

INFOMINA BERHAD VENTURES INTO NEW MARKET - INCORPORATES SUBSIDIARY IN JAPAN

KUALA LUMPUR, 30 AUGUST 2023 - INFOMINA BERHAD (盈获数码科技集团) (“Infomina” or “Group”), a regional technology solutions provider, announced that it has incorporated a wholly-owned subsidiary, Infomina Japan K.K. (“Infomina Japan”) in Japan on 28 August 2023.

The issued and paid-up share capital of Infomina Japan is JPY7,500,000 comprising 7,500 ordinary share of JPY1,000 each.

The incorporation of Infomina Japan is in-line with their international business expansion plans. The principal activity of Infomina Japan is for the provision of technology hardware, software, consultancy, support and services to customers in Japan.

Commenting on Infomina’s venture in Japan, **Managing Director of Infomina, Yee Chee Meng (余志明)** said, *“This is indeed a very exciting venture for Infomina. Japan is one of the largest market in Asia and is expected to be a significant growth driver for us going forward. The incorporation of a wholly owned subsidiary in Japan marks the first step for us as we hit the ground running.”*

“Judging from the sheer market size and huge installed base of mainframes in Japan, we are hopeful that we will be able to offer our solutions and services to customers in Japan. As with all new markets, opportunities will also come with challenges. We look forward to the coming months as we familiarize ourselves with local market dynamics and the unique needs of customers in Japan.”

“I would like to thank Broadcom Software for the trust in us to be their partner in growing the Japan market.”

PRESS RELEASE FOR IMMEDIATE RELEASE

ABOUT INFOMINA BERHAD

Infomina Berhad (“Infomina” or the “Company”) is a regional technology solutions provider, principally involved in the design and implementation of technology application and infrastructure solutions that support the fundamental business operations of its customers. The Company further supports its customers through customised operations, maintenance and support services for technology solutions.

Infomina specialises in mainframe technology solutions, and also possess capabilities in developing solutions based on other technologies. Mainframes are primarily used by large organisations for critical large scale and real-time applications such as bulk data and transaction processing.

The Company has a diverse customer base across multiple countries in Asia - Malaysia, Singapore, Thailand, Philippines, Indonesia, Hong Kong, China and Taiwan, and they belong to both the private and public sectors.

Through its subsidiaries, Infomina principally operates in Malaysia, Singapore, Thailand, Philippines, Indonesia and Hong Kong.
