.

In the event that quotations or comparative pricing from unrelated third party cannot be obtained for the proposed transaction, the Board and the ARMC will rely on their market knowledge for prevailing industry norms bearing in mind the urgency and efficiency required to ensure that the RRPTs are not detrimental to the Company.

- (e) There is no specific threshold for approval of RRPTs. All RRPTs are reviewed and/or executed by senior management in the Company, provided always that such individuals have no interest in the transaction and the said transaction has been approved pursuant to the shareholders' mandate obtained at an AGM for RRPTs.
- (f) The ARMC will review the RRPTs that may arise within the Company or the Group on a quarterly basis to ensure that such transactions will be carried out at arm's length, and on normal commercial terms, and terms not more favourable than those generally available to the public and are not to the detriment of the minority shareholders. The ARMC shall assist to ascertain that all procedures established to monitor the RRPTs have been complied with. Presently, the ARMC of AGB comprises three (3) members, all of whom are independent directors as set out below:

2.9 Statement by the ARMC (continued)

The ARMC shall annually review the RRPTs and also review the established guidelines and procedures to ascertain that they have been complied. If during the review, the ARMC is of the opinion that the guidelines and procedures are not sufficient to ensure that the RRPTs will be conducted on normal commercial terms in the ordinary course of business and are on terms not more favourable to the related Transacting Parties than those generally available to third party/public and are not detrimental to the minority shareholders or be disadvantageous to the Company, the Company will obtain a fresh shareholders' mandate based on new guidelines and procedures.

3.0 RATIONALE FOR THE PROPOSED RENEWAL OF MANDATE AND BENEFITS TO THE GROUP

The related Transacting Parties listed in Section 2.2 above are also involved in complementary business of the Group. It is therefore in the interest of the Group to transact with the related Transacting Parties. Given the complementary nature of the activities of the Group and that of the related Transacting Parties as well as the fact that such activities are in the ordinary course of business of both the Group and the related Transacting Parties, it is anticipated that the Recurrent Transactions between the Group and the related Transacting Parties would occur on a frequent basis and recurrent basis.

The Proposed Renewal of Mandate is intended to facilitate transactions in the ordinary course of business of the Group with the related Transacting Parties which are necessary for the day-to-day operations of the Group, provided that they are undertaken on arm's length basis and on normal commercial terms which are consistent with the Group's usual business practices and policies and on terms not more favourable to the related Transacting Parties than those generally made available to third party/public and are in the Company's opinion, not detrimental to the minority shareholders.

The Proposed Renewal of Mandate, if approved by the shareholders, would eliminate the need to make announcements to Bursa Securities or to convene general meeting from time to time to seek shareholders' approval as and when potential Recurrent Transactions with the related Transacting Parties arise. This will substantially reduce the expenses associated with convening of general meetings on an ad hoc basis, improve administrative efficiency considerably and allow resources to be channelled towards attaining other corporate objectives.
