CHAIRMAN'S STATEMENT

On behalf of the Board of Directors ("the Board"), I am pleased to present to you the Audited Financial Statements of Nylex (Malaysia) Berhad ("Nylex" or "the Company") for the financial year ended 31 May 2025 ("FY 2025").

OVERVIEW

Nylex is currently an unlisted public company. For context, Nylex was listed on the Main Board of the Kuala Lumpur Stock Exchange (now the Main Market of Bursa Malaysia Securities Berhad ("Bursa Securities")) on 17 December 1990. Following the disposal of its entire business to its holding company, Ancom Nylex Berhad ("ANB") on 26 January 2022, Nylex was classified as an affected listed issuer on 27 January 2022, under subparagraph 8.03A(2) of the Main Market Listing Requirements of Bursa Securities, having insignificant business or operations post-disposal. On 11 March 2025, Nylex was de-listed and removed from the official list of Bursa Securities after Bursa Securities dismissed the Company's appeal for a further extension of time to submit its regularisation plan.

CORPORATE EXERCISES

Submission of Request For Proposal

On 21 March 2022, Nylex entered into a Heads Of Agreement ("HOA") with Sinar Bina Infra Sdn. Bhd., LBS Bina Group Berhad, BTS Group Holdings Public Company Limited and ANB to collaborate on the development and operation of a light rail transport system to be connected to the railway shuttle link from Singapore to Johor Bahru, together with an integrated transit-oriented property development in the Johor Bahru metropolitan region. The HOA lapsed on 30 April 2025, and ceased to have any further force or effect.

In March 2025, the Public Private Partnership Unit ("UKAS") issued a Request for Proposal ("RFP") for a Proposed Elevated Autonomous Rapid Transit System in Wilayah Iskandar Malaysia ("E-ART Project") to be undertaken via a public-private partnership. On 30 June 2025, Nylex, together with three other parties, jointly submitted the RFP for the E-ART Project to UKAS. As at the date of this Report, UKAS has not announced the outcome of the RFP.

Selective Capital Reduction and Repayment Exercise

On 6 June 2025, Nylex received the Selective Capital Reduction and Repayment ("SCR") Offer Letter from ANB and Rhodemark Development Sdn. Bhd. (collectively, the "Joint Offerors"), requesting Nylex to undertake a SCR pursuant to Section 116 of the Companies Act 2016. Upon completion of the proposed SCR, the Joint Offerors will hold the entire equity interest in the Company.

An Extraordinary General Meeting ("EGM") of Nylex was convened on 22 August 2025 to seek shareholders' approval on the proposed SCR. The non-interested entitled shareholders of Nylex voted against the special resolution as set out in the notice of EGM dated 28 July 2025. Accordingly, the propose SCR did not proceed.

CHAIRMAN'S STATEMENT

REVIEW OF FINANCIAL RESULTS

During the FY 2025, the Company engaged in a small-scale trading business to generate income, in addition to the interest income earned on the fixed deposits. The basic loss per share is at 0.8 sen for FY 2025 compared with basic loss per share of 1.6 sen in FY 2024.

OUTLOOK AND PROSPECTS

The Company's near-term prospects will depend substantially on the outcome of the RFP on E-ART Project and, if successful, the timely and effective execution of the E-ART Project. The Board will continue to evaluate strategic options to enhance shareholders value while maintaining prudent financial discipline.

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing ("ISAs"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and Other Ethical Responsibilities

We are independent of the Company in accordance with the By-Laws (on Professional Ethics, Conduct and Practice) of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current year. These matters were addressed in the context of our audit of the financial statements of the Company as a whole, in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matter of the Company

Recognition and recoverability of deferred tax assets

The carrying amount of deferred tax assets as at 31 May 2025 amounted to RM7,785,000, as disclosed in Note 8 to the financial statements.

We determined the recognition and recoverability of deferred tax assets to be a key audit matter because it requires significant management judgement and estimates of the key assumptions applied in determining the future taxable profits necessary to utilise the deferred tax assets. These judgements and key assumptions include proposed tax planning of the Company as well as the expected timing in completing the tax planning, profit projections and growth rates.

INDEPENDENT AUDITORS' REPORT

To the Members of Nylex (Malaysia) Berhad (Incorporated in Malaysia)

Information Other than the Financial Statements and Auditors' Report Thereon

The Directors of the Company are responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements of the Company and our auditors' report thereon.

Our opinion on the financial statements of the Company does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Company, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Company or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Statements

The Directors of the Company are responsible for the preparation of financial statements of the Company that give a true and fair view in accordance with MFRSs, IFRS Accounting Standards, and the requirements of the Companies Act 2016 in Malaysia. The Directors are also responsible for such internal control as the Directors determine is necessary to enable the preparation of financial statements of the Company that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Company, the Directors are responsible for assessing the ability of the Company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

INDEPENDENT AUDITORS' REPORT

To the Members of Nylex (Malaysia) Berhad (Incorporated in Malaysia)

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Company as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- (a) Identify and assess the risks of material misstatement of the financial statements of the Company, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- (b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of internal control of the Company.
- (c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.
- (d) Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Company or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- (e) Evaluate the overall presentation, structure and content of the financial statements of the Company, including the disclosures, and whether the financial statements of the Company represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the Directors, we determine those matters that were of most significance in the audit of the financial statements of the Company for the current year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

INDEPENDENT AUDITORS' REPORT

To the Members of Nylex (Malaysia) Berhad (Incorporated in Malaysia)

Other Matters

This report is made solely to the members of the Company, as a body, in accordance with Section 266 of the Companies Act 2016 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

The estimation of future taxable profits involved significant assumptions in respect of the proposed tax planning of the Company, including expected timing in completing the tax planning, profit projections and the growth rates.

In addition, changes in tax law or the business outlook may affect the realisation of the deferred tax assets.

NOTES TO THE FINANCIAL STATEMENTS

For the Financial Year Ended 31 May 2025

9. TRADE AND OTHER RECEIVABLES (continued)

(a) Trade receivable

Trade receivable is non-interest bearing and generally on 60 days (2024: 60 days) terms. They are recognised at their original invoice amounts which represent their fair values on initial recognition.

Impairment for trade receivable that does not contain significant financing component is recognised based on the simplified approach using the lifetime expected credit losses ("ECL"). The Company uses an allowance matrix to measure the expected credit loss of trade receivables based on grouping of receivables sharing the same credit risk characteristics and past due days. Expected loss rates are calculated using the roll rate method.

During this process, the probability of non-payment by the trade receivables is adjusted by forward looking information (i.e. gross domestic products growth rate) and multiplied by the amount of the expected loss arising from default to determine the lifetime expected credit loss for the trade receivables. For trade receivables, which are reported net, such impairments are recorded in a separate impairment account with the loss being recognised within administrative expenses in the consolidated statement of profit or loss and other comprehensive income. On confirmation that the trade receivable would not be collectable, the gross carrying value of the asset would be written off against the associated impairment.

Management exercised significant judgement in determining the probability of default by trade receivables and appropriate forward looking information.

No expected credit loss is recognised arising from trade receivable as it is negligible.

(b) Other receivables

Related company refer to a company within the Ancom Nylex Berhad group.

Impairment for other receivables and inter-company balances are recognised based on the 3 stages general approach within MFRS 9 using the forward looking ECL model. The methodology used to determine the amount of the impairment is based on whether there has been a significant increase in credit risk since initial recognition of the financial asset by comparing the risk of default occurring over the expected life with the risk of default since initial recognition. For those in which the credit risk has not increased significantly since initial recognition of the financial asset, twelve month expected credit losses along with gross interest income are recognised. For those in which credit risk has increased significantly, lifetime expected credit losses along with the gross interest income are recognised. For those that are determined to be credit impaired, lifetime expected credit losses along with interest income on a net basis are recognised.

The Company defined significant increase in credit risk as twenty percent (20%) on relative basis and including operating performance of the receivables, payment delays and past due information. It requires management to exercise significant judgement in determining the probability of default by receivables, appropriate forward looking information and significant increase in credit risk.

NOTES TO THE FINANCIAL STATEMENTS

For the Financial Year Ended 31 May 2025

9. TRADE AND OTHER RECEIVABLES (continued)

(b) Other receivables (continued)

The probability of non-payment by other receivables and inter-company balances are adjusted by forward-looking information on macroeconomic factors, which the Company has identified as unemployment rate, gross domestic product growth rate and inflation rate and multiplied by the amount of the expected loss arising from default to determine the 12-month or lifetime expected credit loss for other receivables and intercompany balances.

The carrying amount of the financial asset is reduced through the use of an allowance for impairment loss account and the amount of the impairment loss is recognised in profit or loss. When a financial asset becomes uncollectible, it is written off against the allowance for impairment loss account.

(c) The Company has only one (1) customer, which is the related company, constituting 100% of trade receivable of the Company at the end of the reporting period. The Company does not anticipate the carrying amount recorded at the end of each reporting period to be significantly different from the amount that would eventually be received.

10. BANK BALANCES

Cash and cash equivalents included in the statement of cash flows comprise the following:

	2025 RM'000	2024 RM'000
Short-term deposits with licensed banks (Note 9)	8,500	-
Bank balances (Note 9)	585	10,998
	9,085	10,998

Cash and bank balances are denominated in RM.

Cash at banks earns interest at floating rates based on daily bank deposit rates. Short-term deposits are made for varying periods of between one (1) day and twelve (12) months, depending on the immediate cash requirements of the Company, and earn interest at respective short-term deposit rates.

The average interest rate of deposits and bank balance as at the reporting date is 3.2% (2024: 2.8%) per annum.

No expected credit losses were recognised on the deposits with licensed banks because the probabilities of default by these financial institutions were negligible.
