

## ALS Malaysia wins IKM Laboratory Excellence Platinum Award for 20 consecutive years of excellent achievement

**KUALA LUMPUR, 3 December** – ALS Technichem Malaysia Sdn Bhd (ALS Malaysia) was awarded IKM Laboratory Excellence Platinum Award for 20 consecutive years of IKM Laboratory Excellence Award achievement. In addition to that, ALS laboratories in Malaysia also won the IKM Laboratory Excellence Award (2020 & 2021) - ALS Shah Alam, ALS Johor Bahru and Asiatest Lab (Kota Kinabalu branch).

ALS Malaysia Chief Executive Officer Dr. Chin Teen Teen represented the laboratory in receiving the award from Minister of Science, Technology and Innovation (MOSTI) YB Dato' Sri Dr. Adham bin Baba and IKM President Datuk ChM Dr Soon Ting Kueh, at the IKM Award Presentation Ceremony 2020-2021, held in conjunction with IKM Annual Dinner at Berjaya Time Square Hotel, Kuala Lumpur.

Organised by Institut Kimia Malaysia (IKM), this IKM Laboratory Excellence Award is designed to ensure the laboratory's commitment to achieve excellence in providing quality and competent testing services pertaining to local legislation especially in the fields of health, safety and the environment.

During this significant event, alongside the 4 outstanding awards, ALS Malaysia Chief Executive Officer Dr. Chin Teen Teen was appointed as the new IKM Fellow for 2020.

Congratulations ALS Malaysia and Dr. Chin on the outstanding achievements at IKM Awards 2020 & 2021! Your selfless dedication and devotion have earned you this deserving recognition. There is nothing more inspiring and remarkable than seeing you reach new heights and touching new milestones. Wishing you all the best for the future achievement!
