## **INFOMINA RECEIVES LETTER OF ACCEPTANCE FROM SURUHANJAYA SYARIKAT MALAYSIA (SSM) FOR THE PROVISION OF A COMPANY DATA EXTRACTION PLATFORM**

**KUALA LUMPUR, 5 APRIL 2023 - INFOMINA BERHAD (盈获数码科技集团)** (“Infomina” or “Group”), a leading regional technology solutions provider, announced the receipt of a **Letter of Acceptance (“LOA”)** from **Suruhanjaya Syarikat Malaysia (“SSM”)** appointing **Infomina** as the service provider for the platform.

The platform will facilitate the public in searching, extracting and purchasing data on companies and businesses registered with SSM. The appointment is for a period of **six (6) years** commencing from **31 March 2023 to 30 March 2029**. Infomina will charge a service fee, which will be based on the actual consumption of the platform.

SSM is a statutory body formed as a result of a merger between the Registrar of Companies (“ROC”) and the Registrar of Businesses (“ROB”) in Malaysia which regulates companies and businesses. The main activity of SSM is to serve as an agency to incorporate companies and register businesses as well as to provide company and business information to the public.

Commenting on the LOA from SSM, **Managing Director of Infomina, Yee Chee Meng (余志明)** said: “It has truly been a busy start to 2023, our overseas expansion is underway whilst we also continue to strengthen our footprint in Malaysia via this appointment from SSM. SSM plays a critical role in all corporate and business sectors in Malaysia and is a custodian for large amounts of data whilst ensuring compliance with business registration and corporate legislation.”

“Infomina is honored to be appointed as the service provider to such an esteemed and critically important agency like SSM.”

“I would like to thank SSM for their trust in our abilities and for giving us the opportunity to undertake this project. We look forward to a good and long-term working relationship with SSM as we play our role in the broader ecosystem.”

“This LOA will allow Infomina to charge a service fee based on the actual consumption of the platform. This bodes well for us as a service provider and gives us good earnings visibility over the tenure.”
