EXPLANATORY NOTES TO THE FINANCIAL STATEMENTS FOR THE SECOND QUARTER ENDED 31 DECEMBER 2019 PURSUANT TO MFRS 134

1. Basis of Preparation

This unaudited condensed consolidated interim financial statements ("Condensed Report"), has been prepared in accordance with the Malaysian Financial Reporting Standards ("MFRSs"), International Financial Reporting Standards ("IFRS") and the requirements of the Companies Act, 1965 in Malaysia. The Condensed Report should be read in conjunction with the Group's audited financial statements for the financial year ended 30 June 2019 and the accompanying explanatory notes attached herein for a better understanding of changes in financial position and performance of the Group.

The unaudited condensed consolidated interim financial statements ("Condensed Report"), have been prepared in accordance with the requirements of Chapter 9, part K of the Listing Requirements of Bursa Malaysia Securities Berhad, MFRS 134 Interim Financial Reporting and IAS 34 Interim Financial Reporting.

2. Significant Accounting Policies

The accounting policies adopted in the preparation of the Condensed Report are consistent with those followed in the preparation of the Group's audited financial statements for the financial year ended 30 June 2019.

2.1 Adoption of Amendments and Annual Improvements to Standards

The Group has adopted the following MFRS and Amendments to MFRSs issued by the Malaysian Accounting Standards Board, which shall be effecttive for annual periods beginning on or after 1 January 2018.

MFRS 9 Financial Instruments

MFRS 15 Revenue from Contracts with Customers

Amendments to MFRS 2 Share-based Payment Amendments to MFRS 140 Investment Property

IC Interpretation 22 Foreign Currency Transactions and Advance Consideration

MFRS 9 Financial Instruments

The adoption of this standard resulted in changes in accounting policies and adjustments to the financial statements. The accounting policies that relate to the classification, measurement and impairment of financial assets are amended to comply with this standard whereby financial assets are classified according to their contractual cash flow characteristic and the business model under which they are held. The impairment requirements in MFRS 9 are based on expected credit loss model and replace the MFRS 139 Financial Instruments: Recognition and Measurement incurred loss model. In accordance with the transition provisions in the standard, comparatives are not restated and the financial impact of the adoption of the standard is recognised in retained profits, fair value through other comprehensive income reserve or regulatory reserve as at the date of initial application.

MFRS 15 Revenue from Contracts with Customers

MFRS 15 establishes a five-step model to account for revenue arising from contracts with customers. Under MFRS 15, revenue is recognised at an amount that reflects the consideration which an entity expects to be entitled in exchange for transferring goods or services to a customer. The principles in MFRS 15 provide a more structured approach (i.e five-step model) to measure and recognise revenue. The five-step model that applies to revenue recognition under MFRS 15 is as follows:

- i) Identify the contract(s) with a customer;
- ii) Identify the performance obligations in the contract;
- iii) Determine the transaction price;
- iv) Allocate the transaction price to the performance obligations in the contract; and
- v) Recognise revenue when (or as) the entity satisfies a performance obligation.

(Incorporated in Malaysia)

2.1 Adoption of Amendments and Annual Improvements to Standards (Continue)

The new standard supersedes the previous revenue recognition requirements under MFRS (including MFRS 111 Construction Contracts, MFRS 118 Revenue, IC Interpretation 13 Customer Loyalty Programmes, IC Interpretation 15 Agreements for the construction of Real Estate, IC Interpretation 18 Transfers of Assets from Customers and IC Interpretation 131 Revenue). Either a full retrospective application or a modified retrospective application is required for annual periods beginning on or after 1 January 2018. The Group have adopted the standard on 1 July 2018, using modified retrospective method of adoption.

The financial impact of the adoption of MFRS 9 and 15 on the financial statements of the Group are disclosed in Note 15.

2.2 Standard issued but not yet effective

Effective for financial period beginning on or after 1 June 2019

MFRS 16 Lease

The Directors expect that the adoption of the above standard will have no material impact on the financial statements in the period of initial application except as discussed below:

MFRS 16 Leases

MFRS 16 eliminates the lessee's classification of leases as either operating leases or finance leases and introduces a single lessee accounting model. Applying the new model, a lessee is required to recognise right-of-use assets and lease liabilities for all leases with a term of more than 12 months, unless the underlying asset is of low value.

2.3 Significant Accounting Estimate and Judgements

The preparation of unaudited condensed interim financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of income, expenses, assets, liabilities, the accompanying disclosures and the disclosure of contingent liabilities. Although these estimates and judgements are based on management's best knowledge of current events and actions, actual results may differ.

In preparing these unaudited condensed interim financial statements, the significant judgements made by management in applying Group's accounting policies and the keys sources of estimation uncertainty were the same as those that applied to the audited annual financial statements for the financial year ended 30 June 2018 except for the measurement of expected credit loss under MFRS 9 which involves increased complexity and judgements.

3. Assets classified as held for sale and disposal of subsidiary

On 29 August 2014, The Company has signed a Share Purchase Agreement to dispose of its 89% owned subsidiary, Metronic Engineering Private Limited ("MEPL") for a consideration of INR9,840,000. The disposal is pending completion. As such, MEPL has been classified as Assets held for sales and discontinued operations.
