Authority to issue shares

(Resolution 7)

"THAT pursuant to Section 132D of the Companies Act 1965, the Directors be and are hereby authorised to issue shares in the Company at any time until the conclusion of the next Annual General Meeting and upon such terms and conditions and for such purposes as the Directors may, in their absolute discretion, deem fit provided that the aggregate number of shares to be issued in any one financial year does not exceed 10% of the total issued share capital of the Company for the time being, subject always to the approval of the relevant regulatory bodies being obtained for such allotment and issue."

Proposed Renewal of Shareholders' Mandate for Recurrent Related Party Transactions of a Revenue or Trading Nature

(Resolution 8)

- (i) "THAT subject to the Listing Requirements of Bursa Malaysia Securities Berhad, approval be and is hereby given to the Company to renew the Shareholders' Mandate for Recurrent Related Party Transactions of a Revenue or Trading Nature to be entered into and to give effect to the specified Recurrent Related Party Transactions, details of which are set out in Section 2.3 of the Circular to Shareholders dated 3 June 2004, provided that such transactions are:-
 - (a) recurrent transactions of a revenue or trading nature;
 - (b) necessary for the day-to-day operations; and
 - (c) carried out in the ordinary course of business on normal commercial terms which are not more favourable to the Related Parties than those generally available to the public, are undertaken on arms' length basis and are not detrimental to the minority stockholders ("the Mandate").

notice of annual general meeting (Cont'd)

- (ii) THAT the Mandate is subject to annual renewal and such approval shall only continue to be in force until:-
- (a) the conclusion of the next Annual General Meeting of the Company following this Annual General Meeting, at which time it will lapse, unless by a resolution passed at the meeting, the authority is renewed;
 - (b) the expiration of the period within which the next Annual General Meeting after that date is required to be held pursuant to Section 143(1) of the Companies Act, 1965 ("CA") (but shall not extend to such extension as may be allowed pursuant to Section 143(2) of CA); or
 - (c) revoked or varied by resolution passed by the shareholders in general meeting,
- whichever is the earlier.
- (iii) THAT the Directors and/or any of them be and are hereby authorised to complete and do all such acts and things (including executing such documents as may be required) to give effect to the Mandate Renewal.
- (iv) THAT the estimates given of the Recurrent Related Party Transactions specified in Section 2.3 of the Circular being provisional in nature, the Directors and/or any of them be and are hereby authorised to agree to the actual amount or amounts thereof provided always that such amount or amounts comply with the procedures set out in Section 2.5 of the Circular to Shareholders dated 3 June 2004."
6. To transact any other business of the Company of which due notice shall have been received.

By Order of the Board

MOLLY GUNN CHIT GEOK (MAICSA 0673097)
Company Secretary

notice of annual general meeting (Cont'd)

Notes:

1. A member of the Company entitled to attend and vote at the Annual General Meeting is entitled to appoint one or more proxies (who need not be members of the Company) to attend and vote on his behalf.
2. The instrument appointing a proxy or proxies must be deposited at the Company's Registered Office at Wisma EMC, 972 Jalan Baru, 13700 Prai, Penang not less than 48 hours before the time set for the meeting.
3. Where a member appoints two or more proxies, the appointments shall be invalid unless the percentage of the holding to be represented by each proxy is specified.
4. The instrument appointing a proxy or proxies must be under the hand of the appointor or of his attorney duly authorised in writing. Where the instrument appointing a proxy or proxies is executed by a corporation, it must be executed either under its seal or under the hand of any officer or attorney duly authorised.
5. A corporation which is a member may authorise by resolution of its directors or other governing body such person as it thinks fit to act as its representative at the meeting in accordance with Section 147 of the Companies Act 1965.

EXPLANATORY NOTES ON SPECIAL BUSINESS

1. Resolution 7 - Authority pursuant to Section 132D of the Companies Act 1965

The proposed Ordinary Resolution, if passed, will give the Directors of the Company the power to issue shares in the Company up to an amount not exceeding in total 10% of the issued share capital of the Company for such purposes as the Directors consider would be in the interest of the Company. This would avoid any delay and cost involved in convening a general meeting to specifically approve such an issue of shares. This authority, unless revoked or varied at a general meeting, will expire at the next Annual General Meeting of the Company.

2. Resolution 8 - Renewal of Shareholders' Mandate for recurrent related party transactions of a revenue or trading nature

Please refer to the enclosed Circular to Shareholders.

chairman's statement

It gives me great pleasure to present, on behalf of the Board of Directors of Sanbumi Holdings Berhad, the Annual Report and Financial Statements of the Group and the Company for the financial year ended 31 December 2003.

General Overview

The year 2003 was a none less eventful year as compared to the previous year with war, disease and the hope for a nation entering into a new political era taking the centre stage. The year 2003 started in a positive note with anticipations of recoveries in the regional as well as the global economies following the positive sentiments shown by the US economy at the close of 2002. However this was short-lived when the world economic outlook was once again tested for its resilience by the US-led war against Iraq. The question on the kind of war that has been waged, how long it would last and the repercussions confronting it became the utmost worry to the world nations that initially envisaged a rosy economic growth. The gloomy scenario was further battered by the out-break of the SARS epidemic and the 'Bird-flu' epidemic in the region nearer to home.

chairman's statement (cont'd)

The Malaysian economy was not spared the negative reactions following actions in the global arena. Nevertheless, pre-emptive measures drawn up by the Government helped the nation cushion the external impact and pressure, and sustain domestic economic growth notably with the aid of the growth in the manufacturing and agriculture sectors.

The year 2003 has been a consolidation year for the Group after three years of significant activities in the corporate front. Nevertheless, the Group continued with the rationalisation of its operating activities that included reviewing, assessing, determining the appropriate actions and executing the recommended decisions to minimise or eliminate all non-productive and non-profit generating operations with a view to maximise shareholders value.

Financial Performance Overview

The Malaysian economy started the year on an optimistic note backed by a strong closing for 2002. Corporate earnings generally showed highly favourable improvements signalling strong indications that the nation may be heading towards an economic recovery. This was further supported by reports on improved sentiments in the regional as well as the global economies. Neither the war, diseases nor continuing terror attacks within the region or around the world seemed to deter the domestic economy from performing and finishing better than the previous year.

Though economic factors were favouring a growth potential, the need to provide shareholders with value for their investments remained an uphill task for the Group. The Group's core business of manufacturing and trading of sawn and moulded timber as well as trading in timber logs continued to provide significant contribution and support in achieving the results for the year.

The Group's consolidated financial results for the financial year ended 31 December 2003 continued to be in the black though it registered a decline as compared to the previous year. The Group Profit After Taxation for the financial year ended 31 December 2003 stood at RM4.46 Million.

Operations Review

- Timber related business activities

The war in Iraq, menacing terror attacks within the region and around the world and the out-break of the deadly SARS and 'Bird-flu' diseases that created further uncertainties in the recovering regional economies such as the Japanese and European economies which have been the traditional markets of our timber related business activities, continued to provide negative impact on our export market, far short of our expectations.

chairman's statement (Cont'd)

The timber related business activities recorded an annual turnover from external sales of RM246.63 Million for the year ended 31 December 2003, an increase by approximately 6.6% as compared to the previous year. The increase in turnover was mainly attributable to the increase in the sales of timber logs. Though turnover was relatively favourable, the uncertainties and the adversities in the market conditions mentioned above resulted in the decline in gross profit margin, thus Profit Before Taxation ("PBT"). The PBT declined to approximately RM8.3 Million or approximately 50% lower than the previous year.

• Non-timber related business activities

Year 2003 in overall has not been a favourable year for the non-timber related business activities of the Group. The mobile crane service business which is the single most largest contributing component under the non-timber related business activities only managed to record an annual turnover from external sales of RM10.04 Million or an approximate 36.6% decline as compared to the previous year. This decline was mainly attributable to the completion of several spill-over projects from year 2002 and the decline in the number of new infrastructure related projects available and secured. The fewer new infrastructure projects in anticipation to the nation's leadership transition and the forthcoming general election resulted in the emergence of stiff pricing competitions among suppliers. This was clearly reflective by the losses recorded from this business segment for the financial year ended 31 December 2003.

Corporate Development

The Company has no new corporate proposal announced, issued or pending completion as at the date of this statement.

As part of the Group's continuing rationalisation exercise, principally undertaken to realise all non-revenue or non-profit generating properties, plant and equipment or investments, the Company completed the disposal of a vacant industrial land together with a building erected thereon, situated in Tupai Light Industrial Area, Taiping, Perak.

Outlook

The start of year 2004 seems very promising but remains heavily reliant on external factors. The risks of perennial threat of war, rising terrorist activity, resurgence of epidemic disease's such as SARS and 'Bird-flu' and preponderance of natural disasters are extremely high and could dampen the economic recovery.

As in year 2003, the performance of the Group is expected to continue and depend substantially on the performance of the timber related businesses, which remains upbeat in tandem with the steady recovery of the major regional economies. Nevertheless, the Board will continue to closely monitor and embark on critical assessment of the Group's other operations to ensure that it will be able to provide the continued and adequate support to the core business.

Appreciation

On behalf of the Board, I wish to express my sincere gratitude to the management team and all employees of the Group for their commitment and dedication in performing their duties.

I would also wish to thank our shareholders, bankers, customers and business associates for all the support and cooperation extended throughout the year 2003 and look forward to their continued support in the future.

Dato' Noorazman bin Adnan
Chairman

corporate governance statement

The Malaysian Code on Corporate Governance (“the Code”) sets out principles and best practices on structures and processes that companies may use in their operations towards achieving the optimal governance framework.

The Board of Directors of Sanbumi Holdings Berhad (“the Board”) has always recognised the importance of adopting good corporate governance. The Board is committed to ensure that the highest standards of corporate governance are practised throughout the Group as a fundamental part of discharging its responsibilities to protect and enhance shareholders’ value and the performance of the Company.

The Board is pleased to report to shareholders on the manner the Group has applied the principles, and the extent of compliance with the best practices of good governance as set out in Part 1 and Part 2 respectively of the Code pursuant to paragraph 15.26 of the Bursa Malaysia Securities Berhad (“BMSB”) Listing Requirements.

The statement below sets out how the Group has applied the principles and the extent of its compliance with the best practices throughout the financial year ended 31 December 2003.

THE BOARD OF DIRECTORS

The Board

Sanbumi Holdings Berhad is led and managed by an experienced Board comprising members with a wide range of experience in fields such as accounting, marketing, engineering, legal, corporate planning and public service.

The Board has overall responsibility for corporate governance of the Group, establishing goals, strategic direction and overseeing the investments of the Group and ultimately the enhancement of long-term shareholders value.

The Board has set up three committees, namely, the Audit, Nomination and Remuneration Committees, all of which have terms of references to govern their responsibilities. These Committees have the authority to examine particular issues and report to the Board with their recommendations. The ultimate responsibility for the final decision on all matters however lies with the entire Board.

(i) Board Composition

The Board of Directors consists of a Non-Independent Non-Executive Chairman, three (3) Executive Directors and four (4) Non-Executive Directors, three (3) of whom are independent.

There is a clear division of responsibility between the Chairman and the Managing Director to ensure that there is a balance of power and authority. The roles of the Chairman and the Managing Director are separate and clearly defined. Generally, the Chairman of the Board is responsible for encouraging debate on issues and brings to the Board a healthy level of deliberation and independence, whilst the Managing Director has the primary responsibilities for the management of the financial affairs and the day to day operations of the Company in ensuring that strategies, policies and matters approved by the Board and/or the respective Board Committees are effectively implemented. There is proper balance in the Board because of the presence of Independent Non-Executive Directors of the calibre and experience necessary to carry sufficient weight in Board decisions.

A brief profile of each Director is set out in the Directors’ Profile in this Annual Report.

The Board continuously reviews its size and composition with particular consideration on its impact on the effective functioning of the Board.

The Board is satisfied that the investment of the minority shareholders is fairly reflected through Board representation.

corporate governance statement (Cont'd)

(ii) Board meetings

The Board meets on a scheduled basis at least four times a year, with additional meetings convened as and when necessary. Besides Board meetings, the Board also exercises control on matters that require Board's approval through Directors' Circular Resolutions.

During the financial year ended 31 December 2003, four (4) Board Meetings were held. The attendance record of each Director is as follows: -

Directors' Meeting Held		Feb 03	May 03	Aug 03	Nov 03

(iii) Supply of Information

All Directors are supplied with board papers pertaining to agenda items prior to the Board meeting. This is issued in sufficient time to enable the Directors to obtain further explanations, where necessary, in order to be properly briefed before the meeting.

In addition, there is a schedule of matters reserved specifically for the Board's decision, including amongst others, the approval of corporate policies and procedures, Group operational plan and budget, acquisitions and disposals of assets that are material to the Group, major investments, changes to management and control structure of the Group, including key policies, procedures and authority limits.

In exercising their duties, the Directors have access to all information within the Company. All Directors have access to the advice and services of the Company Secretary and may obtain independent professional advice at the Company's expense in furtherance of their duties.

(iv) Appointment to the Board

A Nomination Committee was established in November 2001 comprising three (3) Independent Non-Executive Directors. The members of the Nomination Committee are set out as below:-

Lee Gee Huy @ Lee Kong Fee, JP - Chairman
 Ir. Zainurin bin Karman - Member
 Boey Tak Kong - Member

The Nomination Committee assists the Board on the following functions:

- (1) identify, nominate and recommend the appointments of directors to the Board and Committees of the Board

corporate governance statement (Cont'd)

- (2) recommends on the re-election of directors due for retirement under the Articles of Association of the Company taking into account the directors' contribution
- (3) reviews annually the independence of and suitability of the existing directors, identifying the mix of skills, experience and other qualities, including core competencies which non-executive directors should bring to the Board

As an integral element of the process of appointing new Directors, the Nomination Committee will ensure that there is an orientation and education programme for new Directors with respect to the business and management of the Group.

During the financial year ended 31 December 2003, one meeting was held on 27 February 2003 which was attended by all members of the Nomination Committee. The Nomination Committee had reviewed the present composition of the Board of Directors and the various committees and is of the opinion that they have the required mix of skills and experience and other qualities to function completely and efficiently.

(v) Re-election of Directors

In accordance with the Company's Articles of Association, one-third (1/3) of the Directors for the time being, or, if their number is not three or a multiple of three, then the number nearest to one-third, shall retire from office. Provided always that all Directors shall retire from office once at least in every three years but shall be eligible for re-election.

The names of Directors who are standing for re-election at the Thirty-Fifth Annual General Meeting of the Company to be held on 25 June 2004 are contained in the Statement Accompanying Notice of Annual General Meeting.

No new appointment was made for the financial year ended 31 December 2003.

(vi) Directors' Training

All the Directors have attended the Directors' Mandatory Accreditation Programme conducted by the KLSE Training Sdn. Bhd., an affiliate company of Bursa Malaysia Securities Berhad. The Directors will continue to undergo other relevant training programmes to further enhance their skills and knowledge as well as the latest statutory and/or regulatory requirements on a continuous basis in compliance with Practice Note No. 15/2003 of the Listing Requirements on the Continuing Education Programme.

DIRECTORS' REMUNERATION

(i) Remuneration Committee

The Remuneration Committee was established in November 2001 and comprises the following members:-

Dato' Noorazman bin Adnan	- Chairman/Non-Independent Non-Executive
Ir. Zainurin bin Karman	- Independent Non-Executive
Lee Gee Huy @ Lee Kong Fee, JP	- Independent Non-Executive

The Committee's primary responsibility is to recommend to the Board, the remuneration of the executive directors and senior management drawing from outside advice as necessary. The determination of the remuneration of the non-executive directors will be a matter to be decided by the Board as a whole with the Director concerned abstaining from deliberations and voting on the decision in respect of his individual remuneration package.

During the financial year ended 31 December 2003, one meeting was held on 21 November 2003. All the members attended the meeting.

(ii) Remuneration Policy

The Remuneration Committee recommends to the Board for approval the remuneration package of Executive Directors. The remuneration system takes into account individual performance and experience, comparison of the Company's actual performance relative to other companies in the same sector and

corporate governance statement (Cont'd)

additional responsibilities of the Directors. The fees of the Directors are subject to shareholders approval at the Annual General Meeting.

Shareholders and members of the public are invited to access the BMSB website at www.bursamalaysia.com.my to obtain the latest information on the Group.

The Annual General Meeting ("AGM") is the principal forum for dialogue and interaction with individual shareholders and investors where they may seek clarifications on the Group's businesses. The notice of the AGM and the Annual Reports are sent to shareholders at least 21 days before the date of the meeting. The notice of the AGM is also published in a national newspaper and released to BMSB for public dissemination. Members of the Board as well as the Auditors of the Company are present at the AGM to answer questions raised at the meeting.

ACCOUNTABILITY AND AUDIT

(i) Financial Reporting

The Directors have a responsibility to present a true and fair assessment of the Groups' financial position and prospects primarily through the annual report to shareholders and quarterly financial statements to BMSB.

The Audit Committee assists the Board in reviewing the information disclosed to ensure accuracy, adequacy and completeness of all annual and quarterly reports audited or unaudited, and approved by the Board of Directors before releasing to BMSB.

corporate governance statement (Cont'd)

A statement by the Directors of their responsibilities in preparing the financial statements is set out on page 26 of this Annual Report.

(ii) Internal Control

The Board acknowledges its responsibility for establishing an efficient and effective system of internal controls covering not only financial controls but also controls relating to operational, compliance and risk management to safeguard shareholders' investment and the Group's assets. directors' responsibility statement

(Pursuant to paragraph 15.27(a) of the BMSB Listing Requirements)

We, on behalf of the Directors of Sanbumi Holdings Berhad hereby acknowledge that the preparation of the annual financial statements of the Group and of the Company is the responsibility of the Board of Directors.

On behalf of the Board

DATO' NOORAZMAN BIN ADNAN

Chairman

DATO' CHUA TIONG MOON

statement on internal control

(Pursuant to paragraph 15.27(b) of the BMSB Listing Requirements)

1. Introduction

Pursuant to Paragraph 15.27(b) of the Listing Requirements of the Bursa Malaysia Securities Berhad, the Board is pleased to provide the following Statement of Internal Control, which outlines the nature and scope of internal control of the Group during the year.

2. Responsibility

The Board acknowledges its overall responsibility for the Group's system of internal control and for reviewing its adequacy and integrity.

In establishing the Group's system of internal control, the following criteria are taken into consideration:-

- systems can only be designed to manage rather than eliminate the risk of failure to achieve business objectives. This system, by its nature, can only provide reasonable but not absolute assurance against material misstatement or loss.
- the system is a continuous process for identifying, evaluating and managing the significant risks faced by the Group.

The Board delegates to the senior management, the implementation of the systems of internal control within an established framework throughout the Group.

3. Internal control and risk management framework

The key elements of the Group's internal control system are as follows: -

- 3.1 Comprehensive financial reports are supplied to the Audit Committee and the Board on a quarterly basis for review and if necessary corrective action to be taken.
- 3.2 Budgets for each operating units are prepared annually and monthly review carried out together with the Management. The results are communicated to the Board and senior management on a timely basis.
- 3.3 A clearly defined organisation and hierarchical structure outlining line of reporting and job responsibilities.
- 3.4 In ensuring that each operating unit is functioning efficiently, emphasis is placed on personnel employed where the integrity and competence of personnel are ensured through a high recruitment standard.
- 3.5 The Board, Audit Committee and senior management regularly review the internal audit reports and monitor the status of the implementation of recommendations to address internal control weaknesses noted.
- 3.6 Regular reporting is made to the Board at its meetings of corporate, legal, accounting and environmental developments.

statement on internal control (Cont'd)
(Pursuant to paragraph 15.27(b) of the BMSB Listing Requirements)

4. Internal audit

The internal audit function highlights issues to executive and operational management on areas for improvement and subsequently reviews the extent to which its recommendations have been implemented. The extent of compliance is reported to the Audit Committee on a regular basis. The Audit Committee in turn reviews the effectiveness of the system of internal control in operation and reports the results thereon to the Board.

Effectiveness of internal control

5. The Board is of the view that the existing system of internal controls is sound and adequate to safeguard the Group's assets at the existing level of operations. Consequently, there were neither material internal control weaknesses nor significant problems that had arisen during the financial year.

directors' report

The directors hereby submit their report and the audited financial statements of the Group and of the Company for the financial year ended 31 December 2003.

PRINCIPAL ACTIVITIES

The Company is principally engaged in the business of investment holding. The principal activities of the subsidiaries are set out in Note 7 to the financial statements. There have been no significant changes in the nature of these activities during the financial year.

RESULTS	GROUP RM	COMPANY RM
Profit attributable to shareholders of the Company	4,456,822	448,683

The results of the operations of the Group and of the Company during the financial year were not, in the opinion of the Directors, substantially affected by any item, transaction or event of a material and unusual nature.

DIVIDENDS

No dividend was paid since the end of the previous financial year and the Directors do not recommend the payment of any dividend for the current financial year.

RESERVES AND PROVISIONS

All material transfers to or from reserves or provisions during the financial year have been disclosed in the financial statements.

ISSUES OF SHARES AND DEBENTURES

During the financial year,

- (a) there were no changes in the authorised and issued and paid-up capital of the Company; and
- (b) there were no issues of debentures by the Company.

OPTIONS GRANTED OVER UNISSUED SHARES

During the financial year, no options were granted by the Company to any person to take up any unissued shares in the Company.

BAD AND DOUBTFUL DEBTS

Before the financial statements of the Group and of the Company were made out, the Directors took reasonable steps to ascertain that action had been taken in relation to the writing off of bad debts and the making of allowance for doubtful debts, and satisfied themselves that all known bad debts had been written off and that adequate allowance had been made for doubtful debts.

At the date of this report, the Directors are not aware of any circumstances that would further require the writing off of bad debts or additional allowance for doubtful debts in the financial statements of the Group and of the Company.

directors' report (cont'd)

CURRENT ASSETS

Before the financial statements of the Group and of the Company were made out, the Directors took reasonable steps to ascertain that any current assets other than debts, which were unlikely to be realised in the ordinary course of business, including their value as shown in the accounting records of the Group and of the Company, have been written down to their expected realisable values.

At the date of this report, the Directors are not aware of any circumstances, which would render the values attributed to the current assets in the financial statements of the Group and of the Company misleading.

VALUATION METHODS

At the date of this report, the Directors are not aware of any circumstances which have arisen which render adherence to the existing methods of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate.

CONTINGENT AND OTHER LIABILITIES

In the interval between the end of the financial year and the date of this report, there does not exist:-

- (i) any charge which has arisen on the assets of the Group and of the Company which secures the liabilities of any other person; or
- (ii) any contingent liability which has arisen in the Group and in the Company.

No contingent or other liability of the Group and of the Company has become enforceable or is likely to become enforceable within the period of twelve months after the end of the financial year which, in the opinion of the Directors, will or may substantially affect the ability of the Group and of the Company to meet their obligations when they fall due.

CHANGE OF CIRCUMSTANCES

At the date of this report, the Directors are not aware of any circumstances, not otherwise dealt with in this report or the financial statements of the Group and of the Company which would render any amount stated in the financial statements misleading.

ITEMS OF AN UNUSUAL NATURE

There has not arisen in the interval between the end of the financial year and the date of this report any item, transaction or event of a material and unusual nature likely, in the opinion of the Directors, to affect substantially the results of the operations of the Group and of the Company for the current financial year.

DATO' CHUA TIONG MOON

report of the auditors to the members of sanbumi holdings berhad

We have audited the financial statements set out on pages 36 to 75. The preparation of the financial statements is the responsibility of the Company's Directors. Our responsibility is to express an opinion on the financial statements based on our audit.

We conducted our audit in accordance with Approved Standards on Auditing in Malaysia. These standards require that we plan and perform the audit to obtain reasonable assurance that the financial statements are free of material misstatement. Our audit included examining, on a test basis, evidence relevant to the amounts and disclosures in the financial statements. Our audit also included an assessment of the accounting principles used and significant estimates made by the Directors as well as evaluating the overall adequacy of the presentation of information in the financial statements. We believe our audit provides a reasonable basis for our opinion.

In our opinion,

- (a) the financial statements are properly drawn up in accordance with the provisions of the Companies Act, 1965 and applicable Approved Accounting Standards in Malaysia so as to give a true and fair view of:-
 - (i) the state of affairs of the Group and of the Company at 31 December 2003 and of the results and the cash flows for the financial year ended on that date; and
 - (ii) the matters required by Section 169 of the Companies Act, 1965 to be dealt with in the financial statements of the Group and of the Company; and
- (b) the accounting and other records and the registers required by the Companies Act, 1965 to be kept by the Company and by the subsidiaries of which we have acted as auditors have been properly kept in accordance with the provisions of the said Act.

We have considered the financial statements and the auditors' report of the subsidiaries of which we have not acted as auditors, as indicated in Note 7 to the financial statements.

We are satisfied that the financial statements of the subsidiaries that have been consolidated with the Company's financial statements are in form and content appropriate and proper for the purposes of the preparation of the consolidated financial statements and we have received satisfactory information and explanations required by us for those purposes.

The auditors' reports on the financial statements of the subsidiaries were not subject to any qualification and did not include any comment required to be made under Subsection (3) of Section 174 of the Companies Act, 1965.

notes to the financial statements for the financial year ended 31 December 2003

1. CORPORATE INFORMATION

The Company is a public limited liability company, is incorporated and domiciled in Malaysia, and is listed on the Main Board of Bursa Malaysia Securities Berhad. The registered office and the principal place of business is located at Wisma EMC, 972, Jalan Baru, 13700 Prai, Penang.

The financial statements are expressed in Ringgit Malaysia ("RM").

The financial statements were authorised for issue by the Board of Directors in accordance with a resolution of the Directors dated 23 April 2004.

2. PRINCIPAL ACTIVITIES

The Company is principally engaged in the business of investment holding. The principal activities of the subsidiaries are set out in Note 7 to the financial statements. There have been no significant changes in the nature of these activities during the financial year.

3. FINANCIAL RISK MANAGEMENT POLICIES

The activities of the Company and the Group expose it to certain financial risks, including currency risk, interest rate risk, market risk, credit risk, liquidity risk and cash flow risk. The overall financial risk management objective of the Company and the Group is to maximise shareholders' value by minimising the potential adverse impacts of these risks on its financial position, performance and cash flows.

The Board of Directors explicitly assumes the responsibilities of financial risk management which is carried out mainly through risk review and internal control systems.

(i) *Currency Risk*

The Group is exposed to foreign exchange risk on sales and purchases that are denominated in foreign currencies. It manages its foreign exchange exposure by a policy of matching as far as possible payments in each individual currency.

Surpluses of convertible currencies are either retained in foreign currency or sold for Ringgit Malaysia. The Group/Company also uses forward foreign currency contracts, kept at an acceptable level, to hedge a portion of its future foreign exchange exposure.

Due to the present Ringgit Malaysia exchange rate peg against the US Dollar, the Directors are of the opinion that the Group/Company's exposure to currency risk is not significant.

(ii) *Interest Rate Risk*

The Group obtains financing through bank borrowings and hire purchase. Its policy is to obtain the most favourable interest rates available.

Surplus funds are placed with reputable financial institutions at the most favourable interest rates.

(iii) *Market Risk*

The Group does not have any quoted investments and hence is not exposed to market risks.

notes to the financial statements for the financial year ended 31 December 2003 (cont'd)

3. FINANCIAL RISK MANAGEMENT POLICIES (Cont'd)

(iv) Credit Risk

The Group's exposure to credit risks, or the risk of counterparties defaulting, arises mainly from cash deposits and receivables. The maximum exposure to credit risks is represented by the total carrying amount of these financial assets in the balance sheet reduced by the effects of any netting arrangements with counterparties.

The Group does not have any major concentration of credit risk related to any individual customer or counterparty except that 58.0% of other receivables relate to log purchase advances given to a related party and 63.5% of cash deposits are placed with a major financial institution.

The Group manages its exposure to credit risk by investing its cash assets safely and profitability, and by the application of credit approvals, credit limits and monitoring procedures on an ongoing basis.

(v) Liquidity and Cash Flow Risks

The Group's exposure to liquidity and cash flow risks arises mainly to meet its working capital requirements.

It practises prudent liquidity risk management by maintaining sufficient cash balances and the availability of funding through certain committed credit facilities so as to achieve overall cost effectiveness.

4. BASIS OF PREPARATION

The financial statements of the Group and of the Company are prepared under the historical cost convention modified to include other bases of valuation as disclosed in other sections under significant accounting policies, and in compliance with applicable Approved Accounting Standards in Malaysia and the provisions of the Companies Act, 1965.

During the financial year, the Group and the Company adopted the following accounting standards issued by the Malaysian Accounting Standards Board ("MASB") for the first time in the preparation of the financial statements: -

- MASB Standard 25 - Income Taxes
- MASB Standard 27 - Borrowing Costs
- MASB Standard 29 - Employee Benefits

The adoption of the above MASB Standards does not have any material impact on the financial statements of the Group and of the Company other than the new disclosure format as disclosed in Note 30. Arising from the adoption of MASB Standard 25, the accounting policy on taxation as disclosed in Note 5(q) has been amended accordingly.

5. SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Consolidation

The consolidated financial statements incorporate the financial statements of the Company and its subsidiaries made up to 31 December 2003.

Subsidiaries are those companies in which the Group has the power to exercise control over the financial and operating policies of the companies. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control effectively commences until the date that control effectively ceases. Subsidiaries are consolidated using the acquisition method of accounting except for Sanbumi Sawmill Sdn. Bhd. and its subsidiaries ("Sanbumi Sawmill Group") and Akalaju Sdn. Bhd., which are consolidated using the merger method of accounting. The Sanbumi Sawmill Group adopted the acquisition method of accounting in consolidating the subsidiaries of Sanbumi Sawmill Sdn. Bhd.

notes to the financial statements for the financial year ended 31 December 2003 (cont'd)

5. SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

(a) *Basis of Consolidation (Cont'd)*

Under the acquisition method of accounting, the results of subsidiaries acquired or disposed of during the financial year are included in the consolidated income statement from the date of acquisition or up to the date of disposal. The difference between the consideration paid for the investment in the subsidiaries and the fair value of attributable net assets acquired is reflected as goodwill or reserve on consolidation as appropriate. The carrying amount of goodwill is reviewed annually and written down for impairment where it is considered necessary.

Subsidiaries acquired which have previously met the criteria for merger accounting are accounted for using merger accounting principles. When the merger method is used, the cost of investment in the Company's books is recorded as the nominal value of shares issued. The difference between the carrying value of the investment and the nominal value of the shares of the subsidiaries is treated as a merger deficit or merger reserve as applicable. The results of the subsidiaries being merged are included for the full financial year.

The current applicable Approved Accounting Standard for business combination is MASB Standard 21 – Business Combinations. This standard is effective for accounting period commencing 1 July 2001. As allowed by MASB Standard 21, the provisions of MASB Standard 21 are applied on a prospective basis, and no retrospective changes have been made in respect of business combinations that have been effected prior to the date of MASB Standard 21 becoming effective.

Intragroup transactions, balances and unrealised gains on transactions are eliminated; unrealised losses are also eliminated unless cost cannot be recovered. Where necessary, adjustments are made to the financial statements of subsidiaries to ensure consistency of accounting policies with those of the Group.

(b) *Financial Instruments*

Financial instruments are recognised in the balance sheet when the Group has become a party to the contractual provisions of the instruments.

Financial instruments are classified as liabilities or equity in accordance with the substance of the contractual arrangement. Interest, dividends, gains and losses relating to financial instruments classified as liabilities are reported as expense or income. Distributions to holders of financial instruments classified as equity are charged directly to equity.

Financial instruments are offset when the Group has a legally enforceable right to offset and intends to settle either on a net basis or to realise the asset and settle the liability simultaneously.

Financial instruments recognised in the balance sheet are disclosed in the individual policy statement associated with each item.

(c) *Subsidiaries*

Investments in subsidiaries, are stated at cost or revalued amount. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down to its recoverable amount.

(d) *Associate*

An associate is defined as a company, not being a subsidiary, in which the Group exercises significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the associate but not control over those policies. The Group's share of the results of the associate is included in the consolidated income statement and the Group's interest in the associate is stated at cost less allowance for diminution in value plus the Group's share of post-acquisition reserves of the associate.

notes to the financial statements for the financial year ended 31 December 2003 (cont'd)

5. SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

(d) *Associate (Cont'd)*

The Group's share of post-acquisition losses is restricted to the carrying value of the investment in that associate.

The investment in associate in the financial statements of the Company is carried at cost or revalued amount less allowance for permanent diminution in value. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down to its recoverable amount.

(e) *Other Investments*

Other investments in shares in corporations, other than subsidiaries, associates and joint ventures, held for long-term purposes are stated at cost less allowance for permanent diminution in value.

(f) *Property, Plant and Equipment*

Freehold land is stated at cost or revalued amount and not depreciated. Leasehold land and buildings are amortised in equal instalments over the period of the respective leases that range from 60 years to 99 years. Other property, plant and equipment are stated at cost or revalued amount less accumulated depreciation and impairment losses, if any.

Depreciation of other property, plant and equipment is calculated under the straight-line method to write off the cost or revalued amount of those assets over their estimated useful lives. The principal annual rates used for this purpose are:-

Freehold buildings	2% - 10%
Mobile cranes and heavy vehicles	5% - 10%
Plant, machinery, tools and equipment	8% - 20%
Barges, motor vehicles and forklifts	10% - 20%
Office equipment, furniture and fittings	10% - 15%
Containers	10%

Properties are revalued periodically, at least once in every five years. The net increase arising from the revaluation of the properties, if adjusted, is credited to the revaluation reserve. The net decrease, to the extent that it is not supported by any previous revaluation, is charged to the income statement.

(g) *Impairment of Assets*

The carrying values of assets, other than those to which MASB Standard 23 - Impairment of Assets does not apply, are reviewed for impairment whenever events or changes in circumstances indicate that the carrying values of the assets might be impaired. Impairment is measured by comparing the carrying values of the assets with their recoverable amounts.

An impairment loss is charged to the income statement immediately unless it reverses a previous revaluation in which case it is charged to the revaluation surplus. Any subsequent increase in the recoverable amount is recognised in the income statement unless it reverses an impairment loss on a revalued asset in which case it is taken to the revaluation surplus.

(h) *Assets Under Hire Purchase*

Plant and equipment acquired under hire purchase are capitalised in the financial statements and are depreciated in accordance with the policy set out in Note 5(f) above. Each hire purchase payment is allocated between the liability and finance charges

so as to achieve a constant rate on the finance balance outstanding. Finance charges are allocated to the income statement over the period of the respective hire purchase agreements.

(i) *Inventories*

Inventories are stated at the lower of cost and net realisable value. In arriving at the net realisable value, due allowance is made for obsolete, slow-moving and defective inventories.

The cost of timber logs is computed using the specific identification method and includes purchase cost and all attributable overheads in bringing the logs to their present location and condition.

The cost of work-in-progress and finished goods of timber products is computed using the weighted average method and comprises raw materials, direct labour and attributable production overheads in bringing such items to their present location and condition.

The cost of consumable stores and trading goods is determined on the first-in, first-out basis and comprises the purchase price and incidentals incurred in bringing such items to their present location and condition.

(j) *Receivables*

Receivables are carried at anticipated realisable value. Bad debts are written off in the period in which they are identified and an allowance is made for doubtful debts when there is objective evidence that all the debts due will not be collectible in accordance with the terms of receivables.

(k) *Payables*

Payables are stated at cost, which is the fair value of the consideration to be paid in the future for goods and services rendered.

(l) *Interest-bearing Borrowings*

Interest-bearing bank loans and overdrafts are recorded at the amount of proceeds received, net of transaction costs.

Borrowing costs directly attributable to the acquisition and construction of property are capitalised as part of the cost of those assets, until such time as the assets are ready for their intended use or sale.

All other borrowing costs are charged to the income statement as an expense in the period in which they are incurred.

(m) *Equity Instruments*

Ordinary shares are classified as equity.

notes to the financial statements for the financial year ended 31 December 2003 (cont'd)

5. SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

(n) *Cash and Cash Equivalents*

Cash and cash equivalents comprise cash in hand, bank balances, demand deposits, deposits pledged with financial institutions, bank overdrafts and short term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(o) *Foreign Currencies*

Transactions in foreign currencies are converted into Ringgit Malaysia at the approximate rates of exchange ruling at the transaction dates. Monetary assets and liabilities in foreign currencies at the balance sheet date are converted at the rates ruling as of that date. All exchange differences are taken to the income statement.

(p) *Employee Benefits*

(i) Short-term Benefits

Wages, salaries, paid annual leave, bonuses, and non-monetary benefits are accrued in the period in which the associated services are rendered by employees of the Group.

(ii) Defined Contribution Plans

The Group's contributions to defined contribution plans are charged to the income statement in the period to which they relate. Once the contributions have been paid, the Group has no further liabilities in respect of the defined contribution plans.

(q) *Income Tax*

Income tax comprises current and deferred tax.

Current tax is the expected amount of income taxes payable in respect of the taxable profit for the year and is measured using the tax rates that have been enacted or substantially enacted at the balance sheet date.

During the financial year, the accounting policy for deferred taxation has been changed to comply with MASB Standard 25 - Income Taxes. Deferred taxation is now provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements.

Deferred tax liabilities are recognised for all taxable temporary differences other than those that arise from goodwill or negative goodwill or from the initial recognition of an asset or liability in a transaction, which is not a business combination and at the time of the transaction, affects neither accounting profit nor taxable profit.

Deferred tax assets are recognised for all deductible temporary differences, unused tax losses and unused tax credits to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, unused tax losses and unused tax credits can be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realised or the liability is settled, based on the tax rates that have been enacted or substantially enacted at the balance sheet date.

notes to the financial statements for the financial year ended 31 December 2003 (cont'd)

5. SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

(q) *Income Tax (Cont'd)*

Deferred tax is recognised in the income statement, except when it arises from a transaction which is recognised directly in equity, in which case the deferred tax is also charged or credited directly to equity, or when it arises from a business combination that is an acquisition, in which case the deferred tax is included in the resulting goodwill or negative goodwill. The carrying amounts of deferred tax assets are reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax assets to be utilised.

Prior to the adoption of MASB Standard 25, which took effect on 1 July 2002, deferred taxation was provided for using the liability method on all material timing differences except where no liability was expected to arise in the foreseeable future. Deferred tax benefit was only recognised when there was reasonable expectation of realisation in the foreseeable future.

The change in accounting policy with respect to the treatment of deferred taxation has resulted in a prior year adjustment as disclosed in Note 32 to the financial statements.

(r) *Dividends*

Dividends on ordinary shares are recognised as an appropriation of retained profits upon declaration, and are only taken up as liabilities upon the necessary approval being obtained.

(s) *Revenue Recognition*

(i) Revenue from Sales of Goods

Sales are recognised upon delivery of goods and customers' acceptance, and where applicable, net of returns and trade discounts.

(ii) Revenue from Services

Revenue is recognised upon rendering of services and when the outcome of the transaction can be estimated reliably. In the event the outcome of the transaction could not be estimated reliably, revenue is recognised to the extent of the expenses recognised that are recoverable.

(iii) Rental and Interest Income

Rental and interest income are recognised on an accrual basis.

(iv) Dividend Income

Dividend income from investment is recognised when the right to receive dividend payment is established.

(v) Management Fee

Management fee is recognised on an accrual basis.

(t) *Segmental Information*

Segment revenues and expenses are those directly attributable to the segments and include any joint revenue and expenses where a reasonable basis of allocation exists. Segment assets include all assets used by a segment and consist principally of

notes to the financial statements for the financial year ended 31 December 2003 (cont'd)

(t) *Segmental Information (cont'd)*

cash, receivables, inventories and property, plant and equipment, net of allowances and accumulated depreciation and amortisation. Most segment assets can be directly attributed to the segments on a reasonable basis. Segment assets and liabilities do not include income tax assets and liabilities respectively.

Segment revenues, expenses and results include transfers between segments. The prices charged on intersegment transactions are the same as those charged for similar goods to parties outside of the economic entity at arm's length transactions. These transfers are eliminated on consolidation.

The Directors revalued the landed properties using the open market value basis based on valuations carried out by firms of Independent Valuers. The excess of the Directors' valuation of the properties over the net book value has been credited to revaluation reserve.

Leasehold land and buildings of the Group with a carrying value of RM6,646,612 (2002 - RM7,783,844) are pledged as security for bank borrowings as disclosed in Note 20 to the financial statements.

Included in the net book value of property, plant and equipment of the Group at the balance sheet date are motor vehicles amounting to RM666,602 (2002 - RM1,972,762) acquired under hire purchase terms.

31. EARNINGS PER SHARE

The basic earnings per share is calculated by dividing the Group net profit attributable to shareholders of RM4,456,822 (2002 - RM9,765,461) by the number of ordinary shares in issue during the financial year of 189,238,348 (2002 - weighted average number of ordinary shares of 179,621,909).

The diluted earnings per share is not applicable as there are no dilutive potential ordinary shares outstanding at the balance sheet date.

32. PRIOR YEAR ADJUSTMENT

The prior year adjustment is in respect of the change in accounting policy with respect to the treatment of deferred taxation as stated in Note 5(q) to the financial statements. The new accounting policy has no effect on the profit attributable to the shareholders of the Group and of the Company for the financial year ended 31 December 2003.

The effect of this change in accounting policy is a reduction in the revaluation reserve of the Group and of the Company at 31 December 2003 by RM1,490,000. This change of accounting policy has been accounted for retrospectively and the effects on prior years have been taken up as a prior year adjustment in the financial statements. Accordingly, the following comparative figures have been restated to reflect the effects of the change:-

39. SIGNIFICANT SUBSEQUENT EVENT

On 19 March 2004, the Company acquired 473,000 ordinary shares of RM1 each in EMC Cranes (K.L.) Sdn. Bhd., a subsidiary, for a cash consideration of RM1,100,000. Consequent to the acquisition, the effective equity interest of the Company increased from 50.2% to 78.5%.

40. NUMBER OF EMPLOYEES

	GROUP		COMPANY	
	2003	2002	2003	2002

41. FOREIGN EXCHANGE RATES

The applicable closing exchanges rates used (expressed on the basis of one unit of foreign currency to RM equivalent) for the translation of foreign currency balances at the balance sheet date are as follows:-

	2003 RM	2002 RM
United States Dollar	3.80	3.80
Singapore Dollar	2.30	2.30

42. FAIR VALUES OF FINANCIAL ASSETS AND LIABILITIES

Fair values is defined as the amount at which the financial instruments could be exchanged in a current transaction between knowledgeable willing parties in an arm's length transaction, other than in a forced or liquidation sale.

The following methods and assumptions are used to estimate the fair value of each class of financial assets and liabilities of the Group and of the Company:-

(a) Bank Balances and Other Liquid Funds and Short Term Receivables

The carrying amounts approximate their fair values due to the relatively short term maturity of these instruments.

(b) Investment in Subsidiaries and Other Investments

It is not practicable to estimate the fair value of the Group's non-current unquoted investments because of the lack of quoted market prices and the inability to estimate fair value without incurring excessive costs. However, the Group believes that the carrying amount represents the recoverable amount.

(c) Short Term Borrowings and Other Current Liabilities

The carrying amounts approximate their fair values because of the short period to maturity of these instruments.

(d) Hire Purchase Payables

The fair value of hire purchase payables is determined by discounting the relevant cash flow using the applicable interest rates prevailing at the balance sheet date.
