

INFOMINA ACCEPTED PURCHASE ORDER FROM METROPOLITAN BANK & TRUST COMPANY WORTH RM79.2 MILLION

*Strengthening Infomina's regional footprint and reinforcing its capabilities in
mission-critical technology solutions*

KUALA LUMPUR, 28 NOVEMBER 2025 - INFOMINA BERHAD (盈获数码科技集团) (“Infomina” or “Group”), a regional technology solutions provider, today announced that Infomina Philippines, Inc. (“Infomina PH”), a 99.95%-owned subsidiary of Infomina, had accepted the Purchase Order (“PO”) from **Metropolitan Bank & Trust Company (“Metrobank”)**, a bank in the Philippines, on 28 November 2025.

Details of the PO

The PO involves the provision of technology application and infrastructure operations, maintenance, and support services to Metrobank. Infomina PH’s scope includes assisting with license subscription renewals, training personnel, and supplying the necessary fixes for installation and operations, including detailed operations and maintenance manuals. The services also cover assessing and monitoring Metrobank’s software environment to ensure it is updated to the latest relevant supported versions.

Infomina PH will provide online and offline support services, periodical maintenance for software, ad-hoc technical and repair services, as well as consumption or utilisation monitoring and reporting.

The tenure of the PO is two (2) years, from 1 January 2026 to 31 December 2027. The total value of the PO is **USD19.04 million (equivalent to approximately RM79.2 million)**, inclusive of value-added tax) and will be invoiced progressively over the Period. Future renewals will be subjected to new purchase orders to be negotiated with Metrobank.

This latest award follows closely after the Group secured the RM66.13 million contract from Kementerian Dalam Negeri (“KDN”). With this new win, the Group’s outstanding orderbook now stands at approximately RM465.7 million, further strengthening earnings visibility in the years ahead.

CEO's Statement:

Yee Chee Meng (余志明), Chief Executive Officer & Managing Director, Infomina Berhad, commented: “We are truly delighted to be entrusted by Metrobank, one of the Philippines’ leading financial institutions. This contract underscores Infomina’s growing recognition beyond Malaysia and affirms our ability to support mission-critical technology environments for clients across diverse industries and geographies. We deeply appreciate the confidence placed in Infomina PH and remain committed to delivering the highest standards of reliability, governance, and technical expertise throughout the contract period.

This award comes just after our RM66.13 million contract win from KDN, bringing our total new contracts secured within the past two weeks to over RM140 million. Management is proud of this milestone, which is a testament to the dedication and effort of our team. With this latest addition, our outstanding orderbook now exceeds RM460 million, further strengthening revenue visibility and supporting our growth momentum for the coming years.

Collectively, these achievements confirm that we are moving confidently in the right direction. We remain committed to driving performance, expanding our regional footprint, and delivering client-centric innovation and service excellence across Malaysia, Japan, the Philippines, and other regional markets.”

At the same time, Infomina continues to advance its innovation agenda under the Infomina AI initiative. Our recently launched platforms, *PaymentXchange*, *ValuationXchange*, *AiMod*, and *AiExe*, broaden our solution offerings and create new opportunities for scalable, recurring income. In Malaysia, we remain a trusted technology partner to key national institutions, including the Suruhanjaya Syarikat Malaysia (“SSM”), through our long-standing work in critical digital infrastructure. These initiatives collectively strengthen Infomina’s foundation for recurring income, sustainable growth, and regional expansion.

Infomina AI Initiative key milestones include:

- *ValuationXchange* – AI-powered valuation and analytics platform.
- *PaymentXchange* – Malaysia’s first compliant and transparent property payment platform.
- *AiMod* – self-serve analytics and modelling engine.
- *AiExe* – workflow intelligence engine and the 1st authorised service integrating AI into SSM company reports.
- *SSM Search Portal* – ongoing support for SSM as an authorised service provider, delivering secure API connectivity and real-time access to corporate information.

----- End -----

ABOUT INFOMINA BERHAD

Infomina Berhad (“Infomina” or the “Company”) is a regional technology solutions provider, principally involved in the design and implementation of technology applications and infrastructure solutions that support the core business operations of its customers. The Company further supports its customers through customised operations, maintenance, and support services for technology solutions.

Infomina specialises in mainframe technology solutions and possesses capabilities in developing and integrating solutions based on other technologies. Mainframes are primarily used by large organisations for mission-critical, large-scale, and real-time applications such as bulk data and transaction processing.

The Company has a diverse customer base across multiple countries in Asia – including Malaysia, Singapore, Thailand, the Philippines, Indonesia, Hong Kong, China, Taiwan and Japan, spanning both the private and public sectors.

As part of its long-term growth strategy, Infomina has expanded into data-driven and artificial intelligence (“AI”) solutions through its new venture, *Infomina AI*. This initiative focuses on developing scalable digital platforms and products such as data connectors, analytics tools, and AI-powered applications that enable clients to extract greater value from their enterprise data. These ventures mark the Group’s next phase of growth beyond its traditional infrastructure business.

Through its subsidiaries, Infomina principally operates in Malaysia, Singapore, Thailand, the Philippines, Indonesia, Hong Kong and Japan.
