

## JIANKUN INTERNATIONAL BERHAD

### ENVIRONMENTAL SOCIAL & GOVERNANCE (ESG) POLICY

Jiankun International Berhad's (JKI) team and management are committed to establishing, developing, providing, and maintaining the company's environmental, social, and governance standards to meet and comply with the requirements of our customers, regulatory bodies, and accrediting agencies.

We aim to satisfy our stakeholders and our contribution to sustainable development to meet current needs without compromising the needs of future generations, with a commitment to become a net-zero emissions company by 2050 in line with the objectives of the Paris Agreement.

#### **Our commitments**

- a. Support the United Nations 2030 Agenda for Sustainable Development and its Sustainable Development Goals (SDGs), as well as the principles of the Global Compact.
- b. Define and periodically review the company's sustainability model, based on which the sustainability strategy is organised.
- c. Establish action guidelines in accordance with Jiankun's values and its sustainability model in matters such as respect for human rights, environmental protection, health and safety, energy management and the fight against climate change, efficient use of resources, diversity, equal opportunities, tax responsibility, prevention of illegal behaviour, and the fight against corruption.
- d. Integrate sustainability into the company's businesses and organisational levels, ensuring the availability of needed resources and considering the stakeholder's expectations on sustainability issues.
- e. Reduce and avoid greenhouse gas emissions, helping mitigate climate change's effects and ensuring universal access to a safe, affordable, and sustainable energy supply.
- f. Assess and review systematically the systems for managing and controlling risks, establishing mechanisms for continuous improvement, and assessing performance.
- g. Transparently respond to stakeholders through economic, environmental, and social performance indicators that are published in the company's reports in compliance with international reporting standards.
- h. Promote and require sustainability commitments in line with or similar to those defined internally for its entire value chain: customers, partners, service suppliers, and other stakeholders.

- i. Create social value in the short and long term, maximising positive impacts and minimising eventual negative impacts on society and the environment.
- j. To ensure this policy is successfully implemented, JKI employees and management will be responsible for meeting the requirements of our customers and regulatory and accrediting firms.

The Board approved this policy on **15 May 2024**.
