“The financial year 2011 was a record year for OPCOM. Revenue increased by 12.7% to RM136.6 million and profit after tax was RM20.3 million.”

Dato’ Mokhzani Mahathir
Chairman

CHAIRMAN'S STATEMENT

Dear Shareholders

On behalf of your Board of Directors, it is my pleasure and privilege to present the Annual Report of OPCOM Holdings Berhad for the financial year ended 31 March 2011.

FINANCIAL PERFORMANCE

In the midst of the weak global economic recovery, financial year 2011 was another record year for OPCOM Holdings Berhad ("OPCOM" or "the Company") despite the challenging nature of our industry-specific business and operating environment.

OPCOM Holdings Berhad and its subsidiaries ("OPCOM Group" or "the Group") registered revenue of RM136.6 million during the financial year, an increase of 12.7% over the preceding year. Profit after tax was RM20.3 million - an increase of RM10.7 million, due to more efficient cost optimization management, a more streamlined supply chain and higher contribution from trading and engineering services.

We continued to make good progress in production efficiency including the implementation of 5S and plant-wide Visual Management System (VMS) to improve production lead time and the reduction of production wastage. During the financial year, we revamped our procurement and logistic operations, which enabled us to have better cost control and management.

The rise in crude oil prices during the financial year resulted in the increase in certain petroleum-based raw material cost which the Group was unable to pass on such higher cost to our customers. This higher cost pressure negated some of the production cost improvements we achieved during the financial year.

The Group recorded an Earnings Per Share (EPS) of 15.7 sen for the financial year ended 31 March 2011, an increase of 112.2% over the corresponding period in 2010 of 7.4 sen.

DIVIDENDS

For the financial year ended 31 March 2011, the amount of dividends declared and paid by the Group were as follow:-

i. an interim dividend of 1.50 sen per ordinary share, under the single tier system, totaling RM1,935,000 in respect of the financial year ended 31 March 2011 on 28 April 2010;

ii. an interim dividend of 1.50 sen per ordinary share, under the single tier system, totaling RM1,935,000 in respect of the financial year ended 31 March 2011 on 26 August 2010; and

iii. an interim dividend of 1.50 sen per ordinary share, under the single tier system, totaling RM1,935,000 in respect of the financial year ended 31 March 2011 on 20 December 2010.

Since the OPCOM's listing in 2003, we have declared and paid out approximately RM33.8 million of dividends to our shareholders. OPCOM continues to take a prudent and balanced approach and maintain our current dividend payout practice. The Group's ongoing business growth will require us to fund our capital expenditure program, working capital requirement and potential strategic initiatives with internally generated cash flows.

CHAIRMAN'S STATEMENT

INDUSTRY OUTLOOK

According to Frost & Sullivan, the Malaysian fixed broadband market is expected to reach 2.2 million subscribers in 2015 compared to 1.65 million subscribers in 2010. Fixed broadband grew nearly 17.9% in 2010 from 1.4 million subscribers in 2009. With the rapid proliferation of smartphones, it is estimated that up to 13.0 million Malaysians will access the internet with smartphones by 2015 compared with approximately 2.0 million mobile broadband subscribers in 2010.

Long Term Evolution (LTE) or commonly marketed as the high speed 4G mobile service is the new high speed mobile broadband standard that is being adopted by mobile service providers in Malaysia. To support LTE with download transmission speed of up to 100 mbps, we believe that the expected fiberisation of the entire wireless broadband infrastructure would create substantial incremental demand for fiber optic cables and systems over the next 5 to 10 years.

The flagship of Malaysia's fixed broadband Fiber-to-the-Home (FTTH) initiative, Telekom Malaysia Berhad's ("Telekom Malaysia") high speed broadband network, UniFi - has made impressive progress in terms of home passed. Since its inception in 2009, the UniFi service has passed over 800,000 premises with approximately 80,000 premises connected to the UniFi service. It is reported that by 2012, Telekom Malaysia will have 1.3 million premises passed.

With telecommunications incumbents such as Telekom Malaysia and Maxis Berhad undertaking massive network transformation to an all Internet Protocol (IP) network platform, we believe that fiber optic cables will be deployed deeper into their proliferated broadband network to support the Government's Economic Transformation Program (ETP), mainly in the Communications Content and Infrastructure (CCI) as well as business services areas. It is estimated that every 10.0% increase in broadband penetration boosts Gross Domestic Product by an average of 1.3% and telecommunications project such as High Speed Broadband (HSBB) is one of the catalysts to fuel the growth of a knowledge society, and help achieve the Government's vision of a high-income economy.

All these robust market outlook and expected capital expenditure programs in telecommunications networks in Malaysia augur well for the fiber optic cable industry and the OPCOM Group which have the leading market share in Malaysia.

CHAIRMAN'S STATEMENT

The Group is exploring various strategic alliances with leading players in the telecommunications industry as our market evolves.

PROSPECTS

OPCOM is positive of its business activities for the current financial year as telecommunications providers continue to maintain their capital expenditure programs. Our biggest and most important customer, Telekom Malaysia - is on target to achieve its objective of deploying 1.3 million premises passed by 2012 from the current 800,000 level in its HSBB network. In addition, the transformation to an all-IP Next Generation Network at Telekom Malaysia has also sustained demand for the Group's fiber optic cables and passive component products.

The Group is exploring various strategic alliances with leading players in the telecommunications industry as our market evolves. As such our business has to evolve towards one of collaboration and partnership as well as outsourced services from our current "manufacture-and-sell" business model. This would entail the Group to embark on project implementation and management, and follow-on service provisioning and maintenance of telecommunications infrastructure and networks.

In line with these developments, the Group is collaborating with its technical partners in developing a full solution of passive component products for the FTTH networks. OPCOM Group anticipates to undertake certain new product launches in the FTTH passive component products in this financial year.

At the same time, the Group has been on the lookout for various business opportunities outside our industry domain. Should the opportunity arises, OPCOM is prepared to utilise its considerable cash reserves to grow its business by mergers and acquisitions (M&A) as part of its commitment to shareholder value creation.

CHAIRMAN'S STATEMENT

RESEARCH & DEVELOPMENT ("R&D")

As a low cost and efficient fiber optic cable manufacturer, OPCOM is committed to process R&D and development. The Group continued to strengthen its technology capability with technical collaboration with our joint-venture partner, Ericsson AB of Sweden as well as attracting technical talents into the Group. With the market focusing on providing "last 100 meters" cable solutions for broadband customer access network, our technical team has been working on specific solutions for the marketplace.

OPCOM Group will release various Malaysian designed fiber optic cables and passive components during this financial year and we believe that this endeavour will contribute positively to the financial position and performance of the Group.

CORPORATE GOVERNANCE

Statement on the Corporate Governance and Internal Control presented in this Annual Report respectively affirm the Group's commitment in ensuring compliance with the Principles and Best Practices set out in the Malaysian Code on Corporate Governance which is a crucial and fundamental requirement in the course of discharging our duty to protect and enhance shareholder value as well as the financial position and performance of the Group.

There were no sanctions and/or penalties imposed on OPCOM and its subsidiaries and their directors by any relevant regulatory bodies for the financial year ended 31 March 2011.

CORPORATE SOCIAL RESPONSIBILITY

Opcom believes in providing social activities to its employees to strike a healthy balance in the workplace on top of helping the local communities as part of Corporate Social Responsibility initiatives.

Employees of OPCOM Group are continuously nurtured through provision of resources to enhance their skills and talents in achieving their career progression and personal growth.

During the financial year, OPCOM participated in various community activities. A blood donation drive was organized for University Malaya Medical Centre Blood Bank. Employees of OPCOM Group also visited the Muhibbah Care Home ("Muhibbah") whereby food was donated, on top of the activities and lunch organized with the Muhibbah old folks.

On a separate occasion, OPCOM donated cash, stationeries and food to orphans of Institut Taufiq Islami ("Institut Taufiq") in Klang, Selangor Darul Ehsan. Orphans from Institut Taufiq were also invited to the OPCOM's Hari Raya Open House held at Holiday Villa, Subang Jaya where they were entertained with music and live performances. Cash, *duit raya* and computer items were handed to the orphans.

Opcom also gave cash donation to the needy in Japan through Malaysian Red Crescent Society as to play a part in relieving the pain and suffering in Japan caused by the earthquake and tsunami.

ACKNOWLEDGEMENT AND APPRECIATION

On behalf of the Board of Directors, I would like to extend my sincere gratitude to our customers especially Telekom Malaysia for their trust and confidence in us. We will continue to work hard to meet the expectations of our customers.

We would like to record our utmost appreciation to our joint-venture partner, Ericsson AB, business partners, vendors and other stakeholders for their trust and consistent support extended to the Group during the financial year.

Last but not least, my heartfelt appreciation to our shareholders for their support and confidence in OPCOM.

CORPORATE GOVERNANCE

31 Corporate Governance Statement
39 Statement on Internal Control
41 Audit Committee Report

CORPORATE GOVERNANCE STATEMENT

The Board of Directors ("Board") recognises the importance for the Company to maintain high standards of transparency, accountability and integrity in the conducts of the Company and its subsidiaries ("Group") business and affairs. The Board adopts and applies the Principles and Best Practices as governed by the Bursa Malaysia Securities Berhad ("Bursa Securities") ACE Market Listing Requirements ("Listing Requirements") and Guidance Notes 11 on Corporate Governance ("Guidance Notes"), undertakes additional measures, principles and recommendation embodied in the Malaysian Code on Corporate Governance ("Code") and strives to adopt the substance and not merely the form behind the corporate governance prescription.

The Board delegates certain responsibilities to the Board Committees, all of which operate within the defined terms of reference to assist the Board in discharging its fiduciary duties and responsibilities. The Board Committees include the Audit Committee, Remuneration Committee, Employees' Share Option Committee and Risk Management Committee. The respective committees report to the Board on matters considered and their recommendation thereon for approval and decision-making.

1. THE BOARD

The Board is responsible for the Company's overall strategic direction and objectives, its acquisition and divestment policies, financial policy, major investments and the consideration of significant financial matters.

The Board's spectrum of skills and experience gives added strength to the leadership, thus ensuring the Group is under the guidance of an accountable and competent Board. The Board operates within a robust set of governance as set out below:-

1.1 Composition of the Board

The Board has seven (7) members comprising one (1) executive director and six (6) non-executive directors. Five (5) of the six (6) non-executive directors are independent non-executive directors, thus, this complies with Rule 15.02 of the Listing Requirements that at least one-third (1/3) of the Board are independent directors.

The Directors have wide ranging experience and all have occupied or are currently occupying senior positions in the public and/or private sectors. A brief profile of each Board member is as set out on pages 20 to 23 of this Annual Report. The presence of independent directors fulfils a pivotal role in corporate accountability and the role of the independent directors is particularly important as they provide unbiased and independent views, advice and judgement.

1.2 The Board Meeting

The Board meets regularly, at least once in every quarter, to review the Group's operations and to approve the quarterly reports and annual financial statements. Additional meeting would be convened when urgent and important decision needs the Board's review and consideration between scheduled meetings.

During the financial year under review, four (4) meetings of the Board were held and all Directors have complied with the requirement in respect of Board Meeting attendance as provided in the Listing Requirements. The details of Directors' attendance are set out below:-

Directors	Total Attendance

Abdul Jabbar Bin Abdul Majid	4/4
Sven Janne Sjöden	4/4
Chan Bee Lean	4/4

1.3 Supply of and Access to Information and Advice

The Board has a formal schedule of matters reserved specifically for its decision. The Directors have full and timely access to all information pertaining to the Group's business and affairs, whether as a full Board or in their individual capacity, to enable them to discharge their duties. Prior to the Board meetings, the agenda for each meeting together with a full set of Board papers containing information relevant to the business of the meetings are circulated to the Directors. This allows sufficient time for any of the Board members to obtain further explanations or clarifications as may be needed from Senior Management and/or the Company Secretary or to consult independent advisers before the meetings.

Senior Management Personnel are invited to attend Board meetings to report on their areas of responsibility when necessary, to furnish the Board with detailed explanations and clarifications on issues that are tabled and/or raised at the Board meetings. External advisers may be invited to attend Board meetings at the expense of the Company when necessary.

At all times, all members of the Board have direct and unrestricted access to the Senior Management and the Company Secretary of the Company for information relating to business and affairs of the Group.

1.4 Training

The Directors attended courses, seminars, conferences and talks to enhance their skill sets and knowledge to enable them to carry out their duties and discharge their responsibilities as directors of the Company. Additionally, the Directors kept themselves updated with the changes in the business and regulations through sharing and discussion in official Board meetings and unofficially through small group discussions among the Directors.

The courses, seminars, conferences and talks attended by the Directors in 2010 and first half of 2011 were in the following areas:-

- Board Information Technology Governance and Risk Management
- Banking Insights
- Kuala Lumpur Islamic Finance Forum
- Equity Marketing Functionality

- The Board's Responsibility for Corporate Culture – Selected Governance Concerns and Tools for Addressing Corporate Culture and Board Performance

- Annual Technology Innovators Microcap Investment

- Discharging Audit Committee and Internal Audit Function in Compliance with Risk Management Best Practices

- Economy Transformation through Partnership with Talent Corporation Malaysia Berhad

1.5 Appointment and Re-election

Currently, the appointment of directors is dealt with by the entire Board. The Board has decided not to set up a Nomination Committee as the Board was of the view that given the current size of the Board, any appointment of new directors could be dealt with effectively and objectively by the entire Board.

In the absence of the Nomination Committee, the assessment of the effectiveness and contribution of the Board as a whole, the Board Committees and contribution of each individual director would be reviewed by the entire Board.

In accordance with the Company's Articles of Association, at every Annual General Meeting one-third of the Directors are subject to retirement by rotation such that each Director shall retire from office once in every three (3) years or, if their number is not three (3) or a multiple of three (3), the number nearest to one third shall retire from office such that each Director shall retire from office once in every three (3) years and if there is only one (1) Director who is subject to retirement by rotation, he shall retire. All Directors who retire from office shall be eligible for re-election.

Further, pursuant to Section 129(6) of the Companies Act, 1965, Directors over the age of 70 are required to offer themselves for re-election at every Annual General Meeting.

1.6 Directors' Remuneration

i. Remuneration Committee

2. AUDIT COMMITTEE

As of financial year ended 31 March 2011, the Company has in place an Audit Committee which comprises three (3) independent non-executive directors.

The role of the Audit Committee is to oversee the processes for preparation and completion of the financial data. The Audit Committee reviews financial reports, related party transactions, situations of potential conflict of interests and the internal controls of the Group.

The terms of reference of the Audit Committee have been approved by the Board and complied with the recommendations of the Code.

The report detailing the activities of the Audit Committee is presented on pages 41 to 46 of this Annual Report.

3. SHAREHOLDERS

3.1 Dialogue between the Company and Investors

The Company strives to maintain an open and transparent channel of communication with its shareholders, institutional investors and the investing public at large with the objectives of providing as clear and complete a picture of the Group's performance and position as possible. Such information is communicated on a timely basis through the following channels:-

- The various disclosures and announcements on Bursa Securities website including quarterly and annual results;
- The website developed by the Group known as www.opcom.com.my;
- The yearly annual report; and
- Participating in investor forum with research analysts, fund managers and investors.

3.2 General Meeting

The Annual General Meeting ("AGM") is the principal forum for dialogue with shareholders. The Company values feedback from its shareholders and encourages them to actively participate in discussion and deliberations.

AGM is held yearly to consider the ordinary business of the Company and any other special businesses. Each item of special businesses included in the notice is accompanied by a full explanation of the effects of the proposed resolution. During the annual and other general meetings, shareholders have direct access to Board members who are on hand to answer their questions, either on specific resolutions or on the Company generally. The Chairman ensures that a reasonable time is provided to the shareholders for discussion at the meeting before each resolution is proposed.

4. ACCOUNTABILITY AND AUDIT

4.1 Financial Reporting

The Board aims to present a fair, balanced and meaningful assessment of the Group and the Company's financial performance and prospects. This is achieved primarily through the announcements of quarterly financial results and annual financial statements to Bursa Securities and the circulation of annual report to the shareholders. The Audit Committee assists the Board by reviewing the financial information to be disclosed, to ensure completeness, accuracy and adequacy prior to release to Bursa Securities.

4.2 Statement of Directors' Responsibility for Preparing the Financial Statements

The Directors are required by the Companies Act, 1965 to prepare the financial statements for each financial year which give a true and fair view of the state of affairs of the Group and the Company at the end of the financial year. In preparing the financial statements, the Directors have ensured that the applicable approved accounting standards in Malaysia, the provisions of the Companies Act, 1965 and the Listing Requirements of Bursa Securities have been applied.

In preparing the financial statements, the Directors have:-

- Selected suitable accounting policies and applied them consistently;
- Made judgments and estimates that are prudent and reasonable;
- Ensured that all applicable accounting standards have been followed; and
- Prepared financial statements on a going concern basis as the Directors have a reasonable expectation, having made enquiries, that the Group and the Company have adequate resources to continue in operational existence for the foreseeable future.

The Directors have responsibility for ensuring that the Group keeps accounting records which disclose with reasonable accuracy the financial position of the Group and the Company and which enable them to ensure that the financial statements comply with the Companies Act, 1965.

The Directors have overall responsibility for taking reasonable steps to safeguard the assets of the Group and to prevent and detect fraud and other irregularities.

4.3 Internal Control

The Board acknowledges its overall responsibility for maintaining a sound system of internal control and the need to review its effectiveness regularly in order to safeguard the Group's assets and therefore shareholders' investments in the Group. This system, by its nature, can only provide reasonable but not absolute assurance against material misstatement, fraud or loss.

Currently, the Group does not maintain an Internal Audit Department but had outsourced its internal audit function to ensure independent reviews be carried out on the adequacy and integrity of the Group's system of internal controls. The Board considers the system of internal controls instituted throughout the Group sound and sufficient.

The total cost incurred for the Internal Audit activities of the Group for the financial year under review was RM53,000.00.

The Statement on Internal Control furnished on pages 39 and 40 of the Annual Report provides an overview on the state of internal controls within the Group.

4.4 Relationship with the Auditors

Through the Audit Committee, the Board has established and maintained a formal and transparent relationship with the Group's external and internal auditors.

A summary of the activities of the Audit Committee during the financial year is set out under the Audit Committee Report on pages 41 to 46 of the Annual Report.

4.5 Compliance with the Code

The Board strives to ensure that the Group complies with the Principles and Best Practices of the Code. The Board will endeavour to improve and enhance the procedures from time to time. The Group has complied with the Best Practice of the Code.

5. STATEMENT ON MATERIAL CONTRACTS INVOLVING DIRECTORS' AND MAJOR SHAREHOLDERS' INTEREST

There were no material contracts entered into by the Group involving the directors' or major shareholders' interest during the financial year ended 31 March 2011.

6. RISK MANAGEMENT COMMITTEE

Risk Management Committee holds monthly meetings. This Committee regularly reviews all risks including financial, operation and market risks and ensure risks and controls are kept updated to reflect current business situations and ensure relevance at any given time. Steps are taken to eliminate outdated and irrelevant risks and identify new and vulnerable risks, for which new controls will be effected.

The Management, in keeping with good corporate governance practices, takes a serious view of ensuring that the Group is always on alert of any situation that might adversely affects its assets, income and ultimately, its profits.

STATEMENT ON INTERNAL CONTROL

INTRODUCTION

The Board of Directors of Opcom Holdings Berhad ("Board") and its subsidiaries ("Group") is pleased to provide the following statement on the state of internal control of the Group for the financial year ended 31 March 2011, which has been prepared in accordance with the "Statement of Internal Control – Guidance for Directors of Public Listed Companies" issued by the Institute of Internal Auditors Malaysia and adopted by the Bursa Malaysia Securities Berhad.

BOARD RESPONSIBILITY

The Board recognises the importance of an effective and dynamic Board to lead and control the Group in enhancing the long term shareholders' value and also ensuring that other stakeholders' interest are also taken into consideration.

The Board is entrusted with the responsibility to exercise reasonable and proper care of the Group's resources in the best interest of its shareholders, whilst safeguarding its assets and shareholders' investments.

The Board affirms its overall responsibilities for maintaining a sound system of internal controls, for reviewing its adequacy and integrity in supporting the achievement of the Group's strategic goals and business objectives, and for managing those risks efficiently, effectively and economically.

RISK MANAGEMENT FRAMEWORK

The Board has a structured Risk Management Framework to facilitate the Group's objective to identify, evaluate and manage significant business risks. The framework includes examining of business risks, assessing impact and likelihood of risks and taking management action plans to mitigate and minimise risk exposures. The Risk Management Committee met twelve (12) times during the financial year ended 31 March 2011, and carried out its duties in accordance with the Group's Risk Management Policies and Procedures.

The Risk Management Committee monitors and reviews the risk management plans and activities and reports to the Audit Committee on a quarterly basis. The Audit Committee, on a quarterly basis, performs formal reviews on the adequacy and integrity of the risk management framework and system of internal controls.

INTERNAL AUDIT

The Group appointed an independent outsourced internal audit service provider to carry out internal audit reviews, and to support the Board in assessing the adequacy and integrity of the internal control systems of the business units within the Group. The internal audit team highlights to the executive and operational management on areas for improvement and subsequently reviews the extent to which its recommendations have been implemented. The reports are submitted to the Audit Committee, which reviews the findings with Management at its quarterly meetings.

STATEMENT ON INTERNAL CONTROL

In addition, the Management's response to the control recommendations on deficiencies identified during the internal audits provides an added and independent assurance that control procedures are in place, and are being followed.

The Audit Committee reports to the Board the plans and activities of the outsourced internal audit function, significant findings and the necessary recommendations in relation to adequacy and effectiveness of the system of internal controls of the Group including accounting control procedures.

OTHER KEY ELEMENTS OF THE INTERNAL CONTROL SYSTEM

The Group's system of internal controls also comprise of the following key elements:-

- **Control Procedures**

  Group-wide policies and procedures are in placed to facilitate communication and awareness of accountabilities and control procedures for key business units. The policies and procedures are available and accessible by the relevant employees.

- **Organisational Structure and Accountability Levels**

  The Group has a formally defined organisational structure that sets out lines of accountability. The delegation of authority is documented and sets out the decisions that need to be taken and the appropriate authority levels of management, including matters that require the Board's approval. Key financial and procurement matters of the Group required the authorisation from the relevant levels of senior management.

- **Reporting Review**

  The Group's management teams carry out monthly monitoring and review of financial results and budgets for all business units within the Group, including monitoring and reporting of performance against the operating plans and annual budgets in operation committee meetings. The Group's management teams communicate regularly to monitor operational and financial performance as well as to formulate action plans to address any areas of concern.

The nature of risks means that events may occur which would give rise to unanticipated or unavoidable losses. The Group's system of internal controls is designed to provide reasonable but not absolute assurance against the risk of material errors, fraud or losses from occurring. It is possible that internal control maybe circumvented or overridden. Furthermore, because of changing circumstances and conditions, the effectiveness of an internal control system may vary over time. The rationale of the system of internal controls is to enable the Group to achieve its strategic and business objectives within an acceptable risk profile and cannot be expected to eliminate all risks. The system of internal controls will continue to be reviewed, added on or updated in line with the changes in the operating environment.

The Board is of the view that there is a continuous process in evaluating and managing significant risks faced by the Group and the underlying controls to mitigate these risks. There was no significant breakdown or weakness in the system of internal controls of the Group that may result in material loss to the Group for the financial year ended 31 March 2011.

AUDIT COMMITTEE REPORT

The primary objective of the Audit Committee ("Committee") is to assist the Board of Directors ("Board") in discharging its statutory duties and responsibilities for corporate governance, timely and accurate financial reporting and adequacy of internal controls within the Company and its subsidiaries ("Group").

1. MEMBERSHIP

DIRECTORS' INTERESTS

The interests and deemed interests in the ordinary shares of the Company and of its related corporations (other than wholly-owned subsidiaries) of those who were Directors at year end (including the interests of the spouse or children of the Director who is not director of the Company) as recorded in the Register of Directors' Shareholdings are as follows:

	Number of ordinary shares of RM0.20 each			
	At 1.4.2010	Bought	Sold	At 31.3.2011
Shareholdings in which Directors have direct interest				
Chhoa Kwang Hua	2,088,500	50,000	(40,000)	2,098,500
Lt. Jen. (B) Dato' Seri Panglima Zaini Bin Hj. Mohd Said	712,500	-	-	712,500
Sven Janne Sjöden	280,000	-	-	280,000
Abdul Jabbar Bin Abdul Majid	375,000	25,000	-	400,000
Shareholdings in which Directors have indirect interest				
Tomio Alan Komatsu*	217,000	-	(217,000)	-

* This is the interest held by spouse of Tomio Alan Komatsu. In accordance with Section 134(12)(c) of the Companies Act, 1965, the deemed interest of the spouse shall be treated as interest of Tomio Alan Komatsu.

None of the other Directors holding office at 31 March 2011 had any interest in the ordinary shares of the Company and of its related corporations during the financial year.

DIRECTORS' BENEFITS

Since the end of the previous financial year, no Director of the Company has received nor become entitled to receive any benefit (other than a benefit included in the aggregate amount of emoluments received or due and receivable by Directors as shown in the financial statements of the Company or of related companies) by reason of a contract made by the Company or a related corporation with the Director or with a firm of which the Director is a member, or with a company in which the Director has a substantial financial interest, other than as disclosed in the Note 24 to financial statements.

There were no arrangements during and at the end of the financial year which had the object of enabling Directors of the Company to acquire benefits by means of the acquisition of shares in or debentures of the Company or any other body corporate.

ISSUE OF SHARES AND DEBENTURES

There were no changes in the authorised, issued and paid-up capital of the Company and the Company has not issued any debentures during the financial year.

OPTIONS GRANTED OVER UNISSUED SHARES

No options were granted to any person to take up unissued shares of the Company during the financial year.

OTHER STATUTORY INFORMATION

Before the statements of comprehensive income and statements of financial position of the Group and of the Company were made out, the Directors took reasonable steps to ascertain that:

i) there are no bad debts to be written off and no provision needs to be made for doubtful debts, and

ii) any current assets which were unlikely to be realised in the ordinary course of business have been written down to an amount which they might be expected so to realise.

At the date of this report, the Directors are not aware of any circumstances:

i) that would render it necessary to write off any bad debts or provide for any doubtful debts, or

ii) that would render the value attributed to the current assets in the financial statements of the Group and of the Company misleading, or

iii) which have arisen which render adherence to the existing method of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate, or

iv) not otherwise dealt with in this report or the financial statements, that would render any amount stated in the financial statements of the Group and of the Company misleading.

OTHER STATUTORY INFORMATION (CONTINUED)

At the date of this report, there does not exist:

i) any charge on the assets of the Group or of the Company that has arisen since the end of the financial year and which secures the liabilities of any other person, or

ii) any contingent liability in respect of the Group or of the Company that has arisen since the end of the financial year.

No contingent liability or other liabilities of any company in the Group has become enforceable, or is likely to become enforceable within the period of twelve months after the end of the financial year which, in the opinion of the Directors, will or may substantially affect the ability of the Group and of the Company to meet their obligations as and when they fall due.

In the opinion of the Directors, the financial performances of the Group and of the Company for the financial year ended 31 March 2011 have not been substantially affected by any item, transaction or event of a material and unusual nature nor has any such item, transaction or event occurred in the interval between the end of that financial year and the date of this report.

SUBSEQUENT EVENTS

On 23 May 2011, a subsidiary has signed a Variation Order to the existing RM359.6 million contract with Telekom Malaysia Berhad ("Telekom") for the Supply, Delivery, Training and Support Services for Passive FTTH System ("Contract"). Telekom has extended the Contract by a further period of two (2) years from 20 April 2011 until 19 April 2013 through the signing of the Variation Order. The Contract value remains unchanged.

AUDITORS

The auditors, Messrs KPMG, have indicated their willingness to accept re-appointment.

Signed on behalf of the Board of Directors in accordance with a resolution of the Directors:

The Group and the Company plan to apply the abovementioned standards, amendments and interpretations from the annual period beginning on or after 1 April 2011 for those standards, amendments or interpretations that will be effective for annual periods beginning on or after 1 July 2010 and 1 January 2011, except for Amendments to FRS 2, Amendments to FRS 5, Amendments to FRS 138, IC Interpretation 4, IC Interpretation 12, IC Interpretation 15, IC Interpretation 16, IC Interpretation 17 and IC Interpretation 18 which are not applicable to the Group and the Company.

The Group and the Company plan to apply the abovementioned standards, amendments and interpretations from the annual period beginning on or after 1 April 2012 for those standards, amendments or interpretations that will be effective for annual periods beginning on or after 1 July 2011 and 1 January 2012, except for IC Interpretation 15, IC Interpretation 19 and Amendments to IC Interpretation 14 which are not applicable to the Group and the Company.

The initial applications of the applicable standards, amendments and interpretations are not expected to have any material impact on the financial statements of the Group and the Company upon their first adoption.

Following the announcement made by the Malaysian Accounting Standards Board on 1 August 2008, the Group and the Company's financial statements for the year ending 31 March 2013 will be prepared in accordance with International Financial Reporting Standards Framework.

1. BASIS OF PREPARATION (CONTINUED)

(b) Basis of measurement

The financial statements have been prepared on the historical cost basis other than as disclosed in Note 2(c).

(c) Functional and presentation currency

These financial statements are presented in Ringgit Malaysia (RM), which is the Company's functional currency. All financial information is presented in RM, unless otherwise stated.

(d) Use of estimates and judgements

The preparation of financial statements in conformity with FRSs requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

There are no significant areas of estimation uncertainty and critical judgements in applying accounting policies that have significant effect on the amounts recognised in the financial statements other than those disclosed in the following note:

- Note 4 - Valuation of investment property

2. SIGNIFICANT ACCOUNTING POLICIES

The accounting policies set out below have been applied consistently to the periods presented in these financial statements, and have been applied consistently by the Group entities, other than those disclosed in the following notes:

- Note 2(c) - Financial instruments
- Note 2(e) - Leased assets
- Note 2(h) - Receivables
- Note 2(r) - Operating segments

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(a) Basis of consolidation

(i) Subsidiaries

Subsidiaries are entities, including unincorporated entities controlled by the Group. Control exists when the Group has the ability to exercise its power to govern the financial and operating policies of an entity so as to obtain benefits from its activities. In assessing control, potential voting rights that presently are exercisable are taken into account. Subsidiaries are consolidated using the purchase method of accounting.

Under the purchase method of accounting, the financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases.

Investments in subsidiaries are stated in the Company's statement of financial position at cost less impairment losses, if any.

(ii) Minority interest

Minority interest at the end of the reporting period, being the portion of the net identifiable assets of subsidiaries attributable to equity interests that are not owned by the Company, whether directly or indirectly through subsidiaries, are presented in the consolidated statement of financial position and statement of changes in equity within equity, separately from equity attributable to the owners of the Company. Minority interest in the results of the Group are presented on the face of the consolidated statement of comprehensive income as an allocation of the comprehensive income for the year between minority interest and the owners of the Company.

Where losses applicable to the minority exceed the minority's interest in the equity of a subsidiary, the excess, and any further losses applicable to the minority, are charged against the Group's interest except to the extent that the minority has a binding obligation to, and is able to, make additional investment to cover the losses. If the subsidiary subsequently reports profits, the Group's interest is allocated with all such profits until the minority's share of losses previously absorbed by the Group has been recovered.

(iii) Transactions eliminated on consolidation

Intra-group balances and transactions, and any unrealised income and expenses arising from intra-group transactions, are eliminated in preparing the consolidated financial statements.

Unrealised gains arising from transactions with equity accounted investees are eliminated against the investment to the extent of the Group's interest in the investee. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment.

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(b) Foreign currency

Transactions in foreign currencies are translated to the respective functional currencies of Group entities at exchange rates at the dates of the transactions.

Monetary assets and liabilities denominated in foreign currencies at the reporting period are retranslated to the functional currency at the exchange rate at that date.

Non-monetary assets and liabilities denominated in foreign currencies are not retranslated at the end of the reporting date except for those that are measured at fair value are retranslated to the functional currency at the exchange rate at the date that the fair value was determined.

Foreign currency differences arising on retranslation are recognised in profit or loss, except for differences arising on the retranslation of available-for-sale equity instruments or a financial instrument designated as a cash flow hedge of currency risk, which are recognised in other comprehensive income.

(c) Financial instruments

Arising from the adoption of FRS 139, *Financial Instruments: Recognition and Measurement*, with effect from 1 April 2010, financial instruments are categorised and measured using accounting policies as mentioned below. Before 1 April 2010, different accounting policies were applied.

(i) Initial recognition and measurement

A financial asset or a financial liability is recognised in the statement of financial position when, and only when, the Group or the Company becomes a party to the contractual provisions of the instrument.

A financial instrument is recognised initially, at its fair value plus, in the case of a financial instrument not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition or issue of the financial instrument.

An embedded derivative is recognised separately from the host contract and accounted for as a derivative if, and only if, it is not closely related to the economic characteristics and risks of the host contract and the host contract is not categorised at fair value through profit or loss. The host contract, in the event an embedded derivative is recognised separately, is accounted for in accordance with policy applicable to the nature of the host contract.

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(c) Financial instruments (continued)

(ii) Financial instrument categories and subsequent measurement

The Group and the Company categorise financial instruments as follows:

Financial assets

Loans and receivables

Loans and receivables category comprises debt instruments that are not quoted in an active market.

Financial assets categorised as loans and receivables are subsequently measured at amortised cost using the effective interest method.

All financial assets, except for those measured at fair value through profit or loss, are subject to review for impairment (see Note 2(k)(i)).

Financial liabilities

All financial liabilities are subsequently measured at amortised cost other than those categorised as fair value through profit or loss.

Fair value through profit or loss category comprises financial liabilities that are held for trading, derivatives (except for a derivative that is a financial guarantee contract or a designated and effective hedging instrument) or financial liabilities that are specifically designated into this category upon initial recognition.

Derivatives that are linked to and must be settled by delivery of unquoted equity instruments whose fair values cannot be reliably measured are measured at cost.

Other financial liabilities categorised as fair value through profit or loss are subsequently measured at their fair values with the gain or loss recognised in profit or loss.

(iii) Derecognition

A financial asset or part of it is derecognised when, and only when the contractual rights to the cash flows from the financial asset expire or the financial asset is transferred to another party without retaining control or substantially all risks and rewards of the asset. On derecognition of a financial asset, the difference between the carrying amount and the sum of the consideration received (including any new asset obtained less any new liability assumed) and any cumulative gain or loss that had been recognised in equity is recognised in profit or loss.

A financial liability or a part of it is derecognised when, and only when, the obligation specified in the contract is discharged or cancelled or expires. On derecognition of a financial liability, the difference between the carrying amount of the financial liability extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(d) Property, plant and equipment

(i) Recognition and measurement

Items of property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses.

Cost includes expenditures that are directly attributable to the acquisition of the asset and any other costs directly attributable to bringing the asset to working condition for its intended use, and the costs of dismantling and removing the items and restoring the site on which they are located. The cost of self-constructed assets also includes the cost of materials and direct labour.

Cost also may include transfers from equity of any gain or loss on qualifying cash flow hedges of foreign currency purchases of property, plant and equipment. Purchased software that is integral to the functionality of the related equipment is capitalised as part of that equipment.

When significant parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

The gains or losses on disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment and are recognised net within "other income" or "other expenses" respectively in profit or loss.

(ii) Subsequent costs

The cost of replacing part of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Group and its cost can be measured reliably. The carrying amount of the replaced parts is derecognised. The costs of the day-to-day servicing of property, plant and equipment are recognised in profit or loss as incurred.

(iii) Depreciation

Construction in progress is not depreciated. Depreciation is calculated over the depreciable amount, which is the cost of an asset, or other amount substituted for cost, less its residual value.

Depreciation is recognised in profit or loss on a straight-line basis over the estimated useful lives of each part of an item of property, plant and equipment. Leasehold land which has unexpired period of more than 50 years is depreciated over the remaining lease term.

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(d) Property, plant and equipment (continued)

(iii) Depreciation (continued)

The estimated useful lives for the current and comparative periods for the other assets are as follows:

Buildings	50 years
Motor vehicles	5 years
Office equipment	10 years
Computer equipment	4 years
Plant and machinery	15 years
Renovation	5 years
Tools and equipment	10 years
Furniture and fittings	10-20 years

Depreciation methods, useful lives and residual values are reviewed, and adjusted as appropriate at the end of the reporting period.

(e) Leased assets

(i) *Finance lease*

Leases in terms of which the Group or the Company assume substantially all the risks and rewards of ownership are classified as finance leases. Upon initial recognition, the leased asset is measured at an amount equal to the lower of its fair value and the present value of the minimum lease payments. Subsequent to initial recognition, the asset is accounted for in accordance with the accounting policy applicable to that asset.

Minimum lease payments made under finance leases are apportioned between the finance expense and the reduction of the outstanding liability. The finance expense is allocated to each period during the lease term so as to produce a constant periodic rate of interest on the remaining balance of the liability. Contingent lease payments are accounted for by revising the minimum lease payments over the remaining term of the lease when the lease adjustment is confirmed.

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(e) Leased assets (continued)

(ii) *Operating lease*

Leases, where the Group or the Company does not assume substantially all the risks and rewards of ownership are classified as operating leases and, the leased assets are not recognised in the statements of financial position of the Group or the Company.

In the previous years, a leasehold land that normally had an indefinite economic life and title was not expected to pass to the lessee by the end of the lease term was treated as an operating lease. The payment made on entering into or acquiring a leasehold land that was accounted for as an operating lease represents prepaid lease payments.

The Group has adopted the amendment made to FRS 117, *Leases* in 2010 in relation to the classification of lease of land. Leasehold land which in substance is a finance lease has been reclassified and measured as such retrospectively as disclosed in Note 3 and Note 27.2.

(f) Investment property carried at cost

Investment properties are properties which are owned to earn rental income or for capital appreciation or for both. These include land (other than leasehold land) held for a currently undetermined future use. Properties that are occupied by the companies in the Group are accounted for as owner-occupied rather than as investment properties.

Investment properties are stated at cost less accumulated depreciation and any accumulated impairment losses, consistent with the accounting policy for property, plant and equipment as stated in accounting policy Note 2(d).

Depreciation is charged to profit or loss on a straight-line basis over the estimated useful lives of 50 years for buildings.

Determination of fair value

The Directors estimate the fair values of the investment properties either by reference to independent valuer quotations or by considering to market evidence of transaction prices for similar properties within the same location or within the vicinity.

(g) Inventories

Inventories are measured at the lower of cost and net realisable value with standard cost approximating actual being the main basis for cost. Variances in standard and actual costs are charged to cost of production. In the case of work-in-progress/manufactured inventories/finished goods, cost consists of raw materials, direct labour and appropriate proportion of fixed and variable production overheads.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(h) Receivables

Prior to 1 April 2010, receivables were initially recognised at their costs and subsequently measured at cost less allowance for doubtful debts.

Following the adoption of FRS 139, trade and other receivables are categorised and measured as loans and receivables in accordance with Note 2(c)(ii).

(i) Cash and cash equivalents

Cash and cash equivalents consist of cash on hand, balances and deposits with banks and highly liquid investments which have an insignificant risk of changes in value. For the purposes of the statements of cash flows, cash and cash equivalents are presented net of pledged deposits.

Cash and cash equivalents are categorised and measured as loans and receivables in accordance with policy Note 2(c)(ii).

(j) Affiliated company

An affiliated company is defined as company which has common directors and shareholders with that of the Company.

(k) Impairment of assets

(i) Financial assets

All financial assets (except for investments in subsidiaries and cash and cash equivalents) are assessed at each reporting date whether there is any objective evidence of impairment as a result of one or more events having an impact on the estimated future cash flows of the asset. Losses expected as a result of future events, no matter how likely, are not recognised.

An impairment loss in respect of loans and receivables is recognised in profit or loss and is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the asset's original effective interest rate. The carrying amount of the asset, if any, is reduced through the use of an allowance account.

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(k) Impairment of assets (continued)

(ii) Other assets

The carrying amounts of other assets (except for inventories and deferred tax asset) are reviewed at the end of each reporting period to determine whether there is any indication of impairment.

If any such indication exists, then the asset's recoverable amount is estimated. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit").

The recoverable amount of an asset or cash-generating unit is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

An impairment loss is recognised in profit or loss if the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount.

In respect of other assets, impairment losses recognised in prior periods are assessed at the end of each reporting period for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount since the last impairment loss was recognised. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised. Reversals of impairment losses are credited to profit or loss in the year in which the reversals are recognised.

(l) Employee benefits

(i) Short term employee benefits

Short-term employee benefit obligations in respect of salaries, annual bonuses, paid annual leave and sick leave are measured on an undiscounted basis and are expensed as the related service is provided.

A liability is recognised for the amount expected to be paid under short-term cash bonus if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(l) Employee benefits (continued)

(ii) State plans

The Group's and the Company's contributions to the statutory pension fund are charged to profit or loss in the year to which they relate. Once the contributions have been paid, the Group and the Company has no further payment obligations.

(m) Payables

Prior to 1 April 2010, payables are measured initially and subsequently at cost. Payables are recognised when there is a contractual obligation to deliver cash or another financial asset to another entity.

Following the adoption of FRS 139, payables are categorised and measured as other liabilities in accordance with Note 2(c)(ii).

(n) Provisions

A provision is recognised if, as a result of a past event, the Group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost.

Contingent liabilities

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(o) Revenue

(i) Goods sold

Revenue from sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates. Revenue is recognised when the significant risks and rewards of ownership have been transferred to the buyer, recovery of the consideration is probable, the associated costs and possible return of goods can be estimated reliably, and there is no continuing management involvement with the goods.

(ii) Services

Revenue from services rendered is recognised in profit or loss as and when the services are performed.

(iii) Dividend income

Dividend income is recognised in profit or loss on the date that the Group's or the Company's right to receive payment is established.

(iv) Interest income

Interest income is recognised as it accrues using the effective interest method in profit or loss.

(v) Rental income

Rental income is recognised in profit or loss as it accrues.

(p) Income tax

Income tax expense comprises current and deferred tax. Income tax expense is recognised in profit or loss except to the extent that it relates to items recognised directly in equity.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted by the end of the reporting period, and any adjustment to tax payable in respect of previous years.

Deferred tax is recognised using the liability method, providing for temporary differences between the carrying amounts of assets and liabilities in the statement of financial position and their tax bases. Deferred tax is not recognised for the following temporary differences: the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss. Deferred tax is measured at the tax rates that are expected to apply to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the end of the reporting period.

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(p) Income tax (continued)

A deferred tax asset is recognised to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised. Deferred tax assets are reviewed at the end of each reporting period and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Unutilised reinvestment allowance and investment tax allowance are treated as tax base of assets and are recognised as a reduction of tax expense as and when they are utilised.

(q) Earnings per share

The Group presents basic earnings per share (EPS) data for its ordinary shares.

Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period.

Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares.

(r) Operating segments

In the previous years, a segment was a distinguishable component of the Group that was engaged either in providing products or services (business segment), or in providing products or services within a particular economic environment (geographical segment) which was subject to risks and rewards that were different from those of other segments.

Following the adoption of FRS 8, *Operating Segments*, an operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components. An operating segment's operating results are reviewed regularly by the chief operating decision maker, which in this case is the Executive Director of the Group, to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

The Directors' estimation of the fair value of investment properties, by reference to market evidence of transaction prices for similar properties which is performed by an independent valuer, is RM11,850,120. In prior year, the fair value of investment properties based on the Directors' own assessment by reference to market evidence of transaction prices for similar properties was RM10,377,126.

The buildings of the Company are located on the leasehold land as disclosed in Note 3.

The following are recognised in profit or loss in respect of investment properties:

20. OPERATING SEGMENTS

The Group has three reportable segments, as described below, which are the Group's strategic business units. The strategic business units offer different products and services, and are managed separately because they require different technology and marketing strategies. For each of the strategic business units, the Group's Executive Director (the chief operating decision maker) reviews internal management reports at least on a quarterly basis.

The following summary describes the operations in each of the Group's reportable segments:

Manufacturing	Manufacturing and distribution of fiber optic cables and systems.
Trading and engineering services	General trading of fiber, accessories and other cable production materials and provision of engineering services.
Other operations	Management services and investment holding activities.

Segment information by geographical segments is not provided as the activities of the Group are located principally in Malaysia. Inter-segment pricing is determined based on negotiated terms.

Performance is measured based on segment revenue and profit before tax, interest and depreciation, as included in the internal management reports that are reviewed by the Group's Executive Director (the chief operating decision maker). Segment profit is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries.

Segment results, assets and liabilities include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Unallocated items comprise mainly of corporate assets, expenses and tax assets and liabilities.

21. FINANCIAL INSTRUMENTS (CONTINUED)

21.3 Financial risk management

The Group has exposure to the following risks from its use of financial instruments:

- Credit risk
- Liquidity risk
- Market risk

21.4 Credit risk

Credit risk is the risk of a financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations. The Group's exposure to credit risk arises principally from its receivables from customers. The Company's exposure to credit risk arises principally from financial guarantees given to banks for credit facilities granted to its subsidiaries.

Receivables

Risk management objectives, policies and processes for managing the risk

Management has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis. Credit evaluations are required to be performed on customers requiring credit over a certain amount except for contractual customers in which their credit limits are according to contract terms.

Exposure to credit risk, credit quality and collateral

As at the end of the reporting period, the maximum exposure to credit risk arising from receivables is represented by the carrying amounts in the statement of financial position.

A significant portion of trade receivables are regular customers that have been transacting with the Group in the past. The Group uses ageing analysis to monitor the credit quality of the receivables. Any receivables having significant balances past due more than 120 days, which are deemed to have higher credit risk, are monitored individually.

The exposure of credit risk for trade receivables as at the end of the reporting period by geographical region was:

	Group		Company	
	2011	2010	2011	2010
	RM	RM	RM	RM
Domestic	35,329,315	19,543,312	-	-

21. FINANCIAL INSTRUMENTS (CONTINUED)

21.4 Credit risk (continued)

Receivables (continued)

As at 31 March 2011, there was no significant concentration of credit risk, except for the amount due from one single customer which represents approximately 97% (2010: 98%) of the Group's total trade receivables. The amount due from this customer is RM34,111,634 of which RM31,931,028 are neither past due nor impaired and RM2,180,606 which are past due but not impaired. No impairment losses were recorded as at year end in respect of the RM2,180,606, which is past due ranging from 1-90 days balances based on management's assessment of the current financial standing and the past payment trend of this customer.

Other financial assets

Risk management objectives, policies and processes for managing the risk

The Group's and Company's cash and cash equivalents are deposited with licensed banks and approved financial institutions.

Exposure to credit risk, credit quality and collateral

The maximum exposure to credit risk is represented by the carrying amounts of cash and cash equivalents in the statement of financial position.

Financial guarantees

Risk management objectives, policies and processes for managing the risk

The Company provides unsecured financial guarantees to banks in respect of banking facilities (mainly trade facility lines) granted to its subsidiaries. The Company monitors on an ongoing basis the results of the subsidiaries and repayments made by the subsidiaries.

Exposure to credit risk, credit quality and collateral

The maximum exposure to credit risk amounts to RM19.4 million (2010: RM19.0 million) representing the letter of credit and guarantee facilities utilised by its subsidiaries as at the end of the reporting period.

The financial guarantees have not been recognised since the fair value on initial recognition was not material. As at the end of the reporting period, there was no indication that the subsidiary would default on repayment.

21. FINANCIAL INSTRUMENTS (CONTINUED)

21.5 Liquidity risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they fall due. The Group's exposure to liquidity risk arises principally from its various payables.

The Group maintains a level of cash and cash equivalents and bank facilities deemed adequate by the management to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they fall due.

Maturity analysis

	Carrying amount RM	Contractual interest rate %	Contractual cash flows RM	Under 1 year RM

Company				
2011				
Trade and other payables	573,549	-	573,549	573,549

21.6 Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and other prices will affect the Group's financial position or cash flows.

21.6.1 Currency risk

The Group is exposed to foreign currency risk on sales and purchases that are denominated in a currency other than the respective functional currencies of Group entities. The currency giving rise to this risk is primarily U.S. Dollar (USD).

Risk management objectives, policies and processes for managing the risk

The Group does not hedge any trade receivables and trade payables denominated in foreign currency during the year. In respect of other monetary assets and liabilities held in currencies other than Ringgit Malaysia, the Group ensures that the net exposure is kept to an acceptable level.

21. FINANCIAL INSTRUMENTS (CONTINUED)

21.6.1 Currency risk (continued)

Exposure to foreign currency risk

The Group's exposure to foreign currency (a currency which is other than the currency of the Group entities) risk, based on carrying amounts as at the end of the reporting period was:

Group	Denominated in USD RM
Trade receivables	4,585
Trade payables	(10,889,604)
	(10,885,019)

Currency risk sensitivity analysis

Foreign currency risk arises from Group entities which have a Ringgit Malaysia (RM) as functional currency. A 10% strengthening of the RM against the following currency at the end of the reporting period would have increased post-tax profit or loss and equity by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remained constant and ignores any impact of forecasted sales and purchases.

Group	Equity RM	Profit or loss RM
2011		
USD	1,088,502	1,088,502

A 10% weakening of the RM against the above currency at the end of the reporting period would have had equal but opposite effect on the above currency to the amounts shown above, on the basis that all other variables remain constant.

21.6.2 Interest rate risk

The Group and the Company invest in financial assets which are short term in nature to generate interest income.

Risk management objectives, policies and processes for managing the risk

The Group and the Company manages its interest rate risk by placing such balances on varying maturities and interest rate terms. The short term investments are not held for speculative purposes but are generally placed in fixed deposits. As such their exposure to the effects of future changes in the prevailing level of interest rate is limited.

21. FINANCIAL INSTRUMENTS (CONTINUED)

21.6.2 Interest rate risk (continued)

Exposure to interest rate risk

The interest rate profile of the Group's and the Company's significant interest-bearing financial instruments, based on carrying amounts as at the end of the reporting period was:

	Group		Company	
	2011	2010	2011	2010
	RM	RM	RM	RM
Fixed rate instruments				
Financial assets	64,183,121	41,985,160	8,600,000	7,155,145

Interest rate risk sensitivity analysis

Fair value sensitivity analysis for fixed rate instruments

The Group does not account for any fixed rate financial assets at fair value through profit or loss, and the Group does not designate derivatives as hedging instruments under a fair value hedged accounting model, as applicable. Therefore, a change in interest rates at the end of the reporting period would not affect profit or loss.

21.7 Fair value of financial instruments

The carrying amounts of cash and cash equivalents, short term receivables and payables and short term payables approximate fair values due to the relatively short term nature of these financial instruments.

22. CAPITAL MANAGEMENT

The Group's objectives when managing capital is to maintain a strong capital base and safeguard the Group's ability to continue as a going concern, so as to maintain investor, creditor and market confidence and to sustain future development of the business.

Under the requirement of Bursa Malaysia ACE Market Guidance Note 3, the Group is required to maintain a consolidated shareholders' equity equal to or not less than the 25 percent of the issued and paid-up capital. The Group has complied with this requirement.

23. CONTINGENT LIABILITIES - COMPANY

Corporate guarantee

The Company has executed corporate guarantees in favour of licensed banks of up to RM74.5 million (2010: RM44.5 million) for banking facilities (mainly trade facility lines) granted to its subsidiaries.

24. RELATED PARTIES

Identity of related parties

For the purpose of these financial statements, parties are considered to be related to the Group or the Company if the Group or the Company has the ability, directly or indirectly, to control the party or exercise significant influence over the party in making financial and operating decisions, or vice versa, or where the Group and the party are subject to common control or common significant influence. Related parties may be individuals or other entities.

Key management personnel are defined as those persons having authority and responsibility for planning, directing and controlling the activities of the Group either directly or indirectly. The key management personnel includes all the Directors of the Group, and certain members of senior management of the Group.

The Group has related party relationship with its corporate shareholder, affiliated companies and Directors.

Significant transactions with related parties of the Group and the Company during the financial year, other than key management personnel compensation, (see Note 15) are as follows:

These transactions have been entered into in the normal course of business.

25. SUBSEQUENT EVENTS

On 23 May 2011, a subsidiary has signed a Variation Order to the existing RM359.6 million contract with Telekom Malaysia Berhad ("Telekom") for the Supply, Delivery, Training and Support Services for Passive FTTH System ("Contract"). Telekom has extended the Contract by a further period of two (2) years from 20 April 2011 until 19 April 2013 through the signing of the Variation Order. The Contract value remains unchanged.

26. SIGNIFICANT CHANGES IN ACCOUNTING POLICIES

26.1 FRS 139, *Financial Instruments: Recognition and Measurement*

The adoption of FRS 139 has resulted in several changes to accounting policies relating to recognition and measurement of financial instruments. Significant changes in accounting policies are as follows:

Impairment of trade and other receivables

Prior to the adoption of FRS 139, an allowance for doubtful debts was made when a receivable is considered irrecoverable by the management. With the adoption of FRS 139, an impairment loss is recognised for trade and other receivables and is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the asset's original effective interest rate.

There has been no significant impact with the change in this accounting policy.

26.2 FRS 8, *Operating Segments*

As of 1 April 2010, the Group determines and presents operating segments based on the information that internally is provided to the Executive Director, who is the Group's chief operating decision maker. This change in accounting policy is due to the adoption of FRS 8. Previously operating segments were determined and presented in accordance with FRS 114_{2004}, *Segment Reporting*.

The change in accounting policy only impacts presentation and disclosure aspects, there is no impact on earnings per share. The segments of the Group remain the same with the adoption of FRS 8.

26.3 FRS 101, *Presentation of Financial Statements* (revised)

The Group applies FRS 101 (revised) which became effective as of 1 April 2010. As a result, the Group presents all non-owner changes in equity in the consolidated statement of comprehensive income.

Comparative information has been re-presented so that it is in conformity with the revised standard. Since the change only affects presentation aspects, there is no impact on earnings per share.

26. SIGNIFICANT CHANGES IN ACCOUNTING POLICIES (CONTINUED)

26.4 Amendment to FRS 117, *Leases*

The Group has adopted the amendment to FRS 117. The Group has reassessed and determined that all leasehold land of the Group which are in substance is finance leases and has reclassified the leasehold land to property, plant and equipment. The change in accounting policy has been made retrospectively in accordance with the transitional provisions of the amendment.

The reclassification does not affect the basic earnings per ordinary share for the current and prior periods.

27. COMPARATIVE FIGURES

27.1 FRS 101, *Presentation of Financial Statements* (revised)

Arising from the adoption of FRS 101 (revised), income statements for the year ended 31 March 2010 have been re-presented as statement of comprehensive income. All non-owner changes in equity that were presented in the statement of changes in equity are now included in the statement of comprehensive income as other comprehensive income. Consequently, components of comprehensive income are not presented in the statement of changes in equity.

27.2 Amendment to FRS 117, *Leases*

Following the adoption of the amendment to FRS 117 as mentioned in Note 26.4, certain comparatives have been restated as follows:

28. SUPPLEMENTARY INFORMATION ON THE BREAKDOWN OF REALISED AND UNREALISED PROFITS OR LOSSES

On 25 March 2010, Bursa Malaysia Securities Berhad ("Bursa Malaysia") issued a directive to all listed issuers pursuant to Rules 2.07 and 2.23 of Bursa Malaysia ACE Market Listing Requirements. The directives requires all listed issuers to disclose the breakdown of the unappropriated profits or accumulated losses as at the end of the reporting period, into realised and unrealised profits or losses.

On 20 December 2010, Bursa Malaysia further issued another directive on the disclosure and the prescribed format of presentation.

Pursuant to the directive, the amounts of realised and unrealised profits or losses included in the retained profits of the Group and the Company as at 31 March 2011 are as follows:

	Group RM	Company RM
The retained profits of the Company and its subsidiaries		
- Realised	80,789,874	3,394,700
- Unrealised	(6,599,696)	(530,961)

Less: Consolidation adjustments	(18,611,228)	-
Total retained profits as disclosed in Note 11	55,578,950	2,863,739

The determination of realised and unrealised profits is based on the Guidance of Special Matter No. 1, Determination of Realised and Unrealised Profits or Losses in the Context of Disclosure Pursuant to Bursa Malaysia Securities Berhad Listing Requirements, issued by Malaysian Institute of Accountants on 20 December 2010.

INDEPENDENT AUDITORS' REPORT

to the members of Opcom Holdings Berhad

Report on the Financial Statements

We have audited the financial statements of Opcom Holdings Berhad, which comprise the statements of financial position as at 31 March 2011, and the statements of comprehensive income, changes in equity and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information, as set out on pages 52 to 102.

Directors' Responsibility for the Financial Statements

The Directors of the Company are responsible for the preparation of financial statements that give a true and fair view in accordance with Financial Reporting Standards and the Companies Act, 1965 in Malaysia, and for such internal control as the Directors determine are necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with approved standards on auditing in Malaysia. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgement, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the Company's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements have been properly drawn up in accordance with Financial Reporting Standards and the Companies Act, 1965 in Malaysia so as to give a true and fair view of the financial position of the Group and the Company as of 31 March 2011 and of their financial performance and cash flows for the year then ended.

Notes:

1. *A Member entitled to attend and vote at the meeting is entitled to appoint a proxy to attend and vote in his stead. A proxy need not be a Member of the Company and a Member may appoint any persons to be his proxy. The provisions of Section 149(1)(b) of the Companies Act, 1965 shall not apply to the Company.*

2. *A Member shall be entitled to appoint not more than two (2) proxies to attend and vote at the Annual General Meeting. Where a Member appoints two (2) proxies, the appointment shall be invalid unless the Member specifies the proportions of his holding to be represented by each proxy.*

3. *The instrument appointing a proxy shall be in writing under the hand of the appointer or his attorney duly authorised in writing, or if the appointer is a corporation, either under its Common Seal or under the hand of its officer or attorney duly authorised.*

4. *The instrument appointing a proxy and the power of attorney or other authority (if any), under which it is signed or a notarially certified copy thereof, must be deposited at the Registered Office of the Company at 312, 3rd Floor, Block C, Kelana Square, 17 Jalan SS7/26, 47301 Petaling Jaya, Selangor Darul Ehsan not less than forty eight (48) hours before the time for holding the Annual General Meeting or any adjournment thereof.*

5. *Explanatory Notes on Special Business:*

Ordinary Resolutions 6 – 8

The proposed Ordinary Resolutions 6-8, if passed, will enable the Company and/or its subsidiaries to enter into Recurrent Transactions involving the interests of Related Parties, which are of a revenue or trading nature and necessary for the Group's day-to-day operations, subject to the transactions being carried out in the ordinary course of business and on terms not to the detriment of the minority shareholders of the Company.

Ordinary Resolution 9

At last year's Annual General Meeting, mandate was given to Directors to issue and allot no more than 10% of the issued share capital of the Company. However, the mandate was not utilised and accordingly will lapse at the forthcoming Annual General Meeting. As such, the Board would like to seek for a renewal of the mandate.

The proposed Ordinary Resolution 9, if passed, will empower the Directors of the Company to issue and allot not more than 10% of the issued share capital of the Company subject to the approvals of all the relevant governmental and/or other regulatory bodies and for such purposes as the Directors consider would be in the interest of the Company.

The authority will provide flexibility to the Company for any possible fund raising activities, including but not limited to further placing of shares, for purpose of funding future investment project(s), working capital and/or acquisitions.

This authorisation will, unless revoked or varied by the Company in a general meeting, expire at the next Annual General Meeting of the Company.
