UMW (UMWH MK)

Neutral (Maintained)

Playing Catch-Up In 2H21

Target Price (Return): MYR2.94 (-8.1%)
 Price: MYR3.20
 Market Cap: USD891m
 Avg Daily Turnover (MYR/USD) 1.39m/0.33m

- Maintain NEUTRAL and MYR2.94 TP, 8% downside with 2% yield.** UMW's 1H21 missed our and Street's expectations, with 2Q21 falling into the red. We expect UMW to play catch up in 2H21. Vehicle demand should remain elevated throughout 2H21, supported by the Sales & Service Tax (SST) exemption until 31 Dec and low interest rate environment. Current UMW Toyota Motor (UMWT) outstanding orders of c.20,000 units should be fulfilled in FY21. UMW's aerospace wing should see a 2H recovery, following increased global aircraft deliveries.
- Missed expectations.** UMW reported 2Q21 core losses of MYR14.2m, derailing our earlier expectations for it to remain profitable during this quarter. 1H21 core earnings of MYR73.3m (+370% YoY from a low base) missed our and Street's estimates, at only 35% and 25% of full-year forecasts. The main deviation: Mainly from a weaker-than-expected automotive segment and lower share of results from JV/associates.
- FMCO-derailed recovery trajectory.** 2Q21 automotive segmental revenue was lower QoQ, with PBT margins (ex-associates) down 1.9ppts to 0.5% (2Q20: -1.3%). We understand this was due to unfavourable FX movements and disruption in activities. UMW's equipment segment also saw weakness in topline, but PBT was buoyed by better performances from the industrial equipment sub-segment, cost-optimisation exercises undertaken by this sub-unit, and lower FX losses for the period. Its manufacturing & engineering division was impacted by lower delivery of fan cases, with a 2Q21 LBT of MYR6m (1Q21 and 2Q20 PBTs: MYR8m and MYR8m).
- Playing catch-up in 2H.** UMW's Bukit Raja and Shah Alam manufacturing plants are currently operating at utilisation rates of 80% and 95%, producing c.400 units/day in total. Meanwhile, vendors have sufficient parts till mid-October. We continue to take the view that Toyota vehicles are likely to be relatively unaffected by the global chip shortages, as UMWT's top sellers are unaffected. Conversely, we keep our conservative stance on its near-to mid-term outlook over concerns of persistent supply chain disruptions affecting Perodua.
- We cut our FY21F earnings by 9%** after factoring in lower margins for the automotive segment and decrease in Toyota vehicle sales forecast of 64,000 units from 67,000 vs UMWT's FY21 target of 62,000. We keep our TP and 13x FY22F target P/E, which is close to its 3-year mean.
- Downside risks:** A COVID-19 resurgence may affect earnings in all segments, while stiff competition in the sector might exert downwards pressure on UMW's bottomline. Slower-than-expected normalisation in demand post SST exemption and sustained disruptions in semiconductor chip supplies could also be risks to our earnings estimates. The opposite represents the upside risks.

Key drivers

- Introduction of attractive new car models;
- Turnaround at various legacy non-core oil and gas businesses;
- Long-term growth potential from the aerospace business.

Key risks

Downside risks: A COVID-19 resurgence may affect earnings in all segments, while stiff competition in the sector might exert downwards pressure on UMW's bottomline. Slower-than-expected normalisation in demand post Sales & Services Tax or SST exemption and sustained disruptions in semiconductor chip supplies could also be risks to our earnings estimates.

The opposite represents the upside risks.

Company Profile

UMW is the largest company in the automotive sector. Its 51%-owned subsidiary UMW Toyota Motor or UMW-T imports, assembles, and distributes Toyota and Lexus vehicles in Malaysia.

Indonesia

This report is issued and distributed in Indonesia by PT RHB Sekuritas Indonesia. This research does not constitute an offering document and it should not be construed as an offer of securities in Indonesia. Any securities offered or sold, directly or indirectly, in Indonesia or to any Indonesian citizen or corporation (wherever located) or to any Indonesian resident in a manner which constitutes a public offering under Indonesian laws and regulations must comply with the prevailing Indonesian laws and regulations.

Singapore

This report is issued and distributed in Singapore by RHB Bank Berhad (Singapore branch) which is a holder of a full bank licence and an exempt capital markets services licence and financial adviser regulated by the Monetary Authority of Singapore. RHB Bank Berhad (Singapore branch) may distribute reports produced by its respective foreign entities, affiliates or other foreign research houses pursuant to an arrangement under Regulation 32C of the Financial Advisers Regulations. Where the report is distributed in Singapore to a person who is not an Accredited Investor, Expert Investor or an Institutional Investor, RHB Bank Berhad (Singapore branch) accepts legal responsibility for the contents of the report to such persons only to the extent required by law. Singapore recipients should contact RHB Bank Berhad (Singapore branch) in respect of any matter arising from or in connection with the report.

United States

This report was prepared by RHB is meant for distribution solely and directly to "major" U.S. institutional investors as defined under, and pursuant to, the requirements of Rule 15a-6 under the U.S. Securities and Exchange Act of 1934, as amended (the "Exchange Act") via a registered U.S. broker-dealer as appointed by RHB from time to time. Accordingly, any access to this report via Bursa Marketplace or any other Electronic Services Provider is not intended for any party other than "major" US institutional investors (via a registered U.S broker-dealer), nor shall be deemed as solicitation by RHB in any manner. RHB is not registered as a broker-dealer in the United States and currently has not appointed a U.S. broker-dealer. Additionally, RHB does not offer brokerage services to U.S. persons. Any order for the purchase or sale of all securities discussed herein must be placed with and through a registered U.S. broker-dealer as appointed by RHB from time to time as required by the Exchange Act Rule 15a-6. For avoidance of doubt, RHB reiterates that it has not appointed any U.S. broker-dealer during the issuance of this report. This report is confidential and not intended for distribution to, or use by, persons other than the recipient and its employees, agents and advisors, as applicable. Additionally, where research is distributed via Electronic Service Provider, the analysts whose names appear in this report are not registered or qualified as research analysts in the United States and are not associated persons of any registered U.S. broker-dealer as appointed by RHB from time to time and therefore may not be subject to any applicable restrictions under Financial Industry Regulatory Authority ("FINRA") rules on communications with a subject company, public appearances and personal trading. Investing in any non-U.S. securities or related financial instruments discussed in this research report may present certain risks. The securities of non-U.S. issuers may not be registered with, or be subject to the regulations of, the U.S. Securities and Exchange Commission. Information on non-U.S. securities or related financial instruments may be limited. Foreign companies may not be subject to audit and reporting standards and regulatory requirements comparable to those in the United States. The financial instruments discussed in this report may not be suitable for all investors. Transactions in foreign markets may be subject to regulations that differ from or offer less protection than those in the United States.

DISCLOSURE OF CONFLICTS OF INTEREST

RHB Investment Bank Berhad, its subsidiaries (including its regional offices) and associated companies, ("RHBIB Group") form a diversified financial group, undertaking various investment banking activities which include, amongst others, underwriting, securities trading, market making and corporate finance advisory.

As a result of the same, in the ordinary course of its business, any member of the RHBIB Group, may, from time to time, have business relationships with, hold any positions in the securities and/or capital market products (including but not limited to shares, warrants, and/or derivatives), trade or otherwise effect transactions for its own account or the account of its customers or perform and/or solicit investment, advisory or other services from any of the subject company(ies) covered in this research report.

While the RHBIB Group will ensure that there are sufficient information barriers and internal controls in place where necessary, to prevent/manage any conflicts of interest to ensure the independence of this report, investors should also be aware that such conflict of interest may exist in view of the investment banking activities undertaken by the RHBIB Group as mentioned above and should exercise their own judgement before making any investment decisions.

In Singapore, investment research activities are conducted under RHB Bank Berhad (Singapore branch), and the disclaimers above similarly apply.
