# PART A: NOTES TO THE INTERIM FINANCIAL REPORT FOR THE FIRST QUARTER AND FINANCIAL PERIOD ENDED 31 MARCH 2018

#### A1 BASIS OF PREPARATION

The interim financial report has been prepared in accordance with Main Market Listing Requirements of the Bursa Malaysia Securities Berhad, Malaysian Financial Reporting Standards ("MFRS"), International Financial Reporting Standards and the requirements of the Companies Act, 2016 in Malaysia.

The interim financial report should be read in conjunction with the audited financial statements of the Group for the financial year ended 31 December 2017.

The accounting policies and methods of computation adopted by the Group in this interim financial report are consistent with those adopted in the most recent audited financial statements for the financial year ended 31 December 2017

### Standards, amendments to published standards and interpretations that are effective

The Group has applied the following amendments for the financial year beginning on 1 January 2018:

- Amendments to MFRS 12 'Disclosure of Interest in Other Entities'.
- Amendments to MFRS 107 'Statement of Cash Flows Disclosure Initiative'.
- Amendments to MFRS 112 'Income Taxes Recognition of Deferred Tax Assets for Unrealised Losses'.
- MFRS 1 'Amendments to MFRS 1' (Annual improvements to MFRS standards 2014-2016 cycle).
- MFRS 2 'Classification and Measurement of Share-based Payment Transactions' (Amendments to MFRS 2).
- MFRS 9 'Financial Instruments' will replace MFRS 139 "Financial Instruments: Recognition and Measurement".
- MFRS 15 'Revenue from contracts with customers' and 'Clarifications to MFRS 15'.
- Amendments to MFRS 128 'Investment in Associates and Joint Ventures'.

The adoption of these amendments has required additional disclosures. Other than that, the adoption of these amendments did not have any material impact on the financial statements for the current financial period.

#### **MFRS 9 Financial Instruments**

MFRS 9 introduces new requirements for classification and measurement, impairment and hedge accounting. MFRS 9 is effective for annual periods beginning on or after 1 January 2018, with early application permitted. Retrospective application is required, but comparative information is not compulsory.

Based on the analysis of the Group's and of the Company's financial assets and liabilities as at 1 January 2018 on the basis of facts and circumstances that exist at that date, the directors of the Company have assessed the impact of MFRS 9 to the Group's financial statements as follows:

# PART A: NOTES TO THE INTERIM FINANCIAL REPORT FOR THE FIRST QUARTER AND FINANCIAL PERIOD ENDED 31 MARCH 2018 (CONTINUED)

#### A1 BASIS OF PREPARATION (CONTINUED)

#### MFRS 9 Financial Instruments (continued)

### (a) Classification and measurement

The Group's and the Company's financial assets are all "Loans and Receivables" under MFRS 139. Under MFRS 9, these financial assets are classified as "Amortised Cost" as the Group and the Company assessed these financial assets under the "solely for principal and interest" test and "Business Model" test that indicated that the Group's and the Company's intention is to collect contractual cash flows only. Accordingly, no impact on their statements of financial position or statements on changes in equity on applying the classification and measurement requirements of MFRS 9.

#### (b) Impairment

MFRS 9 requires the Group and the Company to record expected credit losses on all of its debt securities, loans and trade receivables, either on a 12-month or lifetime basis. The Group and the Company applied the simplified approach and record lifetime expected losses on all trade receivables. Based on readily available information as at date of this report, there is no significant impact to the Group's and to the Company's financial statements as most of the Group's and the Company's receivables are within 90 days past due category as suggested by MFRS 9's rebuttable presumption of default.

### (c) Hedging

The Group and the Company do not engage in hedging activities and therefore no impact to the financial statements.

#### MFRS 15 Revenue from Contracts with Customers

MFRS 15 establishes a new five-step model that will apply to revenue arising from contracts with customers. MFRS 15 will supersede the current revenue recognition guidance including MFRS 118 Revenue, MFRS 111 Construction Contracts and the related interpretations when it becomes effective.

The core principle of MFRS 15 is that an entity should recognise revenue which depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services.

Under MFRS 15, an entity recognises revenue when (or as) a performance obligation is satisfied, such as when "control" of the goods or services underlying the particular performance obligation is transferred to the customer.

# PART A: NOTES TO THE INTERIM FINANCIAL REPORT FOR THE FIRST QUARTER AND FINANCIAL PERIOD ENDED 31 MARCH 2018 (CONTINUED)

#### A1 BASIS OF PREPARATION (CONTINUED)

### MFRS 15 Revenue from Contracts with Customers (continued)

Either a full or modified retrospective application is required for annual periods beginning on or after 1 January 2018 with early adoption permitted. The Group adopted the new standard on the required effective date using the modified retrospective method.

The Group is in the business of owning ships and marine vessels and leasing them to third parties; and provision of procurement, construction, installation and commissioning services. The former is scoped out under MFRS 15 as it is accounted for under MFRS 117 *Leases*.

The Group and Company provide engineering, procurement, construction, installation and commissioning services. These services are sold either on their own in contracts with the customers or bundled together up to the delivery of a completed vessel to a customer. Currently, the Group and the Company account for these services as one performance obligation and revenue is recognised under MFRS 111 Construction Contracts.

The Group and the Company, based on relevant facts and circumstances considered the interrelationship of those goods or services under the Engineering, procurement, construction, installation and commissioning ("EPCIC") contract to apply the second criterion (i.e., distinct within the context of the contract) and determine the performance obligations within a contract. To determine whether promised goods or services are separately identifiable (i.e., whether a promise to transfer a good or service is distinct within the context of the contract), the Group and the Company evaluated whether its promise is to transfer each good or service individually or a combined item (or items) that comprises the individual goods or services promised in the contract. The Group and the Company evaluated whether the promised goods or services in the contract are outputs or they are inputs to a combined item (or items).

The evaluation of whether the Group's and the Company's promise is separately identifiable considers the relationship between the various goods or services in the context of the process to fulfil the EPCIC contract. Therefore, the Group and the Company considered the level of integration, interrelation or interdependence among the promises to transfer goods or services. The Group and the Company evaluated whether there is a transformative relationship between the two or more items in the process of fulfilling the EPCIC contract. The Group and the Company concluded that identifying all of the individual goods and services as separate performance obligations would be impractical and would not faithfully represent the nature of the Group's and the Company's promise to the customer. That is, the Group and the Company would recognise revenue when the materials and other inputs to the construction process are provided rather than when they perform (and use those inputs) in the construction of the vessel that the customer has contracted to receive. As such, when determining whether a promised good or service is distinct, the Group and the Company will not only determine whether the good or service is capable of being distinct but also whether the promise to transfer the good or service is distinct within the context of the contract.

### PART A: NOTES TO THE INTERIM FINANCIAL REPORT FOR THE FIRST QUARTER AND FINANCIAL PERIOD ENDED 31 MARCH 2018 (CONTINUED)

#### A1 BASIS OF PREPARATION (CONTINUED)

# MFRS 15 Revenue from Contracts with Customers (continued)

### (i) Significant integration service

The first factor (included in MFRS 15.29(a)) is the presence of a significant integrated service. The Group and the Company determined that they provide a significant service of integrating a good or service with other goods or services in the EPCIC contract, the bundle of integrated goods or services represents a combined output or outputs. In other words, as the Group and the Company provide a significant integrated service, the risk of transferring individual goods or services is inseparable from the bundle of integrated goods or services because a substantial part of the Group's and the Company's promise to the customer is to make sure the individual goods or services are incorporated into the combined output or outputs.

The Group and the Company provide an integrated (or contract management) service to manage and coordinate the various construction tasks and to assume the risks associated with the integration of those tasks. An integrated service provided by the Group and the Company often includes coordinating the activities performed by any subcontractors and making sure the quality of the work performed is in compliance with contract specifications and that the individual goods or services are appropriately integrated into the combined item that the customer has contracted to receive.

#### (ii) Significant modification or customisation

The second factor in MFRS 15.29(b) is the presence of significant modification or customisation. MFRS 15 provides that the notion of inseparable risks is more clearly illustrated by assessing whether one good or service significantly modifies or customises another. This is because if a good or service modifies or customises another good or service in a contract, each good or service is being assembled together (as an input) to produce a combined output.

# (iii) Highly interdependent or highly interrelated

The third factor in MFRS 15.29(c) is whether the promised goods or services are highly interdependent or highly interrelated. Promised goods or services are highly interdependent or highly interrelated if each of the promised goods or services is significantly affected by one or more of the other goods or services in the contract. The Group and the Company determined that there is a two-way dependency or transformative relationship between the promised goods or services under the EPCIC contract to determine whether the promises are highly interdependent or highly interrelated.

The Group and the Company, based on the relevant facts and circumstances, concluded that the services under the EPCIC contract form part as one performance obligation.

# PART A: NOTES TO THE INTERIM FINANCIAL REPORT FOR THE FIRST QUARTER AND FINANCIAL PERIOD ENDED 31 MARCH 2018 (CONTINUED)

#### A1 BASIS OF PREPARATION (CONTINUED)

### MFRS 15 Revenue from Contracts with Customers (continued)

#### (iv) Performance obligation satisfied over time

The Group and the Company determined that control of the goods and services under the EPCIC contract is transferred over time as performance creates or enhances an asset (e.g., work in progress) that the customer controls as the asset is created or enhanced. Consequently, under MFRS 15, the Group and the Company would continue to recognise revenue from EPCIC over time.

### Standards that have been issued but not yet effective

The Group has yet to adopt these new standard.

MFRS 16 'Leases' (effective from 1 January 2019).

The effects of the above new standards and amendments to standards are currently being assessed by the Directors.

#### A2 AUDIT REPORT OF THE PRECEDING ANNUAL FINANCIAL STATEMENTS

The audit report of the annual financial statements for the financial year ended 31 December 2017 was unqualified.

#### A3 SEASONALITY OR CYCLICALITY OF OPERATIONS

The business operations have not been significantly affected by any seasonal or cyclical trend.

# A4 UNUSUAL ITEMS AFFECTING ASSETS, LIABILITIES, EQUITY, NET INCOME OR CASH FLOWS

There were no material unusual items affecting assets, liabilities, equity, net income or cash flow during the current quarter under review.

#### A5 CHANGE IN ACCOUNTING ESTIMATES

There were no changes in accounting estimates or errors that have a material effect in the current quarter under review.

# PART A: NOTES TO THE INTERIM FINANCIAL REPORT FOR THE FIRST QUARTER AND FINANCIAL PERIOD ENDED 31 MARCH 2018 (CONTINUED)

#### A7 DIVIDENDS

There was no dividend paid during the guarter.

#### A8 SEGMENT REPORTING

Operating segments are reported in a manner consistent with the internal management reporting as follows:

### (i) Marine transport and FSO

Our product tankers are used to transport refined petroleum products from oil refineries to end-users.

FSU/FSOs are typically used as storage facility at offshore Oil & Gas.

Offshore Supply Vessels, namely fast crew boats, are primarily used to transport personnel/light cargoes between shore and platform, platform and platform or other offshore facilities.

### (ii) Port Marine Services

The port marine services that we provide at the ports include towage services comprising towing, pushing or manoeuvring vessels.

# (iii) Engineering, Procurement, Construction, Installation and Commissioning ("EPCIC")

Marine Engineering services consist of provision of marine engineering solutions and EPCIC activities.

# (iv) Others

Other operating segments involve activities of mooring services activities and shipbuilding & ship repair.

# PART A: NOTES TO THE INTERIM FINANCIAL REPORT FOR THE FIRST QUARTER AND FINANCIAL PERIOD ENDED 31 MARCH 2018 (CONTINUED)

# A8 SEGMENT REPORTING (CONTINUED)

The Group assesses the performance of the operating segments based on revenue and earnings/(loss) before interest, taxation, depreciation and amortisation (EBITDA).

#### **B1 OPERATING REVENUE**

#### **REVIEW OF THE PERFORMANCE OF THE GROUP**

Review of performance for the current quarter 3 months ended 31 March 2018

	Year-To-Date Ended			
	31.03.2018	31.03.2017	Changes	
	RM'000	RM'000	%	
Revenue	63,821	96,519	(34)	
Gross profit/(loss)	17,385	(55,084)	132	
Profit/(loss) before tax	17,443	(61,761)	128	
Profit/(loss) for the financial period	17,207	(61,874)	128	

The Group recorded a revenue of RM63.82 million for the three months period ended 31 March 2018 as compared to RM96.52 million in previous year, a decrease of 33.9%. The reduction was due to no revenue contribution from EPCIC as the project is nearing completion not withstandings the increased in revenue from Marine transport services due to new charter hire fee derived from FSU Nautica Muar.

The Group posted a profit before tax of RM17.44 million for the three months period, as compared to loss before tax of RM61.76 million in the previous year. The loss in the previous year was mainly due to higher EPCIC costs and amortization of intangible asset for the acquisition of Libra Perfex Precision Sdn Bhd.

The Group had also recorded net gain on foreign exchange of RM9.02 million for the quarter ended 31 March 2018.

#### B9. FINANCIAL INSTRUMENTS WITH OFF BALANCE SHEET RISK

The Group does not have any derivative financial instruments for the period ended 31 March 2018.

#### **B10. MATERIAL LITIGATIONS**

The Group via its solicitor has filed and served a Writ of Summons together with the Statement of Claim, both dated 20 March 2018 against Amaniaga Resources Sdn Bhd ("ARSB"), for a claim arising out of a CIPAA Adjudication Award dated 5 March 2018.

The filing of the Writ of Summons together with the Statement of Claim arises from the Group's claim for damage and losses suffered due to ARSB's breach of the Contract for the 'Provision of Transportation and Offshore Installation Service of FSO Vessel with its Mooring and Riser System for Full Field Development Project, North Malay Basis' which was entered on 29 January 2016.

The Group is claiming the following:

- i. The sum of USD 7,062,580.35 or such other sum as the Court deems fit;
- ii. Alternatively, damages for breach of obligation under the Agreement to be assessed;
- iii. Interest on all sums found to be due to the Group at such rate and for such periods of time as the Court deems fit;
- iv. Costs; and
- v. Such further or other relief as the Court deems fit, fair and just.

To clarify on the above, both the Suit which was filed on the 20 March 2018 and the CIPAA Adjudication arises from the same contract and transaction. While the Adjudication Award dated 5 March 2018, directed the Group to pay to ARSB the sum of RM8,997,206.67, the Group has a larger Counterclaim which is for the sum of USD 7,062,580.35 or alternatively damages, as mentioned above.

The Group has filed the necessary summons in the Kuala Lumpur High Court to challenge the validity of the Adjudication Award dated 5 March 2018.

However, the Group's Originating Summons to Set Aside the CIPAA Adjudication Award dated 5 March 2018 and the Application to Stay the Enforcement of the CIPAA Adjudication Award had been heard in the Kuala Lumpur Construction Court on 20 April 2018 and was dismissed accordingly. Additionally, parties have agreed for the Writ of Summons to be stayed pending final determination by an arbitral tribunal. The Court had directed the Group to issue a Notice of Commencement of Arbitration within 30 days. Following the same, ARSB's Originating Summons of Enforcement of CIPAA Adjudication Award dated 5 March 2018 was allowed.

In the event that the Group loses the suit, the financial impact to the Group shall be limited to the amount awarded by the Court. The suit is not expected to materially affect the finance and operations of the Group for financial period 2018.
