3.0 GUIDANCE ON DEFINITIONS AND RULES ON AVOIDING CONFLICT OF INTEREST

A conflict of interest (COI) arises when:

- the interests of an employee or director, interfere, or appear to interfere, with the interests of the Sunway Construction Group Companies; or
- the employee or director has interests that may make it difficult to perform his or her role objectively and effectively.

A COI situation is defined broadly at SCG as follows:

- An Actual COI can be identified as existing or having created a conflict to the legitimate interests of SCG; or
- A Potential COI means a situation that has yet to materialize or happen, but may arise subsequently due to, among others, prevailing relationships or interests of the said employee or director.

For the purposes of this policy, a COI shall include actual, and potential conflicts of interest.

A COI involving the said employee or director is not limited to direct financial interest but also include an indirect financial interest and/or non-financial interest (e.g. arising from relationships whether family, business or professional interests), or competing loyalties or interests.

3.1 Financial Interests

- a) Financial interests include investment, ownership, proprietary interests, partnership as well as any other financial arrangement that provides a share of profits or revenues, wages, fees, benefits-in-kind and any other forms of income / asset.
- b) Employees must disclose any financial interest held by themselves, their family members or relatives or intimate partner in SCG's business associates, competitors or other businesses if they are in a position to influence decisions at SCG related to that business.

3.2 Personal Relationships

- a) Whilst SCG respects the privacy of its employees and generally refrains from inquiring about an employee's personal relationships, certain connections such as family ties within SCG, relationships with SCG's business associates or competitors, or intimate relationships, could potentially create conflicts of interest or perceptions thereof.

This includes family members or relatives or intimate partners who are employed by competing companies or business associates.
- c) Employees must not engage in direct manager-subordinate relationships with family members or relatives or intimate partners at SCG. They must also avoid participating in employment-related decisions such as hiring, work assignments, compensation, performance reviews, disciplinary actions, and promotions for these individuals; even if there is no direct supervisory relationship.

3.3 Outside Employment or Activities

- a) SCG does not prohibit all outside employment. Outside employment includes freelancing, part-time job, consulting or

advisory roles while other activities include outside businesses or services.

- b) However, it is the employee's responsibility to ensure that the outside employment and/or other activities do not negatively impact their work at SCG, involve any misuse of SCG's information, property or assets, create a conflict for SCG, or otherwise adversely affect SCG's interests. Employee's may engage in outside employment or other activities only if these does not interfere with their ability to perform their duties and responsibilities at SCG.
- c) Employees are not permitted to engage in any outside employment or activities that improperly influence or may be perceived as improperly influencing their judgment, decisions, or actions in their roles at SCG. This applies to any external activities, regardless of their title or compensation, and whether they involve positions in another company/organisation or any other entity that could interfere with the employee's duties and responsibilities at SCG.
- d) Employees are required to disclose any outside employment and/or other activities in writing and obtain approval from the BUHR prior to engaging in such employment or outside business or services.
- e) Employees are prohibited from engaging in outside employment and/or other activities with competitors and business associates.

Page | 8

3.6 Business Gifts, Entertainment and Hospitality

- a) Gifts, Entertainment and Hospitality are usually assessed as high-risk areas for bribery. SCG has adopted a “No Gift” Policy which prohibits employees from directly or indirectly, receiving or providing gifts, with a view to improperly cause undue influence on any other party in exchange for some future benefit or result, as this will be construed as an act of bribery and contrary to the core values of SCG.
- b) Employees must not give, request, offer or accept gifts, favours or any personal benefits that could influence their own or others’ judgement in business dealings for SCG or any other party. This includes situations where such gifts or benefits could lead to improper conduct, misuse of authority or unfair advantage in securing contracts and concessions.

- a) Charitable donations and/or contributions and/or sponsorships are usually assessed as high-risk areas for various forms of bribery, money-laundering and any other corruption related activities.

5.0 MANAGING CONFLICT OF INTEREST

- a) Establish a COI Management System which serve as central registry and repository hub for all COI submissions within Sunway Construction Group Companies. Group Human Resources (GHR) is the administrator of the COI Management System.
- b) The System adopts a standardized approach to COI disclosure, management and reporting across the entire Group. It functions as the centralised record of COI disclosures for all COI information, consolidating disclosures from various BUs. This system facilitates the effective management of conflict including the development and implementation of resolution, elimination and mitigation action plans

- c) The respective BUHR shall be responsible for ensuring timely and accurate COI disclosures & submission of relevant documents by employees, excluding those of Executive & Non-Executive Directors (which are the responsibility of the Company Secretary). This includes uploading mitigating actions by the corresponding approver. These records will be readily accessible for regulatory scrutiny and review by the Board and the Audit Committee.
