BUKIT JALIL, 26 JANUARY 2024 – Pavilion REIT introduced Pavilion Loves E.A.R.T.H. with the launch of its Food Compost Initiative at Pavilion Bukit Jalil, an environmental solution for sustainable food waste management, furthering its commitment to environmental stewardship.

Pavilion REIT's dedicated initiative echoes its commitment towards the **Environment**, fostering **Awareness**, driving **Renewal**, inspiring **Transformation** and cultivating **Hope**.

At the heart of this initiative, we strive to reduce our ecological footprint in contributing towards a sustainable future.

FOOD COMPOSTING MACHINE

WHAT IS FOOD WASTE?

Food waste is any waste, whether raw, cooked, edible and associated with inedible parts generated during food production, storage, meal preparation or consumption of meals.

ENVIRONMENTAL BENEFITS FROM COMPOSTING FOOD WASTE

Food waste are collected daily from Pavilion REIT mall's supermarket, food court and F&B outlets.

The Food Composting machine converts **1,000KG** of food waste into

200KG
organic fertiliser

800L
water

In a year, we estimate Pavilion REIT malls to collectively prevent

365,000KG
Food waste in landfills

to produce

73,000KG
organic fertiliser

292,000L
water

Pavilion Loves E.A.R.T.H. goals are centred around reducing Pavilion REIT's environmental footprint through responsible resource management, carbon reduction and biodiversity protection. The Food Compost initiative marks the first under this platform and it echoes Pavilion REIT's commitment towards the Environment, fostering Awareness, driving Renewal, inspiring Transformation, and cultivating Hope.

The Food Compost initiative complements these objectives by offering a localised, efficient solution to food waste management. By diverting food waste from landfills and transforming it into nutrient-rich compost, Pavilion REIT can reduce waste to a minimum and minimise its carbon footprint. This initiative is a significant step towards embedding sustainability into its operational framework.

Inspired by the success of the Pavilion Loves Sustainability Merdeka Campaign, Pavilion REIT recognises the urgency to address food waste challenges and is proud to introduce state-of-the-art composting technology to its properties. The Food Compost initiative will transform how food waste is managed, reducing environmental impact, and contributing to a greener future.

Key Features of Pavilion REITs Food Compost initiative:

- Food waste is collected daily from Pavilion REIT malls' (Pavilion Kuala Lumpur Mall, Intermark Mall & Pavilion Bukit Jalil) supermarkets, food courts, and F&B outlets.
- The Food composting machine converts 1,000kg (1 tonne) of food waste into 200kg of nutrient-rich organic fertiliser suitable for all plants, and 800 litres of water daily - diverting it from landfills and contributing to circular economy principles.
- The Food Compost machine is a self-sustainable machine powered by solar panels installed above it. The water produced by the system serves a dual purpose—cleaning the loading bay driveway and watering plants. This ensures the complete circulation of converting the food waste to fertiliser and water.
- Furthermore, in proximity to the food composting machine, there is a water harvesting tank for AHU. This tank collects AHU water and rain water specifically for cleaning the loading bay driveway.

Present to launch this Food Compost Initiative were Pavilion REIT Board Members Dato' Seri Mohamed Azahari bin Mohamed Kamil, Dato' Choo Chuo Siong, Dato' Mearia Hamzah and Madam Baljeet Kaur; alongside Dato' Philip Ho, CEO of Pavilion REIT; Dato' Joyce Yap, CEO of Retail, Kuala Lumpur Pavilion Sdn. Bhd.; valued tenants The Food Merchant, Food Republic and MBG; partners and stakeholders – including representatives from Bukit Jalil National Stadium, Encik Sapuan bin Mat and Kuala Lumpur City Hall, Tuan Haji Zulkifli bin Endut, Director, Department of Landscape Development and Recreation and Puan Puteri Khairul Fathiah, Assistant Director, Department of Landscape Development and Recreation.

“As a responsible corporate citizen, we recognise the need to address food waste challenges and contribute to a sustainable future. Through this initiative, in a year, we estimate Pavilion REIT malls to collectively prevent 365,000kg of food waste landing in landfills and instead produce 73,000kg organic fertiliser and 292,000litres of water.” says Dato' Seri Mohamed Azahari bin Mohamed Kamil, Independent Non-Executive Director, Pavilion REIT.

To raise awareness, sample packets of high-nutrient organic fertiliser are made available to shoppers free of charge at Concierge Counter, Level 1 of Pavilion Bukit Jalil.

###

About Pavilion REIT

Pavilion Real Estate Investment Trust (“Pavilion REIT”) is one of the largest retail concentrated REIT in Malaysia. Its assets include Pavilion Kuala Lumpur Mall, Elite Pavilion Mall, Intermark Mall, DA MEN Mall, Pavilion Bukit Jalil and Pavilion Tower.

About Pavilion Kuala Lumpur Mall

Pavilion Kuala Lumpur Mall is an award-winning, world-class mixed-use urban development located in the heart of Bukit Bintang, the shopping district of Malaysia. Pavilion Kuala Lumpur blends the best of the international and local retail world with over 700 stores and eight themed precincts. This premier shopping destination is a duty-free shopping paradise and the defining authority in fashion, dining and urban leisure. Visit www.pavilion-kl.com for updates on the latest trends, offers and events.

About Pavilion Bukit Jalil

Located in the heart of Bukit Jalil, Pavilion Bukit Jalil, the Icon of Connectivity – Malaysia’s lifestyle shopping mall sets to transform the southern corridor of Kuala Lumpur into the new cornerstone of metropolitan lifestyle and retail. With a Net Lettable Area (NLA) of 1.8 million square feet, Pavilion Bukit Jalil will offer a vibrant retail mix, gastronomical wonders and innovative recreations, reinforcing its position as the lifestyle shopping destination connected to the best-in-class retail, dining and leisure experience.

About DA MEN Mall

Located in the heart of USJ, DA MEN Mall is positioned as a community-friendly mall, engaging and bringing together the community of Subang Jaya and beyond as a hub for student creativity, charity events, family-friendly activities and festive celebrations throughout the year. With over 150 stores, DA MEN Mall is a great value destination for shopping and dining experiences, featuring a wide array of cuisines at Food Arcade and New Nanyang Food Street.

About Intermark Mall

Nestled in the heart of Kuala Lumpur, Intermark Mall boasts a lifestyle experience of shopping, dining and leisure, where life and recreation converge. With six floors of retail experience and over 70 retailers, the mall presents a wide array of dedicated shopping and dining options along with amenities catered to urbanites. The mall services are elevated with premium valet parking, exclusive tourist privileges and first-rate customer service to accommodate the needs of shoppers. As a service-centric destination, Intermark Mall is seamlessly connected to the 5-star DoubleTree by Hilton Hotel and Grade A offices at Vista and Integra Towers.

About Pavilion Tower

Pavilion Tower is a 20-storey modern contemporary looking office building located in the heart of Bukit Bintang enclave which forms part of the Kuala Lumpur Golden Triangle area. The building is well integrated to the Pavilion Kuala Lumpur Mall.
